INDEPENDENT AUDITORS' REPORT

To the Trustees
T Square Logistics Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of T Square Logistics Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section ─

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of 2021 Financial Statements section of our report. We are required to be independent of T Square Logistics Services 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about T Square Logistics Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of T Square Logistics Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about T Square Logistics Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of or for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of T Square Logistics Services 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

T SQUARE LOGISTICS SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

A. DESCRIPTION OF PLAN

The following description of T Square Logistics Services 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution profit sharing plan, formed on January 1, 2013, covering all eligible employees of T Square Logistics Services Corporation (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Participation. All employees, except leased employees and nonresident aliens, are eligible to participate in the Plan immediately upon employment with the Company. There are no age or service requirements.

3. Contributions. All employee contributions are elective deferrals pursuant to a salary reduction up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code (IRC) Sections 401(k), 402(g), 404 and 415. For the plan years ended December 31, 2021 and 2020, a participant's compensation taken into account under the Plan was limited to $290,000 and $285,000, respectively, as required by IRC Section 401(a)(17) as amended by OBRA '93. Total elective deferrals are limited to a maximum of $19,500 for plan years ended December 31, 2021 and 2020. Compensation includes the employees elective contributions.

   Participants age 50 or older, may elect to defer additional amounts, called "catch-up" contributions. The additional amounts may be deferred regardless of any other limitations. The maximum additional contribution amount for plan years ended December 31, 2021 and 2020 was $6,500.

   Additionally, the Company will make a Prevailing Wage Contribution (profit sharing contributions) on behalf of each participant who performs services subject to the McNamara O'Hara Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statutes. The Company will also make Employer matching contributions only when specifically required by a Collectively Bargained Agreement. The Company made prevailing wage and employer matching contributions of $453,904 and $391,728, respectively for the plan years ended December 31, 2021 and 2020.

4. Participant Accounts. Accounting records for individual participant accounts are maintained by a third-party administrator. Each participant account is credited with the participant's income deferral and a portion of the Company's contribution and profit sharing contribution, if applicable, and Plan earnings. Participants direct the investments of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between the funds daily. Each fund's investment income or loss, less any investment management fee, is allocated to participants' accounts based on their proportionate interest in the fund. The value of participant accounts will fluctuate with the market value of the securities in which the accounts are invested.

5. Vesting. Each participant shall at all times have a 100% vested interest in the balance of their account.

6. Administrative Expenses. All reasonable expenses of administration including, but not limited to, those involved in retaining necessary professional assistance may be paid from the assets of the Plan. The Company may, in its discretion, pay such expenses. The Plan administrative and investment fees were $50,967 and $40,871, respectively for the plan years ended December 31, 2021 and 2020.

7. Employee Rollovers. Employee rollovers from other qualified plans are accepted by the Plan for any eligible employee.

8. Payments of Benefits. The Plan does not allow withdrawals of contributions or earnings thereon by active employees of the Company, with the exception from rollover contributions, hardship distributions and for participants who have attained the age of 59 1/2. Hardship distributions may be received from participant's vested account consistent with the provisions of the IRC upon meeting certain requirements as defined by the Plan. On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of his or her account balance, irrespective of the vesting schedule. Upon termination of service, a participant may elect a lump-sum payment or have the payment paid as a direct rollover. An annuity payout option is not available.

A. DESCRIPTION OF PLAN (Continued)

9. Notes Receivable from Participants. The plan was amended in 2018 to allow participant loans with an effective date of August 1, 2018. Participants may now borrow from their fund account balance provided that the amount request is a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant may only have one loan outstanding at any time. Loans are treated as participant directed investments. Loan terms range from 1 to 5 years and are secured by the vested balance in the participant's account. Loans used to purchase a primary residence may be repaid within a period of no more than 30 years. Interest rates are determined at funding using the prime interest rate plus one percent at the time of the loan. Principal and interest are paid ratably through payroll period deductions. Participant loans are valued at their unpaid principal balance, plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. The interest rates on participant loans outstanding as of December 31, 2021 and 2020 ranged from 4.25% to 6.5%.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting. The accompanying financial statements for the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition. The Plan's investments are held and maintained by an investment custodian which is regulated, supervised and subject to periodic examination by Federal agencies. The Plan's investments are stated at fair value, with the exception of the fully benefit responsive investments. The Plan reports fully benefit responsive Guaranteed Investment Contracts investments ("GICs") at contract value (see Note D) as a single amount reflected separately in the Statements of Net Assets Available for Benefits. The Statement of Changes in Net Assets Available for Benefits, as it related to these fully benefit responsive investments, is presented on a contract value basis. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Cash equivalents are stated at cost which approximates market value.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's realized gains & losses and unrealized gains & losses on investments that bought and sold, as well as, held during the year.

