INDEPENDENT AUDITOR'S REPORT

To the Investment Committee and participants of the
Anverse, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Anverse, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 26, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Anverse, Inc. Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

1. Description of Plan

The following description of the Anverse, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Anverse, Inc. and Georgia Museums, Inc. (collectively, the Company). Effective January 1, 2020, employees become eligible to participate upon attaining the age of 21 and having completed three months of service. Effective January 11, 2020, newly eligible employees are automatically enrolled in the Plan on the first day of each month with an initial pre-tax deferral contribution of 6%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Reicon Management, LLC (Reicon) is related to the Company through common management. Reicon maintains its own benefit plan, Reicon Management, LLC Retirement Savings Plan (the Reicon Plan). A person is considered an employee of the Company or Reicon based on the location of his or her job and is allowed to participate in the applicable benefit plan. If a change in job location causes an employee to change employers and therefore also cause a change in benefit eligibility, the Company can transfer the participant's existing account to the other plan. For the year ended December 31, 2021, there were no transfers out of the Plan into the Reicon Plan or from the Reicon Plan to the Plan.

Contributions

Each participant may make pre-tax or Roth contributions of up to 50% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$19,500 in 2021, plus up to an additional \$6,500 catch-up deferral for participants who have reached at least 50 years of age by the end of the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions. For the year ended December 31, 2021, the Company approved a matching contribution amount of \$0.50 for each \$1 contributed by the participant up to the first 6% of the participant's total eligible compensation. The Company may also make discretionary non-elective contributions. Participants must be employed as of the last day of the Plan year to be eligible for all discretionary contributions. The Company did not make a discretionary non-elective contribution in 2021.

The Plan document allows In-Plan Roth rollover conversions, for any participant who is still employed. The In-Plan Roth conversions can be any portion of their account which is fully vested, not part of an outstanding loan balance, not currently distributable, and not designated as Roth contributions.

Anverse, Inc. Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged with transaction fees for services received by the participant and certain administrative expenses. Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers a self-directed brokerage account as an additional investment option for participants. As of December 31, 2021, no participants have elected to enroll in the self-directed brokerage account. Participants may change their investment option on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollovers plus actual earnings thereon. Participants vest 20% per year in the Company's contributions beginning with the completion of their second year of service and are fully vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have 2 loans outstanding at any time. The loans are secured by the balance in the participant's account. At December 31, 2021, loans had fixed rates ranging from 3.25% to 5.50% for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions. All notes must be repaid immediately after termination of employment or death. During 2021, deemed distributions of loans totaled \$2,596, which is included in benefit payments on the statement of changes in net assets available for benefits. Notes receivable from participants qualify as party-in-interest transactions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant, or their beneficiary, whose vested balance exceeds \$5,000, may elect to receive payment of the vested interest in their account in a lump-sum distribution. If a participant terminates employment and has a balance of less than \$5,000, the participant will automatically receive a lump-sum distribution equal to the value of their account. In-service withdrawals are also permitted for participants who have attained age 59½ or for certain hardships situations.

Forfeited Accounts

Forfeited non-vested account balances totaled \$3,818 and \$1,602 as of December 31, 2021 and 2020, respectively. These accounts may be used to pay administrative expenses or to reduce

Anverse, Inc. Retirement Savings Plan

future Company contributions. During 2021, the Company used forfeitures of \$915 to offset Company contributions. No forfeitures were used to pay for administrative expenses in 2021.

Administrative Expenses

The Company pays certain administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses. Participants pay a flat fee of \$5 quarterly for administrative expenses of the Plan related to recordkeeping services. These expenses related to recordkeeping services are paid to a service provider of the Plan qualify for party-in-interest transactions. Certain transaction fees are charged directly to the participant. Investment related expenses are included in net change in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Discretionary non-elective contributions are payable to the Plan after approval of the administrative committee. Any unfunded employer contributions are included in the employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Anverse, Inc. Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make notes receivable repayments and the plan administrator deems the notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the current year's presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 19, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, net change in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments

Plan investments include mutual funds, a money market fund, and a stable value fund managed by Fidelity. Fidelity is the custodian of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, interest rate, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments.

Anverse, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund which trades daily at the net asset value (NAV) per share of the fund (Level 1).

The stable value fund has redemption restrictions that limit the timing of withdrawals. Participant directed withdrawals may be made on any business day, provided that the exchange is not directed into a competing fund. Transferred amounts must hold a non-competing investment option for 90 days before funds may be transferred to a competing fund. In addition, redemptions of the stable value fund directed by the Plan must be preceded by twelve months written notice to Fidelity.

Anverse, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Mutual funds	\$ 10,618,483	\$ 8,433,885
Stable value fund	824,755	823,115
Money market fund	3,797	660,130
Total investments, at fair value	\$ 11,447,035	\$ 9,917,130

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company's contributions.

6. Income Tax Status

The Plan is a volume submitter plan document created by Fidelity Management & Research LLC (FMR), an affiliate of the certifying entity. The Internal Revenue Service has determined and informed FMR by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since the opinion letter was issued, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
