INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Retirement Plan Committee
Third Federal Savings Retirement Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Third Federal Savings Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Third Federal Savings Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Principal Life Insurance Company (Member Company of the Principal Financial Group), as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Third Federal Savings Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit

AKRON | BEACHWOOD | CLEVELAND | COLUMBUS | WOOSTER

evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Third Federal Savings Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Third Federal Savings Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Third Federal Savings Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of The Schedule of Assets Held for Investment Purposes at End of Year and the Schedule for Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Retirement Plan Committee
Third Federal Savings Retirement Plan
Cleveland, Ohio

We were engaged to audit the accompanying statement of net assets available for benefits of Third Federal Savings Retirement Plan, as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company (Member Company of the Principal Financial Group), the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Third Federal Savings Retirement Plan

1 Description of Plan

The following description of the Third Federal Savings Retirement Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which was restated effective January 1, 2013, is a defined benefit pension plan covering all eligible employees of Third Federal Savings and Loan Association of Cleveland and affiliated companies (the "Company"). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

All employees of the Company age twenty-one and older and who were employed for one year prior to December 31, 2002, are eligible to participate in the Plan.

Contributions:

The Company is required annually to contribute an amount to the Plan which is actuarially determined. The Company's contributions to the Plan for 2021 and 2020 met the minimum funding requirements of ERISA.

Pension Benefits:

The Plan provides for normal retirement benefits for the life of the participant, beginning the first day of the month after attaining age 65, with reduced benefits for retirement before this time but after the participant has reached age 55, provided the participant has at least five years of vesting service at the time of early retirement.

Effective December 31, 2011, participants will not earn any additional pension benefit accruals under the Plan. The "frozen" pension benefit under the Plan is calculated as if the participant terminated employment on December 31, 2011, based on the participant's years of benefit service through December 31, 2011 and average annual compensation determined on that date. Participants will continue to earn vesting service for purposes of the Plan's vesting, early retirement and early commencement features and will be paid as provided by the Plan.

Death Benefit:

The Plan provides a death benefit if a participant or a retired or former participant dies after becoming entitled to vested retirement benefits under the Plan and prior to their pension commencement date. The participant's surviving spouse, if any, is eligible for a pre-retirement surviving spouse benefit as provided by the Plan.

NOTES TO FINANCIAL STATEMENTS

Third Federal Savings Retirement Plan

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Units of pooled separate accounts are valued by the asset custodian at the daily net asset value, which represents the cumulative market values of the pooled separate accounts' underlying investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Effective December 31, 2011, no further benefit accruals or death benefit payments will be paid, other than the pre-retirement surviving spouse benefit, for participants for any deaths occurring on or after March 22, 2012. The actuarial present value of accumulated plan benefits reflects this Plan requirement.

Benefits under the Plan are based on the employee's average annual compensation, as defined in the Plan document. The accumulated plan benefits for active employees are based on their average annual compensation on the date at which benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date. The average annual compensation is calculated as of December 31, 2011, and benefits will not increase as a result of service or compensation after that date.

Administrative Fees:

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document.

Third Federal Savings Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Risks and Uncertainties:

The Plan's investments include investments in pooled separate accounts, which are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments and level of uncertainty related to changes in values of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are determined, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is reasonably possible that changes in these estimates and assumptions could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 17, 2022, which is the date the financial statements were available to be issued.

3 Tax Status

The Internal Revenue Service has determined and informed the Plan by letter dated May 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

Under generally accepted accounting standards, a framework has been established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan investments are in units of pooled separate accounts and are valued at the net asset value ("NAV") of shares held by the Plan at year end. The investment strategies are varied and include long term growth of capital and income, market capitalization, high level of current income consistent with preservation of principal and maintenance of liquidity. They may invest in a broad range of domestic and foreign equities, real estate investments and fixed income funds with the objective of matching or exceeding the total return of certain market indices.

