INDEPENDENT AUDITOR'S REPORT

To the Management and Plan Administrator of the
Sterling Computers Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sterling Computers Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the supplemental schedule as of and for the year ended December 31, 2021, as listed in the accompanying table of contents and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 5, which was certified by ADP Retirement Services, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2021 and 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2021, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sterling Computers Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

1. DESCRIPTION OF PLAN

The following description of the Retirement Savings Plan (the Plan) for employees of Sterling Computers provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was effective January 1, 2004. The Plan is a defined contribution plan allowing all employees to make contributions. Eligibility for participation in the Plan is based upon having attained age 18. Plan entrance dates are the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to \$19,500 of their compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year may make an additional \$6,000 as a maximum catch-up deferral contribution into the Plan, allowable under the Tax Code. Tax on the pre-tax amounts contributed is deferred until the funds are withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, and fixed income funds as investment options for participants. Participants may change their investment options daily via telephone or internet.

Sterling Computers makes a matching Safe Harbor contribution equal to 100 percent of the first 3 percent, and 50 percent of the subsequent 2 percent of an employee's aggregate salary contribution reduction to the extent the aggregate contribution does not exceed 5 percent of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan has adopted Safe Harbor provisions and participants are immediately eligible and vested in Sterling Computer's contribution plus actual earnings thereon. Employer matching and additional contributions other than the Safe Harbor contributions vest at a rate of 25 percent for each year of service until a participant is 100 percent vested after four years of continuous service. Continuous service is one in which the employee has had 1,000 or more service hours per year.

Benefits

The Plan provides for normal retirement benefits to be paid upon attaining age 65 or actual retirement

Sterling Computers Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

date, if later; and for total disability and death benefits for employees and/or beneficiaries eligible to receive such benefits. Total disability and death benefits are determined in accordance with the provisions of the Plan. Upon termination of services, if a participant's vested account is not greater than \$5,000, the vested portion of the account shall be distributed to the participant in a single lump sum payment.

Distribution Requirements

Distributions to a participant are required when a participant reaches age 72.

Forfeited Accounts

During the year ended December 31, 2021 and 2020, forfeited non-vested accounts totaled \$6 and \$5,086, respectively. These accounts were used or will be used to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000. Participants may have a maximum of two such loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at rates that are based on the prime rate of interest published by any lending institution as of the date of the loan plus two percent. The notes are presented on the accrual basis of accounting.

Once the interest rate is determined, the amount of the loan will be amortized according to the selected repayment terms. Each repayment will include both principal and interest until the loan is no longer outstanding in the plan.

With limited exceptions, loans are required to be repaid through level installment payments at least quarterly, over a period not to exceed five years. Upon termination, the participant is required to pay off the loan balance or have the outstanding loan treated as a taxable distribution. Management believes the loans have a high probability of being collected and thus they have decided not to accrue an allowance for uncollectible notes from participants. Since its implementation in the Plan, none of the notes receivable have been written off as uncollectible.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America and in accordance with the terms of the plan agreement.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates

Sterling Computers Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are carried at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is measured at the end of the year if there is an active market for the investment. For investments with no quoted market price, fair market value is determined based on the yields currently available on similar instruments. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and capital gains include the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the plan are paid by the Plan.

Subsequent Events

The plan has evaluated subsequent events through July 27, 2022, the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, Sterling Computers has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participant accounts would become 100% vested and non-forfeitable as of the effective date of complete termination of the Plan.

4. INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of Plan asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian as of December 31, 2021 and 2020, and for the year ended December 31,

Sterling Computers Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

2021, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

ADP Retirement Services certified to the completeness and accuracy of \$17,646,710 and \$13,438,962 of total investments as of December 31, 2021 and 2020, respectively, \$1,734,067 of net appreciation in fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investment held during the year), and \$1,542 of interest and dividend income on investments for the year ended December 31, 2021.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Boards (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Quoted market prices in active markets for identical assets or liabilities. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from and corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Unobservable inputs that are not corroborated by market data. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: The shares of mutual funds are actively traded in a public exchange and the quoted prices at which these securities trade in the exchange are readily available. These quoted prices are used to determine the fair values of mutual fund shares held by the Plan at year-end. Mutual funds are classified as Level 1 investments.

Common/collective trusts: Valued at the fair value of shares held by the plan at year end. Inputs for valuation and other share value disclosures can be found in the plan's commingled pool participation agreement, prospectus, or through each fund's investment manager provider.

Sterling Computers Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Pooled separate account: The pooled separate account is invested in underlying assets which are valued using the observable net asset value of identical or similar assets. Mutual funds within the pooled account are valued at the fair value of shares held by the Plan at year end. While the assets of the pooled account have observable input, the value of the pooled separate account itself is not observable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021 and 2020.

<i>Investment Assets at Fair Value as of December 31, 2021</i>

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into multiple traditional fully benefit-responsive investment contracts with ADP Retirement Services. These contracts meet the fully benefit-responsive investment contract criteria and

Sterling Computers Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by ADP Retirement Services, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contracts at December 31, 2021 and 2020 was \$0 and \$158,565, respectively.

ADP Retirement Services maintains the contributions from all contracts in a general account. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than a guaranteed rate based on the contract. Such interest rates are reviewed on a quarterly basis for resetting. Below is a summary of the guaranteed interest rates by contract as of December 31, 2021 and 2020.

Average yields:	<u>2021</u>	<u>2020</u>
	<u>Plan as a whole</u>	<u>Plan as a whole</u>
Based on actual earnings	N/A	1.27%
Based on interest rate credited to participants	N/A	1.27%

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ADP Retirement Services is the custodian of the Plan therefore these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the years ended December 31, 2021 and 2020 to ADP Retirement Services were approximately \$50,000 and \$0 respectively. Separately, investment expenses paid to other fund managers through fund operating expense ratios amounted to approximately \$25,000 for the year ended December 31, 2021.

8. TAX STATUS

The Internal Revenue Service has not yet determined and informed Sterling Computers that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). However, the plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities, including the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are

NOTES TO FINANCIAL STATEMENTS

currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
