Report of Independent Auditors

To the Board of Directors of **Quad Knopf, Inc. dba QK, Inc.** and the
401(k) Committee for **Quad Knopf, Inc. 401(k) Savings Plan**:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Quad Knopf, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Quad Knopf, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Quad Knopf, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quad Knopf, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quad Knopf, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quad Knopf, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment infor-

mation, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Board of Directors of **Quad Knopf, Inc. dba QK, Inc.** and the
401(k) Committee for **Quad Knopf, Inc. 401(k) Savings Plan**:

We were engaged to audit the accompanying statement of net assets available for benefits of Quad Knopf, Inc. 401(k) Savings Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which Great-West Trust Company, LLC, the trustee and a custodian of the Plan assets and Great-West Life & Annuity Insurance Company, a custodian of the Plan assets, certified, except for comparing such information with the related information included in the financial statement. The Plan administrator informed us that the trustee and custodians hold the Plan investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee and custodians as of December 31, 2020, that the information provided to the Plan administrator by the trustee and custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

We have audited the form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee and custodians, in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Quad Knopf, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021

Note 1 – Description of the Plan

The following description of Quad Knopf, Inc. (dba QK, Inc.) (QK) 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of its provisions.

General

The Plan is a defined contribution profit sharing plan with a cash or deferral arrangement under section 401(k) of the Internal Revenue Code (IRC). Employees of QK may participate in the Plan on the first day of the month coincident with or following 30 days of service and attainment of age 21; however, employees classified as temporary or seasonal and not scheduled to work at least 1,000 hours per year must complete 1,000 hours of service during their initial year of employment or in any Plan year to participate. QK automatically enrolls newly eligible employees, with a deferral rate of 6%, unless the newly eligible employee affirmatively elects a different percentage, including zero. In addition, QK automatically increases the deferral rate of participants who become eligible after December 31, 2013, by 1% annually, beginning with the third year of participation and ending with the sixth year of participation, to 10%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A Plan committee, appointed by the Board of Directors of QK, manages the Plan. Great-West Trust Company, LLC serves as Trustee. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Custodians, hold all the Plan investment assets. Empower Retirement, an affiliate, is the Administrator and prepares the Form 5500.

Transfer of assets from merged plan

Effective June 30, 2021, QK acquired Zumwalt Hansen and Associates, Inc. (ZHA), which sponsored the Zumwalt Hansen & Associates, Inc. 401(k) Profit Sharing Plan (ZHA Plan). Effective August 30, 2021, the ZHA Plan was merged with the QK Plan. On July 13, 2021, ZHA Plan participants received a blackout notice. The blackout period ran from August 26, 2021 through September 14, 2021. The ZHA Plan transferred a total of \$2,381,830 to the QK Plan. \$2,380,412 was received by the QK Plan in August 2021 and \$1,418 was received in November 2021. The ZHA Plan filed its last form 5500 on April 26, 2022.

Contributions and vesting

Participants may defer (pre-tax regular and post-tax Roth) up to the lower of 100% of their annual qualified compensation or IRC limit to the Plan. Participants that attain age 50 by the last day of the Plan year may defer additional amounts (“catch-up” contributions) to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Rollovers are not subject to Plan or IRC contribution limits. Participants are always 100% vested in their deferral, catch-up and rollover contributions and earnings thereon.

Note 1 – Description of the Plan (continued)

The Plan also provides for discretionary QK matching contributions, determined by the Board of Directors of QK. QK allocates matching contributions as a percentage of participant deferrals during each pay period. Participants not deferring during a pay period are ineligible for matching contributions for that pay period. Matching contributions and earnings thereon vest to participants at a rate of 50% per year, beginning with the second year of credited service. Participants become 100% vested, regardless of years of credited service attained, upon death, disability, Plan termination or reaching retirement age. During the year ended December 31, 2021, QK paid discretionary match contributions equal to 20% of participant deferrals, which was the same match rate contributed during the year ended December 31, 2020. On December 6, 2021, the Board of Directors of QK approved continuing the discretionary match contributions equal to 20% of participant deferrals during 2022.

The Plan also provides for discretionary QK profit sharing contributions, determined by the Board of Directors of QK. QK allocates profit sharing contributions based on the relative eligible compensation earned by each eligible participant. An eligible participant for the discretionary QK profit sharing contribution is one that QK credited with at least 1,000 hours of service during, and QK employed at the end of, the applicable Plan year. An eligible participant is also one that dies, becomes disabled or reaches early or normal retirement age during the applicable Plan year. Profit sharing contributions and earnings thereon vest to participants at a rate of 50% per year, beginning with the second year of credited service. Participants become 100% vested, regardless of years of credited service attained, upon death, disability, Plan termination or reaching retirement age. On December 6, 2021, the Board of Directors of QK approved a discretionary profit sharing contribution equal to 1% of eligible salaries for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions and discretionary employer matching contributions, as well as allocations of employer non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Participants choose investment options for their deferral, catch-up, rollover, matching and profit-sharing contributions from the investment options offered by the Custodians. As of December 31, 2021, the Custodians offered unallocated-fund guaranteed investment contract, mutual funds and common collective trust funds to participants.

