Notes to Financial Statements

1. Description of Plan

The following description of the Topsail Professional Services 401(k) Plan (formerly GovPEO, Inc. 401(k) Plan) (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Topsail Professional Services, Inc., and Camris International, Inc (collectively, the "Company"). Fidelity Management Trust Company serves as the trustee of the Plan. Management controls and manages the operation and administration of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated impact of the CARES Act on the Plan and approved (i) adding COVID-19 related distribution up to \$100,000 for eligible participants, (ii) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (iii) suspending payments on plan loans otherwise due in 2020 for eligible participants, and (iv) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Contributions

Participants may elect to defer up to 80% of compensation, as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company provides for a safe harbor matching contribution in an amount equal to 100% of the participant's elective deferral that does not exceed 3% of compensation, plus 50% of the amount of the elective deferrals that exceed 3% of the participant's compensation but not to exceed 5% of the participant's compensation. The Company may also, at its discretion, make a profit sharing contribution to eligible employees from selected divisions. For the year ended December 31, 2020, \$1,160,602 of profit sharing contributions were made to the Plan. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers a common collective trust fund and mutual funds as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with benefit payments, transaction fees related to notes receivable from participants and distributions and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their accounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2020, outstanding loans bore an interest rate ranging from 3.50% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, disability or retirement, a participant may elect to receive the value of his or her vested account in either a lump sum amount. Hardship distributions are permitted upon demonstration of financial hardship, with limitations as defined in the Plan. In-service distributions are available after the participant reaches age 59½.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts were \$0, respectively. These accounts are used to pay administrative expenses and then to reduce future Company contributions. During 2020, \$1,653 of forfeitures were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (distributions and notes receivable from participants) are charged directly to the participant's account.

Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 16, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust fund

This fund is valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable

Topsail Professional Services 401(k) Plan
Notes to Financial Statements

that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 15,399,859</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a) Common collective trust fund			<u>414,538</u>
Investments at fair value			<u>\$ 15,814,397</u>

Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 11,576,217</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a) Common collective trust funds			<u>292,166</u>
Investments at fair value			<u>\$ 11,868,383</u>

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Common collective Trust funds	\$ 414,538	\$ 292,166	None	Daily	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by the Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2020</u>	<u>2019</u>
Investments at fair value	<u>\$ 15,814,397</u>	<u>\$ 11,868,383</u>
Notes receivable from participants	<u>\$ 166,124</u>	<u>\$ 142,303</u>
Net appreciation in fair value of investments	<u>\$ 1,745,856</u>	
Interest and dividends	<u>\$ 347,421</u>	
Interest income on notes receivable from participants	<u>\$ 7,480</u>	

4. Exempt Party-in-Interest Transactions

Fidelity Management Trust Company (Fidelity) is the trustee as defined by the Plan and, therefore, transactions with Fidelity or its affiliates qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for participant-initiated transactions and investment management services were \$30,979 for the year ended December 31, 2020.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

6. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the non-volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or

Topsail Professional Services 401(k) Plan
Notes to Financial Statements

disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of the net assets available for benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to Schedule H of the Form 5500 at December 31:

	<u>2020</u>	<u>2019</u>
Net assets available for benefits per the financial statements	\$ 16,122,817	\$ 12,134,308
Employee contribution receivable	(67,002)	(52,931)
Employer contributions receivable	(75,294)	(70,691)
Miscellaneous differences	<u>2</u>	<u>1</u>
Net assets available for benefits per the Form 5500	<u>\$ 15,980,523</u>	<u>\$ 12,010,687</u>

The following is a reconciliation of the net change in net assets available for benefits per the 2020 financial statements to Schedule H of the Form 5500:

Net change in net assets available for benefits per the financial statements	\$ 3,988,509
Current year employee contribution receivable	(67,002)
Current year employer contribution receivable	(75,294)
Prior year employee contribution receivable	52,931
Prior year employer contribution receivable	70,691
Miscellaneous differences	<u>1</u>
Net income per the Form 5500	<u>\$ 3,969,836</u>

9. Covid-19

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company's customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions.

Notes to Financial Statements

1. Description of Plan

The following description of the Topsail Professional Services 401(k) Plan (formerly GovPEO, Inc. 401(k) Plan) (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Topsail Professional Services, Inc., and Camris International, Inc (collectively, the "Company"). Fidelity Management Trust Company serves as the trustee of the Plan. Management controls and manages the operation and administration of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated impact of the CARES Act on the Plan and approved (i) adding COVID-19 related distribution up to \$100,000 for eligible participants, (ii) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (iii) suspending payments on plan loans otherwise due in 2020 for eligible participants, and (iv) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Contributions

Participants may elect to defer up to 80% of compensation, as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company provides for a safe harbor matching contribution in an amount equal to 100% of the participant's elective deferral that does not exceed 3% of compensation, plus 50% of the amount of the elective deferrals that exceed 3% of the participant's compensation but not to exceed 5% of the participant's compensation. The Company may also, at its discretion, make a profit sharing contribution to eligible employees from selected divisions. For the year ended December 31, 2020, \$1,160,602 of profit sharing contributions were made to the Plan. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers a common collective trust fund and mutual funds as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with benefit payments, transaction fees related to notes receivable from participants and distributions and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their accounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2020, outstanding loans bore an interest rate ranging from 3.50% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, disability or retirement, a participant may elect to receive the value of his or her vested account in either a lump sum amount. Hardship distributions are permitted upon demonstration of financial hardship, with limitations as defined in the Plan. In-service distributions are available after the participant reaches age 59½.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts were \$0, respectively. These accounts are used to pay administrative expenses and then to reduce future Company contributions. During 2020, \$1,653 of forfeitures were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (distributions and notes receivable from participants) are charged directly to the participant's account.

Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 16, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust fund

This fund is valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable

Topsail Professional Services 401(k) Plan
Notes to Financial Statements

that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 15,399,859</u>	<u>\$ -</u>	<u>\$ -</u>

	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 11,576,217</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a) Common collective trust funds			<u>292,166</u>
Investments at fair value			<u>\$ 11,868,383</u>

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Common collective Trust funds	\$ 414,538	\$ 292,166	None	Daily	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by the Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2020</u>	<u>2019</u>
Investments at fair value	<u>\$ 15,814,397</u>	<u>\$ 11,868,383</u>
Notes receivable from participants	<u>\$ 166,124</u>	<u>\$ 142,303</u>
Net appreciation in fair value of investments	<u>\$ 1,745,856</u>	
Interest and dividends	<u>\$ 347,421</u>	
Interest income on notes receivable from participants	<u>\$ 7,480</u>	

4. Exempt Party-in-Interest Transactions

Fidelity Management Trust Company (Fidelity) is the trustee as defined by the Plan and, therefore, transactions with Fidelity or its affiliates qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for participant-initiated transactions and investment management services were \$30,979 for the year ended December 31, 2020.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

6. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the non-volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or

disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of the net assets available for benefits.

9. Covid-19

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company's customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions.
