INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of Instrumentarium Savings Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Instrumentarium Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from an agent on behalf of the qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by an agent on behalf of the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by an agent on behalf of the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Predecessor Auditors' Disclaimer of Opinion on 2020 Financial Statement

The financial statement of the Plan as of December 31, 2020, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated July 19, 2021, indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statement.

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of the Plan

The Instrumentarium Savings Investment Plan (the "Plan") is a defined contribution plan sponsored by Datex-Ohmeda, Inc. (the "Company"), an affiliate of General Electric Company ("GE"). The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective November 28, 2004, the Plan was frozen with respect to nonunion employees such that no nonunion participants can be added after that date and no additional contributions can be made that relate to periods after that date with respect to nonunion participants.

Ascensus Trust Company (the "Trustee") is the Plan's custodian and trustee. Ascensus, LLC ("Ascensus") is the recordkeeper for the Plan.

The description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the Instrumentarium Savings Investment Plan document (the "Plan Document"). Information concerning the Plan, including benefits and vesting provisions is included in the Summary Plan Description ("SPD") and other material distributed to participants.

Participant Contributions and Investment Options

Participants may invest their accounts in various investment options including registered investment companies, collective trust funds, a stable value fund and interest-bearing cash. Audited financial statements and prospectuses or other disclosure documents of the registered investment companies ("mutual funds") are made available to participants.

Collectively bargained participants may elect to contribute from 1% to not more than 50% of their compensation to the Plan on a pre-tax and/or after-tax basis.

The Internal Revenue Code ("IRC") limits the amount of pre-tax contributions that can be made each year. The limit for participants under age 50 was generally \$19,500 in 2021 and 2020. For participants who were at least age 50 during the year, the limit was generally \$26,000 in 2021 and 2020.

Employer Contributions

The Plan provides the following Company matching contributions:

- for eligible employees hired or rehired on or after June 15, 2012: 50% of a participant's contributions up to 8% of eligible compensation
- for eligible employees hired or rehired on or after June 21, 2006 but prior to June 15, 2012: 50% of a participant's contributions up to 7% of eligible compensation
- for eligible employees hired prior to June 21, 2006: prior to July 5, 2021, 50% of a participant's contributions up to 6% of eligible compensation and on and after July 5, 2021, 50% of participant's contributions up to 7% of their eligible compensation

The Plan provides a profit sharing contribution equal to 3% of eligible compensation to certain eligible employees hired or rehired on or after June 15, 2012. The Company made a profit sharing contribution of \$274,718 for 2021 that was paid in 2022.

December 31, 2021 and 2020

Vesting

Participants are immediately fully vested in their contributions and earnings thereon. Vesting in the Company's contributions to the Plan and earnings thereon occurs after completion of three years of vesting service with the Company. Participants are credited with a year of vesting service for each Plan Year they complete at least 1,000 hours of service with the Company or a related company. Vesting also occurs if a participant is employed by the Company or a related company on the date he or she turns age 65, becomes disabled (as determined under the Plan rules) or dies.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) employer profit sharing and matching contributions and (b) investment results. The benefit to which a participant is entitled is the value of the participant's vested account.

Notes Receivable from Participants

The Plan permits participants, under certain circumstances, to borrow a minimum of \$1,000 from their participant accounts (other than from their After-Tax Contributions Sub-Account or Profit Sharing Contributions Sub-Account). Subject to certain IRC and Plan limits, a participant may not borrow more than the lesser of \$50,000 minus their highest outstanding balance of loans from all plans maintained by the Company and its affiliates during the past 12 months or 50% of their vested account balance.

The period of repayment of any loan is up to five years from the effective date of the loan unless the loan is used to acquire a principal residence, for which a term of up to fifteen years may be permissible. The collateral to secure a participant loan is 50% of a participant's vested account balance and loans bear interest at an effective annual percentage rate which is 1% above the prime interest rate as published in the Wall Street Journal. Loans are repaid with interest in equal payments over the term of the loan by payroll deductions, personal checks, or other methods as may be required.

In the event of a loan default, the amount of the outstanding balance will be reported to the Internal Revenue Service ("IRS") in the year of the default as ordinary income.

