Independent Auditor's Report

Audit and Compliance Committee and Retirement Plan Committee
Genesis Employer Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Genesis Employer Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Genesis Employer Contribution Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Genesis Employer Contribution Plan (the Plan), provides only general information. Participants should refer to the plan document for more complete information.

General: The Plan is a contributory defined contribution plan. Eligible employees of GenVentures, Inc. (a wholly owned subsidiary of Genesis Health System, Employer or Plan Sponsor) may participate in the Plan for the purposes of elective deferral contributions and employer match contributions as described in the Eligibility section and Funding policy below. Genesis Health System employees, who are also participants in the Genesis Health System Retirement Savings Plan (Genesis RSP), are eligible for employer match and discretionary contributions as described in the Funding policy below. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Eligibility: Employees of GenVentures, Inc. are immediately eligible to participate in the Plan for purposes of elective deferral contributions and shall become a participant effective the first day of the pay period coinciding with or immediately following their date of hire. GenVentures, Inc. employees who have completed a year of service (1,000 hours of service) and are age 18 or older are eligible to participate in the Plan for purposes of the employer match contributions. A GenVentures, Inc. employee who becomes eligible for employer match contributions shall become a participant with respect to such contributions effective on the first day of the plan year during which the employee meets eligibility requirements.

Funding policy: All employees of GenVentures, Inc. are automatically enrolled in the Plan when they become eligible with a deferral contribution rate of 4% of eligible compensation, unless they make another election or specifically opt out. Employees who are automatically enrolled have the option to opt out of automatic deferrals at any time. Deferral percentages for those employees who are automatically enrolled will increase by 1% annually until their deferral rate reaches 6%. Participants may contribute up to the maximum percentage of compensation of dollar amount permissible under Section 402(g) of the Internal Revenue Code (Code), not to exceed certain limits of other Code Sections.

GenVentures, Inc. makes employer match contributions in an amount equal to 100% of the first 3% of employee salary deferral contributions, plus 50% of the next 2% of employee salary deferral contributions (maximum employer match contribution is 4% of eligible compensation).

The Plan also provides employer match and discretionary contributions for eligible participants of the Genesis RSP. Employer match contributions are equal to 25% of the first 10% of employee salary deferral contributions, up to a maximum of 2.5% of eligible compensation. The Plan also has a discretionary contribution for eligible participants of the Genesis RSP. Participants must be employed on the last day of the plan year to receive the discretionary contribution. The Plan was amended and restated effective January 1, 2021 to remove employer match and discretionary contributions from the types of contributions allowed under the Plan. The Plan was then amended effective August 1, 2021 to reinstate employer match and discretionary contributions under the Plan. Employer match contributions for eligible participants of the Genesis RSP totaled approximately \$1,563,000 and \$4,029,000 for the years ended December 31, 2021 and 2020, respectively. There were no employer discretionary contributions for eligible participants of the Genesis RSP for the years ended December 31, 2021 and 2020.

Participant accounts: Each participant's account is credited with the participant's contributions, if any, the applicable employer match and discretionary contributions and allocations of plan earnings and charged with an allocation of plan administrative expenses. Allocations of plan administrative expenses and earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows each participant to choose their own investment mix for salary deferrals and employer contributions. Participants can change their investment mix daily.

Genesis Employer Contribution Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Employees are immediately vested in their contributions plus actual earnings thereon. Vesting of employer match contributions received from Gen Ventures, Inc. and earnings thereon is 0% for less than two years of service and 100% after two years of service.

Employer contributions and earnings deposited into the Plan prior to January 1, 2012 retain the following vesting schedules:

Prior to January 1, 2012, participants were immediately vested in their contributions and employer match contributions plus actual earnings thereon. Effective January 1, 2007, all nonelective contributions were vested on a five-year graded schedule. Employer nonelective contributions made after the Plan was restated on July 1, 2005 through December 31, 2006 were on a cliff-vesting schedule (participants were 0% vested until they reached five years of service, at which time they were 100% vested). Vesting in employer nonelective contributions deposited to the Illini Hospital Employees' Retirement Plan prior to it being merged into this Plan on July 1, 2005 were based on a five-year graded schedule.

