To the Plan Administrator of the
Kraemer Brothers Employee Retirement and Savings Plan
925 Park Avenue
Plain, WI 53577

Attn: Kyle Kraemer

This letter includes a summary of our comments and suggestions with respect to financial, administrative, and other matters that came to our attention during the course of our audit engagement. These matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of improving accounting controls and other financial practices and procedures. This letter also includes a brief summary of our responsibilities regarding considerations of fraud and internal control in the performance of our audit engagement. In addition, this letter summarizes certain matters required to be communicated to you under professional standards in your oversight responsibilities for the Plan's financial reporting process.

COMMENTS AND SUGGESTIONS

Governance meetings and maintenance of minutes

The Plan should hold regular meetings regarding the Plan and maintain minutes of these meetings. The minutes should record approval of agreements with third-party administrators and investment managers, as well as discussion of investment policies. In addition, reasons for changes in third-party administrators, investment managers, auditors, plan advisors, and investment policies should be documented in contemporaneous meeting minutes. The minutes should also record the review of the list of parties-in-interest and any prohibited transactions; approval of benefit payments and nonelective contributions; and investment results. This important documentation establishes that the members of management of the plan administrator are actively involved in managing the Plan for the benefit of the Plan's participants and their beneficiaries, which is part of their fiduciary responsibility. The lack of meetings or minutes documenting meetings that do take place could expose the members of management of the plan administrator to questions about whether they are fulfilling their fiduciary responsibilities to the Plan.

Monitoring of Service Providers

In the current accounting environment, it is important to ensure that adequate controls are in place in all aspects of the Plan's operations, especially outsourced activities since they make up such a significant part of the Plan's day-to-day operations. One of the Plan's key responsibilities is to monitor the performance of its services providers to ensure that adequate controls are in place at the service provider as well as the Plan. We recommend, as part of its monitoring of service providers, that management obtain the service auditor's report (commonly referred to as a SOC 1 report) for each service provider and review it in detail for any deficiencies or other problems noted.

As part of the management of the Plan's investments and participant account records, the Plan uses Capital Bank and Trust Company as a third-party administrator and its subservice organizations, Empower Institutional, Capital Group Companies, Inc. and American Funds Service Company. We recommend that the Plan obtain these providers SOC 1 reports on an annual basis and appoint a staff member to be responsible for review of the reports. The assigned individual should ensure that any deficiencies or other issues noted in the SOC 1 reports are addressed and the appropriate mitigating controls are in place at the Plan to ensure that transactions are processed appropriately and accurately. Ensuring proper controls over the management of the Plan and payroll processing is critical to your fiduciary responsibility to the participants in the Plan.

SOC 1 report exceptions and required user controls

As a part of the review of the SOC 1 reports of Capital Bank and Trust Company, the third-party administrator, and its subservice organizations, Empower Institutional, Capital Group Companies, Inc. and American Funds Service Company, the third party payroll processing service organization, we did not note any control exceptions that may have an effect on operations.

Employee deferrals

Department of Labor Regulation 2510.3-102 requires the deposit of employee deferrals into the plan trust as soon as the contributions can reasonably be segregated from the employer's general assets, but no later than 15 business days following the month in which the deferrals were withheld from the employees. The 15 days is not a safe harbor, in other words, if the Department of Labor determines that funds can reasonably be segregated from your general assets within a certain number of days after a payroll run, they will require the deposits to be made into the trust by that time.

If deposits are not made within the required time, they must be reported as nonexempt transactions with parties-in-interest (prohibited transactions) in the financial statements in the form of a supplemental schedule and on the Form 5500. The Plan sponsor is also required to pay an excise tax.

