INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of:
Universal Technical Institute, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Universal Technical Institute, Inc. 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Universal Technical Institute, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Universal Technical Institute, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Universal Technical Institute 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Universal Technical Institute 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Universal Technical Institute 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

General

The following description of the Universal Technical Institute, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of Universal Technical Institute, Inc. ("the Company"). Eligible employees who are age 18 or older may make salary deferrals into the Plan immediately or as soon as administratively feasible. Employees who have completed one year of continuous service are eligible to receive matching and/or discretionary profit sharing contributions on the first payroll period following the date these requirements are satisfied. The Plan was established on August 1, 1991 and is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may make pre-tax or Roth salary deferral contributions in any percentage from 1% to 75% of eligible earnings, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All participant contributions are subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. During 2021 and 2020, the Company made a matching contribution of 25% of the first 6% of eligible earnings contributed to the Plan on a per paycheck basis. Additionally, the Company may make an employer discretionary profit-sharing contribution. There were no employer discretionary profit sharing contributions in 2021 and 2020.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate is then increased by 1% annually up to 10%.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of thirty investment fund options maintained by Vanguard Fiduciary Trust Company. Participants can direct all contributions made on their behalf. Additionally, participants may choose to invest in any stock listed on a major U.S. exchange, mutual funds, bonds and other fixed-income investments, and money market funds through the use of a Self-Directed Brokerage Account.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

UNIVERSAL TECHNICAL INSTITUTE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Vesting

Participants are immediately vested in their pre-tax salary deferral contributions, Roth contributions, rollovers and earnings thereon. Vesting in the Company's matching contributions and discretionary profit sharing contributions is based on years of service as follows:

Years of Service	Matching Contributions Vesting %	Profit Sharing Contributions Vesting %
Less than one	0%	0%
1	0%	0%
2	25%	20%
3	50%	40%
4	75%	60%
5	100%	80%
6	100%	100%

If a participant reaches normal retirement age (age 65), dies, or becomes totally disabled, the participant becomes fully vested in employer matching and discretionary contributions, irrespective of years of service. Early retirement is not permitted.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years, or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. However, if employment is terminated because of death, disability, or for any other reason, participants may request a distribution of their vested account balance from the Plan administrator. Furthermore, upon approval of the Plan administrator, participants may be entitled to take distributions of salary deferral contributions to satisfy certain immediate and heavy financial needs. Participants may elect to withdraw all, or a portion of their account, while still employed or upon reaching normal retirement age, as defined by the Plan. After termination, if a participant's vested account balance is greater than \$5,000, the participant may elect to have their vested account balance distributed to them in a lump-sum, in installments over a period of time, or the participant may take partial withdrawals. If a participant's vested account balance is between \$1,000 and \$5,000, the participant may elect to receive a lump-sum distribution, or if no affirmative election is made, the Plan will automatically distribute the amount to the participant by rolling their vested balance to an IRA. If the balance is less than \$1,000, the Plan will automatically distribute the amount in a lumpsum payment to the participant.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$89,154 and \$70,847, respectively. These accounts may be used to reduce future employer contributions or to pay administrative expenses, which would otherwise be paid by the Plan. During the years ended December 31, 2021 and 2020, \$50,968 and \$53,353, respectively, of forfeited non-vested accounts were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions and deductions from net assets. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses and fees relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly to the participant's account and are included in administrative expenses.

COVID-19

On January 30, 2020, the World Health Organization ("WHO") declared the COVID-19 outbreak a public health emergency of international concern. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, which triggered volatility in financial markets and a significant negative impact on the global economy. The amount of losses that may be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021 and 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- | | |
|----------------|--|
| <i>Level 1</i> | <i>Quoted prices in active markets for identical assets or liabilities</i> |
| <i>Level 2</i> | <i>Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities</i> |
| <i>Level 3</i> | <i>Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities</i> |

Recurring Measurements

The following table presents the fair value of the Plan's investments recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

(A) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value common trust fund	\$ 8,205,130	None	Daily	N/A

At December 31, 2020, the T. Rowe Price Stable Value Common Trust Fund (the "Fund") seeks to provide maximum current income while maintaining stability of principal. The Fund invests primarily in a portfolio of Guaranteed Investment Contracts (GICs), Bank Investment Contracts (BICs), Synthetic Investment Contracts (SICs), and Separate Account Contracts (SACs). GICs, BICs, SICs, and SACs are types of investment contracts designed to potentially provide principal stability and a competitive yield. While the Fund purchases high-quality GICs, BICs, SICs, and SACs, there is no assurance that the credit quality of the issuers will remain the same over the life of the investment. Because such investments are not actively traded in the open market and generally must be held until maturity, there is a risk that, like any investment, one or more of the Fund's holding could fail to make scheduled interest and principal payments prior to maturity, potentially reducing the Trust's income level and causing a loss of principal. The Fund attempts to minimize such risks by diversifying its investments by issuer, quality, and duration. Unit price, yield and return may vary.

5. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments include funds managed by Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the Plan. Investment and administrative fees paid to Vanguard qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for these services were \$203,152 and \$219,281 for the years ended December 31, 2021 and 2020, respectively. Additionally, in 2021 and 2020, \$48,000 was paid for other professional services. Total fees paid by the Plan for these services were \$251,152 and \$267,281 for the years ended December 31, 2021 and 2020, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions

7. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the volume submitter profit-sharing plan adopted by the Plan, as then designed, qualifies under the applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

During the year ended December 31, 2021, the Company was late remitting certain voluntary contributions within the period prescribed by the Department of Labor Regulations. These late remittances totaled approximately \$110 for 2021. The late remittances have been corrected.

10. Subsequent Events

The Plan has evaluated subsequent events through August 10, 2022, the date the financial statements were available to be issued.

Change in Record Keeper

Effective January 1, 2022, Fidelity Trust Company became the Plan's record keeper.
