INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of
STRATTEC SECURITY CORPORATION Employee Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of STRATTEC SECURITY CORPORATION Employee Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STRATTEC SECURITY CORPORATION EMPLOYEE SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

For the years ended December 31, 2021 and 2020

Note #1 Description of Plan

The following summary description of the STRATTEC SECURITY CORPORATION Employee Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all United States employees of STRATTEC SECURITY CORPORATION (the "Company"). The purpose of the Plan is to permit eligible employees to reduce their compensation and have corresponding contributions made on their behalf to the Plan to provide additional income to the employees upon retirement. The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan also provides for an employer matching contribution as an incentive for employee participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All non-bargaining and bargaining unit employees with an agreement providing for participation in the Plan, excluding INROADS employees, leased employees and employees of a branch or division outside of the United States of America who are not paid in United States currency, are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code ("IRC"). In addition, "catch-up" contributions are allowed for those participants age 50 and over in addition to the maximum deferral amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments options offered by the Plan. Participants may change their percentage of salary reduction or elect to discontinue contributions effective with the beginning of any payroll period.

During 2019, the Plan instituted an auto-enrollment provision whereby all newly eligible bargaining employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a target date fund, based on the participant's date of birth, until changed by the participant.

Additionally, the Plan instituted an auto-escalation provision whereby all bargaining employees who affirmatively elected to contribute at a rate between 0% and 4% shall receive an annual 1% increase to their elective contributions beginning on October 1, 2019 and any subsequent October 1. The automatic increase will cease when the covered employee's rate of default elective contributions is 5% of the participant's compensation.

During 2016, the Plan instituted an auto-enrollment provision whereby all newly eligible non-bargaining employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a target date fund, based on the participant's date of birth, until changed by the participant.

Additionally, during 2016, the Plan instituted an auto-escalation provision whereby all non-bargaining employees who affirmatively elected to contribute at a rate between 0% and 4% shall receive an annual 1% increase to their elective contributions beginning on October 1, 2016 and any subsequent October 1. The automatic increase will cease when the covered employee's rate of default elective contributions is 5% of the participant's compensation.

The Plan provides for matching contributions that may be made by the Plan. During 2021 and 2020, the Company elected to make matching contributions of 100% of the participant's deferral to a maximum of 5% of the participant's eligible wages for both bargaining unit and non-bargaining unit employees. Contributions are subject to certain limitations as dictated by the Internal Revenue Service ("IRS") annually.

Note #1 Description of Plan (Cont'd)

Investment Options

Participants may direct all contributions in 1% increments between various investment options, with the exception of the STRATTEC SECURITY CORPORATION Stock Fund, Briggs & Stratton Corporation Employer Stock Fund and the Briggs & Stratton Corporation Paysop Rollover Account. Briggs & Stratton Corporation filed for Chapter 11 bankruptcy protection in July 2020. The Briggs & Stratton stock fund was eliminated in 2021 and all related assets were reinvested on a pro rata basis pursuant to the investment elections of the affected participants. Participants with these investments currently held in their account may elect to transfer funds from such investments to other investment options under the Plan.

Participants may change the investment of future contributions and/or account balances on a daily basis.

Participants may also direct contributions into the Principal Self-Directed Fund. The Principal Self-Directed Fund is an option that provides participants the ability to set up a self-directed fund through Principal, which allows participants to buy and sell mutual funds and individual securities not currently available in the Plan.

Vesting

All participants' accounts are fully vested at all times in both employee and employer matching contributions.

Notes Receivable from Participants

The Plan has a defined set of criteria for allowing notes receivable from participants. Eligible participants with account balances of at least \$2,000 may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, less defaulted loans (if any). Loans are repayable through payroll deductions over periods ranging up to 60 months for general purposes or 120 months for the purchase of a principal residence. The loans are secured by the balance of the participant's account and the Plan is set up to charge a reasonable rate of interest. The Plan is currently using a rate of interest at one percent greater than the prime rate in effect at the time the loan is extended. Loans are deemed impaired if they are 90 days past due. As of December 31, 2021, no loans were impaired. The range of interest rates for all loans outstanding as of December 31, 2021, was 4.25% to 6.50%.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. The net earnings of each of the investment funds are determined and allocated separately. The net earnings of each fund consist of the income from assets, which includes interest, dividends, gains or losses from the sale of assets and unrealized appreciation or depreciation, or specific participant transactions.