Payment of Benefits

Participants' withdrawals are permitted under the Plan subject to certain restrictions. Participants are allowed to withdraw all or a portion of their after-tax contributions and rollovers. Participants who are at least age 59 ½ are allowed to withdraw their entire accounts. In the case of a hardship, a participant may make a withdrawal from his or her account. In order to make a hardship withdrawal, a participant must first withdraw the maximum after-tax and rollover contributions. On termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to terminate the Plan in accordance with the provisions of ERISA. If the Plan is terminated, each participant's interest will be payable in full according to the Plan's provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Administrative and Investment Advisory Costs

Expenses related to the administration of the Plan, including recordkeeping expenses and Trustee's fees, may be paid by the Plan. However, the Company may choose to pay these expenses (see note 2(f)). For the registered investment companies, collective trust funds and stable value funds investment advisors are reimbursed for costs incurred or receive a

management fee for providing investment advisory services. These reimbursed costs and management fees are reflected in the investment income on the statement of changes in net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

(b) Investments

Plan investments are reported at fair value. See notes 3 and 4 for additional information.

Investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the net unrealized appreciation (depreciation) of investments.

(c) Fair Value Measurements

Fair value of a financial instrument is the price the Plan would receive to sell an asset in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical asset, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities include registered investment companies.

See note 4 for additional information.

(d) Notes Receivable from Participants

Loans to participants are recorded at the outstanding principal balance plus accrued interest.

(e) Payment of Benefits

Benefit payments are recorded when paid to participants.

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(f) Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan sponsor, and in accordance with the provision of the Plan, with the exception of the Plan's loan expenses, which are paid by the Plan's Trustee out of the respective participant's investment fund's assets.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Certification by Trustee

The information presented in this note and the "Fair Value Measurements" note (note (4)) was compiled from information that was certified as complete and accurate by Ascensus, an agent on behalf of the Trustee. The information presented below was not subject to auditing procedures by the Plan's Independent Auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(4) Fair Value Measurements

The Plan's investments in the trust is measured at fair value on a recurring basis. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies - Valued at the daily closing price as reported by the fund. The funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Interest bearing cash - Valued at cost plus accrued interest.

Collective trust funds - Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Stable value fund - A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The investments measured at fair value at December 31, 2021 follow.

	Level 1	Level 2	Total

Collective trust funds ^(a)			6,209,224

The Plan's investments measured at fair value on a recurring basis at December 31, 2020 follow.

^(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits. These investments are priced daily and there are no unfunded commitments or redemption restrictions associated with the funds.

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(5) Risks and Uncertainties

The Plan offers a number of investment options consisting of registered investment companies, collective trust funds and a stable value fund. Certain funds invest in U.S. equities, international equities and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur (including in the near term) and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for plan benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

As of December 31, 2021 and 2020, the following investments represent more than 10% of the fair value of the Plan's total investments.

	2021	2020
Vanguard Institutional Index Fund	\$ 16,384,846	\$ 15,432,062
Dodge & Cox Stock Fund	15,368,019	12,979,447
T. Rowe Price Institutional Large Cap Growth Fund	28,885,646	26,406,182

(6) Related Party Transactions (Parties-in-Interest)

Registered investment company, collective trust fund and stable value fund operating expenses, which include expenses paid to the Trustee, reduce the respective fund's assets and are reflected in the fund's share/unit price and dividends.

The recordkeeper and trustee of the Plan, which are mentioned in note 1, as well as the Company and Plan participants, are each a "party-in-interest" as defined by ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

(7) Tax Status

The IRS has notified the Company by a letter dated October 6, 2017, that the Plan is qualified under the appropriate sections of the IRC and that the related trust is tax-exempt. In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retain its tax-exempt status. The Plan has monitored the published IRS List annually and the Plan has been amended for each item on the IRS list, as applicable, to retain its tax-exempt status. Management believes that the Plan and related trust are currently designed, have been amended, and are being operated in compliance in all material respects with the applicable requirements of the IRC, and that the letter remains valid. Therefore, no provision for income taxes has been included in Plan's financial statements.

(8) Subsequent Events

Subsequent events are evaluated through July 20, 2022, the date the financial statements are available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

(9) Reconciliation of Financial Statements to Form 5500

Notes receivable from participants are classified as investments per Form 5500 instructions. In addition, any deemed distributions are not considered to be plan assets per Form 5500 and are excluded from notes receivable from participants. However, these distributions remain a plan asset for purposes of these financial statements until a distributable event occurs and they are offset against Plan assets.
