Independent Auditor's Report

The Plan Administrator
Utility Contracting Co.
Profit-Sharing Retirement Plan
Sparta, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Utility Contracting Co. Profit-Sharing Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Utility Contracting Co. Profit-Sharing Retirement Plan (the Plan) is provided for general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Utility Contracting Co. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 1, 2020, the Board of Directors appointed Principal Trust Company as the trustee and recordkeeper of the Plan. Plan assets and participant balances were transferred from Bank of America N.A. (Merrill Lynch) in December 2020.

Eligibility

Employees are eligible to participate in the Plan if they are 18 years or older and have completed at least 1,000 hours of service during the Plan year or have completed one year of employment with the Company, provided they are not a bargaining or leased employee. Employees working on construction projects subject to government contract are automatically eligible for enrollment in the Plan. Plan entry dates are January 1 and July 1 each year.

Contributions

The Plan was restated effective December 1, 2021 to allow participants to make contributions, including catch-up contributions. No participants elected to make contributions in 2021.

Each year, the Company may provide a profit-sharing contribution to the Plan as determined by the Company's Board of Directors. The contribution is generally limited to amounts allowable as a deduction under the Internal Revenue Code (IRC). For the years ended 2021 and 2020, a profit-sharing contribution was approved by the Board in the amount of $773,646 and $813,348, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution, Plan earnings, and forfeitures of terminated participants' non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their elective deferral and actual earnings thereon. Each participant is vested in their account balance based on years of vested service, as defined in the Plan Agreement. Participants vest at a rate of 20% per year, after two years of service, and become 100% vested after six years of service.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested account balances totaled $33,477 and $19,146, respectively. These amounts may be used to reduce future Company contributions or allocated to participants in addition to the Company contribution. For the years ended December 31, 2021 and 2020, $0 and $19,146, respectively, were reallocated to participants subsequent to year-end. For the years ended December 31, 2021 and 2020, $11,220 and $3, respectively, were used to reduce the Company's 2021 and 2020 administrative expense.

Payment of Benefits

Upon termination of service, due to death, disability, or retirement, participants may elect to receive payments in a lump-sum distribution, in the amount equal to the vested value of their account, as defined in the Plan Agreement. A participant's beneficiary may request payment of benefits at any time after a participant's death.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000 allowed through December 31, 2020.
- Suspended required minimum distributions for 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 25, 2022, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's investment in the fully benefit-responsive investment contract, which is stated at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for a discussion of fair value measurement.

Guaranteed investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value. Contract value is the relevant measurement because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract value represents net contributions plus interest at the contract rate. See Note 5 for a discussion of the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recognized on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and such changes could materially affect the participant's account balances and the amounts reported in the financial statements.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. During 2021 and 2020, fees relating to the annual recordkeeping charge, education and plan services fee, and annual advisory fees are charged directly to the participants' accounts and are included in the expenses.

The remainder of this page intentionally left blank.

3. Investments

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable, or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan's management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set for by level, within the fair value hierarchy, the Plan's fair value measurements:

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,775,670	$ -	$ -	$ 10,775,670
Total Investments, at fair value	$ 10,775,670	$ -	$ -	$ 10,775,670

December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,405,631	$ -	$ -	$ 11,405,631
Total Investments, at fair value	$ 11,405,631	$ -	$ -	$ 11,405,631

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the years then ended. Accordingly, Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

5. Guaranteed Investment Contract

The Plan invests in the Principal Guaranteed Option (PGO), a guaranteed investment contract. The PGO is a benefit-responsive contract entered into with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The PGO is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract has a 10% surrender fee should the Plan discontinue without proper notification as prescribed in the contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0% or greater than 3.0%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code.
- Premature termination of the contracts.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include the following:

- Any representation by the Plan becomes untrue or the Plan breaches any material obligation under the Plan.
- Any entity acting as an agent on behalf of the Plan either (i) fails to provide information that was reasonably requested and such failure is not remedied within 30 days, or (ii) fails to provide participant records that are necessary to confirm benefit events and transfers have been processed in accordance with the terms of the contract and is not remedied within 15 days.
- Communications to participants from the employer or Plan that influence the participants to withdraw or transfer all or a portion of the participants' interest.
- Adoption of an amendment to the Plan or change in practice that may be materially adverse to the obligations under the contract unless Principal Life announces the change is acceptable.
- The Plan retains a recordkeeper other than Principal Life and it is determined there has been a misrepresentation of a specific contract provision.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments include mutual funds and a guaranteed investment contract, managed by Principal Trust Company and Principal Life, the trustee and contract holder, respectively, of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to Principal Life were $9,360 and $1,795 in 2021 and 2020, respectively. Direct fees paid to Merrill Lynch, an affiliate of Bank of America N.A., for recordkeeping and other services were $13,667 and $67,915 in 2021 and 2020, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested.

8. Income Tax Status

The Company adopted the Principal Financial Group 401(k) Non-Standardized Pre-Approved profit-sharing plan. Principal Financial Group obtained an opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the Non-Standardized Pre-Approved profit-sharing plan is qualified, and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan has been amended subsequent to the IRS ruling. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.