4. Contributions. Contributions from participants and company contributions are recorded when the company makes payroll deductions. Contributions receivable represent amounts not yet deposited into the participants' individual accounts.

5. Risk and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

   There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan’s statement of net assets available for benefits and statement of changes in net assets available for benefits that are not within the Company's control. The Plan’s individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

6. Payment of Benefits. Benefits are recorded when paid

7. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are recorded when incurred. Delinquent notes receivable from active participants are reclassified as deemed distribution loans based upon the terms of the Plan documents. Any unpaid loan balance upon termination becomes due and payable in full immediately.

C. PLAN REVISION, AMENDMENT AND TERMINATION

The Company may revise and/or amend the Plan as deemed necessary to comply with changes in the Federal pension plan statutes and ERISA. Although T Square Logistics Services has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon the full termination of the Plan, the employer shall direct the distribution of the Plan assets to all eligible participants.

The Coronavirus Aid Relief and Economic Security Act ("CARES ACT") was passed by the U.S. Senate on March 26, 2020. Plan management approved an amendment to the Plan in response to the CARES Act, which permitted eligible Plan participants to request penalty free distributions until December 31, 2020 of up to the lesser of $100,000 or 100% of their vested balance for qualifying coronavirus related reasons. These reasons included adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to lack of childcare as a result of COVID 19. Additionally, the CARES Act waived the 10% penalty tax for early withdrawals, and any early withdrawals would be included in the impacted participant's taxable income over a three year period, unless the participant elected to have the withdrawal fully taxed in the year of distribution. There was no limit to the number of withdrawals each participant could make, and repayment of the withdrawal amounts are allowed if repayment occurs within three years of the distribution.

D. INVESTMENT IN INSURANCE CONTRACTS

As of December 31, 2021, the Plan maintained one GIC related investment option, the Voya Fixed Account issued by Voya Retirement Insurance and Annuity Company (VRIAC). The contract underlying this investment option are considered to be fully benefit responsive in accordance with ASC Topic 962, "Plan Accounting - Defined Contribution Benefit Plans" and is reported at contract value. Contract value is the amount participants would receive if they were to initiate a withdrawal under the terms of the Plan. The contract value of the investment in the Voya Fixed Account was $519,853 and $567,262 as of December 31, 2021 and 2020, respectively.

Contributions to Voya Institutional Trust Company (Voya) under this contract are maintained in a general account that is credited with contributions directed to the investment, plus interest credited, less Participant withdrawals and expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals or under limited circumstances for certain in service participant withdrawals. The fair value of the Voya Fixed account which consists of an underlying GIC owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participants may direct withdrawals for benefit payments or a portion of their investment to other investments offered under the Plan at contract value. There are no reserves against contract value for credit risk. There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days notice to Voya prior to redemption of the contract.

The crediting interest rates to participants for the Voya Fixed Accounts contract as of December 31, 2021 was 1.00%. The guaranteed minimum crediting interest rates for the contract for the year ended December 31, 2021 was 1.00%. VRIAC makes this guarantee, and although VRIAC may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 1.00%.

VRIAC’s determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan’s ability to transact at contract value with participants is probable.

E. INVESTMENTS CERTIFIED BY INVESTMENT CUSTODIAN

F. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ACS) 820 regarding Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts ("PSA"): PSA's are privately managed through investment companies and are not publicly quoted. PSA's are comprised, primarily, of shares of registered investment companies held through sub accounts of an insurance company. The PSA's are valued at their accumulation unit value ("AUV"). The AUV is determined daily based on a combination of the funds net asset value ("NAV") and the contract's separate account charges. The NAV is used as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAV's reported by the investment companies approximate the fair value of the investments.

F. FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts ("PSA") (continued): The PSA may be redeemed on a daily basis and investments in any class can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into that originating class until the 30 day period has expired. New contributions are allowed during this time period. There are currently no redemption restrictions or unfunded commitments on these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021 Fair Value Measurement			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts at NAV	$ 4,726,371	$ -	$	$ -
	$ 4,726,371	$ -	$ -	$ -

The Plan does not have level 3 assets so a separate table representing the changes in those assets is not presented.

