INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of
Robinson Companies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Robinson Companies Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial

statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of the year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROBINSON COMPANIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

General - C.H. Robinson Company, Inc. (the "Company" or "CHRW"), established the Robinson Companies Retirement Plan (the "Plan"), a defined contribution plan, to provide retirement income and other benefits to eligible employees of the Company and certain affiliates under a qualified retirement plan with multiple, affiliated, and sponsoring employers. The following is not a comprehensive description of the Plan and, therefore, does not include all situations and limitations covered by the Plan. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Operation of the Plan - The Plan is administered by officers of the Company (the "C.H. Robinson Retirement Committee"). The C.H. Robinson Retirement Committee meets on a quarterly basis with an independent investment advisor to review and monitor the investments within the Plan. Fidelity Management Trust Company ("Fidelity") thereafter (collectively, the "trustee") is the trustee and recordkeeper of the Plan. The trustee is responsible for holding the assets of the Plan, executing investment transactions, and making distributions to participants. Administrative fees of the Plan, including trustee and investment advisory fees, are paid by the Plan. The Plan was restated with Fidelity during 2021 due to IRS regulations that requires restatement of pre-approved plan documents every six years in order to maintain the plan's tax-qualified status.

Contributions - Participants may contribute up to 75% of their pretax compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations, which was $19,500 for both 2021 and 2020, with an additional $6,500 catch-up contribution limit for those aged 50 and older.

The Company makes an employer-matching contribution. Under the terms of the Plan, the annual contribution amount cannot exceed the maximum amount allowable as a deduction in computing the Company's consolidated taxable income. Effective May 22, 2020, the Company temporarily suspended its employer-matching contribution due to the impacts of the coronavirus ("COVID-19") pandemic. The employer-matching contribution was reinstated effective January 1, 2021.

The formula for the matching contribution was 100% of the first 6% of recognized compensation of total eligible participants in 2021 and 2020. The Company made matching contributions, net of participant forfeitures, to the Plan of $46,978,864 in 2021 and $18,287,264 in 2020.

Participant Revenue Credits - Under the terms of the plan, Participant Revenue Credits are allocated to eligible participants. Participants pay an annual recordkeeping fee, however a portion of the investment expense may be credited back as Participant Revenue Credits to the employees depending on the investment. Participant Revenue Credits were $1,230,398 in 2021 and $809,137 in 2020.

Participation and Vesting - Each employee who has completed 30 consecutive days of service with the Company or one of its participating affiliates is eligible to be a participant of the retirement savings and matching portions of the Plan.

The Plan has an enrollment feature, which allows the employee to set the deferral rate each pay period. Beginning January 1, 2007, the Company adopted automatic enrollment for new employees at a deferral rate of 4% as of the date they are eligible to participate in the retirement savings portion of the Plan. Employees are eligible to change the deferral rate at any time. The employer-matching contribution is made by the Company. Participants are 100% vested in their contributions as well as employer-matching contributions at all times if hired prior to January 1, 2019. Employees hired on or after January 1, 2019, will be 100% vested in employer-matching contributions after

two years of service. Participants' vesting in the Company's employer profit-sharing contributions prior to 2019 is based on years of service. Participants are 20% vested after one year of service and vest an additional 20% on each successive service anniversary date, becoming 100% vested after five years of service.

A participant's account is also fully vested and nonforfeitable when the participant attains age 59 1/2, is permanently disabled, or dies during employment, if the Plan is terminated, or if there is a complete discontinuance of contributions by the Company under the Plan.

Gains or losses in the value of the assets and investment income of the Plan during the year are allocated to each participant based on the value of each participant's account.

Participant Accounts - Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - Amounts forfeited by former participants are used to reduce employer-matching contributions, to reduce employer discretionary contributions, to reduce the Plan expenses, or to correct errors, omissions, and exclusions. During the years ended December 31, 2021 and 2020, employer contributions were reduced by $534,007 and $595,675, respectively, from forfeited nonvested accounts. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled $35,540 and $281,616, respectively. These accounts will primarily be used to reduce future employer contributions or pay Plan administrative expenses.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest equal to the prime rate as published by *The Wall Street Journal* for the last business day of the calendar month preceding the calendar month in which the loan is granted. Interest rates on loans as of December 31, 2021 range from 3.25% to 5.50%. Loan principal and interest is repaid ratably through payroll deductions. Participant loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Employer Contribution Receivable - The employer contribution receivable balance represents 401(k) match amounts to be paid by the Company, but not yet settled as of year-end. The Company began making true-up match contributions effective with the 2021 plan year if the participant did not receive the full amount of the employer safe harbor matching contribution due to change in the participant's deferral percentage during the plan year. This true-up match contribution was $1,414,170 for the year ended December 31, 2021. The true-up match contribution is included in the "Employer contributions" line item on the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits - On termination of employment, retirement, reaching age 59 1/2, death, or disability, a participant, or in the case of death, the participant's beneficiary, will receive upon request the vested portion of the amounts credited to the participant's account.

