Independent Auditor's Report

To the Plan Administrator
Gravity Retirement Plan
Midland, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gravity Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

1. Description of the Plan

The following description of the Gravity Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan’s provisions.

General

Gravity Oilfield Services Inc. (“Gravity” or “Plan Sponsor”) was incorporated as a Delaware corporation on January 24, 2017. Gravity is a holding company whose only material asset consists of a controlling partnership interest in Gravity Oilfield Holdings LLC, a Delaware limited liability company (“Holdings”). Holdings owns 100% of the membership interests in Gravity Oilfield Operating LLC, a Delaware limited liability company (“OpCo LLC”). OpCo LLC directly or indirectly owns 100% of the equity interests of each of the subsidiaries through which we operate our business, including Gravity Oilfield Services LLC, a Texas limited liability company, Permian Basin H2O LP, McKenzie Energy Partners, and On Point Oilfield Holdings, LLC. The Plan is a defined contribution plan covering all eligible employees of the Company and its wholly-owned subsidiaries.

The Plan is a defined contribution plan, which was established under the provisions of Internal Revenue Code Section 401 on January 1, 1998. The Plan provides employees eligible to participate an opportunity to accumulate funds for retirement, death, and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and its subsequent amendments.

Eligibility

An employee is eligible to become a participant in the Plan after being credited with 90 days of service and after having attained age 18, provided such employee is not (1) a member of a collective bargaining unit unless his or her collective bargaining agreement provides for coverage under the Plan or (2) a non-resident alien with no earned income from the Company that constitutes income from sources within the United States. Employees are automatically enrolled in the Plan upon attaining eligibility unless a formal election is made not to participate.

Administration of the Plan

The Plan Sponsor is the plan administrator. Fidelity Management Trust Company is the trustee and recordkeeper of the Plan and acts as the investment trustee for the Plan’s participant-directed accounts.

Contributions

In 2021 and 2020, participants could contribute, on a pre-tax or after-tax Roth basis, up to \$19,500 and \$19,000 of their annual compensation, respectively, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions limited to \$6,500 and \$6,000 for 2021 and 2020, respectively.

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

The Company made a safe harbor matching contributions equal to 100% of each employee's elective deferrals up to 5% of his or her eligible wages in the plan year. On June 14, 2020, the Plan Sponsor suspended safe harbor matching contributions. The Company may make discretionary non-elective contributions to the Plan in the same proportion that each participant's compensation for the plan year bears to the compensation of all participants for such year. The discretionary employer match would be invested in various investment options as directed by the participant and subject to vesting requirements described below. For the plan years ended December 31, 2021 and 2020, the Company did not make a discretionary match non-elective contribution.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans of the participants.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and an allocation of net plan earnings (losses) and charged with administrative expenses, where applicable. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Under the terms of the Plan, participants are immediately 100% vested in their voluntary contributions and the related earnings thereon. Effective January 1, 2018, the Plan Sponsor adopted a safe harbor provision for the Plan in which participants are 100% vested in employer matching contributions. Prior to January 1, 2018, participants vested in their discretionary employer contributions on the basis of the participant's number of years of service according to the following schedule:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The nonvested portion of any participant's account when the participant terminates for a reason other than death, disability, or retirement attributable to employer contributions shall be first used to pay plan expenses or to reduce employer contributions with any excess amount remaining to be allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the plan year bears to the compensation of all participants for such year.

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

Forfeitures

Forfeitures of non-vested participant balances are determined at least once during each plan year and are used to pay plan expenses and reduce employer contributions. At December 31, 2021 and 2020, forfeitures totaled \$183,065 and \$117,323, respectively. For the plan year ended December 31, 2021, forfeitures of \$13,764 were used to reduce plan expenses. For the plan year ended December 31, 2020, forfeitures of \$369 were used to reduce employer matching contributions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive a lump-sum distribution.

If the total vested value is below \$5,000 in a participant's account at the time of termination, a distribution will be made to the participant regardless of whether they consent to receive it. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the plan administrator.

Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

In-Service Withdrawals

A participant who has attained age 59½ may withdraw from his or her account an amount not exceeding his or her vested account balance.

The Plan also provides for minimum required distributions per Internal Revenue Service ("IRS") regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year in which the participant retires.

Additionally, the Plan provides for distributions to participants ordered or called to active duty from the participant's account of amounts attributable to deferral contributions, provided such distribution is made during the period beginning on the date of the order or call to active duty and ending at the close of the active-duty period.

During 2020, the Company elected to enable the Coronavirus Aid, Relief, and Economic Security ("CARES") Act withdrawal provisions, which allowed expanded hardship distributions related to COVID-19.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. Interest is determined by the plan administrator based upon prevailing interest rates charged for similar types of loans by other lenders. The loans outstanding at December 31, 2021 and 2020 were secured by the balance in the participant's account and bear interest from 5.25% to 7.50%. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence, which may be repaid over a period of 10 years or less. During 2020, the Company elected to enable the CARES Act loan provisions which expanded the maximum borrowing from a participant's fund account.

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Company, are charged to and paid from the Plan's assets. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits, as well as certain recordkeeping and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all participant loans with no payments received for 6 months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefit payments to participants are recorded when paid as a reduction to net assets available for benefits.

Notes to Financial Statements

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) complete and accurate:

- a. Investments and notes receivable from participants as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- b. Net investment income and interest earned on notes receivable from participants as shown on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020;
- c. All investment information included the Supplemental Schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021;
- d. Investment information included in the Notes to Financial Statements.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- *Level 1* - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- *Level 2* - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs other than quoted prices that are observable for the asset or liability; and
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.
- *Level 3* - Inputs that are unobservable inputs for the asset or liability.

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Mutual Funds:* Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common/Collective Trust:* The shares of a Common/Collective Trusts ("CCT") are valued at net unit value ("NAV") as determined by the trustee at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount difference from the reported NAV. NAV is determined by the issuer based on the fair value of the underlying investments. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment without penalty. The CCTs are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investment Assets at Fair Value as of December 31, 2021

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - December 31, 2021</i>	<i>Fair Value - December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>

GRAVITY RETIREMENT PLAN

Notes to Financial Statements

5. Party-In-Interest Transactions

Certain plan investments were managed by Fidelity Management Trust Company, the trustee of the Plan; therefore, these transactions qualify as parties-in-interest. Participant loans also qualify as party-in-interest transactions. Certain fees paid by the Plan to the trustee and the investment advisor were \$78,909 and \$71,517 for the years ended December 31, 2021 and 2020, respectively. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participant accounts would become fully vested and non-forfeitable.

7. Tax Status

The Plan adopted a non-standardized pre-approved profit sharing plan with CODA designed by FMR LLC. FMR LLC obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the prototype arrangement, as designed, was in compliance with the applicable requirements of the IRC including amendments to comply with recent legislation. The plan administrator believes the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for federal and state income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various mutual funds and common/collective trusts. Investment securities are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest values. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant accounts.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

There were two investments held as of December 31, 2021 and 2020 which individually accounted for more than 10% of net assets available for benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

9. Subsequent Events

Plan management has evaluated subsequent events through August 18, 2022, which is the date the financial statements were available to be issued. There were no events or transactions, other than those outline below, discovered during the evaluation that require recognition or disclosure in the financial statements.
