INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
Landman Corsi Ballaine & Ford
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Landman Corsi Ballaine & Ford 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statement

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investments (held at end of year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Landman Corsi Ballaine & Ford (the "Company" or "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan covering all full-time employees of the Company who have one year of service and 1,000 hours and are age 21 or older. Effective June 1, 2022, the Plan was amended to cover all full-time employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is in the process of being amended operationally to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date, in accordance with applicable law and Internal Revenue Service (IRS) guidance.

(b) 401(k) Feature

The 401(k) feature allows employees to contribute up to 60% of their eligible compensation (not to exceed the amount, adjusted annually, allowed by the IRS). Participant contributions were limited to \$19,500 for the years ended December 31, 2021 and 2020. Employees may direct their contributions to various investment funds. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). In addition, employees may contribute salary deferrals as Roth deferrals, which are after-tax contributions. Those participants who were age 50 and over could contribute an additional "catch up" contribution of \$6,500 during 2021 and 2020.

(c) Discretionary Matching Contributions

The discretionary matching feature provides for the employer to make a discretionary matching contribution based on employee-eligible compensation contributed to the Plan. The matching percentage, if any, will be decided by the Company's management (as defined). During the plan year ended December 31, 2021, the Company elected to not match employee contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(d) Discretionary Nonelective Contributions

The Company may elect to make a discretionary contribution in an amount to be determined by the board of directors for each plan year. A participant must be employed as of the last day of the plan year to be eligible. Nonelective contributions, if any, made to the Plan by the Company shall be allocated based upon the ratio that the participant's compensation bears to the compensation of all eligible employees within the group of eligible employees. The discretionary contribution for 2021 was \$660,555.

(e) Safe Harbor Nonelective Employer Contributions

The Company elected to make a safe harbor nonelective employer contribution in an amount equal to 3% of a participant's eligible salary if he or she were eligible to participate during the plan year. These contributions satisfy certain Internal Revenue Code (the "Code") requirements and eliminate the need for the Plan to perform certain nondiscrimination annual tests. Participants will be 100% vested in these contributions when made. The safe harbor contribution for 2021 was \$383,594.

(f) Participant Accounts

An individual participant's account is comprised of the participant's elective deferred contributions, including rollovers, the employer's matching contributions, the employer's discretionary nonelective contributions, applicable fund earnings, an allocation of administrative expenses, and unrealized fair market value adjustments. Unrealized fair market value adjustments are based on quoted market prices as of the last business day of each year. Allocations are based on participant earnings or account balances, as defined. The ultimate benefit to be received by a participant depends on the aggregate amount contributed to each participant's account over the years and the investment earnings allocated to his or her account.

(g) Investment Options

Upon enrollment in the Plan, a participant can direct contributions into various offered investment options. The Plan's assets are held in trust. Fidelity Management Trust Company ("Fidelity") is the custodian and trustee of the Plan. The custodian invests monies according to participant directions. The trustee of the Plan determines and approves investment options set up for the Plan.

(h) Vesting

Each participant has a fully vested interest in his or her pretax 401(k) and their employer safe harbor contributions to the Plan. A participant's vested interest in the employer-matched contribution and profit sharing contribution accounts will be 100% under any of the following conditions:

- (i) Death or disability of an employee of the Company;
- (ii) Termination of the Plan;

(continued)

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(iii) Attainment by an employee of his or her normal retirement date (age 65); or

(iv) Completion of six years of service.

On termination of service, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance.

Vesting for employer matching and discretionary contributions, plus actual earnings thereon, is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	-%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Any forfeitures may be used to offset employer contributions. For the year ended December 31, 2021, forfeitures applied amounted to \$17,461. There were unapplied forfeiture credits in the amounts of \$25,323 and \$17,461 at December 31, 2021 and 2020, respectively.

(i) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(j) Hardship Withdrawals

The Plan permits for hardship withdrawals of employee pretax contributions. Permissible circumstances for hardship withdrawals include education, purchase of a principal residence, medical expenses, funeral expenses, repairs of damage to a principal residence, and to prevent foreclosure of a principal residence.

