INDEPENDENT AUDITOR'S REPORT

The Trustees
Dyke Industries, Inc. Profit Sharing Plan and Trust
Little Rock, Arkansas

Opinion

We have audited the financial statements of **Dyke Industries, Inc. Profit Sharing Plan and Trust (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements *(Continued)*

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held (at end of year) and schedule of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1: DESCRIPTION OF PLAN

The following brief description of the Dyke Industries, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan which was established January 1, 1969, and amended and restated in its entirety January 1, 2016, is a qualified profit sharing plan which covers substantially all employees of Dyke Industries, Inc. (the Plan Sponsor and the Employer) who have met eligibility requirements as defined by the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trustees of the Plan are the President/Chief Executive Officer of the Employer and the Chairman of the Employer's Board of Directors. Both of these individuals are also participants in the Plan.

Eligibility

Generally, employees are eligible to participate in the Plan after completing 1,000 hours of service during the year in which they complete twelve months of service, beginning with the date of hire.

Contributions

The Plan does not allow voluntary contributions by employees. The Employer may make discretionary annual contributions equal to 10% of the Employer's pre-tax operating income, as defined in the Plan agreement; however, contributions are limited to the maximum amounts deductible for income tax purposes.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Employer's contribution, (b) Plan earnings and (c) eligible forfeitures of terminated participants' nonvested accounts. Allocations of the Employer's contribution and eligible forfeitures are based on the ratio that each participant's compensation bears to the total compensation of all participants. Generally, to be eligible to receive an allocation of the Employer's contribution, participants must work at least 1,000 hours during the calendar year and must be employed on the last day of the year. However, a participant who works 1,000 hours and is not employed on the last day of the year due to death, disability or retirement is also eligible to receive an allocation of the Employer's contribution. Allocation of Plan earnings is based on participants' account balances at the beginning of the Plan year.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Vesting in Employer contributions, plus earnings thereon, occurs according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant who reaches age sixty-five, becomes totally disabled while employed or dies while employed is automatically 100% vested in his or her account, regardless of the number of years of service credited to the participant.

Forfeitures

The portion of a participant's account to which he or she is not entitled upon termination of participation is considered the nonvested portion of the account. For a participant with less than two years of service, the participant's entire account balance is forfeited upon termination. For a participant with two or more years of service, the nonvested amount is considered a forfeiture after the participant has incurred five consecutive one-year breaks in service. Forfeitures are then allocated to participants' accounts in the same manner as Employer contributions. Forfeitures allocated to participants' accounts totaled approximately \$77,000 and \$87,000 during the years ended December 31, 2021 and 2020, respectively.

Payment of Benefits

A participant who terminates employment with the Employer, has reached age sixty-five with any number of years of credited service, has reached age fifty-five with at least fifteen years of credited service or who has become totally disabled may elect to receive benefit payments in the form of a lump sum, transfer to another IRA or qualified plan, or a partial cash distribution. Generally, the same benefit options are available to designated beneficiaries of participants who die while employed by the Employer. Participants who terminate employment with the Employer before meeting age and service, disability or death requirements may receive distributions as soon as administratively feasible after they meet age and service requirements, die or become disabled or after the occurrence of three consecutive one-year breaks in service, whichever occurs first.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Plan Administration

The Plan Sponsor utilizes the services of Merrill Lynch, Inc. to process investment transactions and to perform certain investment-related accounting functions. In addition, the Plan Sponsor also utilizes the services of an independent investment advisor to assist in the management of the Plan's equity portfolio. All significant investment-related expenses are paid from Plan assets. The Plan Sponsor also utilizes the services of Retirement, LLC, a third-party administrator, to maintain participant account balances, allocate employer contributions and net investment earnings and perform annual compliance testing.

Certain duties related to the administration of the Plan are performed by employees of the Plan Sponsor; however, the Plan Sponsor does not charge the Plan for the estimated cost of such services.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by Merrill Lynch, Inc. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes realized and unrealized gains and losses on investments bought and sold, as well as those held during the year.

Benefit Payments

Benefits are recorded when paid. There were no amounts allocated to withdrawing participants that have not been paid at December 31, 2021 and 2020.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 Inputs to the valuation methodology include the following:
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Common stock

Valued at the closing price reported on the active market on which the individual securities are traded.

Government debt securities

Valued using pricing models maximizing the use of observable inputs for similar securities.

Money market mutual funds

Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market mutual funds held by the Plan are deemed to be actively traded.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2021				
Common stock	\$ 34,850,599	\$ 34,850,599	\$ -	\$ -

	<u>\$ 42,701,107</u>	<u>\$ 37,162,627</u>	<u>\$ 5,538,480</u>	<u>\$ -</u>

NOTE 4: TAX STATUS

The Plan Sponsor has adopted the provisions of the *Friday, Eldredge & Clark LLP Volume Submitter Defined Contribution Plan and Trust*. In a letter dated October 31, 2016, the Internal Revenue Service informed the Plan Sponsor that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan's tax counsel and the Plan Sponsor believe the Plan is designed and is currently being operated in accordance with applicable requirements of IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan may be subject to audit by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 5: RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In addition, the COVID-19 pandemic remains a rapidly evolving situation. The extent of the impact of the COVID-19 pandemic on the Plan, if any, will depend on future developments, including the duration of the outbreak and the related impact on consumer confidence and spending, all of which are highly uncertain.

NOTE 6: SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 1, 2022, the date that the financial statements were available to be issued.

Market disruptions associated with the current geopolitical events have had a global impact, and uncertainty exists as to their implications. Such disruptions can adversely affect asset and thus performance of investments; however, at this time, an aggregate effect on assets and performance cannot be reasonably estimated. Management of the Plan is continuing to monitor these developments and evaluate other impacts they may have on the Plan's investments.