We noticed during our audit that four of your 2021 deposits were made after the payroll date, which was inconsistent with the timing of the remaining deposits during the year made on or before the payroll date. Should the Department of Labor audit your plan there is no guarantee that they would not consider these amounts to be delinquent. We recommend you monitor your procedures relating to depositing employee deferrals to assure that you remain in compliance with the requirement to deposit the money as soon as it can be reasonably segregated from your general assets and if amounts are remitted late, you contact your plan administrator and take the necessary corrective actions.

Parties-in-interest

The plan sponsor should maintain a list of parties-in-interest in order to identify transaction that the Plan has with these parties-in-interest and prevent prohibited transactions from occurring with these parties. A party-in-interest is defined as follows:

1. A fiduciary or his/her relative.

2. A person who provides services to the Plan or his/her relative.
3. An employer, or his/her relative, whose employees are covered by the Plan.
4. An employee organization whose members are covered by the Plan.
5. A direct or indirect owner with a 50% or greater ownership interest.
6. A corporation, partnership, trust or estate which anyone in numbers 1-5 above has a 50% or more ownership interest.
7. An employee, officer, director or 10% direct or indirect shareholder of a person in numbers 2-6 above.
8. A 10% or more direct or indirect partner or joint venturer of a person in numbers 2-6 above.

Fiduciary Duties

As required by the Employee Retirement Income Security Act (ERISA), the plan trustees have numerous fiduciary duties. These duties include the following:

1. To act for the exclusive benefit of participants and their beneficiaries.
2. To act prudently.
3. To diversify investments.
4. To monitor third parties who are hired by the Plan to assist in administering the Plan document.
5. To act in accordance with the plan document, as long as it is consistent with ERISA.

Fiduciary actions must be in the best interest of the Plan, its participants, and their beneficiaries, which includes taking actions to defray reasonable expenses of administering the Plan. For example, a fiduciary is prohibited from granting preferences to participants or beneficiaries.

The ultimate responsibility to act prudently rests with the fiduciary. As a result, fiduciaries must do more than simply attend Plan meetings and rely on the Plan's third party administrators and the Plan's accountant's annual audits. They have the duty to conduct their own independent investigation of the Plan's investments to determine whether investment decisions are furthering the purpose of the Plan and are in accordance with the Plan's written investment policy. In addition, the trustees should hold timely, periodic meetings with minutes which document the activities of the fiduciary.

The duty to diversify investments also rests with the fiduciary. The factors considered in determining the extent to which the Plan should diversify include the purpose of the Plan, the amount of Plan assets, financial and economic conditions, investment maturities and types of investments. It is the fiduciary's responsibility to ensure that investments are diversified to minimize the risk of large losses.

The duty to monitor third parties hired by the Plan would include regular meetings with these parties to review the activities of the third parties as well as a review of the agreements with the third parties to ensure they are carrying out the activities expected of the trustees.

Fiduciaries must act in accordance with the plan documents, as long as those documents are consistent with ERISA. Therefore, fiduciaries acting prudently and in good faith to interpret the plan document are fulfilling this duty.

REQUIRED COMMUNICATIONS

Professional standards require that we provide you with certain information related to our audit. These Required Communications are attached to this letter.

CONSIDERATION OF INTERNAL CONTROL AND FRAUD

Fraud Considerations

As described in our engagement letter, we planned and performed our audit to obtain reasonable assurance about whether the financial statements were free of material misstatements, whether from errors, fraudulent reporting, misappropriation of assets, or violations of laws or governmental regulations that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan. An audit is not designed to provide absolute assurance, and because we do not perform a detailed testing of all transactions, there is a risk that material misstatements may exist and not be detected by us. An audit is also not designed to detect immaterial misstatements or violations of laws or regulations that do not have a direct and material effect on the financial statements.

Internal Control Considerations

As described in our engagement letter, our audit included obtaining an understanding of internal control sufficient to plan the audit and to determine the nature, timing and extent of audit procedures to be performed. An audit is not designed to provide assurance on internal control or identify deficiencies in internal control, that is, significant deficiencies in the design or operation of internal control. However, we would communicate to you internal control matters that are required to be communicated under professional standards. Our findings are presented in the Internal Control Communication attached to this letter.

