1. Description of the Plan:

The following description of Nanostone Water, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Nanostone Water, Inc. (the Plan Sponsor) and related participating employers, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: All employees of the Plan Sponsor, except for employees acquired in a IRS Code section 410(b)(6)(C) transaction, as defined, become eligible for participation in the Plan on the date of hire. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pretax contributions. Participants may contribute up to 100% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pretax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan provides for safe harbor matching contributions whereby the Plan Sponsor matches 100% of Participant contributions up to 4% of their eligible compensation. For the year ended December 31, 2019, safe harbor matching contributions were made to the Plan in the amount of $279,742.

The Plan Sponsor may, at its discretion, make nonelective contributions to the Plan in any Plan year in an amount determined by the Board of Directors of the Plan Sponsor. Participants are eligible for Plan Sponsor discretionary nonelective contributions after 1,000 hours of service. For the year ended December 31, 2019, the Plan Sponsor made no discretionary nonelective contributions to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions and Plan Sponsor safe harbor matching contributions plus actual earnings thereon. Participants are 100% vested in the Plan Sponsor discretionary nonelective contributions and the actual earnings thereon after completion of two years of credited service. Participant vesting in the Plan based upon years of service is as follows:

Years of Service from Date of Hire	Vested Percentage of Nonelective Contributions
1	0%
2	100%

Participants are 100% vested upon the occurrence of death or permanent disability, as defined.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance, for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of their eligible balance up to $50,000. The minimum loan amount is $1,000 and only one loan can be outstanding at any time.

1. Description of the Plan (Continued):

The loan balance is secured by the Participant's account and bears fixed interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account balance, excluding rollover balances, has a value of less than or equal to $1,000. Terminated Participants' vested account balances, excluding rollover balances, of greater than $1,000 and up to $5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances, excluding rollover balances, exceed $5,000 may elect to receive a lump sum distribution or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor contributions are used to reduce future Plan Sponsor contributions and to pay Plan expenses. Forfeited amounts not used to reduce future Plan Sponsor contributions and to pay Plan expenses are reallocated to Participant accounts as additional Plan Sponsor contributions. During the year ended December 31, 2019, the Plan Sponsor did not use forfeitures to reduce its contributions or to pay Plan expenses. As of December 31, 2019 and 2018, the Plan had forfeitures available to offset future Plan Sponsor contributions and to pay Plan expenses in the amount of $1,695 and $1,347, respectively.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

2. Significant Accounting Policies (Continued):

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through December 8, 2020, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at net asset value (NAV) based on information reported by the custodian with reference to the market value of the funds underlying assets at end of year. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Total	Level 1	Level 2	Level 3
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value	3,743,327			
Investments at Fair Value	$ 3,743,327			

	Assets at Fair Value as of December 31, 2018			
	Total	Level 1	Level 2	Level 3
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value	1,553,534			
Investments at Fair Value	$ 1,553,534			

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2019 and 2018:

Financial Asset	Fair Value as of December 31, 2019	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 3,743,327	None	Daily	Up to 90 Days

Financial Asset	Fair Value as of December 31, 2018	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 1,553,534	None	Daily	Up to 90 Days

4. Fully Benefit-Responsive Investment Contracts:

The Plan holds a traditional investment contract with Voya Retirement Insurance and Annuity Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. The traditional investment contract held by the Plan is a guaranteed investment contract. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0%. The crediting rate is reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following:

- Surrender of the contract, as defined. Upon termination of the Plan, the contract will be subject to a market value adjustment, as defined.

There are no events that allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

5. Party-in-Interest Transactions:

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2019. During the year ended December 31, 2019, the Plan made direct payments to Voya Retirement Insurance and Annuity Company, the recordkeeper, in the amount of $1,557, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Untimely Remittance:

During the years ended December 31, 2019, 2018, 2017 and 2015, the Plan Sponsor did not remit certain Participant contributions to the Plan in a timely manner, as defined by ERISA. The contributions are considered non-exempt party-in-interest transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions. The Plan Sponsor has computed the lost earnings on untimely contributions and determined that they are not material to the financial statements.

7. Tax Status:

The Plan has adopted the volume submitter profit sharing plan of The Pension Specialists, LTD. The volume submitter profit sharing plan sponsor received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the IRC. The volume submitter profit sharing plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

8. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

9. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

10. Information Certified by the Custodian:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Voya Retirement Insurance and Annuity Company, custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The custodian has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2019 and 2018, the investment income (loss) and the investment-related transactions of the Plan for the year ended December 31, 2019, and the information contained in the accompanying supplemental schedules of assets (held at end of year) as of December 31, 2019 and delinquent participant contributions for the year ended December 31, 2019. All of the investments were certified at fair value, with the exception of the fully-benefit responsive investment contract, which was certified at contract value.

11. Subsequent Events:

COVID-19: On January 30, 2020, the World Health Organization (WHO) announced an international public health emergency related to the COVID-19 outbreak. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report and cannot be reasonably estimated at this time.

12. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