There have been no changes in the methodologies used at December 31, 2021 and 2020. While, the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Pooled Separate Accounts	<u>\$ 96,681,311</u>	<u>\$ -</u>	Daily	30 days

If the Plan were to initiate the full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay disbursements from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5 Accumulated Plan Benefits

The actuarial present value of accumulated benefits as of January 1, 2021 was determined by consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment between the valuation date and the expected date of payment (by means of decrements for withdrawal due to death and termination of employment).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, other assumptions and factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

NOTES TO FINANCIAL STATEMENTS

Third Federal Savings Retirement Plan

5 Accumulated Plan Benefits, Continued

A schedule of vested and non-vested accumulated Plan benefits is as follows:

	January 1, 2021
Actuarial present value of accumulated plan benefits:	
Vested benefits	
Participants currently receiving payments	\$ 21,948,462
Other participants	48,533,343
	<u>\$ 70,481,805</u>

Changes in accumulated plan benefits from the previous valuation date are presented below:

Actuarial present value of accumulated plan benefits at January 1, 2020	\$ 72,362,405
Increase (decrease) during the period attributable to:	
Benefits accumulated and Plan experience	124,983
Benefits paid	(4,301,056)
Increase for interest due to decrease in the discount period	4,038,911
Change in assumptions	(1,743,438)
Net decrease	<u>(1,880,600)</u>
Actuarial present value of accumulated plan benefits at January 1, 2020	<u>\$ 70,481,805</u>

The change in benefits accumulated and Plan experience is based on the actuary's expectation of retirees and deaths in the current valuation period.

The change in assumptions was primarily due to the change in the interest rate from 5.00% at January 1, 2020 to 5.25% at January 1, 2021 and the mortality assumption was updated to reflect the most recent Pri-2012 mortality study and the historical U.S. mortality data in the MP-2020 report.

Significant assumptions underlying the actuarial computations of accumulated plan benefits include:

Mortality Basis:	Based on Pri-2012 total dataset base rate mortality table projected generationally using the Principal Mortality Improvement Scale, which is based on the MP-20 study and model issued by the Society of Actuaries.
Retirement Age:	An assumed incidence of retirement ranging from 2% at age 55 to 100% at age 68 for active participants. All inactive participants are assumed to retire at age 65.
Interest Rate:	5.25%

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Principal Life Insurance Company (Member Company of the Principal Financial Group) ("Principal"), the custodian of the Plan:

	<u>2021</u>	<u>2020</u>
Investments, at fair value	\$101,532,756	\$ 96,681,311
Net unrealized/realized appreciation (depreciation)	\$ 11,007,410	\$ 13,238,884

7 Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Professional fees for the administration and audit of the Plan may be paid by the Plan or the Company.

At December 31, 2021 and 2020, all of the Plan's investments are units of pooled separate accounts managed by Principal. Principal is the custodian as defined by the Plan, and therefore, these investments qualify as party-in-interest investments. Principal provides certain administrative services to the Plan pursuant to a service agreement between the Company and Principal. Principal receives revenue from certain investment sub-advisors in connection with services provided to the Plan. The revenue is used to offset administrative fees owed to Principal for its administrative services to the Plan. If the revenue received by Principal exceeds the required amount under the Plan's service agreement, the excess is used to pay administrative expenses of the Plan. There were no fees paid by the Plan for the administrative services for 2021 and 2020.

Assumptions prescribed by law

Mortality

During benefit payment period

IRS Prescribed Mortality - Static Annuitant, male and female.

Before benefit payment period

IRS Prescribed Mortality - Static Non-annuitant, male and female.

Assumptions selected by actuary

Asset return

5.75% for the current plan year.

The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. See Long-Term Capital Markets Assumptions May 2021.

Expected expense

The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.

Disability

None.

This plan does not offer a subsidized disability benefit; therefore, the disability assumption is built into the withdrawal assumption.

Marriage

75% married; husbands are 3 years older than wives.

This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.

Retirement

Active participants are assumed to retire at the following rates:

Age	Probability of retirement
55 – 59	2%
60 – 61	5%
62 – 64	10%
65 – 66	50%
67	25%
68	100%

All inactive participants are assumed to retire at age 65.

This assumption is based on the results of recent experience analysis and anticipated future experience.

Withdrawal	<p>2003 Society of Actuaries Small Plan Age Table multiplied by 0.40.</p> <p>We rely on a publicly published table due to the limited size of the plan. The SOA Small Plan Age Table is the most recent withdrawal experience table published by the Society of Actuaries. A multiplier of 0.40 is applied to this table to reflect the results of the most recent experience analysis and anticipated future experience.</p>
Form of benefit and basis	<p>50% of active and inactive participants will elect a benefit paid in a lump sum at the assumed retirement ages. 50% of the active participants who terminate before the earliest assumed retirement age are assumed to receive a single sum paid immediately. The remaining active and inactive participants will elect a monthly annuity on the normal form at the assumed retirement ages.</p> <p>This assumption is based on the results of recent experience analysis and anticipated future experience.</p> <p>The single sum benefit is based on the applicable mortality and the plan's funding target interest rates, as prescribed.</p>
Retirement cost of living adjustment	<p>1.00% per year</p> <p>The plan provides that each retired participant who has attained age 66 and is receiving monthly benefits shall be eligible for annual post-retirement increases equal to 1.00% of the participant's annual retirement benefit multiplied by the number of years from the calendar year in which the participant attained age 65 to the current year.</p>

Methods prescribed by law

Liability measure

Funding target is the present value of the benefits accrued on the valuation date. Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.