	December 31, 2020 Fair Value Measurement			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts at NAV	$ 3,989,638	$ -	$	$ -
	$ 3,989,638	$ -	$ -	$ -

The Plan does not have level 3 assets so a separate table representing the changes in those assets is not presented.

Pooled separate accounts which are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the Statements of Net Assets Available for Benefits.

G. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	Year Ended December 31, 2021	Year Ended December 31, 2020
Net assets available for benefits per the financial statements	$ 5,340,614	$ 4,657,550
Less employer and employee contribution receivables	(44,667)	(42,490)
Net assets available for benefits per Schedule H of the Form 5500	$ 5,295,947	$ 4,615,060

The following is a reconciliation of contributions per the financial statements to Schedule H of Form 5500:

	Year Ended December 31, 2021	Year Ended December 31, 2020
Contributions per the financial statements	$ 685,797	$ 590,429
Plus prior year employer and participant contribution receivables	42,491	35,595
Less current year employer and participant contribution receivables	(44,667)	(42,490)
Total contributions per Schedule H of the Form 5500	$ 683,621	$ 583,534

H. ACCOUNTING PRONOUNCEMENTS RECENTLY ADOPTED

As of January 1, 2020, the Plan adopted Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 modified the disclosure requirements on fair value measurements in Topic 820. The amendments in ASU 2018-13 removed disclosures that no longer are considered cost beneficial, modified the specific requirements of certain disclosures, and added disclosure requirements identified as relevant. The adoption of ASU 2018-13 did not have a significant impact of the Plan's financial statement disclosures.

I. TAX STATUS

As of the issue date of these financial statements, the Internal Revenue Service has not issued a opinion letter for this plan. However, the plan administrator and tax counsel believe the Plan is designed to comply with and is currently operating in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

J. SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through August 22, 2022, the date the financial statements were available to be issued, for events requiring disclosure or recognition in the financial statements. Based on this evaluation, management has determined no subsequent events have occurred which require disclosure or recognition in the financial statement for the plan year ended December 31, 2021.

INDEPENDENT AUDITORS' REPORT

To the Trustees
T Square Logistics Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of T Square Logistics Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section ─

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of 2021 Financial Statements section of our report. We are required to be independent of T Square Logistics Services 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about T Square Logistics Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of T Square Logistics Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about T Square Logistics Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

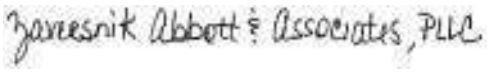

The supplemental schedule of assets held at end of year as of or for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of T Square Logistics Services 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

T SQUARE LOGISTICS SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

A. DESCRIPTION OF PLAN

The following description of T Square Logistics Services 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution profit sharing plan, formed on January 1, 2013, covering all eligible employees of T Square Logistics Services Corporation (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Participation. All employees, except leased employees and nonresident aliens, are eligible to participate in the Plan immediately upon employment with the Company. There are no age or service requirements.

3. Contributions. All employee contributions are elective deferrals pursuant to a salary reduction up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code (IRC) Sections 401(k), 402(g), 404 and 415. For the plan years ended December 31, 2021 and 2020, a participant's compensation taken into account under the Plan was limited to $290,000 and $285,000, respectively, as required by IRC Section 401(a)(17) as amended by OBRA '93. Total elective deferrals are limited to a maximum of $19,500 for plan years ended December 31, 2021 and 2020. Compensation includes the employees elective contributions.

   Participants age 50 or older, may elect to defer additional amounts, called "catch-up" contributions. The additional amounts may be deferred regardless of any other limitations. The maximum additional contribution amount for plan years ended December 31, 2021 and 2020 was $6,500.

   Additionally, the Company will make a Prevailing Wage Contribution (profit sharing contributions) on behalf of each participant who performs services subject to the McNamara O'Hara Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statutes. The Company will also make Employer matching contributions only when specifically required by a Collectively Bargained Agreement. The Company made prevailing wage and employer matching contributions of $453,904 and $391,728, respectively for the plan years ended December 31, 2021 and 2020.

4. Participant Accounts. Accounting records for individual participant accounts are maintained by a third-party administrator. Each participant account is credited with the participant's income deferral and a portion of the Company's contribution and profit sharing contribution, if applicable, and Plan earnings. Participants direct the investments of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between the funds daily. Each fund's investment income or loss, less any investment management fee, is allocated to participants' accounts based on their proportionate interest in the fund. The value of participant accounts will fluctuate with the market value of the securities in which the accounts are invested.

