Plan Administrator
CoxHealth Money Purchase Pension Plan
Springfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the December 31, 2021 Financial Statements

We have performed an audit of the financial statements of CoxHealth Money Purchase Pension Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the three months then ended, and the related notes to the financial statements (December 31, 2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the three months ended December 31, 2021, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the December 31, 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit" of the December 31, 2021 Financial Statements section:

- The amounts and disclosures in the accompanying December 31, 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying December 31, 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the December 31, 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit” of the December 31, 2021 Financial Statements section of our report. We are required to be independent of CoxHealth Money Purchase Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the December 31, 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CoxHealth Money Purchase Pension Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the December 31, 2021 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CoxHealth Money Purchase Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CoxHealth Money Purchase Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Auditor's Report on the September 30, 2021 Financial Statements

We were engaged to audit the September 30, 2021 financial statements of CoxHealth Money Purchase Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 15, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the September 30, 2021 financial statements, and (b) the form and content of the information included in the September 30, 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

CoxHealth Money Purchase Pension Plan

Notes to Financial Statements

December 31, 2021 (In Liquidation) and September 30, 2021 (In Liquidation)

Note 1: Description of the Plan

The following description of CoxHealth Money Purchase Pension Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan according to Code Section 401(a) sponsored by Lester E. Cox Medical Centers (Medical Center) for the benefit of certain employees who were and have remained employed at Ferrell-Duncan Clinic on September 1, 1996, and certain employees who were participants in the Skaggs Community Hospital Employees Performance Plan (Skaggs Plan), which was merged into the Plan effective May 1, 2013, and certain nonhighly compensated employees who were employed at Ferrell-Duncan Clinic, Inc. who became employees of Lester E. Cox Medical Centers on January 1, 2015. Effective October 1, 2015, the Plan was amended to exclude all highly compensated employees from participating in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Termination of the Plan

The Medical Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Effective September 30, 2020, the Board of Directors of the Medical Center approved the termination of the Plan, and the Plan was amended to terminate the Plan. As a result, all participants became 100 percent vested in their accounts. The Plan shall make distributions to all participants pursuant to the applicable provisions of ERISA. All plan assets were liquidated before December 31, 2021.

Contributions

Employee contributions are not permitted. Employee rollover contributions are permitted, if made directly from the Ferrell-Duncan Clinic, Inc. Money Purchase Pension Plan. For participants who were and have remained employed at Ferrell-Duncan Clinic, the Medical Center makes discretionary contributions equal to 11.3 percent of each participant's eligible compensation that does not exceed \$9,000, plus 17 percent of the participant's eligible compensation in excess of \$9,000. For participants merged into the Plan from the Skaggs Plan, the Medical Center may make discretionary contributions, which are allocated solely among the participants who are employed on the last day of the plan year, in proportion to eligible compensation of each eligible participant. For the three-month period ended December 31, 2021 and the year ended September 30, 2021, no contributions were made for participants merged from the Skaggs Plan. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

CoxHealth Money Purchase Pension Plan

Notes to Financial Statements

December 31, 2021 (In Liquidation) and September 30, 2021 (In Liquidation)

Participant Accounts

Each participant's account is credited with the Medical Center's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Medical Center's contribution portion of participants' accounts plus earnings thereon is based on years of continuous service. A plan participant is fully vested after six years of continuous service. A Skaggs Plan participant is fully vested after four years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Medical Center contributions and to pay plan expenses. As a result of the termination of the Plan, all participants become 100 percent vested in their accounts.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to participants. Participants are allowed to have no more than two loans outstanding at any time. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is restricted to the lesser of \$50,000, reduced by the excess of the participant's highest outstanding participant loan balance during the 12-month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan or 50 percent of the participant's vested account balance. All loans are covered by pledge and assignment of the participant's account balance and are repayable over a period not to exceed five years (or 10 years in the case of a loan used to purchase the participant's principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest rate on the loans is prime plus 1 percent.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his account or a joint and survivor annuity.

