Innovation First International 401(k) Profit Sharing Plan & Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Innovation First International 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Innovation First International 401(k) Profit Sharing Plan & Trust

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - PLAN DESCRIPTION

The following description of Innovation First International 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of five (5) commonly owned companies: Innovation First International, Inc., the Plan Sponsor, Innovation First Manufacturing, Innovation First Trading, Inc., Innovation First Logistics, Inc., and RoboMatter, Inc. (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. This Plan was adopted by the Company as a part of its Administrative Services Only contract with Paychex, Inc. on August 27, 2012 and includes Safe Harbor Cash or Deferred Arrangements plan provisions.

The Plan administrator is Innovation First International, Inc. Fidelity Management Trust Company ("Fidelity") serves as the trustee and is management of the Plan's assets at the direction of the plan administrator. Fidelity is the recordkeeper and is responsible for maintaining participants' accounts and executing participant-initiated transactions.

The Company has elected to adopt the CARES Act provisions as of March 27, 2020. However, the Plan has not formally amended the Plan documents as of December 31, 2020 but plans to do so prior to the deadline of December 31, 2025.

As part of the adoption of the SECURE Act, the Plan was amended to add new eligibility requirements for part-time employees. Part-time employees or interns, who have completed 3 months of service, have attained the age of 21, and have reached at least 1,000 hours in a twelve-month period or 500 hours per year over a 3-year period, are eligible to participate in the Plan. These updated eligibility requirements did not have an impact on the plan year ended December 31, 2021, however, these are expected to impact the Plan in future periods.

Eligibility

All employees of the Company who have completed 3 months of service and have attained the age of 21 are eligible to participate in the Plan.

Contributions

Participants may contribute up to \$19,500 of pretax annual compensation for 2021, which is the prescribed limit established by the Internal Revenue Service ("IRS"), as defined in the Plan. Participants who are projected to be age 50 or older by the end of the calendar year and who are making contributions to the Plan are eligible to make additional catch-up contributions, as defined by the Plan, subject to the Internal Revenue Code ("IRC") limitation of \$6,500 for 2021. Participant contributions are made by salary reductions at each pay period. Also, participants may make rollover contributions representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. The Company offers a 100% match of the first 3% of each employee's pretax contributions to the Plan, and a 50% match of the next 2% contributed by the participant. This results in an aggregate maximum potential employer match of 4% of each participant's gross annual eligible wages. Employer matching is computed on a pay period basis.

A profit-sharing contribution is permitted by the Plan at the Company's sole discretion to all participants with a minimum of one year's employment and 1,000 hours worked within that Plan year. In subsequent

Innovation First International 401(k) Profit Sharing Plan & Trust

December 31, 2021 and 2020

years, the employee must only be employed by the Company on the last day of the Plan year to be eligible for profit-sharing contributions. No such contribution was made in 2021 or 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer contribution match, the employer profit sharing contribution, if applicable, and Plan earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant may select the investment options for their contributions. However, if the participant does not make an investment choice, the Company will direct those investments according to the Plan agreement.

Vesting

Participants are immediately 100% vested in their contributions, the employer contribution match and any earnings thereon. Profit sharing contributions and the related earnings vest 100% upon completing the third year of employment.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, money market funds, Unit Investment Trusts and common stock as investment options for participants.

Payment of Benefits

On termination of service due to death, total and permanent disability, retirement or other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant is required by law to receive a minimum required distribution from the Plan, unless they are a five percent owner, no later than April 1 of the calendar year following the calendar year the participant turns 72 or terminates their employment. Once a participant starts receiving the minimum required distribution, they should receive it at least annually and should complete the appropriate documentation each year until their assets in the account are distributed. According to the Plan, normal retirement age is 65.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Forfeitures

Forfeitures can be first applied to reduce administrative expenses, and then to reduce employer contributions made in the Plan year of occurrence. At December 31, 2021 and 2020, there were no forfeited balances. No forfeitures were used to reduce administrative expenses or employer contributions during 2021.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of a) \$50,000 less the highest outstanding loan balance of loans during the prior twelve-month period or b) one-half of the vested account balance. Note terms require repayment over a period not to exceed five years unless the loan is related to the purchase of a principal residence. Notes are secured by up to 50% of the vested balance in the participant's account and bear interest at prevailing market rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may only have one note receivable outstanding at any time.

Administrative Expenses

Costs and expenses of the Plan and its administration, including recordkeeping service fees, accounting services and trustee services, are paid by the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments. The Plan records administrative expenses as incurred.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on the sales of investments and unrealized appreciation and depreciation in the market value are shown as net appreciation (depreciation) in the fair value of investments in the statement of changes in net assets available for benefits.

Innovation First International 401(k) Profit Sharing Plan & Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Payment of Benefits

The Plan permits in-service withdrawals, subject to certain restrictions. Distributions for terminations are made in lump sums and are comprised of the market value of participants' contributions and vested Company contributions. Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021, or 2020 as all participant loans are fully secured by the participant's individual accounts. If a participant ceases to make note repayments and the Plan administrator deems the note receivable to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were no loan defaults in 2021 and 2020.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments at fair value and non-interest bearing cash as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such fair value is a market-based measurement, not an entity-specific measurement. U.S. GAAP establishes a three-level valuation hierarchy based upon observable and unobservable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

Innovation First International 401(k) Profit Sharing Plan & Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Money Market Fund, Mutual Funds and Unit Investment Trusts: Valued at quoted market price of shares held by the Plan at year end. The money market funds, mutual funds and unit investment trusts held by the Plan are deemed to be actively traded. There are no restrictions on redemptions.

Common Stock: Includes common stocks, certain equity funds and a publicly traded partnership interest valued at the closing price in the active market in which the individual security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers of investments between Level 1, 2 or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021,

	Level 1	Level 2	Level 3	Total
Investments leveled at fair value

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the trustee, recordkeeper and their affiliates, as well as the Company, on behalf of the Plan, qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds managed by Fidelity or an affiliate thereof. Fidelity is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees for the year ended December 31, 2021 were paid by the Plan. These transactions are exempt under the IRC and are not prohibited by ERISA.

The Plan makes loans to its participants, these transactions qualify as related party transactions. Consequently, such transactions are permitted under the provisions of the Plan. There have been no known prohibited transactions with related parties.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - INCOME TAX STATUS

The IRS has informed the Company by an opinion letter dated June 30, 2020 that the Plan and related trust are designed in accordance with the applicable provisions of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Company believes the Plan has maintained its tax-exempt status. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE I - SUBSEQUENT EVENTS

There were no subsequent events to report between December 31, 2021, the date of these financial statements, and August 31, 2022, the date these financial statements were available to be issued except as noted below.

Effective February 25, 2022, the Plan was amended to add Innovation First Transportation to the Plan.