5. Vesting. Each participant shall at all times have a 100% vested interest in the balance of their account.

6. Administrative Expenses. All reasonable expenses of administration including, but not limited to, those involved in retaining necessary professional assistance may be paid from the assets of the Plan. The Company may, in its discretion, pay such expenses. The Plan administrative and investment fees were $50,967 and $40,871, respectively for the plan years ended December 31, 2021 and 2020.

7. Employee Rollovers. Employee rollovers from other qualified plans are accepted by the Plan for any eligible employee.

8. Payments of Benefits. The Plan does not allow withdrawals of contributions or earnings thereon by active employees of the Company, with the exception from rollover contributions, hardship distributions and for participants who have attained the age of 59 1/2. Hardship distributions may be received from participant's vested account consistent with the provisions of the IRC upon meeting certain requirements as defined by the Plan. On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of his or her account balance, irrespective of the vesting schedule. Upon termination of service, a participant may elect a lump-sum payment or have the payment paid as a direct rollover. An annuity payout option is not available.

A. DESCRIPTION OF PLAN (Continued)

9. Notes Receivable from Participants. The plan was amended in 2018 to allow participant loans with an effective date of August 1, 2018. Participants may now borrow from their fund account balance provided that the amount request is a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant may only have one loan outstanding at any time. Loans are treated as participant directed investments. Loan terms range from 1 to 5 years and are secured by the vested balance in the participant's account. Loans used to purchase a primary residence may be repaid within a period of no more than 30 years. Interest rates are determined at funding using the prime interest rate plus one percent at the time of the loan. Principal and interest are paid ratably through payroll period deductions. Participant loans are valued at their unpaid principal balance, plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. The interest rates on participant loans outstanding as of December 31, 2021 and 2020 ranged from 4.25% to 6.5%.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting. The accompanying financial statements for the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition. The Plan's investments are held and maintained by an investment custodian which is regulated, supervised and subject to periodic examination by Federal agencies. The Plan's investments are stated at fair value, with the exception of the fully benefit responsive investments. The Plan reports fully benefit responsive Guaranteed Investment Contracts investments ("GICs") at contract value (see Note D) as a single amount reflected separately in the Statements of Net Assets Available for Benefits. The Statement of Changes in Net Assets Available for Benefits, as it related to these fully benefit responsive investments, is presented on a contract value basis. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Cash equivalents are stated at cost which approximates market value.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's realized gains & losses and unrealized gains & losses on investments that bought and sold, as well as, held during the year.

4. Contributions. Contributions from participants and company contributions are recorded when the company makes payroll deductions. Contributions receivable represent amounts not yet deposited into the participants' individual accounts.

5. Risk and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

   There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan’s statement of net assets available for benefits and statement of changes in net assets available for benefits that are not within the Company's control. The Plan’s individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

6. Payment of Benefits. Benefits are recorded when paid

7. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are recorded when incurred. Delinquent notes receivable from active participants are reclassified as deemed distribution loans based upon the terms of the Plan documents. Any unpaid loan balance upon termination becomes due and payable in full immediately.

C. PLAN REVISION, AMENDMENT AND TERMINATION

The Company may revise and/or amend the Plan as deemed necessary to comply with changes in the Federal pension plan statutes and ERISA. Although T Square Logistics Services has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon the full termination of the Plan, the employer shall direct the distribution of the Plan assets to all eligible participants.

The Coronavirus Aid Relief and Economic Security Act ("CARES ACT") was passed by the U.S. Senate on March 26, 2020. Plan management approved an amendment to the Plan in response to the CARES Act, which permitted eligible Plan participants to request penalty free distributions until December 31, 2020 of up to the lesser of $100,000 or 100% of their vested balance for qualifying coronavirus related reasons. These reasons included adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to lack of childcare as a result of COVID 19. Additionally, the CARES Act waived the 10% penalty tax for early withdrawals, and any early withdrawals would be included in the impacted participant's taxable income over a three year period, unless the participant elected to have the withdrawal fully taxed in the year of distribution. There was no limit to the number of withdrawals each participant could make, and repayment of the withdrawal amounts are allowed if repayment occurs within three years of the distribution.