(k) Notes Receivable from Participants

Participants may borrow from their vested balances. However, the outstanding loan for any participant may not be more than the lesser of: (i) \$50,000 (reduced by a participant's highest outstanding loan balance during the previous 12-month period); or (ii) 50% of the vested balance of a participant's accounts (calculated as of the valuation date of the loan request).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

The interest rate charged will be decided by the Plan's administrator by reference to the prevailing interest rate charged by commercial lenders under similar circumstances. The same interest rate will be carried throughout the loan term and will be determined on the first day of the month for loans granted during that month (the rates on existing loans are 4.25% to 6.50%). Payments of principal and interest will be credited directly to the borrowing participant's account. A participant must repay the loan within five years or, if the loan proceeds are used to acquire a principal residence, within 10 years. If a participant ceases to make loan repayment and the Plan deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through monthly payroll deductions.

(l) Payment of Benefits

Participants are eligible to receive benefits upon retirement, death, disability, or termination of employment, as specified in the Plan. In addition, the Plan provides for participant withdrawals in the event of a serious financial hardship.

Distribution of benefits is made via one of the following options: (i) joint and survivor annuity, (ii) one lump-sum payment, or (iii) equal installments over a period of not more than the assumed life expectancy of the participant or the designated beneficiary at the time of distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

(b) Valuation of Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based upon quoted market prices, where available.

Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued and unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent participant loans are recorded as distributions, based upon the terms of the plan document.

(d) Payment of Benefits and Other Costs

Benefits are recorded when paid. Administrative expenses are primarily comprised of record keeping fees. These expenses are paid directly by the Plan. Certain administrative expenses related to the Plan are paid by the Plan Sponsor and are not reflected in the Plan's financial statements.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(f) Contributions

Participant contributions are recorded in the period the participant salaries are earned.

(g) Subsequent Events

The Plan has evaluated subsequent events after the balance sheet date through September 8, 2022, the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following represents financial information included in the accompanying statements of net assets available for benefits for the years ended December 31, 2021 and 2020, and the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, which was certified to be complete and accurate by Fidelity, the custodian of the Plan.

NOTE 3 - INVESTMENTS (Continued)

During the year ended December 31, 2021, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value by \$6,243,726.

During the year ended December 31, 2021, the Plan received interest and dividend income of \$3,932,131.

Fidelity also certified notes receivable from participants in the amounts of \$181,680 and \$205,658 as of December 31, 2021 and 2020, respectively. Additionally, Fidelity certified interest income on participants' notes receivable for the year ended December 31, 2021 in the amount of \$12,442.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

- Money market fund - Valued at cost plus accrued interest, which approximates fair value.

The following tables summarize the Plan's investments as of December 31, 2021 and 2020, based on the inputs used to value them:

		Fair Value as of December 31, 2021			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	64,358,353	-	-	\$ 64,358,353
Money market fund		<u>2,660,963</u>	<u>-</u>	<u>-</u>	<u>2,660,963</u>
	\$	<u>67,019,316</u>	<u>-</u>	<u>-</u>	<u>\$ 67,019,316</u>
		Fair Value as of December 31, 2020			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	52,699,368	-	-	\$ 52,699,368
Money market fund		<u>2,824,804</u>	<u>-</u>	<u>-</u>	<u>2,824,804</u>
	\$	<u>55,524,172</u>	<u>-</u>	<u>-</u>	<u>\$ 55,524,172</u>

The pricing methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan and the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, in addition to the underlying industries of the Plan's investments, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - INCOME TAX STATUS

The underlying volume submitter defined contribution plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying volume submitter defined contribution document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's counsel believe the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

NOTE 7 - RELATED PARTY

Personnel and facilities of the Company have provided services to the Plan at no charge.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. As custodian and trustee of the Plan, these transactions qualify as party-in-interest transactions. Administrative expenses paid to Fidelity and charged to the participant accounts for the year ended December 31, 2021 were \$3,837.

INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
Landman Corsi Ballaine & Ford
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Landman Corsi Ballaine & Ford 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statement

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investments (held at end of year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Landman Corsi Ballaine & Ford (the "Company" or "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan covering all full-time employees of the Company who have one year of service and 1,000 hours and are age 21 or older. Effective June 1, 2022, the Plan was amended to cover all full-time employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is in the process of being amended operationally to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date, in accordance with applicable law and Internal Revenue Service (IRS) guidance.

(b) 401(k) Feature

The 401(k) feature allows employees to contribute up to 60% of their eligible compensation (not to exceed the amount, adjusted annually, allowed by the IRS). Participant contributions were limited to \$19,500 for the years ended December 31, 2021 and 2020. Employees may direct their contributions to various investment funds. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). In addition, employees may contribute salary deferrals as Roth deferrals, which are after-tax contributions. Those participants who were age 50 and over could contribute an additional "catch up" contribution of \$6,500 during 2021 and 2020.

(c) Discretionary Matching Contributions

The discretionary matching feature provides for the employer to make a discretionary matching contribution based on employee-eligible compensation contributed to the Plan. The matching percentage, if any, will be decided by the Company's management (as defined). During the plan year ended December 31, 2021, the Company elected to not match employee contributions to the Plan.

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(d) Discretionary Nonelective Contributions

The Company may elect to make a discretionary contribution in an amount to be determined by the board of directors for each plan year. A participant must be employed as of the last day of the plan year to be eligible. Nonelective contributions, if any, made to the Plan by the Company shall be allocated based upon the ratio that the participant's compensation bears to the compensation of all eligible employees within the group of eligible employees. The discretionary contribution for 2021 was \$660,555.

(e) Safe Harbor Nonelective Employer Contributions

The Company elected to make a safe harbor nonelective employer contribution in an amount equal to 3% of a participant's eligible salary if he or she were eligible to participate during the plan year. These contributions satisfy certain Internal Revenue Code (the "Code") requirements and eliminate the need for the Plan to perform certain nondiscrimination annual tests. Participants will be 100% vested in these contributions when made. The safe harbor contribution for 2021 was \$383,594.

(f) Participant Accounts

An individual participant's account is comprised of the participant's elective deferred contributions, including rollovers, the employer's matching contributions, the employer's discretionary nonelective contributions, applicable fund earnings, an allocation of administrative expenses, and unrealized fair market value adjustments. Unrealized fair market value adjustments are based on quoted market prices as of the last business day of each year. Allocations are based on participant earnings or account balances, as defined. The ultimate benefit to be received by a participant depends on the aggregate amount contributed to each participant's account over the years and the investment earnings allocated to his or her account.

(g) Investment Options

Upon enrollment in the Plan, a participant can direct contributions into various offered investment options. The Plan's assets are held in trust. Fidelity Management Trust Company ("Fidelity") is the custodian and trustee of the Plan. The custodian invests monies according to participant directions. The trustee of the Plan determines and approves investment options set up for the Plan.

(h) Vesting

Each participant has a fully vested interest in his or her pretax 401(k) and their employer safe harbor contributions to the Plan. A participant's vested interest in the employer-matched contribution and profit sharing contribution accounts will be 100% under any of the following conditions:

- (i) Death or disability of an employee of the Company;
- (ii) Termination of the Plan;

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(iii) Attainment by an employee of his or her normal retirement date (age 65); or

(iv) Completion of six years of service.

On termination of service, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance.

Vesting for employer matching and discretionary contributions, plus actual earnings thereon, is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	-%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Any forfeitures may be used to offset employer contributions. For the year ended December 31, 2021, forfeitures applied amounted to \$17,461. There were unapplied forfeiture credits in the amounts of \$25,323 and \$17,461 at December 31, 2021 and 2020, respectively.

(i) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(j) Hardship Withdrawals

The Plan permits for hardship withdrawals of employee pretax contributions. Permissible circumstances for hardship withdrawals include education, purchase of a principal residence, medical expenses, funeral expenses, repairs of damage to a principal residence, and to prevent foreclosure of a principal residence.

