Independent Auditors' Report

To the Participants and Plan Administrator of
Choice Hotels International, Inc. Retirement Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Choice Hotels International, Inc. Retirement Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Savings and Investment Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

Choice Hotels International, Inc. (Choice or the Company) is primarily a hotel franchisor with franchise agreements and owned hotels representing over 7,000 hotels open and operating under the following brand names: Comfort Inn®, Comfort Suites®, Quality®, Clarion®, Clarion Pointe™, Ascend Hotel Collection®, Sleep Inn®, Econo Lodge®, Rodeway Inn®, MainStay Suites®, Suburban Extended Stay Hotel®, WoodSpring Suites®, Everhome® Suites and Cambria® Hotels. The Company's Retirement Savings and Investment Plan (the Plan) is a defined contribution salary deferral plan available to the eligible employees of Choice. The plan trustee as of December 31, 2021 and 2020 and for the year ended December 31, 2020, was T. Rowe Price Trust Company (T. Rowe or the Trustee). The following description of the Plan provides only general information and participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 15, 1997. Effective January 1, 2016, the Plan was amended and restated to adopt the T. Rowe Price Retirement Plan Services, Inc. PDS Premier Volume Submitter 401(k) Savings/PS Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility and Contributions

Employees other than interns and temporary employees are eligible to participate upon having completed one month of service; interns and temporary employees are eligible to participate upon having completed one year of service. Participants may elect to contribute up to a maximum amount per calendar year subject to Internal Revenue Service (IRS) limitations, which was \$19,500 in 2021. Catch-up contributions up to a maximum of \$6,500 were allowed during 2021 under IRS regulations for participants who were age 50 or older. Participants are immediately vested in all participant contributions and earnings (losses) on such contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a variety of mutual funds, common trust funds and a common collective trust as investment options for participants.

Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' eligible earnings. All participants have the option to change or suspend their level of plan contributions on a monthly basis.

The Company had invoked the safe harbor matching contribution provisions provided for in the plan document. Pursuant to these provisions, the Company matching contribution is an amount equal to 100% of the participants' contributions up to 3% of eligible compensation, plus 50% of the participants' contributions on the next 2% of eligible compensation. Company matching contributions are made each pay period in the form of cash and invested as elected by the plan participants. All investments are participant directed.

Employees hired on or before January 1, 2000 with ten or more years of service receive an additional discretionary matching contribution equal to 200% on the next 1% of eligible compensation provided that the employee worked 1,000 hours and was employed by the Company as of the last day of the plan year. The discretionary matching contribution is credited to participants' accounts during the first quarter of the following year.

Effective May 14, 2020, the Plan was amended to suspend safe harbor and discretionary matching contributions through December 31, 2020. Effective January 1, 2021, the Plan was amended to reinstate safe harbor and discretionary matching contributions.

Choice Hotels International, Inc. Retirement Savings and Investment Plan

Notes to Financial Statements
December 31, 2021 and 2020

Effective January 1, 2020, the Plan was amended to provide for a standard nonelective employer contribution only for the year ended December 31, 2020 in the amount of \$1,000 for each participant who was employed as of December 31, 2020, which was reflected as an employer contributions receivable at December 31, 2020.

Each participant account is credited with participant contributions and allocations of the Company's matching contributions and plan earnings (losses) and a share of plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately vest 100% in the employer matching contributions and discretionary matching contributions.

Payment of Benefits

While in service, a participant may elect to receive all or a portion of their rollover account or may make a withdrawal from their pre-tax and/or Roth contributions if they have a documented financial hardship. Once a participant reaches age 59 $\frac{1}{2}$, they may withdraw all or part of their vested plan account balance.

Upon termination of service, a participant may elect to receive either a cash lump sum amount equal to the value of the participant's entire interest in his or her account, or annual, semi-annual, quarterly or monthly installments over a fixed period not to exceed 20 years.

Participants who separate from Choice with balances of more than \$5,000 may retain their accounts in the Plan, roll their balances into other qualified plans or individual retirement accounts (IRAs) or receive lump sum payments, net of applicable federal and state taxes. Participants who separate from Choice with balances of \$5,000 or less may roll their balances into other qualified plans or IRAs or receive lump-sum payments, net of applicable federal and state taxes. Under the "Automatic Rollover of Forced-Outs" provision of the Economic Growth and Tax Relief Reconciliation Act, plan sponsors are required to rollover directly into an IRA forced-out distributions of amounts in excess of \$1,000 and less than or equal to \$5,000 unless the participants elect otherwise. For participants with balances of less than \$1,000, lump-sum distributions are made, net of applicable federal and state taxes.

Notes Receivable From Participants

The Plan permits participants to borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balances. Participants may not have more than one loan outstanding at a time.

Loans are repaid during fixed terms not to exceed five years (or over a reasonable period of time not to exceed 15 years for principal home loans). Principal and interest must be paid through payroll deductions; however, early pay-off of loans is permitted.

Interest rates are equal to 1% above the Wall Street Journal Prime Rate on the last day of the prior month in which the loan is issued. Interest rates on loans outstanding as of December 31, 2021 and 2020 ranged from 4.25% to 6.50%. An annual loan processing fee of \$50 is charged to the participant's account.

Rollovers

Rollovers represent transfers of account balances of certain participant contributions into certain investments of the Plan from other qualified plans.

Choice Hotels International, Inc.

