Independent Auditor's Report

Plan Administrator
Plumb House, Inc. 401(k) Retirement Plan
Milford, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Plumb House, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

Plumb House, Inc. (referred to as the “Employer” or “Company”) established the Plumb House, Inc. 401(k) Retirement Plan (the “Plan”) effective January 1, 1994. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Employer who have attained the age of 21. For hourly employees, there is an additional eligibility requirement to maintain 60 consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The plan administrator, who is appointed by plan management, has appointed Matrix Trust Company (“Matrix”) to hold the Plan’s investments and execute investment transactions.

Employee Contributions

Each year, eligible participants may contribute up to the maximum amount allowed under Internal Revenue Service (“IRS”) limitations, as defined by the Plan. Salary reduction election may be changed as of the beginning of each payroll period. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants may designate a portion or all of their deferrals as Roth deferral contributions. Eligible employees will automatically be enrolled in the Plan with a salary deferral of 5% unless they affirmatively elect not to participate in the Plan. Deferral as part of automatic enrollment increases annually by 1% up to a maximum of 10% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Employer provides a non-elective safe harbor matching contribution equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributes to the Plan. The Employer may make an additional annual discretionary profit sharing contribution and additional discretionary match contributions in an amount to be determined by the Employer. During the year ended December 31, 2021, the Employer did not make a discretionary profit sharing or additional match contributions to the Plan. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Effective May 2020, the Plan suspended the safe harbor matching contributions. The safe harbor matching contributions were reinstated in January 2021.

Participant Accounts

Each participant’s account is credited with the participants’ contributions, employer safe harbor matching contributions, as well as allocations of (a) the discretionary employer match contributions, (b) discretionary employer profit sharing contributions, (c) plan earnings or losses, and (d) plan expenses. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Plumb House, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions and the Employer's safe harbor matching contributions plus actual earnings thereon.

The Employer's discretionary profit sharing and additional discretionary match contributions made to each participant's account are subject to vesting requirements. The Employer's discretionary profit sharing and additional discretionary match contributions vest in accordance with the following schedule:

<i>Years of Service</i>	<i>Percent Vested</i>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

In the event of death, permanent disability, or retirement, a participant's employer discretionary contribution account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates between 4.25% and 6.00%, which is commensurate with local prevailing interest rates, as determined by the plan administrator. Principal and interest are paid weekly through payroll deductions over a maximum term of five years.

Payment of Benefits

The Plan allows benefits to be paid in the form of one lump-sum cash payment. Upon termination for any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant has \$5,000 or more in their account, he or she may elect to maintain the account after separation from the Employer. The Plan includes provisions that allow the plan administrator to distribute the balance of a participant's account into an IRA account without consent if the terminated participant maintains a balance equal to or less than \$5,000. Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Forfeitures

A participant who leaves the Employer forfeits any non-vested balances. The Plan uses such forfeitures to reduce future employer contributions. There was no balance in the forfeitures account at December 31, 2021 and 2020.

Plumb House, Inc. 401(k) Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Sentinel Benefits and Financial Plan ("Sentinel"), the recordkeeper of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Plumb House, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Subsequent Events

The Plan has evaluated subsequent events through August 31, 2022, which is the date the financial statements were available to be issued.

3. Certified Investments

Plan investments held at December 31, 2021 and 2020, net appreciation in fair value of investments, notes receivable from participants, interest income on notes receivable from participants, and investment transactions for the year ended December 31, 2021, were certified as complete and accurate by Matrix. Therefore, in accordance with the request of the plan administrator and as permitted by ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subjected to standard auditing procedures by the independent auditors.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Plumb House, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds

The NAV, as provided by the custodian, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient was not used when it was determined probable that the fund would sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor reserved the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Active Markets for Identical Assets (Level 1)	December 31, 2021 Total
<i>Investments as of December 31, 2021</i>		
Mutual funds	\$ 2,301,465	\$ 2,301,465
Common/collective trusts at NAV	-	8,645,509
Total Investments	\$ 2,301,465	\$ 10,946,974

Plumb House, Inc. 401(k) Retirement Plan

Notes to Financial Statements

5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of common/collective trusts managed by an affiliate of Sentinel, the recordkeeper. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Plan made a direct payment to the third-party administrator of \$29,227. The Company pays directly any other fees related to the Plan's operations. Notes receivable from participants also qualify as party-in-interest transactions.

Matrix provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA"). Matrix receives revenue from certain investment fund service providers for services Matrix provides to the funds. This revenue is used to offset certain amounts owed to Matrix for its administrative services to the Plan. If the revenue received by Matrix from such investment fund service providers exceeds the amount owed under the MSA, Matrix remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2021, the Plan recognized revenue sharing credits of approximately \$2,700. The Plan or the Employer may make a payment to Matrix for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the employer contribution portion of their accounts.

The Company may reduce or suspend the employer safe harbor contributions upon satisfaction of certain requirements, including a 30-day advanced notice to all eligible employees.

7. Tax Status

The Plan has adopted a prototype plan which received an opinion letter dated November 30, 2020, that the prototype plan and related trust are acceptable under section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
