Independent Auditor's Report

Plan Administrator
Stafford-Smith, Inc. Retirement and Salary Deferral Plan
Kalamazoo, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stafford-Smith, Inc. Retirement and Salary Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other

additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stafford-Smith, Inc. Retirement and Salary Deferral Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Stafford-Smith, Inc. Retirement and Salary Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering substantially all employees of Stafford-Smith, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants are automatically enrolled in the Plan at a 5% deferral rate and may contribute the maximum percentage allowable, subject to certain limitations, to the extent such percentage does not result in their contributions exceeding the annual dollar limits established by law. Participants may also contribute amounts representing eligible rollover contributions from other qualified plans. The Plan also allows for catch-up contributions for those age 50 and over during the Plan year, subject to certain limitations.

The Company may elect to make a discretionary matching contribution to the Plan based on the participant's elective deferrals in a percentage set by the Company prior to the end of each plan year. The percentage for the years ended December 31, 2021 and 2020 was 25% of the first 5% of participant contributions. The Company also may contribute an additional discretionary amount allocated in proportion to each participant's compensation. The Company did not make any additional discretionary contributions for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions, rollover contributions, employer matching contributions, employer discretionary contributions, and actual earnings thereon. The Company's discretionary matching contributions are 100% vested at all times.

Notes Receivable from Participants

Participants may, under certain circumstances as defined by the Plan Agreement, borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum note is \$1,000. Participants may have only two notes outstanding at any one time. Interest rates on notes receivable range from 3.25% to 5.50% at December 31, 2021. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms may not exceed 20 years.

Stafford-Smith, Inc. Retirement and Salary Deferral Plan

Notes to Financial Statements

Payment of Benefits

The Plan's normal form of payment is a lump sum, payable upon termination of service due to disability, retirement, or death; to a participant or participant's beneficiary in the event of death. The participant may elect installment payments as an optional form of payment with written spousal consent. Withdrawals are allowed upon the attainment of age 59½. Hardship withdrawals are allowed under certain circumstances of financial hardship, as defined by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities in the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's investment in the guaranteed investment contract, which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gain and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded.

Payment of Benefits

Benefits are recorded when paid.

Stafford-Smith, Inc. Retirement and Salary Deferral Plan

Notes to Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts that have the loans outstanding and are included in administrative expenses. Fees related to participant-directed withdrawals are also included in administrative expenses. Total expenses paid by the Plan were \$2,593 and \$2,379 for the years ended December 31, 2021 and 2020, respectively. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Subsequent events have been evaluated by management through August 22, 2022, the date these financial statements were available to be issued.

3. Investments

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Pooled Separate Accounts (PSAs) - Units held in PSAs are valued based on the underlying investments (i.e., mutual funds, domestic and international stocks, fixed securities). While the majority of the underlying assets values are based on quoted prices, the net asset values (NAV) of the PSAs are not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based

Stafford-Smith, Inc. Retirement and Salary Deferral Plan

Notes to Financial Statements

on recent transaction prices and is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. However, certain PSAs may limit transfer activity and require a 30-day notice period. There are no unfunded commitments.

Collective Investment Trusts (CITs) - The Plan's investment in the CITs held by the Plan are valued using NAV as a practical expedient to estimate fair value, as reported by the trustee, based on the underlying investments. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CITs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

* The investments in CITs and PSAs are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Guaranteed Investment Contract

The Plan invests in the Principal Fixed-Income Guaranteed Option (PFIGO), a guaranteed investment contract. The PFIGO is a benefit-responsive contract entered into with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The PFIGO is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract has a 5% surrender fee should the Plan discontinue without proper

Stafford-Smith, Inc. Retirement and Salary Deferral Plan

Notes to Financial Statements

notification as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is a blended rate determined using a dollar-weighted average of all the guaranteed interest rates of the guaranteed interest funds under this contract. Under the terms of the existing contract, the guaranteed minimum crediting interest rate is 0.90% and can be reset on a semi-annual basis. The PFIGO is a single group annuity contract with a fixed rate of interest.

5. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020 and for the years then ended. Accordingly, Principal Life, Principal Life on behalf of Principal Global Investors Company, and Principal Trust Company, (collectively, Principal), qualified institutions, have certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in investment funds managed by Principal Trust Company and Principal Life, or its affiliates, collectively; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. Should the Plan terminate, each participant's account will become 100% vested and will be distributed to the participant.

Stafford-Smith, Inc. Retirement and Salary Deferral Plan

Notes to Financial Statements

8. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed Principal Life by a letter dated June 30, 2020 that the Prototype Non-Standardized Profit-Sharing Plan with CODA (the prototype plan upon which the Plan is based) is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax laws. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

9. Delinquent Participant Contributions

During 2021, the Company failed to remit certain contributions and loan repayments to the Plan in a timely manner, according to the DOL's rules and regulations, in the amount of \$37,281. The Company calculated and remitted lost earnings on 2021 contributions to the Plan during 2022.
