Independent Auditor's Report

Plan administrator
Mutual Benefit Insurance Company 401(k) Plan
Huntingdon, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mutual Benefit Insurance Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed, to or derived from, the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by, and certified to, by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 25, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MUTUAL BENEFIT INSURANCE COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

(with comparative information at December 31, 2020)

1. Description of the Plan and significant accounting policies:

The following description of the Mutual Benefit Insurance Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was restated effective July 1, 2021, by adopting Principal Financial Group's 401(k) Volume Submitter Plan (refer to Note 4). There were no significant changes to the terms of the Plan as a result of this change.

General:

The Plan is a defined contribution plan covering all employees of Mutual Benefit Insurance Company (the Company) who have attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2021 and 2020, the 2019 novel (COVID-19) pandemic sparked a global health and economic crisis. The impact resulting from the COVID-19 pandemic on the Plan is uncertain and will depend on future developments. In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law in March 2020. The CARES Act contains several provisions that temporarily impact retirement savings plans.

Basis of presentation:

The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions:

Each year, participants may contribute up to the maximum amount of the annual federal deferral limit, as defined in the Plan. Unless a participant makes an affirmative election, 6% of pre-tax compensation for each pay period is deferred automatically. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company determines the rate of a matching contribution annually. The Plan's matching contribution is \$1 for each \$1 deferred by the participant on the first 4% of compensation, and 50% of each \$1 deferred by the participant on the next 2% of compensation. The Company may also elect annually to make additional discretionary contributions. Contributions are subject to certain limitations.

1. Description of the Plan and significant accounting policies (continued):

Participant accounts:

Each participant's account is credited or charged with the participant's contribution and allocations of the Company's contribution, Plan earnings (losses) and certain administrative expenses. Allocations are based on compensation or account balances as defined. The Plan has various funds to which the participants may allocate any portion of their account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

All employee and matching Company contributions are 100% vested at the time of contribution. If the employer makes a discretionary contribution, the vesting schedule would be a three-year cliff schedule and the participant would become 100% vested upon earning the third year of vesting service.

Investment valuation:

Mutual funds are stated at fair value as determined by quoted market prices. Investments in pooled separate accounts are reported at fair value. Investments in the guaranteed interest accounts are reported at contract value.

Investments in pooled separate accounts are valued using the net asset value (NAV) of the respective pooled separate account, which are invested in publicly traded mutual funds, money market funds and short-term investments. The NAV, as provided by the fund companies, is based on the fair value of the underlying investments held by the fund, less its liabilities, and is used by Massachusetts Mutual Life Insurance Company (MassMutual) to calculate a unit value for the pooled separate accounts. Unit value is equivalent to NAV and is used as a practical expedient to estimate the fair value. Units may be redeemed on a daily basis and there is no significant notice period associated with this category.

The guaranteed interest account (GIA) is a stable value investment that is backed by the MassMutual general investment account and is provided through a benefit-responsive contract issued by MassMutual. The MassMutual general investment account assets consist primarily of long-term bonds, mortgage loans, short-term investments and cash and small positions of common stock, partnership arrangements and real estate. Under the contract, MassMutual is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The guaranteed rate is established in advance for a six-month period but may not be less than 3%, although in some instances, may be less than 3% after applicable expenses are deducted from the contract.

An investment contract is valued at contract value, rather than fair value, to the extent it is fully benefit responsive. The contract value represents contributions made under the contract plus earnings, less withdrawals and administrative expenses.

1. Description of the Plan and significant accounting policies (continued):

Investment valuation:

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Although, upon full or partial contract or Plan termination and certain other sponsor-initiated events considered as market value events, distributions from the GIA may be subject to a liquidation value (market value) adjustment pursuant to a formula in the contract that may produce a value that is more or less than the contract value. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract with Principal Trust Company (Principal) meets the fully benefit responsive contract criteria, and therefore, is reported at contract value. The account assets consist primarily of long-term bonds, mortgage loans, asset backed securities, short-term investments and cash and small positions of common stock and real estate. Under the contract, Principal is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The Plan can terminate the agreement by providing notice of such termination to Principal. The guaranteed rate may not be less than 3%.

