Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Administrative Committee of the
Waste Management Retirement Savings Plan
Houston, Texas

Opinion

We have audited the financial statements of the Waste Management Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Waste Management Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Waste Management, Inc. (the "Company" or "WMI"), and eligible affiliates (as defined in the Plan) (collectively "Waste Management") for the benefit of eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On October 30, 2020, the Company acquired Advanced Disposal Services, Inc. On December 31, 2020, the Advanced Disposal Union 401(k) Retirement Plan and the Advanced Disposal Services, Inc. 401(k) Retirement Plan (collectively, the "Advanced Disposal Plans") were merged into the Plan. The investment assets of the Advanced Disposal Plans were liquidated on December 31, 2020 and received by the Plan on January 4, 2021. As a result, receivables from the Advanced Disposal Plans totaling $180,736,099 were included in the Statement of Net Assets Available for Benefits as of December 31, 2020. In January 2021, former participants of the Advanced Disposal Plans became participants of the Plan.

Administration

The Administrative Committee of the Waste Management Employee Benefit Plans (the "Administrative Committee") has been named to serve as administrator and fiduciary of the Plan. Bank of America, N.A. ("Bank of America") serves as trustee of the Plan pursuant to a Defined Contribution Plan Trust Agreement and also serves as the Plan's third-party recordkeeper.

Eligibility

Employees (as defined by the Plan) are eligible to participate in the Plan following completion of a 90-day period of service (as defined by the Plan).

Individuals who are ineligible to participate in the Plan consist of (a) leased employees; (b) employees whose employment is governed by a collective bargaining agreement that does not provide for participation in the Plan for such individual; (c) individuals providing services to the Company and who are designated as independent contractors; (d) employees performing services on a seasonal or temporary basis; (e) any individual who is not regularly employed in, or a citizen of, the United States and (f) individuals who are participants in certain other pension, retirement, profit-sharing, stock bonus, thrift or savings plans maintained by Waste Management. Certain United States citizens employed by foreign affiliates of the Company may participate in the Plan under certain provisions specified by the Plan.

Contributions

Participants are permitted to contribute as much as 50% of their eligible annual compensation, as defined by the Plan, and 80% of their annual incentive plan bonus, subject to annual contribution limitations established by the Internal Revenue Service ("Employee Contribution"). In addition, participants that are age 50 or older are eligible to make pre-tax catch-up contributions not to exceed certain limits described in the Plan document. After-tax contributions are permitted by the Plan. Participants may also contribute amounts representing distributions from other qualified plans ("Rollover Contributions").

With respect to each participant whose employment is not governed by a collective bargaining agreement, Waste Management matches 100% of each participant's Employee Contribution up to 3% of the participant's eligible annual compensation, as defined by the Plan, plus 50% of the participant's Employee Contribution on the next 3% of the participant's eligible annual compensation. Any such employee is automatically enrolled in the Plan at a contribution rate of 3% of eligible compensation, unless changed by the employee.

With respect to each participant whose employment relationship is covered by a collective bargaining agreement, the amount of contributions by Waste Management, if any, is provided for in the applicable collective bargaining agreement.

Nonvested Forfeitures, Unclaimed Distributions and Other

As of December 31, 2021 and 2020, nonvested forfeitures, unclaimed distributions and other unallocated accounts, including settlements, totaled $6,650,032 and $6,564,603, respectively. These accounts will be used to reduce future Waste Management contributions and/or to pay Plan expenses. During 2021, Waste Management's required contributions were reduced by $443,459 through the use of these accounts.

Investment Options

The Plan offers participants diversified investment options. Effective April 2021, the Plan's investment options were restructured to provide for the transfer of certain funds and the addition of certain new investments funds. As of December 31, 2021, the Plan offered (a) 13 common collective trust funds (including eight target retirement-date funds); (b) three mutual funds; (c) a WMI common stock fund (which is an Employee Stock Ownership Plan); (d) a stable value fund, which includes direct investments in fully benefit-responsive contracts and investments in common collective trust funds, managed by Galliard Capital Management ("Galliard") and (e) a self-directed brokerage account, which allows participants to select various securities sold on the New York Stock Exchange, American Stock Exchange and NASDAQ. Participants direct investment of their accounts among the investment options offered under the Plan. A participant may make such an election on any business day. The Plan utilizes cash equivalents to temporarily hold monies pending settlement for transactions initiated by participants.

If a participant invests in the WMI common stock fund, the participant can elect to receive in cash any dividends paid on the common stock in the participant's account. If a participant does not make such an election, dividends will automatically be reinvested in the WMI common stock fund. Each participant who has invested in the WMI common stock fund has the right to vote the shares of stock in his or her account with respect to any matter that comes before the shareholders for a vote.

With respect to the self-directed brokerage account, several restrictions apply and a minimum balance is required to participate. Additionally, if a participant invests in the self-directed brokerage account, the participant has the right to vote the shares of securities held in the participant's account.

Vesting

Participants are immediately vested in their Employee Contributions, Rollover Contributions and Employer Contributions, plus earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's Employee Contribution, Rollover Contribution and any Employer Contribution and an allocation of investment income and loss and expenses. Investment income and loss is allocated to a participant's account based upon a participant's proportionate share of the funds within the Plan.

Payment of Benefits

Upon retirement, disability or termination of employment, participants or, in the case of a participant's death, their designated beneficiaries, may make withdrawals from their accounts as specified by the Plan. Prior to termination,

participants who have reached age 59-1/2 may withdraw from their accounts. Distributions are made by a single lump-sum payment or direct rollover. Distributions of accounts invested in WMI common stock may be taken in whole shares of common stock or cash.

Participants may make withdrawals from their contributions, including certain earnings on those contributions, in the event of proven financial hardship of the participant.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Participants who are active employees may obtain loans of not less than $1,000 and a maximum of 50% of a participant's vested accounts (excluding any amounts invested in the self-directed brokerage account) immediately preceding the loan grant date. In no event shall a loan exceed $50,000, reduced by the greater of (a) the highest outstanding balance of loans during the one-year period ending on the date before a new loan is made or modified or (b) the outstanding balance of loans on the date a new loan is made or modified. Not more than one loan shall be outstanding at any time, except for multiple loans which (a) result from a merger of another plan into this Plan or (b) result from a participant's defaulting on a loan. Interest rates and repayment terms are established by the Administrative Committee. Such loans shall be repaid by payroll deduction or any other method approved by the Administrative Committee. The Administrative Committee requires that: (a) no more than one loan per year be taken by a participant; (b) repayments be made no less frequently than quarterly; (c) loans be repaid over a period not to exceed 54 months and (d) repayments, including interest, be made in equal periodic payments over the term of the loan and applied to principal using a level amortization over the repayment period. Prepayment of a participant's total principal amount outstanding is allowed at any time.

Administrative Expenses

Administrative expenses of the Plan are generally allocated among participants. Loan administration fees and certain other expenses are charged directly to the account balance of the applicable participant. In 2021, Waste Management elected to pay certain audit and legal fees of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP"). Benefits are recorded when paid to participants.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities as of the date of the financial statements. Actual results could differ materially from the estimates and assumptions used in the preparation of the financial statements.

Investments

Corporate stocks, mutual funds and publicly-traded partnership interests held by the Plan are stated at fair value based on quoted market prices as of the financial statement date. The fair values of the common collective trust funds held by the Plan are generally based on net asset values established by the issuer of the common collective trust funds based on fair

values of the underlying assets. The investment options available within the Plan include a stable value fund that invests in fully benefit-responsive synthetic guaranteed investment contracts ("Synthetic GICs"). These investments held by the stable value fund are presented at contract value in the Statements of Net Assets Available for Benefits. See Note 3 for further discussion of Synthetic GICs. Short-term investments (included in amounts reported as common collective trust funds herein) are stated at cost, which approximates fair value.

The Plan records purchases and sales of securities on a trade-date basis and dividends on the ex-dividend date. Interest income is recorded on the accrual basis.

Risks and Uncertainties

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances. See additional discussion of investments in the stable value fund in Note 3.

The COVID-19 global pandemic has caused significant disruption in social and commercial activity throughout North America and had an adverse impact on many sectors of the economy, including environmental services. In response to the COVID-19 pandemic, financial markets experienced times of extreme market volatility, which can hinder the ability to achieve attractive and predictable investment returns. Throughout 2021, the financial condition and operations of the Company experienced notable recovery from COVID-19 impacts. However, uncertainty remains with respect to various factors that influence the pace of economic recovery, including the potential for future resurgence in transmission of COVID-19 and resulting business closures and restrictions.

Reclassifications

When necessary, reclassifications are made to the prior year financial information to conform to the current year presentation.

Plan Management's Review of Subsequent Events

Subsequent events have been evaluated through May 31, 2022, the date the financial statements were available to be issued.

3. Investment in Stable Value Fund

The Plan includes a stable value fund that invests in fully benefit-responsive Synthetic GICs. Synthetic GICs are comprised of (a) individual assets or investments placed in a trust and (b) wrapper contracts that guarantee that participant transactions will be executed at contract value. The investment portfolio of a Synthetic GIC, when coupled with a wrapper contract, provides a specified rate of return for a specific period of time. Through the use of Synthetic GICs, the stable value fund aims to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. Contract value represents principal, plus accrued interest less withdrawals and is the relevant measure as this is the amount received by participants when they initiate permitted transactions under the terms of the Plan.

The interest crediting rates for Synthetic GICs are calculated on a quarterly basis using the contract value, market value, yield and duration of the underlying securities, but cannot be less than zero.

Synthetic GICs generally are evergreen contracts that contain termination provisions, allowing the fund or the contract issuer to terminate with notice, at any time at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero.