CONCLUSION

This information is intended solely for the information and use of management, the plan administrator, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Michael G. Gustafson, CPA

REQUIRED COMMUNICATIONS

We have audited the financial statements of Kraemer Brothers Employee Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and have issued our report thereon dated August 30, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Capital Bank and Trust Company, the trustee and asset custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 3, 2022. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Accounting Policies
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Kraemer Brothers Employee Retirement and Savings Plan are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting Estimates
Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the estimate of the fair value of the investments.

Financial Statement Disclosures
Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of fair value estimates in the notes to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Significant Unusual Transactions

There were no significant unusual transactions identified during the course of our audit.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of the Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations; (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process; and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Bonuses

- During our participant data testing, we noted that 401k was not withheld from bonuses received prior to December 2021. Management's positions is that bonuses were not intended to be part of compensation that would require deferrals, therefore the plan has been operating as intended. Should the DOL audit your plan there's no guarantee they wouldn't require the plan sponsor to make corrective contributions to the plan for prior missed deferrals since the plan document didn't specifically exclude bonuses from the definition of eligible compensation. Beginning December 2021, employees have the option to contribute their normal deferral amount/percentage, specify a different amount/percentage or not defer any amount on their bonuses. Management sends out a letter regarding their bonus amount and employees' state what amount or percentage (if any) of 401k they want withheld. The letter is kept in the employee's file.

Part-time / temporary / seasonal employees

- During the course our audit, we noted the census excluded part-time employees as management determined that they are ineligible. Per review of the adoption agreement, part-time, temporary, and seasonal employees are eligible to participate in the Plan once the eligibility requirement is met. Furthermore, the adoption agreement defines eligibility as 18 years of age and six months of service. The six months of service does not need to be continuous and no minimum hours of service are required. We noted that some of the part-time employees excluded from the census could be repeat summer employees. Therefore, after multiple summers, they may meet the six-month service requirement and be eligible to participant in the Plan. The part-time employees also will become eligible once the six-month service requirement is completed. We recommend you should put controls in place to ensure any employee that meets the current six-month service requirement, even when having breaks in service, is given the opportunity to participate as allowed by the current plan document provisions.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 30, 2022. A copy of this signed representation letter is attached.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the required supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTERNAL CONTROL COMMUNICATION

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Kraemer Brothers Employee Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1074 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered Kraemer Brothers Employee Retirement and Savings Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Capital Bank and Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiency in the Plan's internal control to be a material weakness:

Financial Statement Preparation and Reporting

The Plan does not have a process or control in place to prepare the annual financial statements and footnotes (collectively referred to as "financial statements") which is common for most plans. The Plan requests our firm to prepare the financial statements as part of our audit engagement. The Plan does not have a mitigating process or control in place that would detect and correct a misstatement in the SVA drafted financial statements. This is considered a deficiency in internal controls which rises to the level of a material weakness.

This communication is intended solely for the information and use of management, the plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Dear Sir or Madam:

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of Kraemer Brothers Employee Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the disclosures (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified by Capital Bank and Trust Company, the trustee and asset custodian, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by Capital Bank and Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, the following representations made to you during your audits:

Financial Statements

1. We acknowledge our election to have an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements and for determining the following:

- The circumstances permit an ERISA Section 103(a)(3)(C) audit.
- A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8.
- The certification meets the 29 CFR 2520.103-5 requirements.
- The certified investment information is appropriately measured, presented, and disclosed in accordance with U.S. GAAP.

2. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated May 3, 2022, including our responsibility for the preparation and fair presentation of the financial statements.

3. The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedule referred to above are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. We acknowledge our responsibility for administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

5. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

6. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.

7. Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable. The measurement process used in determining accounting estimates is appropriate and consistent.

8. Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with U.S. GAAP and ERISA Section 3(14) and regulations thereunder.

9. No events have occurred subsequent to the date of the financial statements for which U.S. GAAP requires adjustment or disclosure.

10. We have reviewed and approved the trial balance that was prepared from the information provided by the trustee and asset custodian that was used to prepare the financial statements.

11. The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.

12. There are no matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, events reportable to the PBGC, or events that may jeopardize the tax status) that legal counsel have advised us that must be disclosed.

13. Significant estimates and material concentrations have been properly disclosed in accordance with U.S. GAAP.

14. Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

15. Guarantees, whether written or oral, under which the Plan is contingently liable, have been properly recorded or disclosed in accordance with U.S. GAAP.

16. Administrative expenses paid by the plan sponsor on behalf of the Plan will not be reimbursed by the Plan.

17. We will notify you in advance of our intent to include your report, in whole or in part, in any document other than Form 5500 filed with a regulatory agency or printed, in whole or in part, for any reason, and you will have the opportunity to review such matter before its filing or issuance.

18. We have obtained the service auditor's report from our service organization Capital Bank and Trust Company; its subservice organizations Empower Institutional, Capital Group Companies, Inc and American Funds Service Company. We have reviewed such reports, including the complementary user controls. We have implemented the relevant user controls, and they were in operation for the year ended December 31, 2021.

Information Provided

19. We have provided you with:

    - Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records (including information obtained from outside of the general and subsidiary ledgers), documentation, and other matters. Among other things, relevant information may include completeness and availability of all minutes of the meetings of all relevant boards and committees, or summaries of actions of recent meetings for which minutes have not yet been prepared as well as communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.

    - A substantially complete draft of Form 5500.

    - Additional information that you have requested from us for the purpose of the audit.

    - Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.

    - Current plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

20. All material transactions have been recorded in the accounting records and are reflected in the financial statements.

21. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

22. We have no knowledge of any fraud or suspected fraud that affects Kraemer Brothers Employee Retirement and Savings Plan and involves:

    - Management

    - Employees who have significant roles in internal control, or

    - Others where the fraud could have a material effect on the financial statements.

23. We have no knowledge of any allegations of fraud or suspected fraud affecting Kraemer Brothers Employee Retirement and Savings Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

24. We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.

25. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.

26. We have disclosed to you the names of all of the Plan's related parties and parties in interest and all the related party and party-in-interest relationships and transactions, including any side agreements.

27. The Plan has satisfactory title to all owned assets, which are recorded at fair value, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.

28. We have no—

    - Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

    - Intentions to terminate the Plan.

29. Amendments to the plan instrument, if any, have been properly recorded or disclosed in the financial statements.

30. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance, including the release of unallocated shares held in ESOP plans.

31. The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows:

    - Registered investment companies are valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

    - Money market fund is valued based on quoted net asset values of the shares held by the Plan at year-end.

    The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

32. The Capital Group Retirement Plan Services Defined Contribution Prototype Plan and Trust that the Plan has adopted effective April 13, 2021, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for us by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

33. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

34. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.

35. The Plan has complied with the fidelity bonding requirements of ERISA.

36. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

37. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

38. We believe the form and content of the supplemental schedule are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

39. In regard to the nonattest services performed by you, including summarization of financial information from our trustee and asset custodian's statements into a working trial balance and the preparation of financial statements in accordance with generally accepted accounting principles of the United States, we have:

    - Assumed all management responsibilities.

    - Designated an individual (within senior management) with suitable skill, knowledge, or experience to oversee the services.

    - Evaluated the adequacy and results of the services performed.

- Accepted responsibility for the results of the services.
- Ensured that the plan's data and records are complete and received sufficient information to oversee the services.

The above representations related to your audits are made to you as of 8/30/, 2022, the date of your audit report.

Sincerely,

Kraemer Brothers Employee Retirement and Savings Plan

Kyle Kraemer
