INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Beelman 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Beelman 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT
Beelman 401(k) Profit Sharing Plan and Trust

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
Beelman 401(k) Profit Sharing Plan and Trust

Accordingly, the objectives of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Beelman 401(k) Profit Sharing Plan and Trust:

We were engaged to audit the accompanying statement of net assets available for plan benefits of Beelman 401(k) Profit Sharing Plan and Trust (the Plan) as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan Description

The following description of the Beelman 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General – The Plan was established effective July 1, 1993 as a defined contribution plan covering substantially all employees of Beelman Truck Company, Beelman Management, LLC and Beelman River Terminals, Inc. (the “Company”) (the “Plan Sponsor”) who meet the eligibility provisions of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions – The Plan is contributory, with participants having the option of contributing up to 100% of eligible compensation, subject to limitations of the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan.

Company Contributions – The Company may make discretionary matching contributions. The Company matched 25% of each participant’s elective contribution for all of 2021 and 2020. Eligibility for the Company match is achieved after reaching age 21 and after six months of employment.

Effective January 1, 2016, the Plan was amended to allow the Company, in its sole discretion, to make a profit-sharing contribution. Eligibility for any profit-sharing contribution is achieved after reaching age 21 and after six months of employment. For the years ended December 31, 2021 and 2020, the Company profit-sharing contribution was equal to 2% of eligible compensation.

Eligible Participants – All employees, as defined in the Plan document, are eligible after reaching age 21 and after two months of employment.

Participants’ Accounts – Each participant’s account is credited with the participant’s contributions, the appropriate amount of the Company’s discretionary matching contribution, and an allocation of Plan earnings or losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are 100% vested in all employee contributions and earnings thereon. Vesting in the Company’s discretionary matching and profit sharing contributions portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. Credited service is measured by 1,000 hours in a Plan year. A participant will become fully vested automatically upon attainment of normal retirement age, if employment is terminated due to disability or death, or upon termination of the Plan.

Payment of Benefits – Upon retirement, upon leaving employment due to disabling illness or injury, or upon termination prior to retirement, a participant’s vested balance in the Plan will be distributed either as a transfer to another qualified plan, a transfer to an individual retirement account, or in a lump-sum distribution to the designated participant or beneficiary. For participants with an account balance that is less than \$1,000, the vested portion of their account will be “cashed out” via a lump-sum distribution.

For the year ended December 31, 2021, there were \$41,222 in notes receivable from participants that were “offset” and reported as a benefit paid to participants.

**BEELMAN 401(k)
PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan Description (continued)

Forfeited Plan Assets – If a participant forfeits any unvested balances in their account, the forfeited assets are used to reduce Company contributions or Plan expenses. Forfeitures used to reduce Company contributions during the year ended December 31, 2021 totaled \$75,495. Forfeitures used to pay Plan expenses during the year ended December 31, 2021 totaled \$0. Forfeitures available to reduce future Company contributions or Plan expenses totaled \$159,073 as of December 31, 2021.

Notes Receivable from Participants – The Plan allows participants to borrow money from their account balance. Active participants with a vested account balance of at least \$2,000 are eligible to borrow from their Plan balance. The minimum note amount is \$1,000 and the maximum note amount is the lesser of \$50,000 or 50% of the vested account balance. General-purpose notes have a repayment term of within 60 months. Principal residence notes have a term of within 120 months. The interest rate is determined at the effective date of the note and is typically based upon the prime rate as published by the Wall Street Journal plus an additional markup based upon the repayment term.

The notes receivable from participants balance as of December 31, 2021 and 2020 is \$882,257 and \$762,612, respectively. Deemed distributions of notes receivable from participants during the year ended December 31, 2021 totaled \$391. Interest on notes receivable from participants for the year ended December 31, 2021 totaled \$40,727. Notes receivable from participants that are considered in default at December 31, 2021 totaled \$0.

Hardship Withdraws – Effective February 8, 2005 coinciding with the amendment that allowed participant loans, the Plan removed the ability for participants to request hardship withdraws.

Excess Contributions – Contributions received from participants for 2021 are net of payments of \$25,634 made in 2022 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$4,187 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2021.

Company contributions for 2021 are net of payments of \$3,852 made for certain active participants to return to them excess matching contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$727 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2021.

Contributions received from participants for 2020 are net of payments of \$27,913 made in 2021 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$3,116 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2020.

