Independent Auditor's Report

To the Plan Participants and 401(k) Investment Committee
MicroFinancial, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of MicroFinancial, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MicroFinancial, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the MicroFinancial, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees sponsored by MicroFinancial, Inc. and Subsidiaries (the Company). The Plan is subject to the provisions of the Internal Revenue Code (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 24, 2020, the Plan was amended to change the entry date for part-time, temporary or seasonal employees that complete 1,000 hours of service in any plan year from immediately upon meeting the eligibility requirements to semi-annually (January 1 or July 1) after meeting the eligibility requirements. The Plan also amended the automatic increase of 1% to occur on January 1 of each year. This automatic increase was suspended for the Plan year-ended December 31, 2020 and resumed January 1, 2021.

Plan administration: As of December 31, 2020, Sunwest Trust, Inc. was the trustee of the Plan and Betterment for Business LLC served as the recordkeeper. Effective January 1, 2021 and for the year ended December 31, 2021, Millennium Trust Company, LLC was the trustee of the Plan. Sunwest Trust, Inc. and Millennium Trust Company, LLC are referred to as the trustees.

Eligibility: The Plan covers all employees of the Company who are age 20 or older and are not covered by a collective bargaining agreement. The Plan does not cover nonresident aliens who have no earned income from sources within the United States, leased employees, part-time, temporary or seasonal employees unless they have attained at least 1,000 hours of service, or residents of Puerto Rico.

Participant contributions: Participants may contribute to the Plan on a pretax or Roth basis up to 100% of their eligible compensation after taking into account required withholdings, as defined, not to exceed certain statutory limits. Newly eligible employees are subject to automatic enrollment in the Plan for salary deferral at 2% of eligible compensation (as defined by the plan agreement), unless the participant declines enrollment or sets a deferral percentage higher or lower than 2%. Employees with an initial automatic enrollment and deferral rate of 2% will automatically increase their deferral rate annually by 1% to a maximum of 5%.

Employer contributions: The Plan provides that the Company may contribute a matching portion to eligible employees, equal to a percentage of participant contributions. For the plan year ended December 31, 2021, the Company matched participant contributions at a rate of 50% of the participant's contribution up to a limit of 6% of the participant's compensation, as defined. These contributions are made to the Plan's trust on an annual basis. Employer matching contributions are subject to certain limitations under the Code.

MicroFinancial, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participants must be employed on the last day of the plan year to be eligible to receive employer-matching contributions. This requirement is waived if the participant's termination during the year was due to death, total and permanent disability, or termination on or after their early retirement date, as defined.

The Plan also provides that the Company may make a profit sharing contribution to eligible employees equal to a percentage of eligible compensation. For the plan year ended December 31, 2021, the Company did not elect to make a profit sharing contribution.

Rollover contributions: The Plan may receive any amounts received by an employee as a distribution from another qualified plan, provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant accounts: Each participant's account is credited with the participant's contributions, the employer's matching contribution and allocations of the profit sharing contribution and plan earnings (loss). Each participant who receives a contribution has a separate individual investment account.

Gains and losses of the account shall accrue to such account only. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment elections: Participants may invest their accounts in any combination of exchange traded funds based on elected strategies offered under the Plan. Participants may elect to transfer all or part of their account balances among the investment strategies.

Vesting: Each participant is immediately vested in their voluntary contributions. Participants hired prior to January 1, 2017, vest in the employer matching and profit sharing contributions as follows:

Years of Service	Percentage Vested
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 years or more	100%

Effective January 1, 2017, the Plan adopted a new five-year graded vesting schedule under which employees do not begin to vest for two years as shown below. This is for employees hired on or after January 1, 2017.

Years of Service	Percentage Vested
Less than 1 year	0%
1 year but less than 2 years	0%
2 years but less than 3 years	25%
3 years but less than 4 years	50%
4 years but less than 5 years	75%
5 years or more	100%

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Withdrawals may be made from a participant's account upon retirement, death, disability, financial hardship or termination of employment. The participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment to withdraw all or a portion of their account. If a participant terminates service, and the vested amount does not exceed \$5,000, the vested benefit is to be paid to the participant in a single lump-sum as soon as practical without regard to the consent of the participant. Participants over age 59 ½ may elect to withdraw all or a portion of their vested account while still employed at the Company. All distributions are subject to the applicable provisions of the Plan.

Forfeitures: Forfeitures represent the non-vested portion of terminated participants' account balances. Forfeitures are applied to reduce cash required to fund future employer matching contributions. Amounts forfeited during 2021 were \$51,781. During 2021, \$39,893 of forfeitures were used to offset employer contributions relating to the 2020 plan year employer matching contribution. Interest, dividends, and other adjustments in the Plan's forfeiture account during 2021 were (\$2,596). The balance of forfeited amounts outstanding available to be used for future reduction of employer contributions at December 31, 2021 and 2020, was \$29,138 and \$19,846, respectively.

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. The loan repayment period is up to five years and may be extended to ten years for a loan to purchase a principal residence. Interest is charged at the prevailing rate used by commercial lending institutions at the time of the loan, as determined by the plan administrator. The loan is collateralized by the participant's vested balance under the Plan. Principal and interest are paid through monthly payroll deductions.

Administrative expenses: Expenses for participant loan transactions are paid by the Plan by reducing the balances of those participants initiating the transaction. The Company pays all general administrative expenses of the Plan, except for investment fees and administrative costs associated with participant activity such as loan and distribution requests. Investment related expenses are included in net appreciation in fair value of investments. In addition, certain terminated, vested participants with balances remaining in the Plan are charged a nominal account maintenance fee each year.

Note 2. Summary of Significant Accounting Policies

Basis of accounting and use of estimates: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments, and incurs a distributable event, and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, distribution is recorded, and the participant is issued an IRS Form 1099R for personal federal income tax return purposes.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Income taxes: GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2018.

Note 3. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Exchange traded funds: Fair value of shares of exchange traded funds are determined using the quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The investments, at fair value, held by the Plan are as follows:

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Exchange traded funds	\$ 10,440,650	\$ -	\$ -	\$ 10,440,650
	<u>\$ 10,440,650</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,440,650</u>
Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Exchange traded funds	\$ 8,794,189	\$ -	\$ -	\$ 8,794,189
	<u>\$ 8,794,189</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,794,189</u>

Note 4. Information Prepared and Certified by the Plan's Trustees

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan's Trustees and furnished to the plan administrator. The plan administrator has obtained certifications from Millennium Trust Company, LLC as of and for the year ended December 31, 2021 and Sunwest Trust, Inc. as of December 31, 2020 that information provided to the plan administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

Note 4. Information Prepared and Certified by the Plan's Trustees (Continued)

	December 31	
	2021	2020
Investments:		
Exchange traded funds	\$ 10,440,650	\$ 8,794,189
Investments, at fair value	\$ 10,440,650	\$ 8,794,189
Notes receivable from participants		\$ 93,364

The trustees also certified to the completeness and accuracy of \$994,896 of net appreciation in the fair value of investments, \$211,206 of interest and dividends related to the aforementioned investments, and \$3,547 of interest income related to notes receivable from participants for the year ended December 31, 2021.

Note 5. Income Tax Status

The Plan through its adoption of a volume submitter plan has received a copy of an opinion letter issued to CCH Incorporated DBA FTWILLIAM.com from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan is qualified under Section 401(a) of the Code and that any employer adopting this plan will be considered to have a plan qualified under Section 401(a) of the Code. Subsequent to this determination by the IRS, the Plan was amended. The plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and is tax exempt.

Under the former trustee and recordkeeper of the Plan, the Plan obtained its latest opinion letter on July 16, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Party-in-Interest Transactions

The Plan issues loans to participants, which are secured by the balances in the participants' accounts, all of which represent party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through August 16, 2022, the date which the financial statements were available to be issued.

Effective July 31, 2022, the Plan adopted a restated volume submitter plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter, dated June 30, 2020, has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. There were no key plan provision changes as a result of the restated volume submitter plan.