(k) Notes Receivable from Participants

Participants may borrow from their vested balances. However, the outstanding loan for any participant may not be more than the lesser of: (i) \$50,000 (reduced by a participant's highest outstanding loan balance during the previous 12-month period); or (ii) 50% of the vested balance of a participant's accounts (calculated as of the valuation date of the loan request).

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

The interest rate charged will be decided by the Plan's administrator by reference to the prevailing interest rate charged by commercial lenders under similar circumstances. The same interest rate will be carried throughout the loan term and will be determined on the first day of the month for loans granted during that month (the rates on existing loans are 4.25% to 6.50%). Payments of principal and interest will be credited directly to the borrowing participant's account. A participant must repay the loan within five years or, if the loan proceeds are used to acquire a principal residence, within 10 years. If a participant ceases to make loan repayment and the Plan deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through monthly payroll deductions.

(l) Payment of Benefits

Participants are eligible to receive benefits upon retirement, death, disability, or termination of employment, as specified in the Plan. In addition, the Plan provides for participant withdrawals in the event of a serious financial hardship.

Distribution of benefits is made via one of the following options: (i) joint and survivor annuity, (ii) one lump-sum payment, or (iii) equal installments over a period of not more than the assumed life expectancy of the participant or the designated beneficiary at the time of distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

(b) Valuation of Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based upon quoted market prices, where available.

Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued and unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent participant loans are recorded as distributions, based upon the terms of the plan document.

(d) Payment of Benefits and Other Costs

Benefits are recorded when paid. Administrative expenses are primarily comprised of record keeping fees. These expenses are paid directly by the Plan. Certain administrative expenses related to the Plan are paid by the Plan Sponsor and are not reflected in the Plan's financial statements.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(f) Contributions

Participant contributions are recorded in the period the participant salaries are earned.

(g) Subsequent Events

The Plan has evaluated subsequent events after the balance sheet date through September 8, 2022, the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following represents financial information included in the accompanying statements of net assets available for benefits for the years ended December 31, 2021 and 2020, and the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, which was certified to be complete and accurate by Fidelity, the custodian of the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INVESTMENTS (Continued)

During the year ended December 31, 2021, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value by \$6,243,726.

During the year ended December 31, 2021, the Plan received interest and dividend income of \$3,932,131.

Fidelity also certified notes receivable from participants in the amounts of \$181,680 and \$205,658 as of December 31, 2021 and 2020, respectively. Additionally, Fidelity certified interest income on participants' notes receivable for the year ended December 31, 2021 in the amount of \$12,442.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

- Money market fund - Valued at cost plus accrued interest, which approximates fair value.

The following tables summarize the Plan's investments as of December 31, 2021 and 2020, based on the inputs used to value them:

		Fair Value as of December 31, 2021			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	64,358,353	-	-	\$ 64,358,353
Money market fund		<u>2,660,963</u>	<u>-</u>	<u>-</u>	<u>2,660,963</u>
	\$	<u>67,019,316</u>	<u>-</u>	<u>-</u>	<u>\$ 67,019,316</u>
		Fair Value as of December 31, 2020			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	52,699,368	-	-	\$ 52,699,368
Money market fund		<u>2,824,804</u>	<u>-</u>	<u>-</u>	<u>2,824,804</u>
	\$	<u>55,524,172</u>	<u>-</u>	<u>-</u>	<u>\$ 55,524,172</u>

The pricing methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan and the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, in addition to the underlying industries of the Plan's investments, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - INCOME TAX STATUS

The underlying volume submitter defined contribution plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying volume submitter defined contribution document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's counsel believe the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

NOTE 7 - RELATED PARTY

Personnel and facilities of the Company have provided services to the Plan at no charge.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. As custodian and trustee of the Plan, these transactions qualify as party-in-interest transactions. Administrative expenses paid to Fidelity and charged to the participant accounts for the year ended December 31, 2021 were \$3,837.

INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
Landman Corsi Ballaine & Ford
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Landman Corsi Ballaine & Ford 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statement

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investments (held at end of year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Landman Corsi Ballaine & Ford (the "Company" or "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan covering all full-time employees of the Company who have one year of service and 1,000 hours and are age 21 or older. Effective June 1, 2022, the Plan was amended to cover all full-time employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is in the process of being amended operationally to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date, in accordance with applicable law and Internal Revenue Service (IRS) guidance.

(b) 401(k) Feature

The 401(k) feature allows employees to contribute up to 60% of their eligible compensation (not to exceed the amount, adjusted annually, allowed by the IRS). Participant contributions were limited to \$19,500 for the years ended December 31, 2021 and 2020. Employees may direct their contributions to various investment funds. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). In addition, employees may contribute salary deferrals as Roth deferrals, which are after-tax contributions. Those participants who were age 50 and over could contribute an additional "catch up" contribution of \$6,500 during 2021 and 2020.

(c) Discretionary Matching Contributions

The discretionary matching feature provides for the employer to make a discretionary matching contribution based on employee-eligible compensation contributed to the Plan. The matching percentage, if any, will be decided by the Company's management (as defined). During the plan year ended December 31, 2021, the Company elected to not match employee contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(d) Discretionary Nonelective Contributions

The Company may elect to make a discretionary contribution in an amount to be determined by the board of directors for each plan year. A participant must be employed as of the last day of the plan year to be eligible. Nonelective contributions, if any, made to the Plan by the Company shall be allocated based upon the ratio that the participant's compensation bears to the compensation of all eligible employees within the group of eligible employees. The discretionary contribution for 2021 was \$660,555.

(e) Safe Harbor Nonelective Employer Contributions

The Company elected to make a safe harbor nonelective employer contribution in an amount equal to 3% of a participant's eligible salary if he or she were eligible to participate during the plan year. These contributions satisfy certain Internal Revenue Code (the "Code") requirements and eliminate the need for the Plan to perform certain nondiscrimination annual tests. Participants will be 100% vested in these contributions when made. The safe harbor contribution for 2021 was \$383,594.

(f) Participant Accounts

An individual participant's account is comprised of the participant's elective deferred contributions, including rollovers, the employer's matching contributions, the employer's discretionary nonelective contributions, applicable fund earnings, an allocation of administrative expenses, and unrealized fair market value adjustments. Unrealized fair market value adjustments are based on quoted market prices as of the last business day of each year. Allocations are based on participant earnings or account balances, as defined. The ultimate benefit to be received by a participant depends on the aggregate amount contributed to each participant's account over the years and the investment earnings allocated to his or her account.

(g) Investment Options

Upon enrollment in the Plan, a participant can direct contributions into various offered investment options. The Plan's assets are held in trust. Fidelity Management Trust Company ("Fidelity") is the custodian and trustee of the Plan. The custodian invests monies according to participant directions. The trustee of the Plan determines and approves investment options set up for the Plan.

(h) Vesting

Each participant has a fully vested interest in his or her pretax 401(k) and their employer safe harbor contributions to the Plan. A participant's vested interest in the employer-matched contribution and profit sharing contribution accounts will be 100% under any of the following conditions:

- (i) Death or disability of an employee of the Company;
- (ii) Termination of the Plan;

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(iii) Attainment by an employee of his or her normal retirement date (age 65); or

(iv) Completion of six years of service.

On termination of service, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance.

Vesting for employer matching and discretionary contributions, plus actual earnings thereon, is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	-%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Any forfeitures may be used to offset employer contributions. For the year ended December 31, 2021, forfeitures applied amounted to \$17,461. There were unapplied forfeiture credits in the amounts of \$25,323 and \$17,461 at December 31, 2021 and 2020, respectively.

(i) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(j) Hardship Withdrawals

The Plan permits for hardship withdrawals of employee pretax contributions. Permissible circumstances for hardship withdrawals include education, purchase of a principal residence, medical expenses, funeral expenses, repairs of damage to a principal residence, and to prevent foreclosure of a principal residence.

