Allied Moulded Products, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Allied Moulded Products, Inc. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 10, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1—Description of plan

The following description of Allied Moulded Products, Inc. 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible employees of Allied Moulded Products, Inc. and PTI, Inc. (collectively the Company or Plan Sponsor) who have attained the age of 18 and who have met other certain eligibility requirements outlined in the plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute up to 90% of compensation, subject to Internal Revenue Code (the Code) limitations, in the form of Roth elective deferrals and pre-tax elective deferrals. New employees covered by the Plan are automatically enrolled in the Plan and will begin deferring 3% of their eligible compensation to the Plan, unless the participant revokes or changes this election. Participants who are automatically enrolled will have an additional 1% of their eligible compensation deferred each year up to a maximum of 6% of their eligible compensation. The Plan allows for employer matching and employer profit sharing contributions. Matching and profit sharing contributions for employees of the Company are provided at the discretion of the Board of Directors. The Company will match 50% of the first 6% of base compensation contributed by each eligible Plan participant. The Company's profit sharing contribution to the Plan as a percentage of eligible compensation of all qualified participants was 3% for the year ended December 31, 2021.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Company's contributions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their account balance, not to exceed \$50,000. Only one outstanding note receivable is permitted at any time and the note receivable repayment schedule can be no longer than 60 months unless it is used for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions. The interest rate is determined by the Plan Sponsor's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. The notes receivable is secured by the balance in the participant's account.

Note 1—Description of plan—continued

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time specified in the plan agreement. If a participant's balance is less than \$5,000 and a distribution election is not made, the full value of the account will be distributed in a single lump-sum within a reasonable period of time, either directly to the participant if the balance does not exceed \$1,000, or to an individual retirement account if the balance is between \$1,000 and \$5,000.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the employer contributions over a six year-period as described in the table below:

1 year of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

Forfeitures

Forfeited balances of terminated participant accounts are used to pay Plan administrative fees and reduce the Company's future profit sharing contributions. Unused forfeitures at December 31, 2021 and 2020 were \$72,631 and \$66,253, respectively. The 2021 profit sharing contribution receivable utilized \$50,000 of the \$72,631 unused forfeitures at December 31, 2021.

Plan termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become fully vested.

Note 2—Significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefit payments are recorded when distributed by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ALLIED MOULDED PRODUCTS, INC. 401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2021 and 2020

Note 2—Significant accounting policies—continued

Contributions

Employee salary deferrals and employer contributions are included in income during the period the related salary is earned.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Excess contributions payable to participants

Amount payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to applicable participants amount to approximately \$12,600 in 2022.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of the collective investment trust (a fully benefit-responsive investment), which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 4 for further discussion and disclosure related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan.

Net appreciation or depreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent events

The Plan has evaluated subsequent events through August 15, 2022, the date the financial statements were available to be issued and has determined there are no subsequent events that require disclosure.

Reclassification

Certain disclosures in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and the net appreciation (depreciation) in the value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company. Such information has not been examined by the independent auditors.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2021 .

NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2021 and 2020

Note 4–Fair value measurements–continued

Mutual Funds - valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trust Funds – valued at the net asset value of units of a bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

		Fair Value Measurements at December 31, 2021 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)
Description	Total			
Mutual funds	\$ 22,423,131	\$ 22,423,131	\$ 0	\$ 0

Note 4–Fair value measurements–continued

Description	Total	Fair Value Measurements at December 31, 2020		
		Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 19,169,267	\$ 19,169,267	\$ 0	\$ 0
Total investments in the fair value hierarchy	19,169,267	\$ 19,169,267	\$ 0	\$ 0
Investments measured at net asset value (a)	1,219,591			
Total investment assets at fair value	\$ 20,388,858			

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust fund has no unfunded commitments, a daily redemption frequency and requires a 1 day redemption period. The fair value of the common/collective trust funds' fair value is \$0 and \$1,219,591 at December 31, 2021 and 2020, respectively.

Note 5–Fully benefit-responsive investment contract

The Plan invests in the Metlife Stable Value Solutions Fund II, a fully-benefit-responsive collective investment trust (the CIT) through Fidelity. The CIT maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was \$ 1,283,336 and \$ 58,230, respectively. The credit interest rate is based on the Composite Crediting Rate. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting interest rate and the yield for the CIT were 1.52% and 1.60% as of December 31, 2021 and 2020, respectively.

ALLIED MOULDED PRODUCTS, INC. 401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2021 and 2020

Note 5—Fully benefit-responsive investment contract—continued

Certain events limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

As described in Note 2, because the CIT is fully-benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the GIC. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6—Tax status

The Plan is a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form at the underlying prototype document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

ALLIED MOULDED PRODUCTS, INC. 401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2021 and 2020

Note 8–Party-in-interest transactions

Certain Plan investments are shares of mutual funds or units of common/collective trust funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The Plan made direct payments to the trustee in the amount of approximately \$53,500 during 2021.

Note 9–Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 24,467,751	\$ 21,163,047
