Independent Auditor's Report

Reinhausen Manufacturing Inc.

Humboldt, Tennessee 38343

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Alexander Thompson Arnold PLLC

REINHAUSEN MANUFACTURING, INC. 401(K) & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Reinhausen Manufacturing, Inc. 401(k) & Retirement Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution plan covering all employees of the Company. Employees are eligible to participate in the Plan on the first day of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each participant may contribute up to 60 percent of compensation for the plan year (January 1 to December 31), subject to certain Internal Revenue Code ("IRC") limitations. The Plan provides for discretionary Company matching contributions of 200 percent of the first 4 percent of compensation and an additional 100 percent of the next 2 percent of compensation up to a maximum of 10 percent of compensation. The Plan also provides for discretionary profit-sharing contributions by the Company. All contributions to the Plan are invested as directed by the employee.

C. Participants' Accounts

Each participant account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the plan.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service as follows:

Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

E. Investment Options Plan participants are permitted to direct their employee and employer discretionary contributions into one of several investment accounts maintained by Fidelity Investments.

F. Payments of Benefits

Upon termination of service, a participant may elect a lump sum distribution or installment payments over a specified period of time, not exceeding life expectancy, if the participant's vested account balance exceeds \$1,000. Only lump sum distributions are available for vested account balances less than \$1,000. Hardship withdrawals are permitted from the participant's elective deferral contribution account with a minimum of \$500.

G. Plan Expenses

Certain Plan expenses including third party administration fees and the audit fee are paid by the employer. All investment fees are deducted from Plan assets.

REINHAUSEN MANUFACTURING, INC. 401(K) & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

I. Participant Loans

Individual participants may borrow the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The duration of the loan cannot exceed five years, or ten years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing interest rates charged by a financial institution under similar circumstances. Principal and interest are paid ratably through payroll deductions. Interest rates as of December 31, 2021 ranged from 4.25 to 9.50%.

J. Forfeitures

The non-vested portion of terminated participants accounts plus earnings thereon are forfeited and can be used by the Plan to pay plan expenses and reduce the amount of future employer contributions to the Plan. For the years ended December 31, 2021 and 2020 there were no forfeitures.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements are prepared on the accrual method of accounting in that revenues are recognized when earned and expenses are recognized when incurred. Allocations of the Plan's assets to the participant accounts include accrued employer contributions in accordance with the provisions of the plan.

B. Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. See Note 7 for additional information.

C. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Subsequent Events

Subsequent events were evaluated through August 30, 2022, which is the date the financial statements were available to be issued.

NOTE 3 - PARTY IN INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

REINHAUSEN MANUFACTURING, INC. 401(K) & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 4 - INFORMATION PREPARED BY CUSTODIAN

The following is a summary of the information included in the Plan's financial statements and financial schedules for 2021 and 2020 which was prepared by the custodian of the Plan assets, Fidelity Management Trust Company, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets (held at end of year)

NOTE 5 - TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Investments. Fidelity Investments has received an opinion letter dated June 30, 2020 stating that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a favorable determination letter from the Internal Revenue Service, however, the Plan's management believes that the plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Company is required to file and does file Form 5500 with the Internal Revenue Service.

NOTE 6 - TERMINATED PARTICIPANTS

Included in net assets available for benefits are amounts allocated to individuals who have elected to withdraw from the Plan but who have not been paid. Plan assets allocated to these participants were \$10,516 and \$336,428 as of December 31, 2021 and 2020.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.
- The fair value of the stable value fund and managed income account for which a quoted market price is not available is valued based on contract value adjusted by a discount rate.

Net income per the Form 5500	<u>\$ 3,061,288</u>	<u>\$ 2,100,062</u>

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. As a result, the Company adjusted certain aspects of its operations to protect its customers, contractors and workforce while still meeting the needs of its customers. The Company cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact its business, financial position, results of operations, and cash flows. This will also affect the retirement plans of the Company.

