INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee of the
PolyPeptide Laboratories, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

POLYPEPTIDE LABORATORIES, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document, adoption agreement and the summary plan description for a more complete description of the Plan’s provisions. The sponsor of the Plan is PolyPeptide Laboratories, Inc. (the “Company” or “Plan Sponsor”).

General: The Plan is a qualified retirement plan which permits contributions by participants as defined under Section 401(k) of the Internal Revenue Code (“Tax Code”). The Plan is a defined contribution plan covering substantially all employees of the Company and PolyPeptide Laboratories San Diego, LLC 401(k) who have completed three months of service and have attained age twenty-one. Participation commences on the first day of the month following completion of the eligibility requirements. Effective May 2019, eligible participants who have no deferral election or a 0% deferral election are automatically enrolled in an initial pre-tax deferral contribution of 3% unless they opt-out of participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Trustee, Recordkeeper, and Custodian of Assets: Fidelity Management Trust Company (“Fidelity” or “Trustee”) is the Plan’s trustee, recordkeeper and custodian of assets.

Participant Contributions: Each year, participants may contribute up to 100% of their eligible compensation as defined in the Plan, with an annual Internal Revenue Service (“IRS”) limit of \$19,500 for 2021 and 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of \$6,500 for 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants.

Employer Contributions: The Company may make a discretionary matching contribution that equals a percentage of the participant’s elective contribution. The Company’s matching contribution was 100% of a participant’s contribution, up to a maximum of 3% of the participant’s eligible compensation, 75% of a participant’s contribution, from 3% to 5%, and 50% of a participant’s contribution from 5% up to a maximum of 6%. Beginning on September 12, 2021, the Company’s matching contribution was 100% of a participant’s contribution up to a maximum of 6%. The Company’s matching contributions totaled \$890,705 and \$712,002 for the years ended December 31, 2021 and 2020, respectively.

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least 3 months of service and be employed on the last day of the Plan year in order to receive the profit sharing contribution. For 2021 and 2020, the profit sharing contribution was equal to 3% of a participant’s eligible compensation. The Company’s profit sharing contributions totaled \$546,097 and \$464,187 for the years ended December 31, 2021 and 2020, respectively, and are recorded as contributions receivable.

During 2020, the Company elected to make an additional discretionary profit sharing contribution to participants totaling \$31,409 related to the 2019 Plan year.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant Accounts: An account is maintained for each participant. Each participant's account is credited with the participant's elective deferral, the employer's matching contribution, an allocation of the Company's profit sharing contribution, if applicable, and an allocation of the Plan earnings or loss. Each participant's account is charged with benefits paid to the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested immediately in their elective contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The following 3-year graded vesting schedule applies to any contribution to the Plan made by the Company: 1 year – 33%, 2 years – 66%, and 3 years – 100%.

Participants in the Plan's Torrance location who were not employed by the Plan Sponsor as of July 8, 2017 vest in contributions made to the Plan by the Company as follows: 1 year – 0%, 2 years – 20%, 3 years – 40%, 4 years – 60%, 5 years – 80%, and 6 years – 100%.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at various rates, which are commensurate with local prevailing rates as determined quarterly by the Plan Trustee. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's assumed life expectancy or the assumed life expectancy of the participant and his or her beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Provisions: Upon approval of the Plan Sponsor, participants may make taxable withdrawals for reasons of immediate and heavy financial need as defined by the Tax Code.

Forfeited Accounts: Participants are always fully-vested in their deferral and rollover contributions to the Plan and the earnings thereon. If a participant terminates service prior to becoming fully vested in employer matching or profit sharing contributions, any account balance that is not vested is subject to forfeiture. Forfeitures can be used either to pay administrative expenses or to reduce employer contributions. As of December 31, 2021 and 2020, the forfeitures account balance was \$64,074 and \$3,395, respectively. Forfeitures of \$0 and \$8,800 were used to reduce employer contributions during 2021 and 2020, respectively. No forfeitures were used to pay administrative expense during 2021 and 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, employee deferrals, employer matching, and profit sharing contributions are recorded in the period in which they are earned, and benefit payments and Plan expenses are recorded in the period in which they are incurred.

POLYPEPTIDE LABORATORIES, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Adopted Accounting Pronouncements: The Plan has implemented all applicable accounting pronouncements within the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") that are in effect as of December 31, 2021 and 2020.

The Plan does not believe that there are other new applicable accounting pronouncements issued by the FASB that might have a material impact on its net assets available for benefits or changes in net assets available for benefits.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Tax Status: The Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Tax Code. The Plan has been amended since receiving the opinion letter; however, the Plan Sponsor believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Tax Code.

Uncertain Tax Positions: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and determine whether such positions would more likely than not be sustained upon examination by the IRS. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. Plan management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Plan recognizes any interest and penalties related to uncertain tax positions when identified in income tax expense. Plan management has determined that the Plan does not have any unrecognized uncertain income tax positions as of December 31, 2021 and 2020.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Trustee. Any interest earned on each loan is allocated to that participant's account. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Investment Valuation: The Plan's investments are held in mutual funds. These funds are valued at fair value based on the published value of the underlying mutual funds.

