Independent Auditor's Report

Retirement Committee
Dean McGee Eye Institute 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Dean McGee Eye Institute 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Dean McGee Eye Institute 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Dean McGee Eye Institute 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Dean McGee Eye Institute (the Employer) as of the first payroll date coinciding with or immediately following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the trustee.

Administration: The Plan's Retirement Committee is responsible for the oversight of the Plan, including the power to interpret the provisions of the Plan and to determine questions concerning eligibility, participation and benefits and such other powers and duties as are necessary to the operation of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants can defer up to 80% of their eligible compensation, subject to Internal Revenue Service (IRS) limitations. Plan participants age 50 and older are eligible to make catch-up contributions to the Plan. The Employer, at its discretion, designated an amount of employer contributions equal to 3% of the participant's compensation as Employer safe harbor contributions. The Employer may make discretionary employer contributions, which become 100% vested after two years. The Employer may also make additional special contributions within its discretion, to the participants' accounts for those participants who are non-highly compensated employees, in proportion to each such participant's elective deferral for the year. These additional special contributions shall be subject to all the provisions governing a participant's employee section 401(k) contribution account, including, without limitation, the requirement that such contributions shall be 100% vested and non-forfeitable.

To the extent, the Plan meets the safe harbor requirements for the Plan year, certain nondiscrimination and top-heavy tests are not required. However, should the safe harbor requirements not be met, the deferral percentage for certain highly compensated employees may be reduced if it exceeds the deferral percentage of all other eligible participants by amounts greater than that allowed under the special nondiscrimination test for cash or deferred provisions under section 401(k) of the Internal Revenue Code. Any contributions which cannot be allocated to a participant's elective deferral account because of the special nondiscrimination test are refunded to the participant. All contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer safe harbor and discretionary contributions and allocations of Plan earnings or losses and administrative expenses, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit provided by the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant directs contributions among the investment options provided by the Plan. Participants may change their investment options anytime throughout the year.

Notes receivable from participants: A participant may borrow from his/her account a minimum of \$500 up to a maximum equal to \$50,000 or 50% of the participant's vested account. The interest rate on loans currently outstanding is 4.25% to 8% and must be repaid pursuant to a written repayment schedule not to exceed five years, except for a principal residence mortgage. Borrowed amounts do not share in the earnings and losses of the investment funds. Rather, when loan is repaid, the interest on the loan is credited to the participant's account in the Plan.

Dean McGee Eye Institute 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

If a participant should terminate from the Plan, any outstanding loan balance is converted to a distribution. The Plan does not allow more than one loan outstanding at any time with respect to a participant.

Vesting: Participants are immediately vested in their contributions, their Employer safe harbor and special employer contributions, plus actual earnings or losses thereon. Employer discretionary contributions, plus actual earnings thereon, vest at 100% after two years. Participants who terminate employment due to death, permanent disability or normal retirement immediately vest 100% in the Employer's discretionary contributions plus actual earnings thereon.

Forfeitures: When a participant withdraws from the Plan prior to being fully vested in the Employer's discretionary contributions, the non-vested amounts are forfeited. The forfeited amounts related to Employer's discretionary contributions are allocated to current participants in the year of the forfeiture in the same manner as current year discretionary contributions. At December 31, 2021 and 2020, there was \$29,192 and \$33,911, respectively, of remaining forfeited and unallocated assets that were available to be used to fund future employer discretionary contributions. During 2021, approximately \$14,256 in forfeitures were used to fund the Employer contributions.

Payment of benefits: If the benefit payable to a beneficiary does not exceed \$5,000, then the benefit may only be paid as a lump sum. If the benefit exceeds \$5,000, a beneficiary may elect to have the benefit paid in:

- a single lump-sum payment
- installments over a period of not more than the assumed life expectancy of the beneficiary

Participants who have attained at least 59 ½ years of age and are 100% vested in their account are allowed to withdraw both contributions and earnings from the account.

Note 2. Summary of Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustees, See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Dean McGee Eye Institute 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Notes from participants have been classified as an investment asset for Form 5500, *Annual Return/Report of Employee Benefit Plan*, reporting purposes and, accordingly, have been included as an investment in the supplemental schedule of assets (held at end of year).

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events: Management has evaluated subsequent events through August 19, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided the Fidelity Management Trust Company (Fidelity). The Plan Administrator has obtained certifications from Fidelity that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments at fair value:		
Registered investment companies	\$ 52,697,742	\$ 43,862,481
Self-directed brokerage funds	961,087	636,760
Collective trust fund	576,278	464,441
	<u>54,235,107</u>	<u>44,963,682</u>
Notes receivable from participants	398,869	451,712
	<u>\$ 54,633,976</u>	<u>\$ 45,415,394</u>

Fidelity also certified to the completeness and accuracy of \$3,126,283 of net appreciation in investments, \$4,470,669 of interest and dividend income, and \$24,556 of interest income on notes receivable from participants for the year ended December 31, 2021.

Dean McGee Eye Institute 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for investments measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Brokerage accounts include investments in registered investment companies, exchange traded funds and common stocks. The fair value of registered investment companies held in brokerage accounts is determined as described above. Exchange traded funds and common stocks are valued at the closing price reported on the active market in which the individual shares are traded.

Dean McGee Eye Institute 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Collective trust fund: The collective trust fund is a stable value fund that is composed primarily of a fully benefit-responsive contract, which is valued at the NAV of unit of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There have been no changes to the Plan's valuation methodologies for the years ended December 31, 2021 and 2020.

The Plan recognizes any transfers between levels in fair value hierarchy as of the end of the reporting period.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 52,697,742	\$ -	\$ -	\$ 52,697,742
Self-directed brokerage funds	961,087	-	-	961,087
	<u>\$ 53,658,829</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 53,658,829</u>
Investments measured at net asset value:				
Collective trust fund (a)				576,278
Total investments at fair value				<u>\$ 54,235,107</u>

December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 43,862,481	\$ -	\$ -	\$ 43,862,481
Self-directed brokerage funds	636,760	-	-	636,760
	<u>\$ 44,499,241</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,499,241</u>
Investments measured at net asset value:				
Collective trust fund (a)				464,441
Total investments at fair value				<u>\$ 44,963,682</u>

- (a) In accordance with Accounting Standards Codification Topic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

The collective trust fund whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020 has no participant redemption restrictions for this investment and the redemption period is applicable only to the Plan.

Note 5. Plan Termination

Although it has not expressed an intent to do so, the Employer has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Dean McGee Eye Institute 401(k) Retirement Plan

Notes to Financial Statements

Note 6. Risks and Uncertainties

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the 2021 statement of net assets available for benefits.

Note 7. Party-in-Interest Transactions

Parties in interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. As such, any transactions with the Employer and Fidelity qualify as party-in-interest transactions.

Note 8. Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan, which received a favorable notification letter from the Internal Revenue Service dated June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The favorable notification letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the Non-Standardized Plan receiving the favorable notification letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits for any tax periods in progress.