Retirement Savings and Investment Plan

Notes to Financial Statements
December 31, 2021 and 2020

Administrative Expenses

All administrative expenses, including investment management and trustee fees, are charged to the Plan. Any difference between the investment earnings and administrative expenses are calculated on a quarterly basis and paid from participant accounts on a pro-rata basis. Participant accounts also are charged loan-processing fees and self-directed investment account fees. During the year ended December 31, 2021, the Plan incurred administrative expenses of approximately \$346,000. Recordkeeping and investment management fees of approximately \$746,000 are included in net appreciation on the accompanying Statement of Changes in Net Assets Available for Benefits. Immaterial legal expenses were paid by Choice during 2021 and are not subject to reimbursement.

Coronavirus Aid Relief and Economic Security Act

In March 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro-rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted). These repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

Choice Hotels International, Inc.

Retirement Savings and Investment Plan

Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. For fully benefit-responsive investment contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest earned on investments is recorded on an accrual basis. All income (loss) is allocated daily to participant accounts.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation and appreciation on those investments as well as recordkeeping and investment management fees.

Risks and Uncertainties

The Plan provides for various mutual fund investment options in stocks, bonds, money market funds and fixed income securities. Investments are exposed to various risks, such as interest rate, market and credit risks. The market value of investments may decline for a number of reasons, including, among others, changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Notes Receivable From Participants

Notes receivable from participants are recorded at principal less repayments plus accrued interest.

Payment of Benefits

Benefit claims are recorded in the period in which they are paid. As of December 31, 2021 and 2020, there were no instances of participants who had elected to withdraw from the Plan but had not yet been paid.

Subsequent Events

The Plan has evaluated subsequent events through August 30, 2022, which is the date these financial statements were available to be issued. No subsequent events were identified.

3. Fair Value Measurements

The Plan estimates the fair value of its financial instruments utilizing a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The following summarizes the three levels of inputs, as well as the assets that the Plan values using those levels of inputs for assets required to be measured at fair value on a recurring basis.

Level 1 - Quoted prices in active markets for identical assets and liabilities. The Plan's Level 1 assets consist of mutual funds.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable. The Plan does not have any Level 2 assets required to be measured at fair value on a recurring basis.

Level 3 - Unobservable inputs, supported by little or no market data available, where the reporting entity is required to develop its own assumptions to determine the fair value of the instrument. The Plan does not have any Level 3 assets required to be measured at fair value on a recurring basis.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the quoted market prices of shares held by the Plan at the year end.

The common trust funds are valued at the net asset value (NAV) of units of a bank common trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis, as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
Mutual funds	\$ 54,931,237	\$	\$
Total assets in the fair value hierarchy	\$ 54,931,237	\$ -	\$ -
Investments measured at net asset value (a)			193,041,254
Total investments at fair value			\$ 247,972,491

Choice Hotels International, Inc.
Retirement Savings and Investment Plan

Notes to Financial Statements
December 31, 2021 and 2020

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 42,539,435	\$ -	\$ -	\$ 42,539,435
Total assets in the fair value hierarchy	<u>\$ 42,539,435</u>	<u>\$ -</u>	<u>\$ -</u>	42,539,435
Investments measured at net asset value (a)				<u>167,149,255</u>
Total investments at fair value				<u>\$ 209,688,690</u>

(a) In accordance with *Accounting Standards Codification* Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair values estimates are made at a specific point in time, are subjective in nature and involve uncertainties and matters of significant judgment.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using a NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2021			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common trust funds	\$ 193,041,254	N/A	Daily	30 days
	December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common trust funds	\$ 167,149,255	N/A	Daily	30 days

4. Investments

All investment assets, transactions, income and appreciation in fair value of investments as presented in the accompanying financial statements and supplemental schedule, as well as notes receivable from participants, were certified to be complete and accurate by T. Rowe as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

Choice Hotels International, Inc. Retirement Savings and Investment Plan

Notes to Financial Statements
December 31, 2021 and 2020

The following is a disclosure of individual investments, as a percentage of net assets available for benefits that represent a significant concentration as of December 31, 2021 and 2020:

	2021	2020
TRP Retirement 2030 Fund Trust C	16 %	17 %
TRP Retirement 2035 Fund Trust C	16	16
TRP Retirement 2040 Fund Trust C	10	10

As of December 31, 2021 and 2020 and for the year ended December 31, 2021, the Plan invested in the T. Rowe Price Stable Value Fund. The accounts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by T. Rowe. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the contract value. Daily redemption frequency is permitted and a redemption notice period of 12 to 30 months may be required. The T. Rowe Price Stable Value Fund had no unfunded commitments at December 31, 2021 and 2020.

Certain events may limit the ability of the Plan to transact to contract value with the issuer. Such events include the following: (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; (3) changes in the Plan's prohibition on competing investment options; and (4) premature termination of the contract by the Plan. The plan sponsor does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Tax Status

On August 2, 2017, the volume submitter plan, upon which the Plan is based, received a favorable advisory letter from the IRS. Subsequent to the date of the advisory letter, the Plan has been amended. The Plan is intended to satisfy the tax qualification requirements under Section 401(a) of the Internal Revenue Code (IRC) therefore, the funds of the Plan are intended to be exempt from federal income taxes under the applicable sections of the IRC. The plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Related-Party and Party-In-Interest Transactions

Certain of the Plan's investments consist of shares of mutual funds managed by T. Rowe Price Group, Inc. (TRP). TRP is a subsidiary of T. Rowe, the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions, exempt from the prohibited transaction rules.

Notes receivable from participants also qualify as party-in-interest transactions.

Certain administrative expenses are paid by the plan sponsor, for which the Plan reimburses the plan sponsor. Accordingly, such expenses qualify as party-in-interest transactions.