Lump sum payments

Lump sum payments are valued using the plan's funding target interest rates as required, per IRS guidance. These rates are currently higher than the actual rates used to determine lump sum distributions; therefore, plan liabilities do not currently recognize this additional cost, and this may result in the plan not accumulating adequate assets. You may wish to consider additional contributions.

HCE benefit payment restrictions

A ratio of the plan assets and accrued liability is used to determine if restrictions apply. Assets and accrued liability are as of the valuation date and are reduced by:

- any retiree benefit index or floor
- amounts for HCEs who were previously restricted
- an amount for the retiring HCE

The estimated HCE ratio illustrated in this report is based on the market value of plan assets (excluding late deposits) and funding target as of the valuation date. The funding target uses the non-stabilized interest rates as defined in IRC §430(h)(2)(C)(iv). Other assumptions or methods could be used.

Methods selected by plan sponsor

Asset method

The asset valuation method is prescribed by law for plans that elect to use a value other than market value.

For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.

The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.

When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods
THIRD FEDERAL SAVINGS RETIREMENT PLAN
EIN 34-0573493 Plan No. 003

Segment rates	24-month average with no weighting to prior law basis. Use rates where August is the last month included in the average.
PBGC premium basis	Variable Rate Premiums are calculated using census, market value of assets and interest rates in effect on the current valuation date. Interest rates are the 24-month average rates used for annual cost but without the interest rate corridor defined in IRC §430(h)(2)(C)(iv). You elected this Alternative interest method for the 01/01/2020 plan year and this method must be used for five years before a change can be made.
Methods elected by actuary	
Retirees	Assets and liabilities for current and future retirees are included.
Vested benefits	<p>A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.</p> <p>The following ancillary benefits are generally treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the Survivor Annuity Death Benefit and post-retirement death benefits for non-retired participants except as noted in the Plan Provisions.</p> <p>For purposes of this valuation, all liability is shown as fully vested.</p>

Assumptions and methods elected by actuary - plan accounting (ASC 960)
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

Mortality

Based on Pri-2012 total dataset base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2016-10).

Base rates

Before benefit payment period
Employee amount-weighted, male and female

During benefit payment period
Retiree amount-weighted, male and female

The Society of Actuaries is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The total dataset base rate table was selected based on information provided by the plan sponsor.

Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan and has been selected due to data limitations in identifying contingent survivors. In addition, we believe beneficiary mortality isn't materially different while both participants are alive.

Mortality improvement (MI)

Principal 2016-10 MI scale: This scale is based on MP-2020 study and model issued by SOA with the exception of the following user-selected assumptions:

- 10-year convergence period on age and cohort
- Long-term rates (LTR) assumptions using sex-distinct and age-based rates developed from Social Security Trustees Reports

See Mortality Documentation for rationale and additional information.

Interest rate used to value liabilities

5.25%

The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation and then converted to the geometric under lognormal distribution assumption. See Long-Term Capital Markets Assumptions May 2021.

Treatment of administrative expenses

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan would usually be reimbursed annually through required funding except when contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

Basis for lump sums

Interest rate

Based on the three-segment yield curve: 3.05%, 3.45% and 4.35%.

The plan document defines the lump sum interest rate based on IRC §417(e) rates which closely tie to the high-quality corporate bond yields. According to our most recent study, the long-term expected yields for short, intermediate and long corporate bonds are 3.05%, 3.45% and 4.35%. For details, see Corporate AA yield in Figure 2 of Long-Term Capital Markets Assumptions May 2021.

Mortality

We have selected the same mortality assumption for lump sum payments but with a 50/50 blend of male and female total dataset base rates and mortality improvement scales. This reflects the IRS practice of defining lump sum mortality on a unisex basis.

This assumption reflects current law as provided by the IRS.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
 THIRD FEDERAL SAVINGS RETIREMENT PLAN
 EIN 34-0573493 Plan No. 003

The weighted average retirement age is weighted by the expected percentage of active participants retiring at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

Schedule SB, Part V - Summary of Plan Provisions
THIRD FEDERAL SAVINGS RETIREMENT PLAN
EIN 34-0573493 Plan No. 003

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan signed 07/01/2013 through amendment number 2 signed 12/12/2017.

Plan eligibility

Age	Attained age 21.
Service	1,000 hours of service.
Class	A participant of the plan before December 31, 2002.
Entry date	The earlier of the first day of the calendar quarter of the plan year coinciding with or following the date on which an employee meets the eligibility requirements.

Normal retirement benefit

Age	Attained age 65.
Form	Monthly annuity payable for life with continuance, upon his death, of a monthly benefit payable to his beneficiary for the remainder (if any) of the ten-year term. Optional forms may be elected in advance of retirement.
Amount (accrued benefit)	<p>The difference of (a) less (b):</p> <p>(a) 2.00% of average compensation multiplied by years of service</p> <p>(b) the accrued benefit as of June 30, 1996 under the FIRF plan for a participant who elected not to transfer this benefit at that date.</p> <p>No additional benefits shall accrue under the plan for any participant after December 31, 2011.</p>

Post-retirement increase

Age	Attained age 66.
Annual amount	1.00% of the participant's annual retirement benefit multiplied by the number of years from the calendar year in which he attained age 65 to the current year at the end of which such increment is payable.

Schedule SB, Part V - Summary of Plan Provisions
THIRD FEDERAL SAVINGS RETIREMENT PLAN
EIN 34-0573493 Plan No. 003

Early retirement benefit

Age	Attained age 55.
Service	Five years of vesting service.
Form	Same as normal retirement benefit.
Amount	Accrued benefit on early retirement date reduced 6% for each of the first five years and 4% each year between five and ten in which early retirement date precedes normal retirement date.

Late retirement benefit

Age	Not later than age 70.
Form	Same as normal retirement benefit.
Amount	The greater of the accrued benefit on late retirement date or the accrued benefit on normal retirement date increased by 0.8% per month that late retirement date follows normal retirement date.

Termination benefit

Vesting percentage	100% after five years of vesting service.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage.

Disability benefit

Eligibility	Qualified for disability benefits under the Federal Social Security Act.
Form	Deferred annuity payable at normal retirement date.
Amount	Accrued benefit on date of disability.

Schedule SB, Part V - Summary of Plan Provisions
THIRD FEDERAL SAVINGS RETIREMENT PLAN
EIN 34-0573493 Plan No. 003

Survivor annuity death benefit

Eligibility	Qualified married participant fully or partially vested in an accrued benefit.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.

Definitions

Average compensation	Average of annual compensation paid during each calendar year of employment during which the employee has been a participant and disregarding those years in which the participant is credited with fewer than 1,000 hours of service.
FIRF plan	The Financial Institutions Retirement Fund and Comprehensive Retirement Program, as in effect on June 30, 1996, with respect to employees of Third Federal Savings and Loan Association of Cleveland.
Optional forms of benefit payments	<p>The optional forms of benefit payments are:</p> <ul style="list-style-type: none">Monthly annuity payable for life, or 10 years certain and lifeMonthly annuity payable as a survivorship life annuity with survivorship percentages of 50 or 100.Single sum payment equal to the present value of the retirement benefit

The optional form conversion basis is 7.00% interest and the mortality table in Revenue Ruling 95-6 for payments other than lump sums. The optional form conversion basis uses the applicable interest rate and applicable mortality table as set forth in Code Section 417 for lump sum payments. The applicable interest rate uses the second calendar month preceding the first day of each quarter of the plan year in which occurs the participant's pension commencement date.

Changes in principal eligibility or benefit provisions

There have been no changes in principal eligibility or benefit provisions since the last valuation.

Significant event

The enrolled actuary has not been made aware that any significant events have occurred during the year.

Schedule SB, Line 24 – Change in Actuarial Assumptions
THIRD FEDERAL SAVINGS RETIREMENT PLAN
EIN 34-0573493 Plan No. 003

Certain non-prescribed assumptions have been changed since last year. These assumptions were changed to better reflect the anticipated experience of your plan. See the attachment, Part V – Statement of Actuarial Assumptions/Methods, for the rationale for each assumption.

The assumed asset return for the current year has increased from 5.50% to 5.75%. This rate is used in the calculation of the actuarial value of plan assets.
