Independent Auditors' Report

To the Plan Administrator and Participants of the
Southern States Automotive Management Group, LLC 401(k) Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Southern States Automotive Management Group, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Southern States Automotive Management Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern States Automotive Management Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southern States Automotive Management Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern States Automotive Management Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Southern States Automotive Management Group, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Southern States Automotive Management Group, LLC 401(k) Plan

Notes to Financial Statements December 31, 2021

1. Description of Plan

The following description of the Southern States Automotive Management Group, LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code covering all employees of Southern States Automotive Management Group, LLC and its affiliates: Southern States Imports and Southern States BDM (collectively, "the Company") who are twenty-one years of age or older. Employees are eligible to participate in the Plan after 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In October 2020, Branch Banking & Trust Company ("BB&T") announced that they were exiting the retirement business and had reached an agreement with Ascensus to purchase the existing retirement plan book of business. The effective date of the purchase was March 1, 2021, with the records and assets being transferred to Ascensus, LLC, as agent of Ascensus Trust Company ("Ascensus") on February 18, 2021.

Effective February 15, 2021, the Plan was amended and restated for current regulation and to reflect the following changes:

- Exclusion of leased employees and employees incorrectly determined not to be Employees
- Contribution limit of eligible compensation changed from 30% to the maximum limit allowed as defined by the Internal Revenue Service.
- Allow discretionary profit-sharing contributions
- Loans are no longer permitted from employee Roth accounts
- Loan interest rate changed from prime plus 2% to prime plus 1%

Effective January 1, 2022, the Plan was amended to reduce the eligibility period from 1 year of service to 3 months of service.

Contributions

Each year, participants may contribute up to the allowable deferral limit as defined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has an EACA auto-enrollment feature. Participants are enrolled at 5% unless they opt out of the Plan. Participants may obtain a refund within 90 days of their auto-enrollment entry date should they decide not to contribute to the Plan. Each Plan year the Company may contribute discretionary matching contributions and a discretionary profit-sharing contribution. During 2021 there were no discretionary employer contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Southern States Automotive Management Group, LLC 401(k) Plan

Notes to Financial Statements December 31, 2021

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after one year of service and vests an additional 20 percent per year thereafter until they are 100 percent vested after five years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also offers in-service withdrawals from fully vested accounts to participants who have attained age 59 ½, in addition to distributions for reason of hardship from a participant's elective deferral balance.

Forfeited Accounts

At December 31, 2021 and 2020 there were no forfeited non-vested accounts. These accounts may be used to pay Plan expenses and to reduce future Company matching contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants as well as fees for processing distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Southern States Automotive Management Group, LLC 401(k) Plan

Notes to Financial Statements December 31, 2021

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Collective investment trust funds: Collective investment trust funds are valued at the NAV of units of the collective investment trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loans deemed to be in default during 2021.

Payment of Benefits

Benefits are recorded when paid.

3. Unaudited Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Branch Banking & Trust Company and Ascensus, LLC, as agent of Ascensus Trust Company have certified that the following data included in the accompanying financial statements is complete and accurate.

<i>December 31,</i>	2021	2020
Mutual funds, at fair value	\$ 4,581,592	\$ 4,155,300
Collective investment trust fund, at fair value	\$ 326,450	\$ 543,212
Notes receivable from participants	\$ 52,162	\$ 50,242

<i>Year Ended December 31,</i>	2021
Interest and dividends	\$ 62,604
Net appreciation in fair value of investments	\$ 687,587
Interest income from notes receivable from participants	\$ 2,997

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Southern States Automotive Management Group, LLC 401(k) Plan

Notes to Financial Statements December 31, 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Fair Value Measurements as of December 31, 2021

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

5. Investments that Trade at NAV as a Practical Expedient

The following tables set forth additional disclosures of the investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2021 and 2020 for the Plan.

Fair Value Estimated Using Net Asset Value per Share December 31, 2021					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective investment trust funds - Stable	\$ 326,450	\$ -	Daily	Written notice	-

Fair Value Estimated Using Net Asset Value per Share December 31, 2020					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective investment trust funds - Stable	\$ 543,212	\$ -	Daily	Written notice	-

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in any employer contributions in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has received an opinion letter dated June 30, 2020, that the Plan Document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Southern States Automotive Management Group, LLC 401(k) Plan

Notes to Financial Statements December 31, 2021

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Party Transactions

Certain Plan investments are shares of mutual funds and collective investment trust funds managed by BB&T through February 2021 and Ascensus for the rest of 2021. Ascensus is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan paid \$4,269 in direct payments to BB&T and \$23,302 in direct payments to Ascensus during 2021 for trustee, recordkeeping, and advisory services. The Plan Sponsor pays directly any other fees related to the Plan's operations.

10. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the Form 5500:

<i>December 31,</i>	2021	2020