Forfeited Accounts

At December 31, 2021 and September 30, 2021, forfeited accounts totaled \$0. During the period ended December 31, 2021 and the year ended September 30, 2021, employer contributions remitted to the Plan for 2020 and 2019 were reduced by \$0 and \$211 from forfeited accounts, respectively. During the period ended December 31, 2021 and the year ended September 30, 2021, no plan expenses were paid from the forfeited accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for December 31, 2021 and September 30, 2021, are prepared on the liquidation basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The fixed annuity account is a fixed deferred annuity that offers a guaranteed initial rate of interest with subsequent guaranteed renewal interest rates and a minimum guaranteed rate of interest as defined in the insurance contract. The fixed interest annuity account is a fully benefit responsive investment contract and is recorded at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses and Unallocated Accounts

Administrative expenses may be paid by the Medical Center or the Plan, at the Medical Center's discretion.

The Plan has a nonallocated expense budget account held in a fixed annuity account. The purpose of this account is to pay necessary and reasonable plan related expenses in accordance with the Department of Labor's guidance. The Medical Center is responsible for determining what expenses the third-party administrator will reimburse from the account. Funds utilized from this account include fund asset fees which are included in net investment income on the statement of changes in net assets available for benefits and fees paid to manage the Plan's investments which are included in administrative expenses on the statement of changes in net assets available for benefits. Additions to the expense budget account were \$0 for the period ended December 31, 2021 and the year ended September 30, 2021. Expense budget account funds utilized amounted to \$0 during the period ended December 31, 2021 and the year ended September 30, 2021. The account's balance at December 31, 2021 and September 30, 2021, was \$0.

Note 3: Certification of Plan Custodians

The Medical Center has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan and qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statement of net assets available for benefits as of September 30, 2021.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the period ended December 31, 2021 and the year ended September 30, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related information included in the financial statements.

Note 4: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are fixed interest accounts managed by Great-West Life & Annuity Insurance Company, the current record keeper to the Plan.

Expenses paid to parties in interest aggregated \$31,009 and \$7,294 for the periods ended December 31, 2021 and September 30, 2021, respectively. Fees incurred by the Plan are included in administrative expenses and net appreciation in fair value of investments.

Certain legal, accounting, and auditing fees relating to the Plan are paid by the Medical Center.

Note 5: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at September 30, 2021:

	Fair Value	September 30, 2021 Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Mutual funds	\$ 28,974,320	\$ 28,974,320	\$ -	\$ -
Investments at fair value	\$ 28,974,320	\$ 28,974,320	\$ -	\$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the period ended December 31, 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy.

Note 6: Investment Contract with Insurance Company

During 2012, the Plan entered into a fully benefit-responsive deferred annuity investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a fixed annuity account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. At the end of the year, a renewal interest rate is established. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Notes to Financial Statements

December 31, 2021 (In Liquidation) and September 30, 2021 (In Liquidation)

As described in the basis of accounting disclosure, because the fixed annuity account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity account. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The participant has the option of receiving contract value upon separation of service, retirement, minimum distribution, hardship withdrawal, annuitization, death, and transfers to other investment options within the Plan.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) employer initiated events (including complete or partial plan termination or merger with another plan, spin-offs, or layoff of at least 20 percent of the work force in any 12-month period), (2) changes to the Plan's prohibition on competing investment options unless mutually agreed upon by Great-West and plan sponsor, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. During the year ended September 30, 2021, the investment was liquidated in anticipation of plan termination.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and September 30, 2021, to Form 5500:

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9: Plan Tax Status

The Plan obtained its latest determination letter on June 17, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan filed an application for determination for terminating the Plan with the Internal Revenue Service (IRS) and received approval in a letter dated July 22, 2021.

Note 10: Subsequent Events

Subsequent events have been evaluated through August 9, 2022, which is the date the financial statements were available to be issued.
