REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator and Participants of the
Educational Testing Service 403(b) Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We were engaged to perform an audit of the financial statements of Educational Testing Service 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion on the 2021 financial statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 financial statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for disclaimer of opinion on the 2021 financial statements
As described in Note 10 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the 2021 financial statements may have been affected by these conditions.

Responsibilities of management for the 2021 financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the 2021 financial statements
Our responsibility is to conduct an audit of the Plan’s financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor’s report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 financial statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section on the 2021 financial statements of our report, it is inappropriate to and we do not express an opinion on the 2021 supplemental schedule referred to above.

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that because of the significance of the information that we did not audit and because the Plan had not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009 and because the Plan excluded from investments in the statement of net assets available for benefits, certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009 as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* as well as the exclusion of investment income and distributions related to such accounts from the statement of changes in net assets available for benefits, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

1. DESCRIPTION OF THE PLAN

The following description of the Educational Testing Service 403(b) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan's provisions.

General

Educational Testing Service ("ETS") established the Plan for the benefit of eligible employees in order to provide retirement income benefits through annuity contracts and custodial accounts that satisfy the requirements of Section 403(b) of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is a defined contribution plan covering all U.S. based employees of ETS except those permitted to be excluded under applicable Treasury regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by ETS, the Plan sponsor, under the direction of the ETS Employee Benefits Administration Committee (the "Committee").

Contributions

Subject to the Internal Revenue Service ("IRS") limitations, eligible employees can defer or contribute up to 100% of their base salary, excluding overtime and discretionary pay. Employees age 50 years or older may elect to defer additional amounts ("catch-up contributions") to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of their base salary, excluding overtime and discretionary pay.

For those that meet the eligibility requirements and also work in a job classification eligible for matching contributions, ETS matches certain employee contributions at 100% up to the first 3% of their base pay that is contributed to the Plan, subject to IRS limitations. There is no employer match for catch-up contributions. Employees who work in a job classification eligible for matching contributions may make additional after-tax nondeductible contributions. Eligible employees may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Vesting

Participants are immediately 100% vested in their contributions and employer contributions, plus earnings thereon.

Benefits

In the event a participant's employment with ETS is terminated, employee and employer contributions will cease and benefits will become eligible for distribution. Participants may choose from various distribution options, including single lump sum, periodic withdrawals or annuity purchases.

In the event of a participant's death after retirement benefits have commenced, payments to the spouse or other beneficiary will be made under the terms of the payment method in effect at the time of death. If there is no payment method in effect, the spouse or other beneficiary will make an election from the payment methods available.

Minimum required distributions for participants who have reached age 70½ apply per IRS regulations. Effective January 1, 2020, the minimum required distribution age was increased to 72 in accordance with Setting Every Community up for Retirement Enhancement Act ("SECURE Act").

Participant Accounts

The Plan offers a variety of mutual funds as investment options, as well as a self-directed brokerage account, for participants through Fidelity Management Trust Company ("Fidelity"), which is the only service provider currently accepting contributions. Participants in the Plan prior to July 1, 2007 may have a portion of their investments in other funds that were offered previously under the Plan.

Participant accounts are self-directed and are based on participant allocations to investment elections available under the Plan. Balances may not be transferred from Fidelity to investment accounts that are no longer available for new contributions under the Plan.

