Plan Administrator
Opaa! Food Management, Inc. 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of Opaa! Food Management, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of Opaa! Food Management, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Opaa! Food Management, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Opaa! Food Management, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Opaa! Food Management, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of Opaa! Food Management, Inc. 401(k) Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated August 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OPAA! FOOD MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 And 2020

1. Description Of The Plan

The following description of the Opaa! Food Management, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Opaa! Food Management, Inc. (the Company or Plan Administrator) is a defined contribution plan covering all employees, except for employees covered by a collective bargaining agreement, unless the agreement requires the employee to be included in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration Of The Plan

Fidelity Management Trust Company (Fidelity) is the Plan's recordkeeper and Trustee.

Eligibility

Each employee becomes eligible to make deferral contributions and receive Company matching contributions after the employee has completed one year of service with 1,000 hours and has attained the age of 21. The Plan provides enrollment for eligible employees the first day of the month coinciding with or following the date eligibility requirements are met.

The Plan includes an automatic enrollment provision. Employees that meet the eligibility requirements will be automatically enrolled in the Plan with a default deferral rate of 3%. It is the responsibility of the employee to opt out of the Plan if the employee is not interested in participating.

Contributions

Participants may make pre-tax contributions to the Plan in an amount up to 85% of their eligible compensation, as defined in the Plan Document, or the maximum annual contribution allowed by the Internal Revenue Service (IRS). The Plan also allows pre-tax contributions representing distributions from other qualified plans (rollover). Participants who attain the age of 50 during the Plan year are permitted to make catch up contributions.

OPAA! FOOD MANAGEMENT, INC. 401(k) PLAN

Notes To Financial Statements (*Continued*)

The Company makes non-discretionary matching contributions to each eligible participant. The non-discretionary match equals 25% of the first 6% of eligible compensation contributed by participants.

The Plan may also make discretionary annual profit sharing contributions with the approval of the Company's board of directors. No discretionary profit sharing contributions were made for the years ended December 31, 2021 or 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's contributions, and an allocation of Plan earnings and certain administrative expenses. Allocations are based on the investment election percentages selected by each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 or up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period or 50% of their vested account balances reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a personal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. In addition, the limit on notes receivable was increased to \$100,000 or 100% of the participant's vested account balance. The increased loan limit was available for 180 days after the enactment of the CARES Act.

Vesting

Participants are fully vested in their contributions plus earnings thereon at all times.

OPAA! FOOD MANAGEMENT, INC. 401(k) PLAN

Notes To Financial Statements *(Continued)*

Participants hired prior to January 1, 2017 vest in company contributions 20% after two years of service and become fully vested after three years of credited service. Participants hired January 1, 2017 or later vest in Company contributions 100% after three years of service.

In the event of the participant reaching normal retirement age (the later of age 65, but not less than age 55 or the fifth anniversary of the participant's employment commencement date), death, or becoming disabled, the participant will automatically become fully vested.

Forfeitures

Forfeited balances of terminated participant nonvested accounts are used first to pay Plan expenses and then to reduce Company contributions. The Company used \$3,924 and \$3,000 to pay administrative expenses during December 31, 2021 and 2020, respectively. Forfeitures available for future use amounted to \$56,522 and \$40,762 as of December 31, 2021 and 2020, respectively.

Investment Options

Participants direct contributions, including Company contributions, to any of the investment options offered by the Plan. Participants may change their investment mix on future contributions or balances at any time throughout the year.

Payment Of Benefits

Upon termination of employment, attainment of normal retirement age, death or disability, a participant can elect distribution of the vested amount in their account as of the valuation date. The value of a participant's vested account balance shall be distributed in a lump sum as soon as administratively feasible.

In-Service Withdrawals

Participants may withdraw from the Plan that portion of their account resulting from their deferral contributions in the event of undue financial hardship. Hardship withdrawals will be approved only if they conform to the Plan provisions and established IRS safe harbors. The Plan also provides for active participants who have reached the age 59-1/2 to take a distribution from his or her deferral contribution account only.

The Plan also permitted participants to request up to \$100,000 in coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses

The Company has elected to pay substantially all of the administrative expenses of the Plan, except for loan and distribution fees, which are paid by the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amount payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Fidelity Management Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2021</u>	<u>2020</u>
Mutual funds	\$ 10,926,480	\$ 9,526,988
Notes receivable from participants	17,498	18,056

OPAA! FOOD MANAGEMENT, INC. 401(k) PLAN

Notes To Financial Statements *(Continued)*

Fidelity Management Trust Company also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Dividend income	\$ 966,431	\$ 463,554
Net change in fair value of investments	385,399	944,444
Interest income on notes receivable from participants	1,050	1,286

4. Fair Value Measurements

The Plan follows accounting rules that establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

OPAA! FOOD MANAGEMENT, INC. 401(k) PLAN

Notes To Financial Statements (*Continued*)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,926,480	\$ —	\$ —	\$ 10,926,480

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,526,988	\$ —	\$ —	\$ 9,526,988

There have been no changes in valuation methodology used at December 31, 2021 or 2020.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Party In Interest Transactions

Transactions with parties in interest include purchases and sales of certain mutual funds managed by the Trustee. The Plan also paid the Trustee fees for providing administrative services. These transactions qualify as party in interest transactions allowable under ERISA.

7. Income Tax Status

The Company adopted a defined contribution volume submitter plan and trust sponsored by the Trustee. The sponsor of the volume submitter plan obtained its latest opinion letter dated June 30, 2020 in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and therefore, not subject to tax. The Plan has been amended since the date of the opinion letter. However, the Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
