COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE AT AUDIT CONCLUSION

To the Plan Administrator and
Those Charged with Governance of
AQ Transformer Solutions Inc.
Wytheville, Virginia

We have audited the financial statements of AQ Transformer Solutions Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and we have issued our report thereon dated August 23, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 20, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the AQ Transformer Solutions Inc. are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Included below are uncorrected misstatements of the financial statements noted for 2021. Management has determined that their effect is immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying it could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit:

- To record a prior period adjustment for the employer discretionary contribution of \$31,461 made in 2021 based on 2020 wages as a prior year employer contribution receivable and an increase to net assets; therefore, reducing the current year employer contributions.
- To record refund of excess contributions of \$4,229 for 2021 paid in 2022.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

- Testing of remitted contributions to the Plan revealed an employer contribution receivable for 2020 was not properly recorded as a receivable in the 2020 accounting records, financial statements, or Form 5500. This is an internal control deficiency in your responsibility to oversee the financial reporting process.
- Three instances in which contributions were inconsistently remitted between 10 and 14 business days after the pay period. The plan sponsor should remit employee deferrals as soon as administratively feasible. Participants' income on investments could potentially be impacted by delays in the transmission of their elected deferrals into the Plan.
- Multiple instances in which nonparticipating employees who received compensation were excluded from the census. The plan sponsor should review and reconcile the census to payroll reports to ensure it is accurate and complete before and after providing support to the TPA. Inaccurate census information results in errors in Plan testing and participants' rights to deferrals and employer contributions.
- One instance where the participant selected for testing made an election change on the Fidelity website, but the change was not properly applied to the participant's deferral calculation in subsequent pay periods. Plan management should consult with Fidelity to resolve this instance along with determining a system to communicate the deferral election changes between Fidelity and the payroll system to ensure these changes are made and updated timely.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the attached management representation letter dated August 23, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We also noted the following other items during the audit:

- Approval of wage rates are not maintained in personnel files. It is recommended wage rates and raises be in writing with proper signed and dated approval to be provided to the payroll department and filed in the participant's file.
- In April 2021, the Department of Labor (DOL) announced new cybersecurity guidance for plan sponsors, plan fiduciaries, and record-keepers. This included Cybersecurity Program Best Practices to protect participant and plan assets as well as Personally Identifiable Information (PII). Since that time, DOL audits have started including questions related to whether the practices are in place. During our audit, we inquired if the Plan Sponsor periodically reviews vendor SOC 2 reports as part of the recommended DOL best practices. We noted the Plan has considered these risks related to the service provider, but has not been periodically reviewing SOC 2 reports. We recommend the Plan Sponsor periodically review the annual SOC 2 report to address any noted exceptions and determine how those exceptions may affect the Plan.
- There are no formal meetings or written Board minutes maintained for the Plan. Since the minutes are the formal documentation of the Company's position with regard to significant matters pertaining to the Plan, the lack of such documentation undermines the Company's intent in these matters. We recommend that documentation of major decisions being approved by the Board of Directors and documented in minutes.

Other Matters

Supplementary Information

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cybersecurity Risk Management

In today's environment of increasingly frequent cyberattacks, ensuring the adequacy of cybersecurity is a critical aspect of board oversight. In addition to significant business disruption, substantial response cost, negative publicity, and reputational harm, cybersecurity breaches can result in litigation, and leaders may face potential liability if they failed to implement adequate steps to protect the Plan.

Evidence suggests there may be a gap between the magnitude of exposure presented by cyber-risks and steps many corporate boards have taken to address these risks. Organizational leaders should be asking themselves what they can, and should, be doing to effectively oversee cyber-risk management.

This information is intended solely for the use of the Plan Administrator and Those Charged with Governance of the Plan, and management of the Company, and is not intended to be, and should not be, used by anyone other than these specified parties.

This representation letter is provided in connection with your audit of the financial statements and supplemental schedule of the AQ Transformer Solutions Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the disclosures collectively, the "financial statements", for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company ("Fidelity"), the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of 08/23/2022, the following representations made to you during your audit.

Financial Statements

- 1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated April 20, 2022, including our responsibility for the preparation and fair presentation of the financial statements.
- 2) The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedule referred to above is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- 3) We acknowledge our election to have an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements and for determining the following:
 - a) The circumstances permit an ERISA Section 103(a)(3)(C) audit.
 - b) A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8.
 - c) The certification meets the 29 CFR 2520.103-5 requirements.
 - d) The certified investment information is appropriately measured, presented, and disclosed in accordance with U.S. GAAP.

- 4) We acknowledge our responsibility for administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
- 5) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
