Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Juniata College Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the December 31, 2021 year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Juniata College Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Juniata College Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Juniata College Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Juniata College Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Juniata College Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Note 1: Description of Plan

The following description of the Juniata College Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-student employees of Juniata College (the "College"). Such employees become eligible once they meet certain service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 1, 2013, the Juniata College Tax-Sheltered Annuity Plan merged into the Juniata College Retirement Plan effective January 1, 2013. As a result, all investments were transferred from the Juniata College Tax-Sheltered Annuity Plan to the Juniata College Retirement Plan.

The Plan has been amended in 2021 for hour of service criteria, vesting, and reinstatement of College's contribution.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants. The College historically contributes 10% of the participant's compensation. The Plan was amended in 2020 to modify employer contributions from June 1, 2020 until January 1, 2021, from 10% to 0% of employee compensation if the employee is a non-collective bargaining employee. Effective January 1, 2021, employer contributions reverted back to 10% of eligible compensation. Collective bargaining employees, if required by the respective collective bargaining agreement, received 10% of the employee compensation. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the College's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions including rollovers plus actual earnings thereon.

Note 1: Description of Plan (Continued)

Vesting (Continued)

Effective January 1, 2021, vesting in nonelective employer contributions plus earnings thereon are as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3	100%

Employees hired prior to January 1, 2021 are 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The number of loans is limited to a maximum of two at any given time per participant. Borrowings are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2021, which are based off the Wall Street Journal Prime plus 1%. Principal and interest are paid directly between the participant and TIAA-CREF. Terms range from one to five years or greater, for the purchase of a primary residence. Notes receivable are stated at their unpaid principal balance. Interest received on participants notes for the year ended December 31, 2021 totaled \$1,880.

Payment of Benefits

On termination of service for any reason, a participant is eligible to receive the vested interest in his or her account in a lump sum or an annuity payment. The annuity option is available only if the vested interest exceeds \$5,000. In addition, the Plan allows for hardship distributions if certain criteria are met.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the CARES Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Required minimum distributions related to the 2020 calendar year were waived, including those scheduled to be paid after December 31, 2020, but before April 1, 2021.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administration of Plan Assets

The Plan's assets are administrated under a contract with Teachers Insurance and Annuity Association - College Retirement Equities Fund ("TIAA-CREF"), the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distributions to participants. Investment-related expenses are included in net realized and unrealized appreciation (depreciation) in investments. Certain administrative expenses of maintaining the Plan are paid by the College.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 and financial statements for benefits claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for recognition or disclosure through July 21, 2022, the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1

Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2

Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3

Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models discounted cash flows, and similar techniques.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used or level designations other than the removal of the guaranteed annuity contract at December 31, 2021 and 2020.

The registered investment companies funds are valued based on the net asset value per unit of participation in the fund. There are no unfunded commitments or significant redemption restrictions.

- Domestic equity funds objectives are for long-term rates of return from a diversified portfolio of common stock. The funds invest in domestic industries' common stock linked to public indexes to provide for exceptional growth. The fund is comprised of technology, consumer products and services, manufacturing and materials, healthcare, financial, energy, utilities, and short-term investments.
- Fixed income funds objectives are for long-term rates of return consistent with preserving capital. The funds invest in mortgage-backed securities, corporate bonds, U.S. treasury securities, foreign government and corporate bonds denominated in U.S. dollars, U.S. agency securities, commercial mortgage-backed securities, asset-backed securities, and short-term investments.

Note 3: Fair Value Measurements (Continued)

- The International equity fund objective is for favorable long-term rates of return from a diversified portfolio of common stock that consists primarily of foreign and domestic common stocks. The fund invests in domestic and foreign industries, comprised of technology, consumer products and services, manufacturing and materials, healthcare, financial, energy, utilities, and short-term investments.
- The Index fund objective is for long-term rates of return and stable income through diversification. The fund invests in a diversified set of domestic and foreign stocks and other equity secure bonds and other fixed-income securities, as well as money market instruments and other short-term debt instruments.
- The money market fund objective is for high current income consistent with maintaining liquidity and preserving capital. The fund is not insured by the Federal Deposit Insurance Corporation or any other government agency. As of December 31, 2021 and 2020, the portfolio included commercial paper, U.S. government and government agency obligations, certificates of deposits, floating-rate securities, U.S. agency, bankers acceptances, and medium-term bonds and notes.

