Certified Public Accountant

Independent Auditor Report

To the Trustees of
Lauren Corporation 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

I have performed an audit of the financial statements of Lauren Corporation 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements
I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of my report. I am required to be independent of Lauren Corporation 401(k) and Profit Sharing Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting
As further discussed in Note 3 to the financial statements, the Board of Directors of the Lauren Corporation, Inc., the plan's sponsor, voted on April 28, 2021 to terminate the plan and management determined liquidation is imminent. As a result, the Lauren Corporation 401(k) and Profit Sharing Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2020 financial statements to the liquidation basis of accounting used in presenting the 2021 financial statements. My opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lauren Corporation 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lauren Corporation 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lauren Corporation 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

I was engaged to audit the 2020 financial statements of Lauren Corporation 401(k) and Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report dated February 17, 2022, I indicated that (a) because of the significance of the information that I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, I did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Lauren Corporation 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established January 1, 1989, under the provisions of the Internal Revenue Service Code Section 401(a), as a defined contribution plan to benefit participating employees of Lauren Corporation and other related companies (collectively "Employer" or "Company"). The Plan provides eligible employees an opportunity to accumulate funds for retirement, death and disability benefits. Subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan has received a favorable opinion letter from the Internal Revenue Service. The Plan was amended on September 28, 2020, to eliminate the Safe Harbor election.

Plan Administration
The Plan is administered by the Plan Administrator who is appointed by the Board of Directors of the Company. The Plan's trustee, Fidelity Management Trust Company (the "Trustee), is responsible for the custody and management of the Plan's assets.

Eligibility to Participate
Employees become eligible to participate in wage deferrals upon attainment of age twenty-one (21). Employees may enter the Plan at the beginning of the next month after the eligibility requirements are met. Employees become eligible for employer matching contributions upon attainment of age twenty-one (21) and performing a minimum of one (1) year of service.

Participant Contributions
Participants in the Plan may elect to have compensation deferred through payroll deductions. The maximum contribution amount for 2021 is $19,500. An added contribution up to $6,500 in salary deferral catch-up is allowed for those 50 or older, for a total possible contribution of $26,000.

Participants may roll over amounts representing distributions from other qualified defined contribution plans.

Employer Contributions
The Employer shall have the right to make an additional discretionary contribution that will be paid at the end of the year. The discretionary contribution and the allocation thereof shall be unrelated to any employee contributions made hereunder. Forfeitures may be used to pay administrative expenses of the Plan or to reduce any Employer contribution.

The Plan, as required by the Internal Revenue Code, includes special rules in years that the Plan is determined to be a "Top Heavy Plan". The Plan becomes a "Top Heavy Plan" when it allocates more than sixty percent (60%) of the contributions or benefits to "Key Employees". "Key Employees" are generally owners, officers, shareholders or highly compensated individuals. If the Plan becomes top heavy in any year, the Employer may be required to make an additional contribution with a special vesting schedule to non-key employees

1. Description of the Plan (Continued)

Participant Investment Options
Participants may direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator or if they choose, they can direct their salary deferral contributions to any investments traded by the Trustee. Participants may change their investment options at any time throughout the year via direct phone access, fax, or internet.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expenses are based upon the proportion that each participant's account balance bears to the total of all participant account balances.

Forfeiture Accounts
At December 31, 2021 and 2020, forfeited non-vested accounts totaled $0 and $0, respectively. These accounts are used first to reduce Employer matching contributions; Employer contributions were reduced by $0 from forfeited non-vested accounts during 2021.

Participant Loans
All participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of one half (1/2) of their vested balance or $50,000 reduced by the higher outstanding loan balance in their account during the prior twelve month period and a maximum of two (2) loans outstanding at any given time. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
On termination of service due to death, disability or retirement, or for any other reason a participant may request a distribution and will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Vesting
Employee elective deferrals and after-tax employee contributions are always one hundred percent (100%) vested. Employer matching contributions are vested 100%. The vesting schedule for any Employer discretionary contributions, granted that at least one thousand (1,000) hours are worked during the plan year, is as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefit and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are accrued on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Brokerage fees are added to the acquisition costs of the assets purchased and subtracted from the proceeds of assets sold.

Benefit Payments
Benefit payments to participants are recorded upon distribution.

Participant Loans
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Administrative functions are performed by officers or employees of the Company, but receive no compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Plan Termination

On April 8, 2021, the Lauren Corporation (the Plan Sponsor) filed a Voluntary Petition for relief under chapter 7 of the United States Bankruptcy Code. As a result, on April 28, 2021, the Board of Directors of the Lauren Corporation, Inc. voted to terminate the Plan, and management determined liquidation was imminent. As of December 31, 2021, a plan for liquidation had not been approved by the Chapter 7 bankruptcy trustee.

4. Fair Value Measurements

ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end at the closing price reported on an active market.

Equities: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts: Valued using net asset value ("NAV") as a practical expedient for fair value calculated at the net asset value per unit as of the close of business of the New York Stock Exchange. It is the policy of the portfolio to use its best efforts to maintain a stable NAV of $1.00 per unit; although there is no guarantee that the portfolio will be able to maintain this value.