(k) Notes Receivable from Participants

Participants may borrow from their vested balances. However, the outstanding loan for any participant may not be more than the lesser of: (i) \$50,000 (reduced by a participant's highest outstanding loan balance during the previous 12-month period); or (ii) 50% of the vested balance of a participant's accounts (calculated as of the valuation date of the loan request).

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

The interest rate charged will be decided by the Plan's administrator by reference to the prevailing interest rate charged by commercial lenders under similar circumstances. The same interest rate will be carried throughout the loan term and will be determined on the first day of the month for loans granted during that month (the rates on existing loans are 4.25% to 6.50%). Payments of principal and interest will be credited directly to the borrowing participant's account. A participant must repay the loan within five years or, if the loan proceeds are used to acquire a principal residence, within 10 years. If a participant ceases to make loan repayment and the Plan deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through monthly payroll deductions.

(l) Payment of Benefits

Participants are eligible to receive benefits upon retirement, death, disability, or termination of employment, as specified in the Plan. In addition, the Plan provides for participant withdrawals in the event of a serious financial hardship.

Distribution of benefits is made via one of the following options: (i) joint and survivor annuity, (ii) one lump-sum payment, or (iii) equal installments over a period of not more than the assumed life expectancy of the participant or the designated beneficiary at the time of distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

(b) Valuation of Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based upon quoted market prices, where available.

Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued and unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent participant loans are recorded as distributions, based upon the terms of the plan document.

(d) Payment of Benefits and Other Costs

Benefits are recorded when paid. Administrative expenses are primarily comprised of record keeping fees. These expenses are paid directly by the Plan. Certain administrative expenses related to the Plan are paid by the Plan Sponsor and are not reflected in the Plan's financial statements.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(f) Contributions

Participant contributions are recorded in the period the participant salaries are earned.

(g) Subsequent Events

The Plan has evaluated subsequent events after the balance sheet date through September 8, 2022, the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following represents financial information included in the accompanying statements of net assets available for benefits for the years ended December 31, 2021 and 2020, and the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, which was certified to be complete and accurate by Fidelity, the custodian of the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INVESTMENTS (Continued)

During the year ended December 31, 2021, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value by \$6,243,726.

During the year ended December 31, 2021, the Plan received interest and dividend income of \$3,932,131.

Fidelity also certified notes receivable from participants in the amounts of \$181,680 and \$205,658 as of December 31, 2021 and 2020, respectively. Additionally, Fidelity certified interest income on participants' notes receivable for the year ended December 31, 2021 in the amount of \$12,442.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.

(continued)

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

- Money market fund - Valued at cost plus accrued interest, which approximates fair value.

The following tables summarize the Plan's investments as of December 31, 2021 and 2020, based on the inputs used to value them:

		Fair Value as of December 31, 2021			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	64,358,353	-	-	\$ 64,358,353
Money market fund		<u>2,660,963</u>	<u>-</u>	<u>-</u>	<u>2,660,963</u>
	\$	<u>67,019,316</u>	<u>-</u>	<u>-</u>	<u>\$ 67,019,316</u>
		Fair Value as of December 31, 2020			
		Level 1	Level 2	Level 3	Total
Mutual funds	\$	52,699,368	-	-	\$ 52,699,368
Money market fund		<u>2,824,804</u>	<u>-</u>	<u>-</u>	<u>2,824,804</u>
	\$	<u>55,524,172</u>	<u>-</u>	<u>-</u>	<u>\$ 55,524,172</u>

The pricing methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan and the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, in addition to the underlying industries of the Plan's investments, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

LANDMAN CORSI BALLAINE & FORD
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - INCOME TAX STATUS

The underlying volume submitter defined contribution plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying volume submitter defined contribution document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's counsel believe the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

NOTE 7 - RELATED PARTY

Personnel and facilities of the Company have provided services to the Plan at no charge.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. As custodian and trustee of the Plan, these transactions qualify as party-in-interest transactions. Administrative expenses paid to Fidelity and charged to the participant accounts for the year ended December 31, 2021 were \$3,837.