Participant accounts are credited with employee contributions and employer matching contributions, realized and unrealized investment gains and losses, interest and dividends received and charged with an allocation of administrative expenses incurred by the investment fund as a whole. The benefit to which a participant is entitled is the accumulated value of the participant's account. The purchase of certain annuity contracts represents payment of annuities to participants. Once these annuities are purchased they are no longer included in Plan assets.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, but not to exceed the greater of 50% of the total account balance, or $50,000 minus the sum of all of the highest outstanding loan balances during the past 12 months. Participants may have a maximum of two loans outstanding and loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans bear interest at the prime rate at the time of the initiation of the loan plus 2%. The interest rate and repayment amounts (principal and interest) are fixed for the life of the loan. Principal and interest is paid ratably through payroll deductions. Interest rates on outstanding loan balances as of December 31, 2021 range from 5.25% to 7.50% and December 31, 2020 range from 5.25% to 8.75%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The fully benefit-responsive portion of the Plan's fixed rate annuity contract with Teachers Insurance and Annuity Association ("TIAA") is reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals (see Note 4). All other Plan investments, including the Plan's interest in non-fully benefit-responsive contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by its trustees and custodians. In determining fair value, the Plan uses various valuation approaches, including the observability of prices and inputs as well as net asset value ("NAV") per share, as the practical expedient. See Note 5 for additional fair value disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's realized and unrealized gains and losses on investments. Interest and dividends are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees incurred are recorded as administrative expenses. There are no credit losses for the notes receivable as of December 31, 2021 and 2020. Delinquent participant loans that are deemed to be in default are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Costs incurred in the administration of the Plan are paid either by the participants through account administrative fees, which are netted against investment activity, or by the Plan. The total cost of Plan administration is partially offset by Plan revenue credits which are reported in "Other income" on the Statement of Changes in Net Assets Available for Benefits.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. The 12b-1 fees, which are ongoing annual fees allowable under Section 12b-1 of the Investment Company Act of 1940, are deducted from earnings to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and are not separately identifiable as an expense.

Benefit Payments

Benefit payments are recorded when paid.

3. INVESTMENT CERTIFICATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and College Retirement Equities Fund ("CREF"), Fidelity, DWS Trust Company, The Variable Annuity Life Insurance Company ("VALIC"), and the Bank of New York Mellon, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.

- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Schedule H, Line 4(i) of Form 5500 - Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's independent certified public accountants did not perform auditing procedures with respect to the aforementioned information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FIXED-RATE ANNUITY CONTRACT, AT CONTRACT VALUE

The Plan invests in the TIAA Traditional Annuity, which is a fixed-rate contract that is fully and unconditionally guaranteed by TIAA. The Plan's TIAA Traditional Annuity investments are through the Supplemental Retirement Annuity ("SRA"), the Group Supplement Retirement Annuity ("GSRA") and the Retirement Choice Plus Contract ("RCP") and are fully benefit-responsive. Investments in the TIAA Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rate is calculated on a daily basis. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution on the Statement of Changes in Net Assets Available for Benefits. The SRA, GSRA, and RCP contracts provide for full participant-directed liquidity. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, or that limit the ability of the Plan to transact at contract value with participants.

5. FAIR VALUE MEASUREMENTS

The accounting framework for measuring fair value provides a hierarchy that prioritizes the inputs for valuation techniques. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The most observable inputs are used when available. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan also follows the accounting guidance for measuring fair value using NAV as a practical expedient. The practical expedient allows for measurement, without adjustment, for certain investments that do not have a readily determinable fair value, and who prepare financial statements consistent with the principles of an investment company. NAV is reported by recordkeepers, which may use third-party pricing sources, and is determined principally from the fair value of the underlying investment holdings.

The following are descriptions of the valuation methodologies and inputs used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds - The Plan's investments in registered investment companies are valued at quoted market prices at the close of the last business day of the year, and classified as Level 1.

Fixed-rate annuities - The Plan's fixed-rate annuities are primarily within the TIAA Traditional Annuity, with an investment through the Retirement Annuity ("RA"), a fixed rate contract that is non-fully benefit-responsive. Observable prices for identical or similar investments do not exist, and it is classified as Level 3. The fair value of the contract equals the accumulated contributions and interest credited to the contract, less any withdrawals.

Investments in the TIAA Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The average annual yield and accumulated crediting interest rates for the RA were both approximately 3.0%, net of annual fees, for the year ended December 31, 2021. The average annual yield and accumulated crediting interest rates for the RA were approximately 3.5% and 3.1% , respectively, net of annual fees, for the year ended December 31, 2020. The crediting interest rate is calculated on a daily basis. The RA contract does not allow lump-sum cash withdrawals and transfers must be distributed over 10 annual installments.