Vesting of employer match and discretionary contributions deposited to the Plan for eligible participants of the Genesis RSP and earnings thereon is based on a five-year graded schedule with vesting as follows:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	100%

Forfeitures and revenue sharing: Forfeitures of terminated participant accounts and amounts received from revenue sharing contracts are used to reduce future employer contributions and pay plan expenses. Forfeitures and revenue sharing of \$265,000 and \$300,000 were used to reduce employer contributions to the Plan and \$59,058 and \$940 were used to pay plan expenses for the years ended December 31, 2021 and 2020, respectively. Forfeitures of \$125,000 were used to reduce employer contributions included as a receivable as of December 31, 2021 which were remitted to the Plan subsequent to year-end. Unallocated forfeitures and revenue sharing of \$630,498 and \$80,238 are included in net assets as of December 31, 2021 and 2020, respectively.

Notes receivable from participants: Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000. The loans are secured with the participant's vested account balance and bear interest at a rate commensurate with the prime daily rate plus 1%. Principal and interest are paid directly to the third-party administrator, Transamerica Retirement Solutions, LLC, over a maximum five-year period for personal loans and a 10-year period for primary home purchases.

Payment of benefits: Upon termination of service, a participant may elect to receive an amount equal to the value of their vested account balance in a lump-sum payment, installments or a combination of lump sum and installments. If the participant's vested account balance does not exceed \$1,000, then the participant will receive their benefit in a lump-sum payment. In the event of a mandatory distribution for participants with vested account balances greater than \$1,000, but less than \$5,000, their benefit will be rolled over to an individual retirement account (IRA).

Genesis Employer Contribution Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Other: During 2020, the Plan allowed participants to take advantage of the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act to help provide financial stability and relief for eligible participants. The CARES Act provisions that were implemented allowed for special coronavirus-related distributions, an increase in plan loan amounts, deferral of loan payments and waiver of 2020 required minimum distributions.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses related to plan investments are paid from the assets of the Plan and are netted with investment income on the statements of changes in net assets available for benefits. The Plan also pays third-party administrator, investment consultant and annual audit fees. All other plan expenses are paid by Genesis Health System.

Subsequent events: The Plan Administrator has evaluated subsequent events through July 28, 2022, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Genesis Employer Contribution Plan

Notes to Financial Statements

Note 4. Tax Status

The Plan has adopted a volume submitter plan sponsored by Transamerica Retirement Solutions, LLC. The volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Transamerica Life Insurance Company (TLIC). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.20%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Genesis Employer Contribution Plan

Notes to Financial Statements

Note 5. Benefit-Responsive Investment Contract (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 6. Information Certified or Provided by the Plan Custodians

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020 and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by the Plan custodians, TLIC and State Street Bank and Trust Company (SSBTC), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and ERISA-required supplemental schedule, related to the following assets:

	December 31	
	2021	2020
Investments at fair value, mutual funds	\$ 131,987,566	\$ 128,126,181
Investments at contract value, fixed fund	\$ 18,890,031	\$ 18,823,143
Notes receivable from participants	\$ 219,942	\$ 247,810

TLIC and SSBTC also certified to the completeness and accuracy of net appreciation in fair value of investments, interest and dividends related to the aforementioned investments, interest on notes receivable from participants and other income for the years ended December 31, 2021 and 2020 as follows:

	Years Ended December 31	
	2021	2020
Investment income:		
Net appreciation in fair value of investments	\$ 14,778,908	\$ 22,465,548

Notes to Financial Statements

Note 7. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Valued based on quoted prices in the active markets on which they are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2021 and 2020.

Investments at Fair Value—December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 131,987,566	\$ -	\$ -	\$ 131,987,566
Total investments at fair value	\$ 131,987,566	\$ -	\$ -	\$ 131,987,566

Investments at Fair Value—December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 128,126,181	\$ -	\$ -	\$ 128,126,181
Total investments at fair value	\$ 128,126,181	\$ -	\$ -	\$ 128,126,181

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Genesis Employer Contribution Plan

Notes to Financial Statements

Note 8. Risks and Uncertainties

The investments of the Plan are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

Note 9. Related-Party and Party-In-Interest Transactions

Plan investments in a fixed fund and certain mutual funds are managed by TLIC, a Plan custodian, and therefore transactions within these investments qualify as party-in-interest transactions.