Note 1 – Description of the Plan (continued)

Notes receivable from participants

Participants may borrow, by withdrawing a portion of their vested account balance, a minimum of \$1,000 and a maximum of the lower of 50% of the vested account balance or \$50,000 (less the highest outstanding note balance during the past twelve months). The notes bear fixed interest at rates similar to those issued by lending institutions under similar circumstances and the term of the notes cannot exceed five years, except when the participant uses the note proceeds to buy the participant's principal residence, in which case the maximum term is 30 years. Participants pay their notes in bi-weekly installments of principal and fixed interest, at rates ranging from 4.25%-6.50%. The notes mature on various dates from June 16, 2021 through March 2, 2025. The remaining participant account balance secures the note. Notes become due immediately upon termination of employment.

Payment of Benefits

Upon termination of employment, death, attainment of age 59½ (55 for former participants in the Fremming, Parson & Pecchenino 401(k) Plan), retirement, disability and for any other reasons permitted by the Plan or the IRC, a participant or beneficiary is entitled to receive a lump-sum distribution, a rollover, or installments equal to the participant's vested interest in his or her account. A participant also can take a distribution of his or her rollover contributions and Roth contributions (if any) at any time. Terminated participants with account balances in excess of \$5,000 may delay the receipts of distributions. The Company will roll over terminated participants' account balances of \$1,000 to \$5,000 to individual retirement accounts unless directed otherwise by the terminated participant. A vested participant's balance equal to or less than \$1,000 will be distributed directly to the participant as a lump-sum payment. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 72 (the Secure Act enacted by Congress effective January 1, 2020 increased this age to 72), or the year in which the participant terminates employment.

Forfeitures

As of December 31, 2021 and 2020, the Plan held unallocated forfeitures and earnings thereon totaling \$1,437 and \$7,612, respectively. The Plan may use forfeitures to pay Plan administrative expenses or make matching and profit-sharing contributions. During the year ended December 31, 2021, the Plan accumulated forfeitures and earnings thereon totaling \$5,892, paid fees totaling \$4,500 and allocated to participants totaling \$7,567.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by QK. Expenses that are paid by QK are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' ac-

counts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US-GAAP).

Use of estimates

The preparation of financial statements in conformity with US-GAAP requires management to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustees. See note 3 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Note 3 – Investments at Fair Value Measurements

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to level 1 inputs and the lowest priority to Level 3 inputs. The hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs consist of quoted prices for identical assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs consist of unobservable inputs that are significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). The SEC requires mutual funds to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are valued at Level 1 input, except the Jennison Large Cap Growth, which uses Level 2 inputs in the same manner as the common collective trust funds (below).

Guaranteed investment contract: Valued at the amount QK would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. The fair value approximates contract value.

Quad Knopf, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021

Note 3 – Investments at Fair Value Measurements (continued)

Common collective trust funds: The Plan bases the fair value of common collective trust funds, which are equity securities with readily determinable fair values, at the daily unit closing price as reported by the Custodians. The Custodians base the unit price on the fair value of the underlying securities and other investments, using unadjusted quoted prices in active markets for identical assets, unadjusted and insignificantly adjusted quoted prices in active and inactive markets for identical and similar assets, and the contract value and credit rating of the Custodians. The Custodians use third-party pricing services to determine the pricing for fair value determinations. Each common collective trust fund invests principally in one mutual fund with a fair value determined using Level 1 inputs, equity securities in proportion to mirror the named index with fair values determined using Level 1 and Level 2 inputs and debt securities with fair values determined using Level 2 inputs.

As of December 31, 2021, fair value and input Levels of the Plan investments total as follows:

<u>Class and investment</u>	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Guaranteed investment contract	\$ 2,927,643	\$ —	\$ —	\$2,927,643

Common collective trust funds	<u>7,501,925</u>	<u>—</u>	<u>7,501,925</u>	<u>—</u>
Totals	<u>\$21,667,285</u>	<u>\$9,556,287</u>	<u>\$9,183,355</u>	<u>\$2,927,643</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2021 and 2020 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no transfers of investments into or out of Level 3.

During the year ended December 31, 2021, changes in the fair value of investments measured using Level 3 inputs total as follows:

<u>Level 3</u>	<u>Guaranteed investment contract</u>
Fair value, December 31, 2020	\$ 2,794,619
Interest	41,851
Purchases and issuances	1,782,645

Note 4 – Group Annuity Contract with Insurance Company

The Plan has entered into a guaranteed investment contract with the Custodians. The Custodians hold participant investments in the guaranteed investment contract and earnings thereon in the general accounts of the Custodians. The Custodians credit the general account with earnings on the underlying investments and charge for participant withdrawals and administrative expenses. The Custodians are contractually obligated to repay the principal and a specified interest rate that they guarantee to the Plan.