Variable annuities - CREF variable annuity investments include shares in registered investment companies that are valued at quoted market prices at the close of the last business day of the year, and classified as Level 1.

Pooled separate account - The TIAA Real Estate account invests in real estate properties and related investments, principally valued based on the market value of its holdings. The pooled separate account is valued at quoted market prices at the close of the last business day of the year, and classified as Level 1.

Self-directed brokerage account - Participant self-directed investments in a Fidelity account consisting of mutual funds are valued at quoted market prices at the close of the last business day of the year, and classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may result in a different fair value measurement at the reporting date.

As of December 31, 2021 and 2020, investments measured at fair value are as follows:

	2021			
Investment Category	**Level 1**	**Level 2**	**Level 3**	**Total**

(*) Non-fully benefit-responsive component of fixed-rate annuities.

(**) In accordance with the accounting guidance for fair value measurements, certain investments that are measured using NAV have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The Plan's variable annuities measured at NAV relate to VALIC investments. There are no unfunded commitments or redemption restrictions for these investments. The majority of VALIC investments is comprised of U.S. equity funds, which invest in a diversified portfolio of primarily domestic common stock to achieve a long-term rate of return through capital appreciation and income while also considering certain social criteria.

There were no transfers into or out of Level 3 investments for the plan year ended December 31, 2021. Contributions and purchases of the Plan's Level 3 investments for the year ended December 31, 2021 totaled $10,592,303.

As of and for the years ended December 31, 2021 and 2020, additional qualitative information about unobservable inputs related to the Plan's significant Level 3 investments are as follows:

Type (*)	2021 Fair Value	2020 Fair Value	Valuation Technique	Unobservable Inputs	Range
Fixed-rate annuities	$ 118,650,146	$ 120,802,539	Discounted cash flow and Theoretical transfer	Risk-adjusted discount rate	RA: 3.00% - 4.45%

(*) Non-fully benefit-responsive component of fixed-rate annuities.

6. TAX STATUS

The Plan has been designed to meet the requirements under Section 403(b) of the Code and is an individually designed Plan. The Plan is required to operate in conformity with Section 403(b) of the Code to maintain the tax-exempt status for plan participants. The Plan administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of Section 403(b) of the Code.

ETS evaluated the Plan's tax positions and concluded that the Plan maintained its tax-exempt status, and there are no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes is required in the financial statements as of December 31, 2021 and 2020. The Plan is subject to routine examinations by taxing jurisdictions. An examination by the IRS for the 2016 - 2019 plan years concluded in May 2022.

7. PLAN TERMINATION

ETS has not expressed any intent to discontinue the Plan, although it may do so at any time in whole or in part. In the event of termination, all participants would receive distributions as they become due in accordance with the terms of the Plan.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options which are exposed to various risks, such as interest rate risk, market risk, credit risk, and also may be impacted by COVID-19, which has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term may materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. The volatility of the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2021 may not necessarily be indicative of amounts that may be realized in a current market exchange.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by the custodians and recordkeepers of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid for investment management services are reported in "Net appreciation in fair value of investments" on the Statement of Changes in Net Assets Available for Benefits.

10. ACCOUNTING AND PAYROLL RECORDS

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. The DOL acknowledged in its Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) plans* that full annual reporting compliance "may not be possible" and "the guiding principle must be to ensure that the appropriate efforts are made to act reasonably, prudently, and in the interest of the Plan's participants and beneficiaries." Notwithstanding the DOL's specific recognition of the "compliance challenges" engendered by its new requirements, U.S. GAAP provides no such relief requiring all contracts and custodial accounts be included and maintained.

Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by ETS. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not required to be maintained by the Plan, nor maintained or retained by service providers at the Plan level. Consequently, the Plan's financial statements have been prepared based on available records analyzed by ETS. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

11. SUBSEQUENT EVENTS

ETS has evaluated all material transactions or events that occurred after December 31, 2021 through August 23, 2022, the date the Plan's financial statements were available to be issued and has determined there were no subsequent events requiring adjustment to, or disclosure in, the Plan's financial statements.