Company contributions for 2020 are net of payments of \$7,738 made for certain active participants to return to them excess matching contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$881 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2020.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation – Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk – Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. Participants in the Plan assume all investment risk connected with any decrease in the Plan assets, and such assets are the sole source of payments under the Plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based on the terms of the Plan document.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Plan expenses may be paid by the Plan unless the Plan Sponsor, in its sole discretion, elects at any time to pay part or all of such expenses. The Plan has a fee recapture arrangement funded by basis point reductions from each participants' account. The reduction amounts allocated to this account (referred to as an EASE account) are maintained in the Plan to be used for administrative and other Plan expenses. This fee recapture is reported as other income in the Statement of Changes in Net Assets Available for Plan Benefits and was \$33,556 for the year ended December 31, 2021. Any unused balance will be allocated back to the participants. The Plan has a specified amount of time subsequent to the Plan year to use for administrative and other Plan expenses prior to any remaining balance being allocated back to the participants. During the year ended December 31, 2021, there was \$14,692 in unused amounts allocated back to participants. As of December 31, 2021 and 2020, the balance in this unallocated EASE account was \$26,372 and \$21,316, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – The Plan has evaluated the existence of subsequent events through July 29, 2022, which represents the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs with little or no market activity and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The policy is to recognize transfers between Levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Level 1 - The fair values of the mutual funds are determined by reference to the mutual fund's underlying assets, which are principally marketable equity and fixed income securities. The valuations of marketable equity and fixed income securities are based on the closing price reported in the active market where the individual securities of the mutual funds are traded. Shares held in mutual funds traded on national securities exchanges are valued at their net asset value. The measurement frequency is daily.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

3. Fair Value Measurements (continued)

The fair value of the Plan's mutual funds at December 31, 2021 and 2020, measured using Level 1 inputs, was \$31,115,817 and \$29,426,232, respectively.

For the year ended December 31, 2021, the Plan's investments in mutual funds (including investments bought, sold and held during the year) appreciated in value by \$4,157,853. For the year ended December 31, 2021, earnings from excess deferral and matching contributions of \$4,914 that were reported within the respective excess contributions payable as of December 31, 2021 was netted against the net appreciation in fair value of investments.

4. General Account

The Plan additionally offers a general account option, which is reported at contract value. The general account, being Level 2 investments as previously defined, is not actively traded and is valued based on observable inputs being the amounts contributed or transferred to the general account, plus earnings, less any withdrawals or transfers out, and less any administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the general account at December 31, 2021 and 2020 was \$4,540,945 and \$1,690,747, respectively.

Principal and interest earned over a defined term, less any applicable charges, is guaranteed. The guaranteed rate as of December 31, 2021 averaged 1.00%. The rate is the effective annual rate earned by all contributions to that general account during that reporting year. Contributions continue to earn that calculated interest rate for the duration of the guaranteed term. Interest income earned in the general account for the year ended December 31, 2021 was \$39,758.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The general account does not permit the insurance company to terminate the agreement prior to the scheduled maturity.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

6. Transactions with Parties-In-Interest

For the years ended December 31, 2021 and 2020, the Plan's custodian was Voya Retirement Insurance and Annuity Company. The Plan invested in investment options managed by the custodian.

The Plan incurred administrative expenses in the amount of \$34,631 for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Expenses for the year ended December 31, 2021 are comprised of \$16,206 in administrative expenses and \$18,425 in note origination and maintenance fees as well as processing fees for distributions.

7. Certification of Investment Information (Unaudited)

Voya Retirement Insurance and Annuity Company, the custodian of the Plan as of and for the years ended December 31, 2021 and 2020, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information in the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020, in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021, and in the supplemental schedule as of December 31, 2021.

8. Plan Termination Priorities

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due each participant would be distributed in accordance with the payment provisions of the Plan.

9. Internal Revenue Service Status

The Internal Revenue Service has determined and informed the Plan by letter dated October 29, 2008, that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax consultant believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are not uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is required to file form 5500 "Annual Return / Report of Employee Benefit Plan". The returns of the Plan are subject to examination by the respective taxing authorities, generally for three years after they are filed. The returns for the years ended December 31, 2019, 2020 and 2021 are still considered open subject to possible examination.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Beelman 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Beelman 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT
Beelman 401(k) Profit Sharing Plan and Trust

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
Beelman 401(k) Profit Sharing Plan and Trust

Accordingly, the objectives of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Beelman 401(k) Profit Sharing Plan and Trust:

We were engaged to audit the accompanying statement of net assets available for plan benefits of Beelman 401(k) Profit Sharing Plan and Trust (the Plan) as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan Description

The following description of the Beelman 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General – The Plan was established effective July 1, 1993 as a defined contribution plan covering substantially all employees of Beelman Truck Company, Beelman Management, LLC and Beelman River Terminals, Inc. (the “Company”) (the “Plan Sponsor”) who meet the eligibility provisions of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions – The Plan is contributory, with participants having the option of contributing up to 100% of eligible compensation, subject to limitations of the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan.

Company Contributions – The Company may make discretionary matching contributions. The Company matched 25% of each participant’s elective contribution for all of 2021 and 2020. Eligibility for the Company match is achieved after reaching age 21 and after six months of employment.

Effective January 1, 2016, the Plan was amended to allow the Company, in its sole discretion, to make a profit-sharing contribution. Eligibility for any profit-sharing contribution is achieved after reaching age 21 and after six months of employment. For the years ended December 31, 2021 and 2020, the Company profit-sharing contribution was equal to 2% of eligible compensation.

Eligible Participants – All employees, as defined in the Plan document, are eligible after reaching age 21 and after two months of employment.

Participants’ Accounts – Each participant’s account is credited with the participant’s contributions, the appropriate amount of the Company’s discretionary matching contribution, and an allocation of Plan earnings or losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are 100% vested in all employee contributions and earnings thereon. Vesting in the Company’s discretionary matching and profit sharing contributions portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. Credited service is measured by 1,000 hours in a Plan year. A participant will become fully vested automatically upon attainment of normal retirement age, if employment is terminated due to disability or death, or upon termination of the Plan.

Payment of Benefits – Upon retirement, upon leaving employment due to disabling illness or injury, or upon termination prior to retirement, a participant’s vested balance in the Plan will be distributed either as a transfer to another qualified plan, a transfer to an individual retirement account, or in a lump-sum distribution to the designated participant or beneficiary. For participants with an account balance that is less than \$1,000, the vested portion of their account will be “cashed out” via a lump-sum distribution.

For the year ended December 31, 2021, there were \$41,222 in notes receivable from participants that were “offset” and reported as a benefit paid to participants.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Plan Description (continued)

Forfeited Plan Assets – If a participant forfeits any unvested balances in their account, the forfeited assets are used to reduce Company contributions or Plan expenses. Forfeitures used to reduce Company contributions during the year ended December 31, 2021 totaled \$75,495. Forfeitures used to pay Plan expenses during the year ended December 31, 2021 totaled \$0. Forfeitures available to reduce future Company contributions or Plan expenses totaled \$159,073 as of December 31, 2021.

Notes Receivable from Participants – The Plan allows participants to borrow money from their account balance. Active participants with a vested account balance of at least \$2,000 are eligible to borrow from their Plan balance. The minimum note amount is \$1,000 and the maximum note amount is the lesser of \$50,000 or 50% of the vested account balance. General-purpose notes have a repayment term of within 60 months. Principal residence notes have a term of within 120 months. The interest rate is determined at the effective date of the note and is typically based upon the prime rate as published by the Wall Street Journal plus an additional markup based upon the repayment term.

The notes receivable from participants balance as of December 31, 2021 and 2020 is \$882,257 and \$762,612, respectively. Deemed distributions of notes receivable from participants during the year ended December 31, 2021 totaled \$391. Interest on notes receivable from participants for the year ended December 31, 2021 totaled \$40,727. Notes receivable from participants that are considered in default at December 31, 2021 totaled \$0.

Hardship Withdraws – Effective February 8, 2005 coinciding with the amendment that allowed participant loans, the Plan removed the ability for participants to request hardship withdraws.

Excess Contributions – Contributions received from participants for 2021 are net of payments of \$25,634 made in 2022 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$4,187 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2021.

Company contributions for 2021 are net of payments of \$3,852 made for certain active participants to return to them excess matching contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$727 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2021.

Contributions received from participants for 2020 are net of payments of \$27,913 made in 2021 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$3,116 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2020.