D. INVESTMENT IN INSURANCE CONTRACTS

As of December 31, 2021, the Plan maintained one GIC related investment option, the Voya Fixed Account issued by Voya Retirement Insurance and Annuity Company (VRIAC). The contract underlying this investment option are considered to be fully benefit responsive in accordance with ASC Topic 962, "Plan Accounting - Defined Contribution Benefit Plans" and is reported at contract value. Contract value is the amount participants would receive if they were to initiate a withdrawal under the terms of the Plan. The contract value of the investment in the Voya Fixed Account was $519,853 and $567,262 as of December 31, 2021 and 2020, respectively.

Contributions to Voya Institutional Trust Company (Voya) under this contract are maintained in a general account that is credited with contributions directed to the investment, plus interest credited, less Participant withdrawals and expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals or under limited circumstances for certain in service participant withdrawals. The fair value of the Voya Fixed account which consists of an underlying GIC owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participants may direct withdrawals for benefit payments or a portion of their investment to other investments offered under the Plan at contract value. There are no reserves against contract value for credit risk. There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days notice to Voya prior to redemption of the contract.

The crediting interest rates to participants for the Voya Fixed Accounts contract as of December 31, 2021 was 1.00%. The guaranteed minimum crediting interest rates for the contract for the year ended December 31, 2021 was 1.00%. VRIAC makes this guarantee, and although VRIAC may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 1.00%.

VRIAC’s determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan’s ability to transact at contract value with participants is probable.

E. INVESTMENTS CERTIFIED BY INVESTMENT CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as accurate and complete by Voya Retirement Insurance and Annuity Company, the trustee, for the plan years ending December 31, 2021 and 2020. Investments are stated at fair value except the Voya Fixed Account, which is stated at contract value.

F. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ACS) 820 regarding Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts ("PSA"): PSA's are privately managed through investment companies and are not publicly quoted. PSA's are comprised, primarily, of shares of registered investment companies held through sub accounts of an insurance company. The PSA's are valued at their accumulation unit value ("AUV"). The AUV is determined daily based on a combination of the funds net asset value ("NAV") and the contract's separate account charges. The NAV is used as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAV's reported by the investment companies approximate the fair value of the investments.

F. FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts ("PSA") (continued): The PSA may be redeemed on a daily basis and investments in any class can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into that originating class until the 30 day period has expired. New contributions are allowed during this time period. There are currently no redemption restrictions or unfunded commitments on these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021 Fair Value Measurement			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts at NAV	$ 4,726,371	$ -	$	$ -
	$ 4,726,371	$ -	$ -	$ -

The Plan does not have level 3 assets so a separate table representing the changes in those assets is not presented.

	December 31, 2020 Fair Value Measurement			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts at NAV	$ 3,989,638	$ -	$	$ -
	$ 3,989,638	$ -	$ -	$ -

The Plan does not have level 3 assets so a separate table representing the changes in those assets is not presented.

Pooled separate accounts which are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the Statements of Net Assets Available for Benefits.

G. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	Year Ended December 31, 2021	Year Ended December 31, 2020
Net assets available for benefits per the financial statements	$ 5,340,614	$ 4,657,550
Less employer and employee contribution receivables	(44,667)	(42,490)
Net assets available for benefits per Schedule H of the Form 5500	$ 5,295,947	$ 4,615,060

The following is a reconciliation of contributions per the financial statements to Schedule H of Form 5500:

	Year Ended December 31, 2021	Year Ended December 31, 2020
Contributions per the financial statements	$ 685,797	$ 590,429
Plus prior year employer and participant contribution receivables	42,491	35,595
Less current year employer and participant contribution receivables	(44,667)	(42,490)
Total contributions per Schedule H of the Form 5500	$ 683,621	$ 583,534

H. ACCOUNTING PRONOUNCEMENTS RECENTLY ADOPTED

As of January 1, 2020, the Plan adopted Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 modified the disclosure requirements on fair value measurements in Topic 820. The amendments in ASU 2018-13 removed disclosures that no longer are considered cost beneficial, modified the specific requirements of certain disclosures, and added disclosure requirements identified as relevant. The adoption of ASU 2018-13 did not have a significant impact of the Plan's financial statement disclosures.

I. TAX STATUS

As of the issue date of these financial statements, the Internal Revenue Service has not issued a opinion letter for this plan. However, the plan administrator and tax counsel believe the Plan is designed to comply with and is currently operating in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

J. SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through August 22, 2022, the date the financial statements were available to be issued, for events requiring disclosure or recognition in the financial statements. Based on this evaluation, management has determined no subsequent events have occurred which require disclosure or recognition in the financial statement for the plan year ended December 31, 2021.
