---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

The Plan Administrator
Hastings Manufacturing Company
Hourly 401(k) Retirement Plan
Hastings, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hastings Manufacturing Company Hourly 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Hastings Manufacturing Company Hourly 401(k) Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of Hastings Manufacturing Company Hourly 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Hastings Manufacturing Company (the Company) adopted the Plan, effective April 1, 2006. The Plan is a defined contribution plan covering substantially all hourly employees. Hourly employees are eligible to participate in the Plan upon completion of 60 days from the date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 allowed through December 31, 2020.
- Increase of the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extended the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

Contributions

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan offers various pooled separate accounts and a guaranteed interest account as investment options for participants. Effective November 1, 2021, eligible employees who did not elect their deferral rate or opt out are automatically enrolled in the plan to defer 2% of their compensation.

There are two types of contributions to the Plan:

Salary Deferral Contribution - Participants may elect to have their compensation reduced and have the amount of the reduction contributed to the Plan by the Company, up to the legal maximum. Elections may be changed four times each Plan year. Effective November 1, 2021, the plan was amended to allow for election changes to take effect on the first day of each month.

Matching Contribution - The Company contributes 50% of up to 6% of base compensation that a participant contributes to the Plan. The Company contributed a fixed match of \$117,805 and \$124,772 in 2021 and 2020, respectively, net of forfeitures.

Notes to Financial Statements

Participant Accounts and Vesting

Each participant's account is credited with the participant's and the Company's contributions and a uniform allocation of net Plan earnings. All participant deferral amounts are fully vested at all times. The matching contributions vest according to a three-year cliff vesting schedule. Participants are 100% vested in the matching contributions after three years of service.

Payment of Benefits

Upon retirement at normal age (65), disability, death, or employment termination for any reason, participants or their beneficiary will receive the entire vested value of their individual accounts in the form of a lump sum or partial payments. Annuities are not allowed under the Plan. Under certain hardship conditions, a participant may be allowed to withdraw all or part of their vested balance. Also, in-service withdrawals are allowed upon attainment of age 59½.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance. Note amounts must be at least \$1,000 and cannot exceed \$50,000, and only one note may be outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Interest rates on notes receivable outstanding at December 31, 2021 range from 5.25% to 7.50%. Notes must be repaid through payroll deductions within five years, unless the proceeds are used to purchase a primary residence of the participant, in which case the period may not exceed 15 years.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. Fees incurred for legal, accounting and certain administrative services rendered by parties-in-interest are based on customary and reasonable rates for such service and are paid by the Plan.

Forfeitures

The Plan Agreement allows forfeitures to be used to offset Plan administrative expenses or reduce employer matching contributions. Forfeitures applied during 2021 and 2020 were \$7,328 and \$5,958, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Hastings Manufacturing Company Hourly 401(k) Retirement Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments, except for the guaranteed interest account, are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Guaranteed investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value. Contract value is the relevant measurement because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract value represents net contributions plus interest at the contract rate. See Note 5 for discussion of the guaranteed interest account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balances plus unpaid interest. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated by management through August 22, 2022, the date these financial statements were available to be issued.

3. Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Hastings Manufacturing Company Hourly 401(k) Retirement Plan

Notes to Financial Statements

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Pooled Separate Accounts (PSAs) - Units held in PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying asset values are based on quoted prices, the net asset value (NAV) of the pooled separate accounts is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on the recent transaction prices and is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSAs held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at the NAV on the measurement date.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company d/b/a Empower Retirement, on behalf of Massachusetts Mutual life Insurance Company (MassMutual), a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Hastings Manufacturing Company Hourly 401(k) Retirement Plan

Notes to Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

5. Guaranteed Interest Account

The Plan invests in a benefit-responsive investment contract with MassMutual, the Guaranteed Interest Account (GIA), which is provided through a group annuity contract. Under the terms of the contract, a crediting rate is established for amounts invested in the GIA. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. Therefore, contract value approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the underlying assets of the portion of the Great West general accounts that is used to determine the GIA's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Under the terms of the existing contract, the crediting rate is currently reset on a semi-annual basis.

The annual dollar weighted rate of return for the 2021 and 2020 Plan years was 3.09% and 2.86%, respectively. Interest rates are adjusted semi-annually.

6. Related Party Transactions

Certain Plan investments are managed by MassMutual, an affiliate of Empower Retirement. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for asset management and recordkeeping services amounted to \$7,804 and \$10,007 in 2021 and 2020, respectively.

7. Income Tax Status

The Plan has adopted the Empower Retirement Volume Submitter Plan. The Internal Revenue Service (IRS) issued a favorable opinion letter on April 7, 2021, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has since been amended; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

Hastings Manufacturing Company Hourly 401(k) Retirement Plan

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan in whole or in part at any time subject to the provisions of ERISA. In the event the Plan is terminated, the participant accounts will become 100% vested and non-forfeitable.

9. Transfers In and Out

As permitted by the Plan, \$0 and \$57,909 were transferred from the Hastings Manufacturing Savings Plan during 2021 and 2020, respectively, due to employee transfers from salaried to hourly positions. Additionally, as permitted by the Plan, \$0 and \$12,615 were transferred to the Hastings Manufacturing Company Savings Plan during 2021 and 2020, respectively, due to employee transfers from hourly to salaried positions.

10. Delinquent Participant Contributions and Loan Repayments

During 2020, the Company failed to remit to MassMutual certain employee contributions and loan repayments totaling \$7,613 within the period prescribed by DOL regulations. The Company calculated and remitted the related lost earnings to the Plan in February 2021. The Company failed to remit certain additional employee contributions during 2020 totaling \$235 within the period prescribed by DOL regulations. The Company remitted the related lost earnings to the Plan in 2021.
