Independent Auditor's Report

To the Administrative Committee of
the Luvata Ohio, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Luvata Ohio, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion

on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following brief description of the Luvata Ohio, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. For more complete information, participants should refer to the plan agreement.

General – The Plan was adopted effective April 1, 1986 and is sponsored by Luvata Ohio, Inc. (the "Company"). The Plan is a contributory defined contribution plan and covers substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – There is no minimum age or service requirement to participate in the Plan. Employees classified by the Company as interns, summer help, or temporary employees may participate in the Plan on the entry date coinciding with or following the completion of one year of service. Employees are automatically enrolled in the Plan at the time they become eligible unless they submit a signed form to opt out of participation.

Contributions – Contributions to the Plan are made by the participants through salary reductions and by the Company through discretionary matching contributions. Participants may elect to contribute a specific percentage of their compensation up to 75%, subject to certain limitations under Sections 401(k) and 415 of the Internal Revenue Code. Participants who are age 50 and over are able to elect to contribute an additional amount as a catch-up contribution allowed under Section 414(v). In 2021 and 2020, discretionary matching contributions amounted to 50% of participant contributions up to 6% of compensation, for a maximum match of 3% of compensation. Forfeitures are used to reduce future employer contributions.

Participant Accounts – Individual accounts are maintained for each plan participant. Participant accounts are increased by participant contributions, Company contributions, and the participant's share of any plan earnings. Participant accounts are decreased by participant distributions and the participant's share of plan expenses and losses. The allocation of earnings and losses to participant accounts is based on procedures set forth in the plan document. Upon death, disability, retirement or termination of employment, the vested benefits of a participant are calculated based on the valuation of their account at the date of distribution.

Investment Allocation – Contributions are allocated to any combination of various investment securities, as directed by the participants.

1. Description of the Plan (continued)

Vesting – Participants are fully vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching contributions according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Payment of Benefits and Withdrawals – Withdrawals during employment from participant accounts are limited to financial hardship, as defined by the Plan, and represent taxable distributions to the participant. Distributions under the Plan commence immediately if a participant dies or is permanently disabled.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Income Taxes – The prototype plan sponsor, Lincoln Retirement Services Company, LLC, has obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan document was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in accordance with the Internal Revenue Code. Accordingly, no provision has been recorded for income taxes.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

1. Description of the Plan (continued)

Plan Termination – The Company may elect to discontinue the Plan at any time. Upon any such termination, all amounts credited to participant accounts shall be fully vested and the Company will distribute the Plan's assets to participants in accordance with the terms of the plan agreement.

CARES Act – In 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act allowed eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permitted increasing the limit for plan loans, suspension of loan payments due for up to one year, and individuals to stop receiving 2020 required minimum distributions.

2. Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. GAAP.

Valuation of Investments – Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Investment Income – Net appreciation or depreciation in the fair value of investments includes both realized gains and losses and unrealized appreciation and depreciation on the fair value of investments. Interest and dividend income are recognized as earned. Investment transactions are accounted for on the trade date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. These notes qualify as party-in-interest transactions.

Benefit Payments – Benefits are recorded when paid.

2. Significant Accounting Policies (continued)

Expenses – In 2021 and 2020, the necessary expenses to administer the Plan were paid out of plan assets and by the Company. Expenses paid by the Plan included loan fees and certain other administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. These transactions are allowable party-in-interest transactions.

Management Estimates – The preparation of financial statements in accordance with U.S. GAAP requires plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein and disclosure of contingent net assets. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the balances of participant accounts and the amounts reported in the statements of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are economic uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's financial statements. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

Subsequent Events – The Plan has evaluated subsequent events through August 30, 2021, the date the financial statements were available to be issued and has identified no subsequent events for recognition or disclosure.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The Plan's investments are stated at fair value, based on the following methodologies.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Accordingly, these investments have been included in Level 1 of the fair value hierarchy.

Collective Trust Funds – Valued using the observable NAV of the underlying investment in the Wells Fargo Stable Return Fund C (30) which is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of the bank collective trust. Accordingly, these investments have been included in Level 2 of the fair value hierarchy.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