Certain events may limit the ability of the Plan to transact at contract value with Principal. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Payment of benefits:

Unless the participant elects otherwise, distribution of benefits begins no later than the 60th day after the close of the Plan year in which the latest of the following events occurs: (a) the participant attains age 62 (the Plan's normal retirement age), (b) the participant completes ten years of Plan participation or (c) the participant terminates service with the employer. Benefits are payable in either the form of a life annuity or a lump-sum distribution. Benefits to participants are recorded when paid.

Hardship withdrawals:

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

YEAR ENDED DECEMBER 31, 2021

(with comparative information at December 31, 2020)

1. Description of the Plan and significant accounting policies (continued):

Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts.

Use of estimates:

The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related and recordkeeping expenses are included in total investment income, as they are paid through revenue sharing, rather than direct payment.

2. Investments and information certified by Empower Retirement (MassMutual) 1/01/21 – 7/01/21 and Principal Trust Company 7/02/21 – 12/31/2021:

The Plan's investments are held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan as of 12/31/2021. Assets were moved to Principal Trust Company on 7/02/2021 from MassMutual (Empower Retirement completed an acquisition of MassMutual Retirement in 2021). Investment information disclosed in the accompanying financial statements and schedule of assets held at end of year, specifically investments held at December 31, 2021 and 2020 and net appreciation in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate for 1/01/21 – 7/01/21 by Empower Retirement on behalf of MassMutual and for 7/02/21 – 12/31/21 by Principal Trust Company.

3. Fair value measurement:

The Plan ranks investments in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset. Observable inputs reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investment.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.). The Plan does not hold any Level 2 investments.

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments). The Plan does not hold any Level 3 investments.

See Note 1 for a description of the valuation methodologies used for assets measured at fair value.

The fair values of assets measured as of December 31, 2021 are as follows:

		Fair value measurements using
<u>2021</u>	<u>Fair value</u>	<u>Level 1</u>
Mutual funds	\$ 28,413,864	\$ 28,413,864

3. Fair value measurement (continued):

Fair value measurements of investments in certain investments that calculate NAV per share (or its equivalent) as of December 31, 2020 are as follows:

2020		Fair value	Unfunded commitments	Redemption term	Redemption value
Pooled separate accounts:					
Balanced/asset allocation	(a)	\$ 8,090,536	N/A	Immediate	NAV*
Fixed income	(b)	4,054,791	N/A	Immediate	NAV*
International equity	(c)	2,715,962	N/A	Immediate	NAV*
Large U.S. equity	(d)	7,345,938	N/A	Immediate	NAV*
Small/mid U.S. equity	(e)	3,600,661	N/A	Immediate	NAV*
		<u>\$ 25,807,888</u>			

* As of the measurement date

- (a) Balanced/asset allocation funds. Holdings in this category invest in a mix of marketable equity and fixed income securities.
- (b) Fixed income funds. Holdings in this category invest primarily in marketable fixed income securities that may include bonds, debt of a company or governmental entity (including U.S. and non-U.S.), real estate investments that directly own property, stable value, money market, short-term bond and guaranteed interest accounts.
- (c) International equity funds. Holdings in this category invest in stocks or shares of ownership in companies with their principal place of business or office outside the U.S.
- (d) Large U.S. equity funds. Holdings in this category invest in stocks or shares of ownership in large, well-established U.S. companies.
- (e) Small/mid U.S. equity funds. Holdings in this category invest in stocks or shares of ownership in small-to-medium sized U.S. companies.

4. Tax status:

The Internal Revenue Service (IRS) determined and informed Principal Life Insurance Company in a letter dated August 8, 2014, that the volume submitter plan from which the Plan was adopted is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was received; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

5. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related party transactions:

MassMutual Retirement Services, which is a division of MassMutual, provided recordkeeping and other administrative services to the Plan through 7/01/2021. These transactions qualify as party-in-interest transactions. Certain Plan investments are managed by Principal Life Insurance Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the custodian as defined by the Plan for 7/02/2021 and forward, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

7. Concentrations:

Two investments accounted for approximately 26% of total investments at December 31, 2021. Three investments accounted for approximately 34% of total investments at December 31, 2020.

8. Reconciliation of financial statements to Form 5500:

Plan investments in pooled separate accounts that did not file as a direct filing entity are reported as mutual funds, the underlying investments of the pooled separate accounts, on the 2020 Form 5500.

9. Subsequent events:

The Plan has evaluated subsequent events through July 25, 2022, the date which the financial statements were available to be issued.
