INDEPENDENT AUDITORS' REPORT

To the Investment Committee
Clarity Media Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Clarity Media Group 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

The Administrator has elected the method of annual report compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4I - Schedule of Assets (Held at End of Year) December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Main: 720.200.7000 ■ Fax: 720.200.7002 ■ www.mhmcpa.com

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by John Hancock Life Insurance Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CLARITY MEDIA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) **Description of Plan**

The following description of the Clarity Media Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan covering all eligible employees of Clarity Media Group, Inc. (“Company”). The following wholly owned subsidiaries of the Company are participating employers in the Plan: The Washington Newspaper Publishing Company, LLC, Gazette Community News, LLC, and Colorado Springs Gazette, LLC. The Plan is for the benefit of employees who are age 21 or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Company’s Investment Committee (“Committee”), which is a committee of management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Amendments - On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant’s vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Required minimum distributions for the calendar year 2020 have been temporarily waived

The Plan was amended for the provisions implemented under the CARES Act on April 6, 2020.

Contributions - Participants may make pre-tax elective deferrals or Roth deferrals of their eligible compensation, not to exceed the maximum deferral limits as defined by the Internal Revenue Code (“IRC”). For the Plan years ended December 31, 2021 and 2020, the limit was \$19,500 per year for deferrals, respectively. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

CLARITY MEDIA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) **Description of Plan (continued)**

The Company at its sole discretion, may make matching contributions. In August 2020, the Plan was amended retrospectively to affect January 1, 2020 through December 31, 2020, to change the employer match on certain non-highly compensated employees to 200% of deferrals up to 6% of compensation, calculated on an annual basis. For certain other non-highly compensated employees, the Company changed the employer match to 150% of deferrals up to 6% of compensation, calculated on an annual basis. For all other employees, the Company made matching contributions equal to 100% of the first 3% of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain IRC limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Committee monitors investment performance and fees associated with investment options offered to participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service. A participant is 100% vested after five years of credited service in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Uncashed funds - Participants that request a distribution near year end, receive a check, this amount represents the outstanding uncashed portion of their distribution after a reasonable period of outstanding funds.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loans deemed distributed as of December 31, 2021 and 2020 are \$55,227 and \$49,799, respectively.

CLARITY MEDIA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan (continued)

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant elects to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than their assumed life expectancy at the time of distribution. For termination of services due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. If the value of the participant's vested amount is \$5,000 or less, the participant's account will be "cashed out" by distributing the participant's vested interest in a single-sum payment or by direct rollover to an IRA or other eligible retirement plan. Effective January 1, 2018, the rollover account balance will be excluded from the determination of whether the value of a participants' account is more than \$5,000 for "cash out" distributions. Terminated participants are required to begin receiving distributions once the participant reaches the required beginning date, as defined.

A participant may also request a hardship distribution if certain conditions are met, as defined in the Plan. Effective January 1, 2019, the minimum hardship withdrawal amount was reduced to \$500 and the number of hardship withdrawals a participant may receive in the calendar year is limited to two. As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

(2) Summary of significant accounting policies

Forfeited accounts - At December 31, 2021 and 2020, forfeited non-vested accounts were \$4,990 and \$4,437, respectively. These accounts will be used to reduce future employer contributions or administrative expenses. Also, for the year ended December 31, 2021, employer contributions were reduced by \$17,825 from forfeited non-vested accounts.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

CLARITY MEDIA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) **Summary of significant accounting policies (continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) **Information prepared and certified by the custodians**

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West"), the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Guaranteed investment contract at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

CLARITY MEDIA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) Fair value measurements (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,192,201	\$ -	\$ -	\$ 13,192,201
Investments measured at NAV practical expedient ^(a)				4,288,854
Total investments at fair value				\$ 17,481,055

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,590,508	\$ -	\$ -	\$ 12,590,508
Investments measured at NAV practical expedient ^(a)				4,196,634
Total investments at fair value				\$ 16,787,142

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

As noted above, the Plan's collective trust funds are measured at a fair value based on the NAV per share practical expedient. There were no unfunded commitments. Units are issued and redeemed only on a valuation date and at the net asset value per unit computed on that date. Withdrawals generally will be permitted daily for the funds, at a redemption price equal to net asset value per unit redeemed. The custodian requires a five-day notice for a Plan level withdrawal.

(5) Guaranteed investment contract

The Plan has a benefit-responsive group annuity contract with Great-West that invests contributions in the Guaranteed Portfolio Fund. The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for the group annuity contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CLARITY MEDIA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Guaranteed investment contract (continued)**

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are likely to occur which might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(6) **Related party transactions and party-in-interest transactions**

Certain Plan investments are shares of mutual funds and a Guaranteed Portfolio Fund managed by Great-West. Great-West is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to Great-West of \$23,170 for the year ended December 31, 2021, which was not covered by revenue sharing.

Transactions with investment advisors qualify as party-in-interest transactions under ERISA. The Plan made direct payments to the investment advisors of \$40,283 for the year ended December 31, 2021. The remaining administrative expenses of \$23,634 have been allocated to the accounts of participants for the year ended December 31, 2021.

(7) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) **Tax status**

The Internal Revenue Service has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the custodian of such in a letter dated March 31, 2014. Although the Plan has been amended, the Committee has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent events

The Plan has reviewed and evaluated subsequent events through August 19, 2022, which is the date the financial statements were available to be issued.

The Plan amended the Plan effective March 1, 2022 affecting eligibility requirements. All employees are eligible to participate as follows: (1) Elective deferrals: first of the month following 30 days of employment, (2) Employer match: An employee shall be eligible for the matching contribution upon his or her completion of 1,000 hours of service. Service need not be continuous. In no event shall an employee be eligible for the matching contribution before the first anniversary of his or her date of hire, (3) Highly compensated employees - elective deferrals: employee must complete one year of service.