Investments - Each participant elects the amount of his or her account balance to be invested in the respective available investment funds. Participants are able to direct their investments into 22 different investment funds, the Company's stock, or into self-directed investment options (limited to investments in funds). Subsequent to December 31, 2019 participants are no longer able to direct investments into the Company's stock.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for investment in a variety of investment funds including self-directed investment funds and the Company's stock. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Shares of the sponsor's common stock represent approximately 2.9% and 3.3% percent of total investments at December 31, 2021 and 2020, respectively.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Investments in shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end. Investments in common stock, preferred stock and corporate bonds are stated at fair value based upon the closing price as reported on a recognized securities exchange on the last business day of the year. Investments in common collective trust and stable value fund assets are measured at fair value using the NAV practical expedient. Refer to Note 3 of these notes to the financial statements for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Excess Contributions Payable - The Plan is required to return contributions received during the Plan year in excess of the IRC limits. As of December 31, 2021 and 2020, there were no excess contributions payable.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques - Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2021 and 2020.

CHRW Common Stock - The Company utilizes a stock purchase account which includes shares of the Company's common stock and a small percentage of cash equivalents due to trades involving fractional shares. The Company's common stock is valued at the closing price reported on the active market on which the securities are traded on the last business day of the Plan year. The cash equivalents included in the stock purchase account were immaterial as of December 31, 2021 and 2020.

Mutual funds - Shares of registered investment companies, consisting of mutual funds, are valued at quoted market prices that represent the NAV of shares held at Plan year-end. Self-directed accounts primarily consist of domestic and international mutual funds.

Common collective trusts - Investments in common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value funds - Investments in stable value funds may invest in traditional insurance investment contracts, U.S. government and agency securities, asset-backed securities, and collective investment funds. The Fund is composed primarily of fully benefit-responsive investment contracts and is reported at fair value using NAV as a practical expedient. The Plan does not hold a direct investment in these fully benefit-responsive investment contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Most of the guaranteed investment contracts ("GIC") contained in the Fund provide a fixed interest rate over the term to maturity, and therefore do not experience fluctuating crediting rates.

In accordance with FASB ASC 820, as of December 31, 2021 and 2020, the tables below include the major categorization for the Plan's investments securities on the basis of the nature and risk of the investments:

The following tables set forth a summary of the Plan's investments whose values were estimated using a reported NAV at December 31, 2021 and 2020.

December 31, 2021	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period [1]
Common Collective Trusts	$ 479,543,810	n/a	Daily	Various
Stable Value Funds	53,764,758	n/a	Daily	Various

December 31, 2020	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period [1]
Common Collective Trusts	301,703,853	n/a	Daily	Various
Stable Value Funds	58,749,759	n/a	Daily	Various

[1] If the Plan initiates a full redemption of the investment, the issuer reserves the right to require 12 months' notification order to ensure the securities liquidations will be carried out in an orderly business manner.

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size

of the transfer relative to total net assets available for benefits. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period.

For the years ended December 31, 2021 and 2020, there were no transfers between levels.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity. Fidelity was the trustee during the period as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

The Plan also held 436,276 shares and 485,235 shares in the Company's common stock as of December 31, 2021 and 2020, respectively. In addition, the Plan recorded $963,445 and $1,060,416 in dividend income from the investment in the Company's common stock as of December 31, 2021 and 2020, respectively.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan at any time, subject to the Plan's provisions and ERISA regulations. In the event that the Plan is terminated, each participant shall become fully vested and shall be entitled to a benefit equal to the value of his or her account.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Company believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and the increase in net assets available for benefits per the financial statements to net assets and net income per the Form 5500 as of December 31, 2021 and for the year ended December 31, 2020, as applicable:
