Independent Auditors' Report

To the Plan Administrator
Thomas & Skinner, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Thomas & Skinner, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Thomas & Skinner, Inc. Employee Stock Ownership Plan as of December 31, 2021 and 2020 and the changes in net assets available for benefits for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thomas & Skinner, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thomas & Skinner, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Indianapolis | 9292 N. Meridian Street, Suite 150, Indianapolis, IN 46260 | 317.844.8300

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thomas & Skinner, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thomas & Skinner, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THOMAS & SKINNER, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Thomas & Skinner, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan instrument for complete information.

General – Thomas & Skinner, Inc. (the “Company”) established the Plan effective January 1, 1979. As of January 1, 2012, the Plan was restated and operates, in relevant part, as an employee stock ownership plan (“ESOP”) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by an Employee Stock Ownership Plan Committee comprising up to three members appointed by the Company's Board of Directors. Fiduciary Trustee Services, LLC, an independent third party, is the Plan's Trustee.

Eligibility – Employees of the Company are eligible to participate in the Plan after completing six months of service. Participation may begin on January 1 after completing the service requirement.

Contributions – Each year, the Board of Directors may elect to contribute to the Plan either cash or stock repurchased from participants. The Company contributed \$1,241,010 to the Plan during the year ended December 31, 2021. Employee contributions are not permitted.

Payment of Benefits – Distributions from the Plan are made to participants who retire, die (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminate employment with the Company. Distributions are made in cash.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan. During the year ended December 31, 2021, the Company repurchased from participants 21,076 shares at prices determined from the independent appraisal.

Voting Rights – Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Participant Accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts.

Only those participants who are eligible employees of the Company as of the last day of the plan year will receive allocations. Allocations are based on participants' eligible compensation relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to the total Plan value.

For the Year Ended December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN, Continued

Vesting – If a participant’s employment with the Company ends for any reason other than retirement, permanent disability, or death, the participant’s balance will vest according to a 5-year graduated scale; 0% for less than two years, 20% for two years, 40% for three years, 60% for four years, and 100% after five years.

Put Option – Under federal income tax regulations, the employer stock held by the Plan and its participants (which is not readily tradable on an established market nor is it subject to trading limitations) includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash for the value of his or her shares.

Diversification – Diversification is offered to participants close to retirement in order to provide the opportunity to move part of the value of their investments in company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years in which a participant qualifies for diversification, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. Participants who elect to diversify receive cash distributions. Participants eligible to diversify make their elections after year-end based on the number of shares of the employer’s stock held in their accounts at year end.

Forfeiture – Plan forfeitures are allocated to each remaining participant’s account based upon the relation of the participant’s eligible compensation to total eligible compensation for all participants during the plan year. Forfeitures allocated to participants during the year ended December 31, 2021 totaled \$12,008.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The shares of Company common stock are valued at fair value. See Note 4 for discussion of fair value measurement. Net appreciation in fair value of investments includes the Plan’s increase in value during the year as reported by an independent valuation.

Payment of Benefits – Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Administrative expenses – As provided in the plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company paid the administrative expenses for the Plan during the year ended December 31, 2021.

Subsequent Events – Subsequent events have been evaluated by management through August 19, 2022, which is the date the financial statements were available to be issued.

NOTE 3 - COMMON STOCK

As of December 31, 2021 and 2020, the Plan held 146,197 and 152,944 shares, respectively, of Thomas & Skinner, Inc. common stock. The cost basis of the shares was \$10,556,040 and \$10,787,672 as of December 31, 2021 and 2020, respectively.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For the Year Ended December 31, 2021

NOTE 4 - FAIR VALUE MEASUREMENT, Continued

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Common stock: The fair value of the Company's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021		<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>		<u>Total</u>
Common stock	\$	-	\$	-	\$	12,662,122	\$	12,662,122
2020								
Common stock	\$	-	\$	-	\$	12,186,455	\$	12,186,455

The following table sets forth a summary of changes in the fair value of the Company common stock, the Plan's only level 3 asset, during the year ended December 31, 2021:

Balance, January 1, 2021	\$	12,186,455
Employer contributions		1,241,010
Net appreciation in fair value of investments		913,992
Distributions to participants		<u>(1,679,335)</u>
Balance, December 31, 2021	\$	<u>12,662,122</u>

Realized and unrealized gains and losses included in change in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 5 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the Trustee of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

THOMAS & SKINNER, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

NOTE 6 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to plan provisions. Under such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the Internal Revenue Code ("IRC").

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's only investment is in common shares of the Company's stock. This is a related party and party-in-interest transaction. As described in Note 1, the Company pays all plan expenses. The Plan has several service providers. Such providers are parties-in-interest under ERISA.

NOTE 8 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 25, 2013 that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter, however, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore the Plan remains qualified and the related trust remains tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investment consists of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as, valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