Income Recognition: Realized gains and losses from the sale of investments and the difference in fair value of assets held from one period to the next is recognized and included in change in appreciation or depreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Benefit Payments: Benefit payments are recorded when applied for by the Plan participant. At December 31, 2021 and 2020, there were no benefits applied for but not yet paid.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses: Plan administration fees are either paid by the forfeitures account or passed through to the participants of the Plan. Expenses incurred by the Company in administering the Plan are not passed on as expenses of the Plan. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account. Administrative fees charged to participant accounts totaled \$53,296 and \$37,492 for the years ended December 31, 2021 and 2020, respectively.

Note 3. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts, which includes employer matching and profit sharing contributions.

Note 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The provisions of FASB ASC 820 establish a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs by requiring that observable inputs be used when available. The three-level hierarchy for fair value measurements is defined as follows:

Level 1 - quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - observable market-based inputs or unobservable inputs that are corroborated by market data. May include quoted prices in a market that is not active.

Level 3 - unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Investments are reported at fair value and assigned a hierarchy based on inputs of valuation techniques used to measure fair value.

Mutual Funds – These funds are deemed to be actively traded and are valued based on the published value of the underlying mutual fund.

Note 6. Information Prepared and Certified by the Plan Trustee

The Plan's investments were brokered and maintained by Fidelity for the years ended December 31, 2021 and 2020. The following unaudited information in the financial statements was certified to be complete and accurate by the Plan's Trustee within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts relating to investments and notes receivable from participants as enumerated in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- All amounts relating to net investment gain or loss from mutual funds and interest income from notes receivable from participants, as enumerated in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020; and
- All amounts enumerated in the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

During the years ended December 31, 2021 and 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,094,611 and \$3,107,116, respectively.

Note 7. Party-in-Interest Transactions

Certain Plan investments, which include mutual funds, are managed by Fidelity. Fidelity is the Trustee as defined by the Plan and therefore, these transactions qualify as exempt party-in-interest transactions as defined per ERISA.

Note 8. Reconciliation to Form 5500

The following table is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020, to net assets available for benefits reported per Form 5500:

	2021	2020

Net Assets Available for Benefits per Form 5500	\$ 36,995,432	\$ 30,677,619

The following table is a reconciliation of the change in net assets available for benefits per the financial statements for the years ended December 31, 2021 and 2020, to the change in net assets available for benefits reported per Form 5500:

	2021	2020
Change in Net Assets Available for Benefits per Financial Statements	\$ 6,399,723	\$ 4,542,948
Contributions receivable - current year	(546,097)	(464,187)
Contributions receivable - prior year	464,187	398,903
Net Change in Net Assets Available for Benefits per Form 5500	\$ 6,317,813	\$ 4,477,664

Note 9. COVID-19 Pandemic and CARES Act

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus due to the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as pandemic.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extension of the loan repayment period, if applicable, up to one year

Note 10. Subsequent Events

The Plan evaluated subsequent events through the date these financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee of the
PolyPeptide Laboratories, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document, adoption agreement and the summary plan description for a more complete description of the Plan's provisions. The sponsor of the Plan is PolyPeptide Laboratories, Inc. (the "Company" or "Plan Sponsor").

General: The Plan is a qualified retirement plan which permits contributions by participants as defined under Section 401(k) of the Internal Revenue Code ("Tax Code"). The Plan is a defined contribution plan covering substantially all employees of the Company and PolyPeptide Laboratories San Diego, LLC 401(k) who have completed three months of service and have attained age twenty-one. Participation commences on the first day of the month following completion of the eligibility requirements. Effective May 2019, eligible participants who have no deferral election or a 0% deferral election are automatically enrolled in an initial pre-tax deferral contribution of 3% unless they opt-out of participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Trustee, Recordkeeper, and Custodian of Assets: Fidelity Management Trust Company ("Fidelity" or "Trustee") is the Plan's trustee, recordkeeper and custodian of assets.

Participant Contributions: Each year, participants may contribute up to 100% of their eligible compensation as defined in the Plan, with an annual Internal Revenue Service ("IRS") limit of \$19,500 for 2021 and 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of \$6,500 for 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants.

Employer Contributions: The Company may make a discretionary matching contribution that equals a percentage of the participant's elective contribution. The Company's matching contribution was 100% of a participant's contribution, up to a maximum of 3% of the participant's eligible compensation, 75% of a participant's contribution, from 3% to 5%, and 50% of a participant's contribution from 5% up to a maximum of 6%. Beginning on September 12, 2021, the Company's matching contribution was 100% of a participant's contribution up to a maximum of 6%. The Company's matching contributions totaled \$890,705 and \$712,002 for the years ended December 31, 2021 and 2020, respectively.

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least 3 months of service and be employed on the last day of the Plan year in order to receive the profit sharing contribution. For 2021 and 2020, the profit sharing contribution was equal to 3% of a participant's eligible compensation. The Company's profit sharing contributions totaled \$546,097 and \$464,187 for the years ended December 31, 2021 and 2020, respectively, and are recorded as contributions receivable.