The pooled separate account real estate fund is valued based on the net asset value per unit of participation in the fund and has no unfunded commitments or significant redemption restrictions. The fund objective is for long-term returns through rental income and appreciation of real estate investments owned in the fund. The fund invests in real property and short-term high quality investments to maintain liquidity to guarantee redemption requests. At December 31, 2021, the fund held investments in real estate properties, real estate joint ventures, real estate funds, a real estate operating business, loans receivable, net of the fair value of loans payable on real estate, and outstanding loans on the line of credit, representing 92.1% of the Account's net assets. The remaining 7.9% of net assets is primarily comprised of short-term marketable securities such as U.S. Treasury securities, government agency notes, corporate and municipal bonds. At December 31, 2020, the fund held investments in real estate properties, real estate joint ventures, real estate funds, loans receivable and real estate-related marketable securities, net of the fair value of loans payable on real estate and outstanding loans on the line of credit, representing 96.4% of the Account's net assets. The remaining 3.6% of net assets is primarily comprised of short-term marketable securities such as U.S. Treasury securities, government agency notes, corporate and municipal bonds.

The real properties consist of office, apartment, industrial, retail and storage facility classifications located in all major regions within the United States and internationally located in the United Kingdom and France. The values of the properties held in the fund are based on professional opinions and appraisals which incorporate valuation methodologies to determine fair value including cash flows models, market models and other similar techniques. The short term investments are valued based on quoted prices on the active market for similar assets which the securities trade.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
(CONTINUED)**

Note 3: Fair Value Measurements (Continued)

The guaranteed annuity contract consists of the TIAA Traditional Annuity Account ("TIAA Account"). The TIAA Account is reported at contract value, which approximates fair value, based on TIAA-CREF's ability to pay the guaranteed claims in accordance with the terms of the contract. As of December 31, 2021 and 2020, TIAA-CREF's credit ratings were as follows: A++ by A.M. Best Company, AAA by Fitch Ratings, Aa1 by Moody's Investors Service and AA+ by Standard & Poor's. Management believes the credit ratings of TIAA-CREF as of the measurement date uphold the TIAA Account's ability to meet obligations set forth in the contracts.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the TIAA Account's historical crediting rates.

The TIAA Account has redemption restrictions based on the terms of the underlying contract selected by the participant (see Note 4 for a discussion of restrictions) and is an unfunded commitment as claims against the contracts are solely supported by TIAA-CREF's ability to pay on such claims. The redemption restrictions do not have a material impact on the contract value of the TIAA Account.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the assets measured by level with the fair value hierarchy on a recurring basis for the Plan as of December 31, 2021 and 2020:

Note 4: Annuity Contract with Insurance Company

The Plan offers the option to invest in a traditional guaranteed annuity contract, TIAA Account, with TIAA-CREF, an insurance company. Contributions are maintained in a general account which is credited with earnings based on a guaranteed rate of return determined by TIAA-CREF.

The guaranteed annuity contract of the issuer is a contractual obligation to repay the principal and a specified interest rate that is guaranteed to the Plan.

Plan participants entered into these contractual agreements with TIAA-CREF through the Plan by selecting a TIAA Account. Participants of the Plan may invest in the following transitional accounts: Retirement Annuity ("RA"), Group Retirement Annuity ("GRA"), Supplemental Retirement Annuity ("SRA"), Group Supplemental Retirement Annuity ("GSRA"), Retirement Choice ("RC") and Retirement Choice Plus ("RCP") which has varying withdrawal options and distributions.

As described in Note 2, because the GRA, SRA, GSRA, RC, RA, and RCP are fully-benefit responsive guaranteed contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, which will not be less than zero percent. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions,

(3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any provisions of ERISA.

The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

The TIAA Account is a single group annuity contract with a fixed rate of interest. Interest is credited to TIAA Account and accumulations include a guaranteed rate, plus discretionary additional amounts determined annually by the TIAA-CREF Board of Trustees. The additional amounts, when declared, remain in effect through the "declaration year," which begins each March 1. The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under all TIAA Account accumulating contracts with the exception of the RC and RCP annuities. For the RC and RCP annuities, the guaranteed rate is between 1% and 3% and is specified in the contract. They are not a portfolio of contracts whose yields are based on changes in fair value of underlying assets; therefore, the average yield earned by the Plan is the interest earned on the group annuity contracts. The TIAA Account does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

The following table summarizes the crediting interest rates at December 31, 2021 and 2020:

TIAA Account Annuity Contract

	<u>2021</u>	<u>2020</u>
Retirement Annuity (RA)	3.70%	3.00%

Note 5: Related Party Transactions

Certain Plan investments are managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the College. No such officer or employee receives compensation from the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the College has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service ("IRS"). Effective April 2013, the Internal Revenue Service (IRS) implemented a program for 403(b) plans; the Plan will comply accordingly. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the rated custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9: Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, TIAA-CREF, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
