INDEPENDENT AUDITORS' REPORT

To Management of the
Pacific Maritime Group, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Pacific Maritime Group (PMG), Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of PMG, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PMG, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PMG, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PMG, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Line 4(i) - Schedule of Assets (Held at Year End) as of December 31, 2021 and (2) Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of PMG, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 – Plan Description

Description of the Plan

The following description of the Pacific Maritime Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Pacific Maritime Group, Inc. and Pacific Dredge Company is an adopting employer under this Plan, effective March 8, 2019 (collectively "PMG", the "Company" or the "Employer").

General

The Plan was adopted on January 1, 2006, was restated October 1, 2017 and amended June 30, 2020. The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

All investments in the Plan are participant-directed funds.

Eligibility

Employees are immediately eligible to make a salary reduction contribution if they are age 21 or older and have completed three months of service. Employees who have completed 1,000 hours of service in a specified 12-month period, are eligible to receive all other contributions.

Participant Contributions

Participants may elect to contribute up to 100% of their compensation through pre-tax or Roth deferrals. For the year ended December 31, 2021, contributions were limited to an annual amount of \$19,500 per participant. In addition, participants who are age 50 or older as of the end of the year may be eligible to make additional "catch-up" contributions. Such maximum additional contribution was \$6,500 for 2021 (for a maximum annual contribution of \$26,000). The Plan contains an automatic enrollment provision. Unless affirmatively elected otherwise, employees are automatically enrolled in the Plan upon meeting eligibility requirements. The default contribution rate for automatic enrollment is 3% of pre-tax annual compensation. Unless elected otherwise, participant deferrals are automatically escalated on the first day of the plan year, by 1% of compensation, up to a maximum of 10%. Participants may also contribute amounts representing roll overs from other qualified defined benefit or defined contribution plans.

Employer Matching Contributions

The Plan allows for the Employer to make discretionary matching contributions. These matching contributions are calculated based on employee pay and elective deferrals for the payroll period providing the eligibility requirements are met. If the Employer makes a matching contribution, the percentage of elective deferral matched and the limit of deferrals matched may be different for persons in different groups determined by the Employer for the plan year. For this purpose, the groups are defined as Union Employees ("Group 1") and Non-union Employees ("Group 2"). Any percentage chosen by the Employer will be effective for the entire year. For the year ended

PACIFIC MARITIME GROUP, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 – Plan Description (continued)

Employer Matching Contributions (continued)

December 31, 2021, the Employer contributed discretionary matching contributions equal to 50% of the first 5% of pay (including catch-up contributions) for Group 1 and Group 2 employees.

The Plan also allows for the Employer to make discretionary contributions which are allocated to eligible employees as of the last day of the plan year. After meeting the initial 1,000 hour requirement to receive other contributions, participants who were active participants at any time during the year and are employed with the Company on the last day of the year or have more than 500 hours of service during the plan year, are eligible for continued Employer matching contributions.

The Plan also allows for the Employer to make discretionary qualified nonelective contributions, which are allocated to each non-highly compensated employee who was an active participant during the plan year, not to exceed 5% of all eligible participants pay for that year.

In addition, the Plan may make another discretionary qualified nonelective contribution each year to certain non-highly paid employees.

Participant Accounts

Each participant's account is credited with participants' contributions, Employer contributions and allocations of Plan earnings or losses (net of administrative fees). Allocations are based on participant earnings or losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary reduction contributions and rollover contributions plus actual earnings thereon. Participants are immediately 100% vested in all qualified nonelective contributions. Vesting in the Employer's matching and discretionary contributions is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3 or more	100%

Participants become 100% vested in Employer matching and discretionary contributions upon reaching retirement age, death, or disability.

Forfeitures

Any participant who terminates employment prior to the normal retirement date for reasons other than death or disability generally forfeits all non-vested Employer contributions. Forfeitures of non-vested participant accounts can be used to first reduce Plan expenses and then to reduce future Employer contributions. Forfeitures can also be used to increase discretionary Employer contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$6,801

Note 1 – Plan Description (continued)

Forfeitures (continued)

and \$1,711, respectively. During the year ended December 31, 2021, \$1,767 of forfeitures were used to reduce Employer contributions and cover expenses.

Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) \$50,000, reduced by the highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a \$1,000 minimum. Notes are secured by the vested balance in the participant's account. Participants may have three loans outstanding at a time and may be granted two loans during any one-year period.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a principal residence, in which case the maximum repayment period will not be longer than ten years or the repayment period currently in effect for a commercial home loan. New notes bear interest at rates available for similar loans from commercial lending institutions and are fixed at the inception of the note. As of December 31, 2021 and 2020, the interest rates on outstanding participant loans ranged from 4.25% to 6.50%. As of December 31, 2021, the outstanding notes mature through 2027.