The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments

Distribution of an account balance will be made to the participant in the case of termination, or to the beneficiary in the event of death. Distributions of participant account balances of \$1,000 or less are made as soon as practicable following termination. Participants with account balances of \$1,000 or greater may elect to defer distribution of their account balance to a later date, but in no event later than April 1 of the calendar year following the calendar year in which they attain age 70 1/2.

Participants may elect to receive their distribution from common stock funds in common stock or cash. All other distributions are made in cash.

Note #2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note #2 Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balances plus any accrued but unpaid interest, less amounts defaulted (if any). Delinquent loans are treated as distributions based upon the terms of the plan document. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowances for credit losses have been recorded as of December 31, 2021 or 2020.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Investment related expenses are included in net appreciation of fair value of investments. During 2021, approximately \$176,000 of administrative expenses were paid from Plan assets.

Payment of Benefits

Benefits are recorded when paid.

At December 31, 2021 and 2020 there were no amounts included in the net assets of the Plan payable to terminated employees who have elected to receive a distribution from their account balances.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through August 30, 2022, which was the date that these financial statements were available for issuance. Management has determined that there were no other significant non-recognized subsequent events through that date.

Note #3 Fair Value Measurements

US GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note #3 Fair Value Measurements (Cont'd)

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuation based on inputs that are unobservable and significant to the overall fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual Funds/Money Market Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts

Wells Fargo/Black Rock S&P 500 Index investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The Wells Fargo Stable Return Fund is composed primarily of investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common Stocks

Valued at the closing traded price of shares held by the Plan at year end.

Self-directed Brokerage Accounts

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Note #4 Information Certified by the Trustee (Unaudited)

On June 18, 2021, the Company elected to change plan trustees and transferred the Plan's investments from Wells Fargo Bank, N.A. to the new trustee, Principal Trust Company.

The following financial data included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021 has been certified as complete and accurate by Wells Fargo Bank, N.A. and Principal Trust Company, qualified institutions, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest on notes receivable from participants, interest and dividends, and net appreciation in fair value of investments.

Note #5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

Note #6 Tax Status

The Plan has obtained a determination letter, dated June 17, 2015, in which the IRS stated that the Plan, as designed and amended, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note #7 Party-in-interest Transactions

Certain Plan investments are managed by Principal Trust Company, the trustee and, therefore, these transactions qualify as party-in-interest. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the plan or by the Company. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services. At December 31, 2021 and 2020, the Plan held 211 and 209 shares, respectively, of common stock of the Company, with a cost basis of \$2,220 and \$2199, respectively. Plan participants are prohibited from purchasing new shares of Company stock but can reinvest their dividends in additional shares of Company stock on their existing shares owned in the Plan.

Note #8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note #3 Fair Value Measurements (Cont'd)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			Total

Total Investments at Fair Value				<u>\$ 100,956,669</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measure at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per unit as of December 31,:

<u>Investments</u>	<u>2021 Fair Value</u>	<u>2020 Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trusts:				
Wells Fargo Stable Return Fund N	\$ 9,855,416	\$ 11,204,123	Daily	Daily

There were no unfunded commitments as of December 31, 2021 and 2020.

Note #4 Information Certified by the Trustee (Unaudited)

On June 18, 2021, the Company elected to change plan trustees and transferred the Plan's investments from Wells Fargo Bank, N.A. to the new trustee, Principal Trust Company.

The following financial data included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021 has been certified as complete and accurate by Wells Fargo Bank, N.A. and Principal Trust Company, qualified institutions, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest on notes receivable from participants, interest and dividends, and net appreciation in fair value of investments.

Note #5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

Note #6 Tax Status

The Plan has obtained a determination letter, dated June 17, 2015, in which the IRS stated that the Plan, as designed and amended, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note #7 Party-in-interest Transactions

Certain Plan investments are managed by Principal Trust Company, the trustee and, therefore, these transactions qualify as party-in-interest. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the plan or by the Company. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services. At December 31, 2021 and 2020, the Plan held 211 and 209 shares, respectively, of common stock of the Company, with a cost basis of \$2,220 and \$2199, respectively. Plan participants are prohibited from purchasing new shares of Company stock but can reinvest their dividends in additional shares of Company stock on their existing shares owned in the Plan.

Note #8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
