Independent Auditor's Report

Plan Administrator
Rick Case Enterprises, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Rick Case Enterprises, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021 and assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

All employees that have completed 60 days of service and have reached the age of 21 are eligible to be participants in the Plan with entry dates of the first day of each calendar month. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

Contributions: Participant contributions are voluntary. Contributions of up to 50% of earned compensation are tax deferred up to a maximum as established by the Internal Revenue Service (IRS). The contributions of highly compensated employees, as defined by the IRS, may be further limited. Participants may be eligible to contribute rollover amounts received as a lump-sum distribution from a qualified retirement plan of another employer if transferred to this Plan directly, or by the participant within 60 days of receipt of the distribution from the previous plan. Effective April 1, 2021, participants are automatically enrolled in the Plan with an elective pre-tax deferral rate of 2% of compensation, increasing 1% annually (up to 10%), unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. The Company matches 25% of the first 4% of participant contributions for participants employed on the last day of the plan year. The Company also has the option to make discretionary nonelective contributions to the Plan each year. These contributions are allocated to the individual accounts of non-highly compensated participants who are eligible for an allocation for the Plan year, based upon the participants' elective deferrals. The Company made no discretionary nonelective contribution to the Plan for the year ended December 31, 2021.

Upon enrollment in the Plan, a participant may direct employer and employee contributions in any percentage increments in any of the available investment options. Participants may change their investment options in accordance with the rules established by the Plan Administrator.

Participants' accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contributions along with the earnings thereon is based on years of continuous service. Employer contributions vest with the participant at a rate of 20% per year beginning with the second year of service and reaching 100% after six years of service or upon reaching the normal retirement age, where a year is defined as one in which an employee works 1,000 hours or more.

Payment of benefits: On termination of service, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in installment payments. Hardship withdrawals are granted for specific reasons, and are limited to a participant's account balance attributable to elective deferrals.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to reduce administrative expenses, employer contributions, or are re-allocated to participants. For the year ended December 31, 2021, there were \$40,407 and \$53,655 of forfeitures used to reduce the employer contribution and plan administrative expenses, respectively. There were unapplied forfeitures of \$81,605 and \$48,387 as of December 31, 2021 and 2020, respectively.

Administrative expenses: A portion of the Plan's administrative costs are paid by the Plan. Other administrative costs are paid by the Company at the Company's discretion.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become fully vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of the net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions are recognized when they are withheld from the participant's earnings. Company matching contributions and additional employer discretionary contributions approved by the Company's board of directors are recognized in the year of service.

Payment of benefits: Benefits are recorded when paid.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 10, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Great-West Trust Company, LLC (Great-West)

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information provided by Great-West, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets.

	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 16,084,960	\$ 12,408,576
Common/collective trust fund	\$ 8,161,902	\$ 6,916,449
Blended stable value account	\$ -	\$ 9
Investments, at contract value:		
Group annuity contract	\$ 1,813,218	\$ 2,375,253
Net appreciation in fair value investments	\$ 1,704,288	
Interest and dividends	\$ 1,719,138	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Rick Case Enterprises, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020. Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust: Valued at the total of the NAV of the underlying investments held by the account at year-end. The Plan's interest in the common collective trust is valued based on the information reported by the investment advisor.

Blended stable value account: The blended stable value account is comprised of stable value funds and fully-benefit responsive investment contracts that are valued at the NAV of units of the blended stable value account. The blended stable value account is valued at NAV. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 16,084,960	\$ -	\$ -	\$ 16,084,960
Total assets in the fair value hierarchy	\$ 16,084,960	\$ -	\$ -	16,084,960
Investments measured at NAV ^(a)				8,161,902
Investments at fair value				\$ 24,246,862

	2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,408,576	\$ -	\$ -	\$ 12,408,576
Total assets in the fair value hierarchy	\$ 12,408,576	\$ -	\$ -	12,408,576
Investments measured at NAV ^(a)				6,916,458
Investments at fair value				\$ 19,325,034

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant or plan redemption restrictions for these investments.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common/collective trust fund	\$ 8,161,902	\$ 6,916,449	None	Daily	None
Blended stable value account	-	9	None	Daily	None

Note 5. Investment Contract with Great-West

The Plan has a group annuity contract investment contract with Great-West. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2021 and 2020, was \$1,813,218 and \$2,375,253, respectively. Fair value approximates contract value at December 31, 2021 and 2020.

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0% and is reset at least as frequently as annually.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code.
2. The Plan's total investment in the contract falls below an amount specified in the contract.
3. Premature termination of the contract.
4. Plan termination of merger.
5. Changes to Plan's prohibition on competing investment of other Plan provisions that have an adverse effect on the investment.
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Notes to Financial Statements

Note 6. Tax Status

Effective December 31, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Great-West. The prototype plan has received an opinion letter dated June 30, 2020 from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Party-in-Interest Transactions

Great-West is the trustee, as defined by the Plan. Fees paid by the Plan for administrative services provided by Great-West amounted to \$145,325 for the year ended December 31, 2021.

Note 8. Prohibited Transactions

The Plan inadvertently failed to deposit \$430,128 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings totaling \$1,121 to correct this failure in 2022. In 2022, the Plan Sponsor filed Form 5330 and paid applicable excise tax to the IRS. The correction and any excise taxes were made from the Plan Sponsor's assets and not from assets of the Plan.

Note 9. COVID-19 Pandemic, Economic Uncertainty

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The Plan has implemented certain provisions allowed by the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted in accordance with applicable law and IRS guidance. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
