Report of Independent Auditors

Audit Committee of the Board of Directors
LAMMICO Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of LAMMICO Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by, benefits provided by, and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LAMMICO Employee Retirement Plan

Notes to the Financial Statements

Years ended December 31, 2021 and 2020

Note A - Description of Plan

The following description of LAMMICO Employee Retirement Plan (the Plan), provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LAMMICO, Elatas Risk Partners, Inc., and Medical Interactive Community, LLC (collectively, the Company), who have at least 3 months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). LAMMICO and Elatas Risk Partners, Inc. (collectively, the Sponsor or Plan Administrator) are officially designated as the Sponsors; and the Plan is administered by the Company's Retirement Committee, with oversight by the senior management and the Board of Directors of the Company.

Prior to January 2021, Massachusetts Mutual Life Insurance Company (Mass Mutual) served as the Plan's insurance company and record-keeper, provided certain compliance and administrative services, held certain investments, and executed the investment transactions. Effective December 31, 2020, Mass Mutual was acquired by Empower Retirement (Empower). Beginning in January 2021, Empower now serves as the Plan's record-keeper, provides certain compliance and administrative services, holds certain investments and executes the investment transactions. Great-West Life & Annuity Insurance Company (GWLA), an affiliate of Empower, provides the applicable certification for the insurance product provided by the Plan that was issued and previously certified by Mass Mutual. GWLA was granted a power of attorney by Mass Mutual to certify the noted insurance product.

Reliance Trust Company (Reliance) serves the role of trustee and custodian.

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act and formal written amendments will be adopted at a later date in accordance with the applicable law.

Contributions

Employee Contributions

Each year, participants may contribute up to the maximum contribution limit allowed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

LAMMICO Employee Retirement Plan

Notes to the Financial Statements (Continued)

Note A - Description of Plan (continued)

Contributions (continued)

The Plan includes an automatic salary deferral feature, whereby the Sponsor will automatically withhold a portion of a participant's compensation from their pay each pay period and contribute that amount to the Plan. This provision applies to employees who became participants on or after the effective date of the automatic deferral provision. The amount to be automatically withheld from employee's pay each pay period is equal to 6% of eligible compensation, unless the participant opts out of the Plan or elects a different deferral rate. The Plan also includes an automatic deferral escalation. All eligible participants deferring less than 10% will be increased 1% on April 1st of each Plan year until he or she reaches a 10% deferral or elects to change the deferral rate.

A participant can elect to make designated Roth contributions. Roth deferrals will be treated in the same manner as elective deferrals as outlined above, except that hardship and in-service distributions are not allowed. The Plan also will accept Roth rollover contributions from an eligible employee who has received a distribution from a designated Roth contribution account under another qualified Roth contribution program. Designated Roth contributions are currently included in a participant's gross income unlike pre-tax contributions. However, a qualified distribution of designated Roth contributions is excludable on a participant's gross income for tax return purposes.

Employer Contributions

The Company matches 50% of a participant's elective contribution up to 6% of compensation as defined by the Plan. Participants are eligible to receive employer matching contributions immediately upon the commencement of employee contributions; the match is made per payroll. In addition, the Company may elect to make a discretionary profit-sharing contribution. This discretionary amount, determined annually by the Company, may be made regardless of current profits of the Company. An allocation equal to a percentage of each such participant's compensation shall be made to each participant based on the participant's years of service. During 2021 and 2020, the Company made discretionary profit-sharing contributions totaling \$727,093 and \$782,890, respectively. Only employees who have completed one year of service, are age 21 or older, worked 1,000 hours in the Plan year, and were employed on December 31 are eligible to receive an allocation of the discretionary profit-sharing contribution.

All contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching and discretionary contributions and allocations of Plan investment returns, net of an allocation of investment and management fees, and is reduced by any distributions. Allocations are based on participant earnings or account balances, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements (Continued)

Note A - Description of Plan (continued)

Forfeitures

Forfeited balances of terminated participants' nonvested accounts may be used to reinstate former participants' accounts, reduce future Company contributions, or pay administrative expenses of the Plan. In 2021 and 2020, the Plan applied \$39,741 and \$2,258, respectively, of forfeited amounts toward employer matching and discretionary profit-sharing contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contribution and the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are 100% vested in the Company's contributions based on a five-year graded schedule (20% vested per year). Notwithstanding the above, a participant is fully vested upon reaching normal retirement age (age 65), upon death, or upon permanent disability.