Independent Auditor's Report

Reinhausen Manufacturing Inc.
2549 North 9th Avenue
Humboldt, Tennessee 38343

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reinhausen Manufacturing Inc. 401(k) & Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Alexander Thompson Arnold PLLC

REINHAUSEN MANUFACTURING, INC. 401(K) & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Reinhausen Manufacturing, Inc. 401(k) & Retirement Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution plan covering all employees of the Company. Employees are eligible to participate in the Plan on the first day of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each participant may contribute up to 60 percent of compensation for the plan year (January 1 to December 31), subject to certain Internal Revenue Code ("IRC") limitations. The Plan provides for discretionary Company matching contributions of 200 percent of the first 4 percent of compensation and an additional 100 percent of the next 2 percent of compensation up to a maximum of 10 percent of compensation. The Plan also provides for discretionary profit-sharing contributions by the Company. All contributions to the Plan are invested as directed by the employee.

C. Participants' Accounts

Each participant account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the plan.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service as follows:

Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

E. Investment Options Plan participants are permitted to direct their employee and employer discretionary contributions into one of several investment accounts maintained by Fidelity Investments.

F. Payments of Benefits

Upon termination of service, a participant may elect a lump sum distribution or installment payments over a specified period of time, not exceeding life expectancy, if the participant's vested account balance exceeds \$1,000. Only lump sum distributions are available for vested account balances less than \$1,000. Hardship withdrawals are permitted from the participant's elective deferral contribution account with a minimum of \$500.

G. Plan Expenses

Certain Plan expenses including third party administration fees and the audit fee are paid by the employer. All investment fees are deducted from Plan assets.

REINHAUSEN MANUFACTURING, INC. 401(K) & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

I. Participant Loans

Individual participants may borrow the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The duration of the loan cannot exceed five years, or ten years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing interest rates charged by a financial institution under similar circumstances. Principal and interest are paid ratably through payroll deductions. Interest rates as of December 31, 2021 ranged from 4.25 to 9.50%.

J. Forfeitures

The non-vested portion of terminated participants accounts plus earnings thereon are forfeited and can be used by the Plan to pay plan expenses and reduce the amount of future employer contributions to the Plan. For the years ended December 31, 2021 and 2020 there were no forfeitures.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements are prepared on the accrual method of accounting in that revenues are recognized when earned and expenses are recognized when incurred. Allocations of the Plan's assets to the participant accounts include accrued employer contributions in accordance with the provisions of the plan.

B. Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. See Note 7 for additional information.

C. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Subsequent Events

Subsequent events were evaluated through August 30, 2022, which is the date the financial statements were available to be issued.

NOTE 3 - PARTY IN INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 - INFORMATION PREPARED BY CUSTODIAN

The following is a summary of the information included in the Plan's financial statements and financial schedules for 2021 and 2020 which was prepared by the custodian of the Plan assets, Fidelity Management Trust Company, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets (held at end of year)

NOTE 5 - TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Investments. Fidelity Investments has received an opinion letter dated June 30, 2020 stating that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a favorable determination letter from the Internal Revenue Service, however, the Plan's management believes that the plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Company is required to file and does file Form 5500 with the Internal Revenue Service.

NOTE 6 - TERMINATED PARTICIPANTS

Included in net assets available for benefits are amounts allocated to individuals who have elected to withdraw from the Plan but who have not been paid. Plan assets allocated to these participants were \$10,516 and \$336,428 as of December 31, 2021 and 2020.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.
- The fair value of the stable value fund and managed income account for which a quoted market price is not available is valued based on contract value adjusted by a discount rate.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The accompanying financial statements as of December 31, 2021 and 2020 and for the years then ended differ from Form 5500 as follows:

	2021	2020
Total net assets available for benefits, at fair value per the financial statements	\$ 15,898,093	\$ 12,747,072
Adjustment for contract value	27,622	117,355
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 15,925,715</u>	<u>\$ 12,864,427</u>
Net change in net assets available for benefits, at fair value per the financial statements	\$ 3,151,021	\$ 2,024,684
Difference in prior and current year contract value	(89,733)	75,378
Net income per the Form 5500	<u>\$ 3,061,288</u>	<u>\$ 2,100,062</u>

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. As a result, the Company adjusted certain aspects of its operations to protect its customers, contractors and workforce while still meeting the needs of its customers. The Company cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact its business, financial position, results of operations, and cash flows. This will also affect the retirement plans of the Company.