Company contributions for 2020 are net of payments of \$7,738 made for certain active participants to return to them excess matching contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Increasing the excess contributions distributed was \$881 in gains which reduce the net appreciation of the investments. These amounts are included within the excess contributions payable at December 31, 2020.

DECEMBER 31, 2021 AND 2020

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation – Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk – Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. Participants in the Plan assume all investment risk connected with any decrease in the Plan assets, and such assets are the sole source of payments under the Plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based on the terms of the Plan document.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Plan expenses may be paid by the Plan unless the Plan Sponsor, in its sole discretion, elects at any time to pay part or all of such expenses. The Plan has a fee recapture arrangement funded by basis point reductions from each participants' account. The reduction amounts allocated to this account (referred to as an EASE account) are maintained in the Plan to be used for administrative and other Plan expenses. This fee recapture is reported as other income in the Statement of Changes in Net Assets Available for Plan Benefits and was \$33,556 for the year ended December 31, 2021. Any unused balance will be allocated back to the participants. The Plan has a specified amount of time subsequent to the Plan year to use for administrative and other Plan expenses prior to any remaining balance being allocated back to the participants. During the year ended December 31, 2021, there was \$14,692 in unused amounts allocated back to participants. As of December 31, 2021 and 2020, the balance in this unallocated EASE account was \$26,372 and \$21,316, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – The Plan has evaluated the existence of subsequent events through July 29, 2022, which represents the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs with little or no market activity and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The policy is to recognize transfers between Levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Level 1 - The fair values of the mutual funds are determined by reference to the mutual fund's underlying assets, which are principally marketable equity and fixed income securities. The valuations of marketable equity and fixed income securities are based on the closing price reported in the active market where the individual securities of the mutual funds are traded. Shares held in mutual funds traded on national securities exchanges are valued at their net asset value. The measurement frequency is daily.

DECEMBER 31, 2021 AND 2020

3. Fair Value Measurements (continued)

The fair value of the Plan's mutual funds at December 31, 2021 and 2020, measured using Level 1 inputs, was \$31,115,817 and \$29,426,232, respectively.

For the year ended December 31, 2021, the Plan's investments in mutual funds (including investments bought, sold and held during the year) appreciated in value by \$4,157,853. For the year ended December 31, 2021, earnings from excess deferral and matching contributions of \$4,914 that were reported within the respective excess contributions payable as of December 31, 2021 was netted against the net appreciation in fair value of investments.

4. General Account

The Plan additionally offers a general account option, which is reported at contract value. The general account, being Level 2 investments as previously defined, is not actively traded and is valued based on observable inputs being the amounts contributed or transferred to the general account, plus earnings, less any withdrawals or transfers out, and less any administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the general account at December 31, 2021 and 2020 was \$4,540,945 and \$1,690,747, respectively.

Principal and interest earned over a defined term, less any applicable charges, is guaranteed. The guaranteed rate as of December 31, 2021 averaged 1.00%. The rate is the effective annual rate earned by all contributions to that general account during that reporting year. Contributions continue to earn that calculated interest rate for the duration of the guaranteed term. Interest income earned in the general account for the year ended December 31, 2021 was \$39,758.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The general account does not permit the insurance company to terminate the agreement prior to the scheduled maturity.

6. Transactions with Parties-In-Interest

For the years ended December 31, 2021 and 2020, the Plan's custodian was Voya Retirement Insurance and Annuity Company. The Plan invested in investment options managed by the custodian.

The Plan incurred administrative expenses in the amount of \$34,631 for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Expenses for the year ended December 31, 2021 are comprised of \$16,206 in administrative expenses and \$18,425 in note origination and maintenance fees as well as processing fees for distributions.

7. Certification of Investment Information (Unaudited)

Voya Retirement Insurance and Annuity Company, the custodian of the Plan as of and for the years ended December 31, 2021 and 2020, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information in the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020, in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021, and in the supplemental schedule as of December 31, 2021.

8. Plan Termination Priorities

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due each participant would be distributed in accordance with the payment provisions of the Plan.

9. Internal Revenue Service Status

The Internal Revenue Service has determined and informed the Plan by letter dated October 29, 2008, that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax consultant believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are not uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is required to file form 5500 "Annual Return / Report of Employee Benefit Plan". The returns of the Plan are subject to examination by the respective taxing authorities, generally for three years after they are filed. The returns for the years ended December 31, 2019, 2020 and 2021 are still considered open subject to possible examination.