The contract does not meet the fully benefit-responsive investment contract criteria due to participant withdrawal restrictions and therefore is reported at fair value. As of December 31, 2021 and 2020, the fair value of the guaranteed investment contract was not materially different from its contract value. The Plan did not record any reserves against contract value for credit risk of the Custodians or otherwise. When establishing the interest crediting rate for the guaranteed investment contract, the Custodians consider many factors, including current economic and market conditions, the general interest rate environment, and earnings of the underlying assets in the entire medium-long term new portfolio of the Custodians compared to the minimum interest crediting rate, as stated in the guaranteed investment contract. The Custodians reset the interest crediting rate quarterly.

Certain events limit the ability of the Plan to transact at contract value with the Custodians, including complete or partial Plan termination and QK events (e.g., spin-off, sale or merger) that materially affect assets in the guaranteed investment contract. The management of the Plan does not believe that any events that would limit the ability of the Plan to transact at contract value with the Custodians are probable of occurring. The guaranteed investment contract does not otherwise permit the Custodians to terminate the agreement before making payments to participants at contract value.

Note 5 – Financial Information Certified by the Trustee and Custodians

Great-West Trust Company, LLC, the Trustee and a Custodian and Great-West Life & Annuity Insurance Company, a Custodian, certified all of the investments and notes receivable from participants in the statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i): Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment income and interest on notes receivable from participants in the statement of changes in net assets available for benefits for the year ended December 31, 2021, in accordance with Section 2520.103.5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Independent auditors did not audit the information certified by the Custodians.

Note 6 – Receivables – employer profit sharing

On June 28, 2022, the Custodians received and allocated an annual non-elective profit sharing contribution, calculated on eligible compensation earned during the year ended December 31, 2021, and totaling \$104,451.

On March 23, 2021, the Custodians received and allocated an annual non-elective profit sharing contribution, calculated on eligible compensation earned during the year ended December 31, 2020, and totaling \$97,227.

Note 7 – Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to contributions. As of December 31, 2021, the Plan accrued excess participant contributions totaling \$3,384, refundable to one participant. The Plan distributed the 2021 excess contributions on April 15, 2022.

As of December 31, 2021, the Plan accrued excess participant contributions totaling \$1,659, refundable to one participant. The Plan distributed the 2020 excess contributions on February 12, 2021.

Note 8 – Income Tax Status

QK last amended and restated the Plan effective August 30, 2021, and patterned the amended and restated Plan after the “Non-standardized Pre-Approved Profit-Sharing Plan, Money Purchase with CODA” of the Trustee. The Internal Revenue Service (IRS) issued the latest determination letter for the “Non-standardized Pre-Approved Profit-Sharing Plan, Money Purchase with CODA” on June 30, 2020. The favorable determination letter stated that the “Non-standardized Pre-Approved Profit-Sharing Plan, Money Purchase with CODA,” as then designed, complied with the applicable requirements of the IRC. Although QK has since amended and restated the Plan, the management and tax counsel of the Plan believe the current design, qualifications and operations of the Plan comply with the applicable requirements of the IRC, and the related trust was tax-exempt as of December 31, 2021. Accordingly, QK did not include a provision for income taxes.

In addition, management evaluates certain tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL, or IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits. As of December 31, 2021 and 2020, two investment funds represented approximately 25% and 26% of total investments, respectively.

Note 10 – Plan termination

Although it has not expressed any intent to do so, QK has the right to discontinue future matching and profit-sharing contributions at any time and to amend or terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Quad Knopf, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021

Note 11 – Terminated Participants

As of December 31, 2021 and 2020, participants who were no longer employees of QK had \$6,801,571 and \$5,246,764 remaining in their accounts, respectively. Vested balances totaled \$6,705,818 and \$5,178,202, respectively.

Note 12 – Related Party and Party-in-Interest Transactions

The Trustee and Custodians own, control or sub-advise the mutual fund investments and common collective trust funds. The Trustee and Custodians invest and secure investments in guaranteed investment contracts in and with the general assets of the Custodians. Such investments and transactions constitute party-in-interest transactions.

The Custodians provide certain administrative services to the Plan pursuant to a Group Annuity Contract. The Custodians may receive revenue from mutual fund service providers for services it provides.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 13 – Delinquent Participant Contributions

During the year ended December 31, 2021, QK failed to remit certain participant contributions within the time prescribed in Regulation 29 CFR 2510.3-102 of the DOL, totaling \$383. Under the regulations, the amount paid by a Plan participant or withheld by an employer from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can be reasonably segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Company. As a result, QK engaged in a non-exempt prohibited transaction under ERISA Section 406. QK subsequently remitted the delinquent participant contributions to the Plan.