Benefits Paid to Participants

Upon termination of service for any reason, a participant's vested account balance below \$5,000 will be distributed in a single lump sum payment. Per the Plan, Federal law requires the Plan to automatically roll your vested account to an IRA in a direct rollover if:

- your vested account is more than \$1,000
- you have not reached age 65
- you do not elect to have your vested account paid to you in a single sum or rolled to another retirement plan or an IRA of your choice in a direct rollover

Upon disability, death, hardship, or retirement age (defined by the Plan as age 65), participants may elect to receive a distribution of their account in a lump sum, or defer distribution if the account exceeds \$5,000. The participant may elect to rollover to another Plan, IRA, or receive a lump-sum distribution or to receive their account balance in installments.

Distributions are submitted to the Plan Administrator for review and approval. Upon approval, they are forwarded to the Trustee for processing. As of December 31, 2021 and 2020, there were no distributions payable to the Plan participants.

In addition, participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

PACIFIC MARITIME GROUP, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 – Plan Description (continued)

Administrative Expenses

The Plan allows the reasonable costs of administering the Plan to be paid from the Plan assets. Amounts paid by the Plan are deducted directly from participants' accounts. Plan expenses that are charged directly to participants' accounts include qualified domestic relations order ("QDRO") fees, fees associated with notes receivable from participants, origination and annual maintenance fees, recordkeeping fees, and distribution fees and other third-party administrator and advisor fees. During the year ended December 31, 2021, third-party administrative expenses paid by the Plan and usage of forfeited non-vested accounts were \$21,541. All other administrative expenses related to the operations of the Plan were paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contribution accounts. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "Cares Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "Secure Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes were adopted on June 30, 2020 in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Also, another CARES Act amendment was issued during 2020 that includes special repayment provisions for individuals that elect to repay all, or part of the amount distributed to them as a Coronavirus-related distribution ("CRD"). The CRD repayments will be treated as direct rollover contributions and repayments are accepted for up to three years after the date the CRD was received by the individual.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plans investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan performs fair value measurements in accordance with the FASB Accounting Standards Codifications ("ASC") 820, *Fair Value Measurement*. See Note 4 for the fair value measurement disclosures associated with the Plan's investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make note repayments and the Employer considers the note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2021, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Information Certified by the Custodians

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company have certified to the completeness and accuracy of all investments and related investment activity in the accompanying statement of net assets available for benefits as of December 31, 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

Note 4 – Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the fair value methodology used at December 31, 2021 and 2020.

Common/collective trusts – These funds invest in growth and value stocks of small, medium and large market capitalization companies, fixed-income securities, domestic and foreign securities, securities denominated in foreign currencies, investment companies (including index funds), securitized products, U.S. government and U.S. government-sponsored securities and derivatives. The Net Asset Value ("NAV") of the funds is calculated in a manner consistent with investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction.

Pooled separate accounts – Pooled separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The separate account assets include, but are not limited to, contributions invested in domestic and international common stocks, high-quality short-term debt securities, real estate, private market bonds and mortgages, and high-yield fixed income securities that are slightly below investment grade, all of which are valued at fair value.

Note 4 – Fair Value Measurements (continued)

Pooled separate accounts (continued) - The NAV of each of the separate accounts is calculated in a manner consistent with investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the NAV of the separate account, which is not publicly quoted. The fair value of the underlying mutual funds and equity securities are based on quoted prices of identical assets.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Note 5 – Party-In-Interest Transactions

Certain Plan investments are managed by Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Financial Group are the Custodians of the Plan and therefore, these transactions qualify as exempt party-in-interest transactions. Investment fees incurred to the Custodians are not separately stated and are included as a component of net realized and unrealized appreciation (depreciation) in the fair value of investments in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.

Note 6 – Income Tax Status

The Plan utilizes a Defined Contribution Volume Submitter Plan of a third-party administrator. The third-party administrator obtained an advisory letter, in which the Internal Revenue Service (“IRS”) stated that the document is designed and in compliance with the applicable requirements of the Code. Although the document has been amended and restated since receiving this determination letter, the Plan Administrator, the Plan's trustees and third-party administrator believe the Plan is designed and currently operating in compliance with the applicable requirements of the Code; and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Note 8 – Prohibited Transactions

During the years ended December 31, 2021, 2020 and 2019, the Company failed to timely deposit participant contributions and loan payments of \$2,401, \$15,205 and \$10,825, respectively, within the timeframe required by the U.S. Department of Labor regulations. These late deposits for 2020 and 2019 were corrected in 2021. The late deposits for 2021 are considered prohibited transactions and are expected to be corrected in 2022.
