SEMA CONSTRUCTION, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

1 Description of Plan

The following description of the SEMA Construction, Inc. (the Company) 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General. The Plan was adopted July 21, 1991 and is a defined contribution plan sponsored by the Company. All non-union employees are eligible to enroll in the Plan immediately upon hire. The Plan is a qualified trust under Section 401(a) of the Internal Revenue Service (IRS) Code and is subject to the provisions of ERISA.

B. Contributions. Each year, participants may contribute up to the maximum amount allowed under the IRS Code, as defined in the Plan. Participants who have attained the age of fifty before the end of the year may make catch-up contributions. The Company makes wage rate contributions to the accounts of employees who are working on jobs to which a prevailing rate schedule is applied. The Davis-Bacon Act mandates that contractors engaging in federally funded projects pay their workers no less than the locally prevailing wages and benefits. The Company may also make discretionary contributions to the accounts of employees who do not work on wage rate jobs. Employees are eligible for this type of contribution on the first day of the month after they have completed one year of service.

C. Participant Accounts. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses.

D. Vesting. Participants are immediately 100% vested in participant and Company contributions plus actual earnings thereon.

E. Investment Options. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers over twenty investment options for participants.

F. Payment of Benefits. Benefits may be paid to participants under circumstances such as termination of employment, retirement, financial hardship, or death. Benefits may be paid as a lump sum or as installment payments over the participant's and beneficiary's life expectancy.

G. Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account balance and are charged a reasonable rate of interest as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

H. Forfeited Accounts. At June 30, 2021 and 2020, there were no forfeited non-vested accounts to be used to offset future employer contributions.

2 Summary of Significant Accounting Policies

A. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

D. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

E. Payment of Benefits. Benefits are recorded when paid.

F. Operating Expenses. Expenses of maintaining the Plan are paid by the Company.

3 Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Plan is not covered under the Pension Benefit Guarantee Corporation termination insurance program.

4 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

5 Information Prepared and Certified by the Trustee

The following information, included in the accompanying financial statements and supplemental schedule, was taken from data that has been prepared and certified to as complete and accurate by the Trustee.

	2021	2020
Mutual Funds (Registered Investment Companies)	$ 6,099,944	$ 4,149,109
Insurance Company, Common Collective Trusts	$ 17,733,412	$ 14,328,179
Pooled Separate Accounts	$ 12,033,607	$ 9,163,366
Investment Income	$ 8,155,758	$ 373,278
Notes Receivable From Participants	$ 1,232,815	$ 1,109,239
Participant Loan Interest	$ 67,658	$ 68,768

6 Tax Status

The IRS has determined and informed the Company, by a letter dated March 9, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS Code; and, therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles general accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2017.

7 Fair Value Measurements

FASB ASC 820-10-50, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10-50 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

7 Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include -
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at Net Asset Value (NAV) of shares held by the Plan at year end.

Common/Collective Trust: The common/collective trust is a guaranteed investment contract. It is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments would result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2021 and 2020:

	Assets at Fair Value as of June 30, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,099,944	$ -	$ -	$ 6,099,944
Pooled Separate Accounts	12,033,607	-	-	12,033,607
Common Collective Trusts	17,733,412	-	-	17,733,412
Investments, at Fair Value	$ 35,866,963	$ -	$ -	$ 35,866,963

7 Fair Value Measurements (Continued)

	Assets at Fair Value as of June 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,149,109	$ -	$ -	$ 4,149,109
Pooled Separate Accounts	9,163,366	-	-	9,163,366
Common Collective Trusts	14,328,179	-	-	14,328,179
Investments, at Fair Value	$ 27,640,654	$ -	$ -	$ 27,640,654

8 Related Party

The Principal is a party-in-interest to the Plan because of the administrative fees it charges to the Plan. These are direct and indirect fees associated with administering the Plan and conducting trades on behalf of Plan benefits.

9 Subsequent Events

Subsequent events have been evaluated through September 8, 2022, the date the financial statements were available to be issued.

As of September 8, 2022, the outbreak of the novel coronavirus (COVID-19) continues to adversely impact global commercial activity and has contributed to significant volatility in financial markets. The volatility presents material uncertainty and risk with respect to the Plan's financial results.

On March 27, 2020, the CARES Act (The Act) was enacted in response to the COVID-19 outbreak. The Act included several provisions that affected 401(k) plans. These measures include the following: expanded distribution options and favorable tax treatment for up to $100,000 of coronavirus-related distributions from eligible retirement plans to qualified individuals through December 30, 2020; increased limits on loans through December 31, 2020 and deferred payments for up to one year on loans for qualified individuals; and suspension of required minimum distributions for 2020. The Plan chose to adopt both the distribution and loan provisions of the Act.