Investment Options

The Plan offers several investment options with a variety of investment objectives to participants, who direct their contributions and the Company's contributions on their behalf to one or more investment options. Participants may change their investment options daily.

Notes Receivable from Participants

Plan participants may borrow from their participant accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. However, if the loan is for the purchase of a primary residence, the Plan Administrator may permit a longer repayment period. Participants cannot have more than one loan outstanding from the Plan at any time. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service or upon retirement, disability, death, or attainment of age 59 ½, a participant may receive a lump-sum amount equal to the vested value of his or her account or substantially equal installments over a period of not more than the participant's assumed life expectancy (or the assumed life expectancies of the participant and his/her beneficiary). Participants still working for the Company beyond normal retirement age may elect to defer benefit payments until April 1 of the calendar year following the later of the calendar year during which the participant attains age 72, or in which the Participant retires, if such vested interest is greater than \$5,000. Participants may withdraw all or a portion of their pre-tax 401(k) deferral account in the event of financial hardship, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Note A - Description of Plan (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Sponsor, as provided by the Plan's provisions. Administrative expenses paid by the Plan include record-keeping and trustee fees. All other administrative expenses of the Plan are paid by the Sponsor. Additionally, forfeitures may be used to pay some or all of the administrative expenses at the discretion of the Sponsor.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note B - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect amounts reported in the financial statements and the accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Mutual funds are reported at published market prices, which represent the net asset value of shares held by the Plan at year end. See Note D for discussion of investments and fair value measurements.

Current accounting guidance requires fully benefit-responsive investments held by a defined contribution plan to be measured at contract value as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investment in the Mass Mutual Fixed Interest Fund, is a separate account investment option with a guaranteed investment contract (GIC) (described in Note E) and is stated at contract value. The contract value of the fully benefit-responsive investment represents contributions plus earnings, less participant withdrawals and administrative expenses.

Note B - Summary of Accounting Policies (continued)

Valuation of Investments (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses is required as delinquent loans result in automatic withdrawal from the participant's account after the cure period. The Plan has the authority to take all reasonable actions to collect the balance owed on the loan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as market, and liquidity risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

The ongoing COVID-19 coronavirus pandemic (COVID-19) continues to have a global impact creating uncertainty, volatility, and disruption across economies and financial markets. The Plan's operational and financial performance will depend on certain developments, including the duration and spread of COVID-19 and its impact on the Plan and its Sponsor, participants and vendors. As such, COVID-19 could have a material adverse effect on the Plan's financial position in the future. The ultimate duration and impact of the COVID-19 outbreak on the Plan's financial position cannot be reasonably estimated at this time.

Subsequent Events

The Plan evaluated subsequent events for potential recognition or disclosure in the financial statements through August 17, 2022, the date these financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and note disclosures.

Effective January 1, 2022, the Plan was restated in accordance with the IRS' six-year remedial amendment cycle for pre-approved Plans.

Effective January 1, 2022, Reliance Trust Company was removed as Plan Trustee and Great-West Trust Company, LLC, was appointed as successor nondiscretionary Trustee of the Plan.

Note C - Information Certified by the Plan's Trustee and Insurance Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, Mass Mutual, and GWLA have certified the completeness and accuracy of the below information.

Reliance: As trustee, certified balances which are reflected on the accompanying statements of net assets available for Plan benefits as of December 31, 2021 and 2020, the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021, and the related investment activity reflected in the statements of changes in net assets available for Plan benefits for the years ended December 31, 2021 and 2020. Reliance certified all information related to the notes receivable from participants disclosed in the accompanying financial statements and notes to the financial statements and the supplemental schedule as of December 31, 2021.

Mass Mutual: As insurance company and record-keeper, certified the contract value for the fully benefit-responsive investment contract, which is reflected on the accompanying statements of net assets available for Plan benefits as of December 31, 2020, and the related investment activity reflected in the statements of changes in net assets available for Plan benefits for the year ended December 31, 2020.