There are certain events not initiated by the Plan participants that could limit the ability of the Plan to transact with the issuer at contract value. Examples of such events include, but are not limited to: material amendments to the Plan documents or administration; changes to the Plan's competing investment options including the elimination of equity wash provisions; bankruptcy of the Plan sponsor or other events that would cause a significant withdrawal from the Plan; full or partial termination of the Plan; failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; any change in tax code, laws or regulations applicable to the Plan and delivery of any communication to Plan participants designed to influence participants not to invest in the fund. The Plan sponsor does not believe that the occurrence of any of these events, which would limit the Plan's ability to transact with the issuer at its contract value, is probable.

Additionally, the fund also invests in a common collective trust fund, Wells Fargo/BlackRock Short Term Investment Fund S, which invests in highly liquid assets and is used for daily liquidity needs.

Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, security-backed investment contracts and separate account guaranteed investment contracts have the risk of default or the lack of liquidity of the underlying portfolio assets. The credit risk of each issuer is evaluated and monitored through the portfolio manager's credit analysis. The credit analysis includes, but is not limited to, asset quality and liquidity, management quality, surplus adequacy, and profitability. The Plan requires that the issuers of each contract have a minimum quality rating as of the contract effective date and that all underlying portfolio assets be rated investment grade at the time of purchase.

4. Fair Value Measurements

For purposes of the Plan's financial reporting, fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring assets and liabilities that are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact. Fair value is estimated by applying the following hierarchy, which prioritizes the inputs used to measure fair value into three levels and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 — Inputs that are generally unobservable and typically reflect the Plan's estimate of assumptions that market participants would use in pricing the asset or liability. The Plan had no Level 3 assets as of December 31, 2021 or 2020.

We use valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. In measuring the fair value of our assets and liabilities, we use market data or assumptions that we believe market participants would use in pricing an asset or liability, including assumptions about risk when appropriate.

The following table provides by level, within the fair value hierarchy, a summary of investments of the Plan as of December 31 measured at fair value on a recurring basis:

	2021	2020
Quoted Prices in Active Markets (Level 1):		
Mutual funds	$ 289,725,577	$ 901,284,450
WMI common stock	318,770,268	240,047,548
Self-directed brokerage accounts	99,390,352	81,071,131
Subtotal Level 1	707,886,197	1,222,403,129
Significant Other Observable Inputs (Level 2):		
Self-directed brokerage accounts — FedFund	8,080,598	8,555,254
Stable Value fund — short-term investment fund	16,006,720	11,387,012
FedFund	3,016,643	485,013
Subtotal Level 2	27,103,961	20,427,279
Investments Measured at Net Asset Value (a):		
Common collective trust funds	2,551,052,531	1,415,129,732
Subtotal Investments Measured at Net Asset Value	2,551,052,531	1,415,129,732
Total Investments at Fair Value	$ 3,286,042,689	$ 2,657,960,140

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. As of December 31, 2021 and 2020, there were no redemption restrictions on the investments held at net asset value other than possible advance notice requirements.

5. Federal Income Taxes

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated April 30, 2015, stating that the Plan, as amended and restated as of January 1, 2015, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"), which were timely adopted by the Plan sponsor subsequent to receipt of the determination letter. The Plan sponsor has adopted a further amendment and restatement of the Plan and subsequent amendments since receiving the determination letter. The Plan administrator and counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. If an operational issue is discovered, the Plan sponsor has indicated that it will take any necessary steps to bring the Plan's operations into compliance with the Code.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 3,760,114,441	$ 3,295,301,787
Amounts pending distribution to participants	(3,016,003)	(430,267)
Net assets available for benefits per the Form 5500	$ 3,757,098,438	$ 3,294,871,520

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	$	464,812,654
Amounts pending distribution to participants as of December 31, 2020		430,267
Amounts pending distribution to participants as of December 31, 2021		(3,016,003)
Net increase in assets available for benefits per the Form 5500	$	462,226,918

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its Plan contribution at any time and to terminate the Plan subject to the provisions of ERISA.

8. Related-Party Transactions

Bank of America serves as the trustee and third-party recordkeeper of the Plan. Merrill Lynch, Pierce, Fenner & Smith Incorporated, a Bank of America Company, provides securities brokerage services for the self-directed brokerage account. State Street Bank and Trust Company serves as the independent fiduciary for the WMI common stock fund. The Plan also holds notes receivable representing participant loans. The stable value fund is managed by Galliard, a subsidiary of Wells Fargo Bank, N.A., custodian for the fund. These transactions qualify as party-in-interest transactions. Additionally, a portion of the Plan's assets are invested in WMI common stock. As WMI is the Plan sponsor, transactions involving WMI common stock also qualify as party-in-interest transactions. The Plan sponsor believes that all of these transactions are exempt from the prohibited transactions rules.

9. Subsequent Event

In January 2022, the Plan's investment option for the stable value fund managed by Galliard was transferred to the John Hancock Stable Value Return Trust, a Collective Investment Trust offered by the John Hancock Trust Company.