During 2020, the Company elected to make an additional discretionary profit sharing contribution to participants totaling \$31,409 related to the 2019 Plan year.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant Accounts: An account is maintained for each participant. Each participant's account is credited with the participant's elective deferral, the employer's matching contribution, an allocation of the Company's profit sharing contribution, if applicable, and an allocation of the Plan earnings or loss. Each participant's account is charged with benefits paid to the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested immediately in their elective contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The following 3-year graded vesting schedule applies to any contribution to the Plan made by the Company: 1 year – 33%, 2 years – 66%, and 3 years – 100%.

Participants in the Plan's Torrance location who were not employed by the Plan Sponsor as of July 8, 2017 vest in contributions made to the Plan by the Company as follows: 1 year – 0%, 2 years – 20%, 3 years – 40%, 4 years – 60%, 5 years – 80%, and 6 years – 100%.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at various rates, which are commensurate with local prevailing rates as determined quarterly by the Plan Trustee. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's assumed life expectancy or the assumed life expectancy of the participant and his or her beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Provisions: Upon approval of the Plan Sponsor, participants may make taxable withdrawals for reasons of immediate and heavy financial need as defined by the Tax Code.

Forfeited Accounts: Participants are always fully-vested in their deferral and rollover contributions to the Plan and the earnings thereon. If a participant terminates service prior to becoming fully vested in employer matching or profit sharing contributions, any account balance that is not vested is subject to forfeiture. Forfeitures can be used either to pay administrative expenses or to reduce employer contributions. As of December 31, 2021 and 2020, the forfeitures account balance was \$64,074 and \$3,395, respectively. Forfeitures of \$0 and \$8,800 were used to reduce employer contributions during 2021 and 2020, respectively. No forfeitures were used to pay administrative expense during 2021 and 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, employee deferrals, employer matching, and profit sharing contributions are recorded in the period in which they are earned, and benefit payments and Plan expenses are recorded in the period in which they are incurred.

POLYPEPTIDE LABORATORIES, INC. 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Adopted Accounting Pronouncements: The Plan has implemented all applicable accounting pronouncements within the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") that are in effect as of December 31, 2021 and 2020.

The Plan does not believe that there are other new applicable accounting pronouncements issued by the FASB that might have a material impact on its net assets available for benefits or changes in net assets available for benefits.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Tax Status: The Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Tax Code. The Plan has been amended since receiving the opinion letter; however, the Plan Sponsor believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Tax Code.

Uncertain Tax Positions: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and determine whether such positions would more likely than not be sustained upon examination by the IRS. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. Plan management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Plan recognizes any interest and penalties related to uncertain tax positions when identified in income tax expense. Plan management has determined that the Plan does not have any unrecognized uncertain income tax positions as of December 31, 2021 and 2020.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Trustee. Any interest earned on each loan is allocated to that participant's account. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Investment Valuation: The Plan's investments are held in mutual funds. These funds are valued at fair value based on the published value of the underlying mutual funds.

Income Recognition: Realized gains and losses from the sale of investments and the difference in fair value of assets held from one period to the next is recognized and included in change in appreciation or depreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Benefit Payments: Benefit payments are recorded when applied for by the Plan participant. At December 31, 2021 and 2020, there were no benefits applied for but not yet paid.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses: Plan administration fees are either paid by the forfeitures account or passed through to the participants of the Plan. Expenses incurred by the Company in administering the Plan are not passed on as expenses of the Plan. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account. Administrative fees charged to participant accounts totaled \$53,296 and \$37,492 for the years ended December 31, 2021 and 2020, respectively.

Note 3. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts, which includes employer matching and profit sharing contributions.

Note 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The provisions of FASB ASC 820 establish a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs by requiring that observable inputs be used when available. The three-level hierarchy for fair value measurements is defined as follows:

Level 1 - quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - observable market-based inputs or unobservable inputs that are corroborated by market data. May include quoted prices in a market that is not active.

Level 3 - unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Investments are reported at fair value and assigned a hierarchy based on inputs of valuation techniques used to measure fair value.

Mutual Funds – These funds are deemed to be actively traded and are valued based on the published value of the underlying mutual fund.

Note 6. Information Prepared and Certified by the Plan Trustee

The Plan's investments were brokered and maintained by Fidelity for the years ended December 31, 2021 and 2020. The following unaudited information in the financial statements was certified to be complete and accurate by the Plan's Trustee within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts relating to investments and notes receivable from participants as enumerated in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- All amounts relating to net investment gain or loss from mutual funds and interest income from notes receivable from participants, as enumerated in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020; and
- All amounts enumerated in the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

During the years ended December 31, 2021 and 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,094,611 and \$3,107,116, respectively.

Net Change in Net Assets Available for Benefits per Form 5500	\$ 6,317,813	\$ 4,477,664

Note 9. COVID-19 Pandemic and CARES Act

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus due to the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as pandemic.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extension of the loan repayment period, if applicable, up to one year

Note 10. Subsequent Events

The Plan evaluated subsequent events through the date these financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.