GWLA: As insurance company, certified the contract value for the fully benefit-responsive investment contract, which is reflected on the accompanying statements of net assets available for Plan benefits as of December 31, 2021, the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021, and the related investment activity reflected in the statements of changes in net assets available for Plan benefits for the year ended December 31, 2021.

Note D - Investments

Fair Value Measurement

The Plan utilizes the GAAP framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LAMMICO Employee Retirement Plan

Notes to the Financial Statements (Continued)

Note D - Investments (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for substantially the entire period for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Mutual fund investments are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Empower receives daily dividend rates, mutual fund NAVs, and in some cases the related change from the prior day rate or NAV directly from Reliance and other mutual fund management companies, and uses this information to perform valuation procedures. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets and liabilities measured at fair value on a recurring basis as of December 31, 2021 and 2020, respectively.

2021:	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 44,262,009</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,262,009</u>
2020:	Level 1	Level 2	Level 3	Total

LAMMICO Employee Retirement Plan

Notes to the Financial Statements (Continued)

Note E - Investment Contract with Insurance Company

As discussed in Note B, the Plan invests in a fully benefit-responsive GIC. The Plan's investment in the GIC is a separate account investment option with a general investment account guarantee that insulates participants' accounts from daily fluctuations in the market. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Such interest rates are reviewed and may be reset on a quarterly basis. The issuer maintains contributions in a general account, and this account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the GIC. Under the terms of the GIC, participants may ordinarily direct permitted withdrawal and/or transfer transactions of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Mass Mutual, and the financial institution issuer. Such events include but may not be limited to the following: (1) significant amendments to the Plan document, (2) changes to the Plan's prohibition on competing investment options, (3) Sponsor events that cause a significant withdrawal from the Plan, or (4) the complete or partial termination of the Plan. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

Events that permit Mass Mutual, and the financial institution issuer, to terminate the contract include but may not be limited to the following: (1) the Plan provides 30 days written notice to terminate the agreement, (2) the failure of the trust to qualify for exemption from federal income taxes, (3) partial or full termination of the Plan, (4) breach of the investment agreement by the Plan, and (5) the issuer provides 90 days written notice to terminate the agreement.

Contract termination occurs whenever the contract value of the covered investments reaches zero or the fair value is less than \$1,000. If the contract terminates when the fair value is less than \$1,000 or the contract value is zero, an amount equal to the greater of the remaining fair value account balance or book value account balance will be transferred to another investment option in a lump-sum payment. If the contract terminates due to the issuer's decision to terminate, an amount equal to the remaining fair value account balance will be transferred to another investment option in a lump-sum payment no later than 45 days after the termination date. Transfers may only be made to a competing fund if Mass Mutual gives prior written consent.

Notes to the Financial Statements (Continued)

Note F - Related Party and Parties-in-Interest Transactions

The Plan holds certain investments of Mass Mutual, who served as record-keeper of the Plan for the year ended December 31, 2020, meaning any transactions in such investments qualify as party-in-interest transactions. These transactions are exempt from prohibited transaction rules under ERISA. Fees paid to Mass Mutual amounted to \$111,089 for the year ended December 31, 2020. Fees paid to Empower for services provided amounted to \$118,300 for the year ended December 31, 2021.

Certain administrative functions related to the Plan are performed by employees of the Sponsor. Neither the Sponsor nor the employees receive compensation from the Plan for these services. Employees of the Sponsor are also participants in the Plan. Administrative expenses paid by the Plan include record-keeping and trustee fees. All other administrative expenses of the Plan are paid by the Sponsor.

Notes receivable from participants also qualify as party-in-interest transactions. See Note A for further detail on outstanding participant loans.

Note G - Income Tax Status

Although the Plan has not requested determination from the IRS as to the Plan's tax-exempt status, the master prototype Plan from which the Plan was drafted has received a favorable determination letter from the IRS. Although no determination letter is available specific to the Plan itself, and the Plan has been amended since receiving the above-mentioned determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. As a result, no provision for income taxes has been included in the Plan's financial statements.

Note H - Concentrations

The Plan's fully benefit-responsive GIC represents 15% and 19% of the Plan's total assets as of December 31, 2021 and 2020, respectively.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