Other investments: Valued at the net asset value ("NAV") of shares held by the Plan at year end at the closing price reported on an active market.

Interest bearing cash: Valued at the net asset value ("NAV") of shares held by the Plan at year end at the closing price reported on an active market.

4. Fair Value Measurements (Continued)

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of difference methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Equities	$ 9,744	$ -	$ -	$ 9,744
Mutual funds	16,137,400	-	-	16,137,400
Other investments	-	-	-	-
Interest bearing cash	39,106	-	-	39,106
Total	$ 16,186,250	$ -	$ -	$ 16,186,250
Investments measured at net asset value per share practical expedient				893,949
Total Investments at Fair Value				$ 17,080,199

In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

4. Fair Value Measurements (Continued)

	2020			
	Level 1	Level 2	Level 3	Total
Equities	$ 701,990	$ -	$ -	$ 701,990
Mutual funds	32,097,580	-	-	32,097,580
Other investments	61,336	-	-	61,336
Interest bearing cash	1,259,232	-	-	1,259,232
Total	$ 34,120,138	$ -	$ -	$ 34,120,138
Investments measured at net asset value per share practical expedient				1,076,202
Total Investments at Fair Value				$ 35,196,340

In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

The following tables summarize investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2021 and 2020:

	2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trusts	$ 893,949	$ -	Daily	Daily

	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trusts	$ 1,076,202	$ -	Daily	Daily

The common/collective trust invests in a commingled pool sponsored by Fidelity Management Trust Company and seeks to preserve capital and achieve a competitive level of income over time. Investments in this category can be redeemed immediately at the current net asset value per share based on the fair value of the underlying assets.

5. Information Certified by the Plan Trustee

The following information was certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Trustee of the Plan, at December 31:

	2021	2020
Investments at Quoted Fair Market Values		
Equities	$ 9,744	$ 701,990
Mutual funds	16,225,356	32,097,580
Other investments	-	61,336
Interest bearing cash	39,106	1,259,232
Common/collective trusts	893,949	1,076,202
	$ 17,168,155	$ 35,196,340
Participant loans	$ -	$ 282,520

All investments of the Plan are held by the Trustee in participant-directed accounts. All investment transactions are performed by the Trustee.

The accompanying financial statements, supplemental schedule, and certain notes to these financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Securities Act of 1974.

6. Party-in-Interest Transactions

Fidelity Management Trust Company accounts for all investment transactions and is the investment custodian as defined by the Plan. Plan investments in certain mutual and money market funds, sponsored and managed by Fidelity Management Trust Company, qualify as exempt party-in-interest transactions.

7. Income Tax Status

Effective June 10, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan has received an opinion from the Internal Revenue Service as to the prototype plan's qualified status dated March 31, 2014. The prototype plan, as then amended, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

A determination letter does not, in and of itself, confirm qualified status. Determination letters provide evidence that the Plan, as submitted to the IRS, is designed in accordance with applicable IRC requirements. However, the Company must maintain the Plan in accordance with applicable IRC requirements and comply with certain operating tests to retain qualified status. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. At December 31, 2021, participant directed investments include eight mutual funds amounting to $11,224,461 in aggregate, each of which exceed 5% of net assets, and are considered individually significant to these financial statements. At December 31, 2020, participant directed investments include seven mutual funds amounting to $19,692,583 in aggregate, each of which exceed 5% of net assets, and are considered individually significant to these financial statements.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net Assets Available for Benefits according to the financial statements	$ 17,080,199	$ 35,479,258
Difference in NAV practical expedient to fair value used on the Form 5500	7,956	37,693
Adjustment for receivables not recorded on the Form 5500	-	(398)
Net assets available for benefits according to the Form 5500	$ 17,088,155	$ 35,516,553

Investments totaled $17,080,199 and $35,196,340 on the Statement of Net Assets Available for Benefits at December 31, 2021 and 2020, and $17,088,155 and $35,234,033 on the Form 5500, respectively. The difference of $7,956 and $37,693 relates to a difference in the value of common/collective trusts due to NAV being used as a practical expedient of fair value.

The following is a reconciliation of the increase in net assets available for benefits according to the financial statements to the Form 5500 for the year ended December 31, 2021:

9. Reconciliation of Financial Statements to the Form 5500 (Continued)

Participant contributions according to the financial statements	$ 137,086
Prior year contributions receivable	398
Current year contributions receivable	-
Participant contributions according to the Form 5500	$ 137,484

10. Subsequent Events

The Plan has evaluated subsequent events through August 17, 2022, which is the date the financial statements were available to be issued.

Subsequent to year-end, on August 11, 2022, the Chapter 7 bankruptcy trustee for the Lauren Corporation (the Plan Sponsor) approved of the plan for liquidation of the Lauren Corporation 401(k) and Profit Sharing Plan. As a result, all participants became 100% vested in their respective employer contribution account balances and sources, and all active participant's employment status codes were changed to Terminated.
