Independent Auditor's Report

The Plan Administrator
Avaap USA, LLC 401k
Edison, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Avaap USA, LLC 401k (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Avaap USA, LLC 401k (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Avaap USA, LLC (the Company or Employer) who have satisfied the Plan's eligibility requirements. The Plan was effective January 1, 2012 and was amended and restated as of January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Reliance Trust Company is the Trustee of the Plan; Automatic Data Processing, Inc. (ADP) is the recordkeeper for the Plan.

Effective June 30, 2021, the Company sold certain assets of its Infor business unit, resulting in a partial termination of the Plan. As a result of the partial plan termination, employees of the Infor business unit who were Plan participants became fully vested in their respective account balances effective June 30, 2021.

Eligibility

An employee is eligible to participate in the Plan on the first day of the month once the employee has reached the age of 21 and has completed one month of service.

Contributions

Participants may elect to defer from 1% up to 90% of eligible compensation in the Plan. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified retirement plans (rollover). Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

Prior to January 1, 2020, each year, the Company could decide to make a matching and/or non-elective contribution to the Plan. These contributions were determined at the sole discretion of the Company. Effective January 1, 2020, the Company will make a Matching Contribution equal to 50.0% of the participant's contribution up to a maximum of 6% of the participant's compensation. The Company made matching contributions of \$1,103,621 for the year ended December 31, 2021.

Participants' Accounts

Each participant's account is credited with the participant's contributions, Company matching, and non-elective contributions, if any, as well as an allocation of Plan earnings and losses. Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Avaap USA, LLC 401k

Notes to Financial Statements

Vesting

Participants are vested immediately in their salary deferral and rollover contributions, plus actual earnings thereon.

Company matching contributions and non-elective contributions vest in accordance with the following schedule:

Years of Service for Vesting	Vesting (%)
Less than 1	-
At least 1, but less than 2	50
At least 2 or more	100

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeiture allocations may be used to pay administrative expenses or to reduce Company contributions, in accordance with the Plan document. Unallocated forfeiture balances totaled \$3,103 and \$21,885 as of December 31, 2021 and 2020, respectively. Forfeitures in the amount of \$53,529 were used during 2021 to reduce the Company's matching contributions for the 2021 Plan year.

Payment of Benefits

Participants are eligible to receive distributions from their accounts at normal retirement age, disability, death, or termination of employment. Participants who leave the Company can receive their vested benefits in a single lump-sum payment or have the payment paid as a direct rollover to an individual retirement account or individual retirement annuity (IRA) or to another employer's tax-qualified plan. If participants are eligible to establish a Roth IRA, they may also elect a direct rollover of the non-Roth portion of their vested benefit to a Roth IRA.

Participants are eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, reduced by their highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The terms of the loans range from one to five years and may be longer for the purchase of a principal residence but not to exceed 30 years. The loans are collateralized by the vested account balance and bear interest at a rate 2% above the prime rate, as defined at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Investment Options

Participants may direct their contributions to any of the various investment options available to the Plan. Participants may change their investment options at any time.

Avaap USA, LLC 401k

Notes to Financial Statements

Administrative Expenses and Other Income

Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. These include legal and audit fees. Other administrative expenses, such as investment management, consulting, recordkeeping, and individual participant transaction fees, are paid for by the Plan.

An ERISA Budget Account (EBA) is maintained by ADP, LLC, which may be used to pay Plan expenses. Asset-based payments are calculated based upon an average daily balance of the investments for the month. During the year ended December 31, 2021, the Plan received \$69,460 from the EBA and utilized \$62,282 to pay certain Plan expenses. Such amounts are reflected as other income and included in administrative expense, respectively, in the accompanying statement of changes in net assets available for benefits.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 before December 31, 2020.
- Increase the available loan amount, as described above, to the lesser of \$100,000 or 100% of the participant's vested account balance through September 22, 2020.
- Extend the period for loan repayments, if applicable, up to one year through December 31, 2020.
- Suspended required minimum required distributions for 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information

Avaap USA, LLC 401k

Notes to Financial Statements

provided by the investment advisor and Reliance Trust. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions, based on the terms of the Plan document. For the year December 31, 2021 and 2020, notes bear interest at a rate of 4.75% to 7.50%. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Risks and Uncertainties

The Plan provides various investment options that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - Inputs to the valuation methodology include: quoted market prices of investments for similar assets or liabilities in active markets; quoted prices for the identified or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuation is based on inputs that are unobservable and significant to the fair value measurement and reflect management's best estimate of what market participants would use as fair value.

Avaap USA, LLC 401k

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such items pursuant within the fair value hierarchy. There have been no changes in the valuation methodologies of these items held at December 31, 2021 and 2020.

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Common Collective Trusts - The common collective trusts (CCTs) are stated at fair value using the NAV practical expedient. The NAV of the CCTs is determined using the market price of the underlying securities and the contract value of investment contracts held by the CCTs, as determined by the trustee of the CCTs. There are no restrictions on the redemption of these investments and no unfunded commitments.

Self-Directed Brokerage Account - The plan allows for the participants to invest in mutual funds, ETFs, individual equities, and fixed income investments. These investments are valued at unadjusted quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value:

December 31, 2021

	Level 1	Total
Mutual funds	\$ 18,575,398	\$ 18,575,398
Self-directed brokerage account	999,381	999,381
Total, in the fair value hierarchy	\$ 19,574,779	19,574,779
Common collective trusts*		20,551,542
Total Investments, at fair value		\$ 40,126,321

Avaap USA, LLC 401k

Notes to Financial Statements

December 31, 2020

	Level 1	Total
Mutual funds	\$ 16,934,800	\$ 16,934,800
Self-directed brokerage account	623,933	623,933
Total, in the fair value hierarchy	\$ 17,558,733	17,558,733
Common collective trusts*		<u>22,340,323</u>
Total Investments, at fair value		\$ 39,899,056

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis at December 31, 2021 and 2020. There are no Plan liabilities recorded at fair value at December 31, 2021 and 2020.

5. Information Certified by Reliance Trust Company

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Dividend and interest, net appreciation in fair value of investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Related Party and Party-in-Interest Transactions

Notes receivable from participants and revenue sharing related to the EBA also qualify as party-in-interest transactions. Such transactions are permitted under the Plan and are exempt from the prohibition of party-in-interest transactions.

Avaap USA, LLC 401k
Notes to Financial Statements

7. Tax Status

The Plan has adopted the ADP, LLC Prototype Non-Standardized Profit Sharing Plan with a cash or deferred arrangement. The Internal Revenue Service (IRS) determined and informed ADP, LLC by letter dated October 6, 2020 that the Plan is designed in accordance with the applicable sections of the IRC. Accordingly, the Plan is permitted to rely on the opinion letter. The Plan has since been amended and restated. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested and the net assets of the Plan will be distributed, as prescribed by ERISA.

9. Subsequent Events

Effective January 1, 2022, the Company will make matching contributions equal to 50% of the participant's contribution up to a maximum of 7% of the participant's compensation. The Plan was restated as of May 5, 2022 to incorporate certain required regulatory changes.

Plan management has evaluated subsequent events through September 8, 2022, the date the financial statements were available to be issued and has determined the Plan had no other material subsequent events that require disclosure.
