To the Plan Administrator
Johnson-Davis, Inc. Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Johnson-Davis, Inc. Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year then ended of December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Johnson-Davis, Inc. Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020 and for the year ended December 31, 2021, stating that the certified investment information, as summarized in Note 2 and 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CPA's + Trusted Advisors

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johnson-Davis, Inc. Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson-Davis, Inc. Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnson-Davis, Inc. Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson-Davis, Inc. Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes to financial statements are an integral part of these statements.

Note 1 - Description of the Plan

The following description of Johnson-Davis, Inc. Savings and Retirement Plan, a defined contribution plan (the "Plan"), provides only general information. A more complete description of the Plan's provisions may be found in the summary plan description, which has been distributed to all participants, and also in the Plan document, which is available to all Plan participants upon request.

General: The Plan is a defined contribution plan covering all employees of Johnson Davis Inc. (the "Company"), the Plan sponsor, who have one year of service, meet a 1,000 hour minimum requirement, and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of plan assets: The Plan's sponsor has selected Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company to administer the Plan and to provide custodial/trustee services.

Contributions: All employees who meet the age and the service requirements above are eligible to participate in the savings and retirement plan and may contribute to the Plan the lesser of \$ 19,500 or their annual compensation, subject to certain statutory limitations. Eligible participants over 50 may contribute up to an additional \$ 6,500.

The Plan's Sponsor has made a Safe Harbor election for the Plan. The company's matching contribution is dollar-for-dollar matching on salary deferrals up to three percent (3%) of qualified compensation and fifty-cents on the dollar matching contribution on salary deferrals from three percent (3%) to five percent (5%) of qualified compensation. This safe harbor matching contribution is fully vested when made.

The Plan also allows the Company to make discretionary contributions annually. For the Plan year ended December 31, 2021, the Company elected not to make a discretionary contribution to the Plan.

Participant accounts (self-directed): Each participant's account is credited with the participant's and the Company's matching contribution and an allocation of the Company's discretionary contribution, if any, and a share of the Plan's investment earnings. Allocations of discretionary contributions are based on the share of the participant's annual compensation, in relation to all other participants in the group, as defined.

In addition, interest charged on individual participant loans is credited directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are always 100% vested in all of their accounts in the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$ 1,000 up to a maximum equal to the lesser of \$ 50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest based on the rates available for similar loans from commercial lending institutions. Interest income earned in connection with participant loans for the year ended December 31, 2021 was approximately \$ 25,000.

Note 1 – Description of the Plan (continued)

Payment of benefits:

- A. *Retirement Benefits* – The full value of the participant's account balance is payable at normal retirement age (65 years old), even if the participant continues to work. Payment may be deferred until April 1 following the later of the calendar year in which the participant reaches age 70 ½ or stops working for the Company.
- B. *Withdrawals* – At age 59 ½ a participant may withdraw any part of the vested account. If applicable, benefits attributable to participant's Voluntary Contributions under the Plan plus any rollovers are available for withdrawal upon request to the Plan Administrator.
- C. *Hardship Withdrawals* – A hardship distribution is limited to the amount needed by the participant to meet certain immediate and heavy financial needs and is further limited to the participant's contributions (elective deferral), certain investment earnings and discretionary contributions.
- D. *Termination* – If a participant stops working for the Company before retirement, they may choose to have all, or part of the vested account distributed at any time.
- E. *Death Benefits* – In the event of death, the vested account will be paid to the spouse or other beneficiary in accordance with the selected available option.
- F. Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Investment valuation and income recognition: The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The difference between fair value and the cost of investments is reflected in the statement of changes in net assets available for benefits as "appreciation (depreciation) in fair value of investments".

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Interest and dividend income is recognized when received. Realized gains and losses on investments are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at year-end when the carrying values of the related investments are adjusted to their estimated fair value.

Loans to participants are valued at their outstanding balance which approximates fair value.

Note 2 - Summary of Significant Accounting Policies (continued)

Uses of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Contract administration fees are paid directly from Plan assets, which amounted to approximately \$ 81,000 for the Plan year ending December 31, 2021. The Company pays all other administrative expenses.

Date of management review: The Plan has evaluated its December 31, 2021 financial statements for subsequent events through August 20, 2022, the date the financial statements were available to be issued.

Note 3 - Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan assets, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020; the related investment activity and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

Note 4 - Fair Value Measurements

In accordance with the Financial Accounting Standards Board in its Accounting Standard Codification (ASC) No. 820, *Fair Value Measurement and Disclosures*, the Plan has defined and established a framework for measuring fair value and expanded disclosures about fair value measurements. Various inputs are used in determining the value of the Plan's investments. These inputs are summarized in three levels listed below:

- Level 1 - inputs are quoted market prices (unadjusted) in active markets for identical investments that the reporting entity can access at the measurement date.
- Level 2 - inputs are other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly. (e.g. quoted prices in active markets for similar securities, securities valuations based on commonly quoted benchmarks, interest rates and yield curves, and/or securities indices.)
- Level 3 - inputs are significant unobservable inputs. (e.g. information about assumptions, including risk, market participants would use in pricing a security.)

Note 4 - Fair Value Measurements (continued)

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

Mutual funds are valued at the quoted net asset value of the shares held by the Plan at year end.

Guaranteed interest accounts are valued at the amount plan participants would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to amounts approximating the fair market value of the guaranteed investment accounts and reflect current market interest rates only to the extent such market rates exceed credit rates.

Separate accounts, at December 31, 2021 and 2020, invest mainly in domestic stocks. The underlying securities have observable level 1 quoted pricing inputs.

Fair values of investments held by the Plan are classified at December 31, 2021 as follows:

	Level 1	Level 2	Level 3	Total
Separate accounts	\$ 1,221,114	\$ -	\$ -	\$ 1,221,114
Mutual Funds	8,860,104	-	-	8,860,104
Guaranteed interest accounts	-	-	9,329	9,329
	<u>\$ 10,081,218</u>	<u>\$ -</u>	<u>\$ 9,329</u>	<u>\$ 10,090,547</u>

Fair values of investments held by the Plan are classified at December 31, 2020 as follows:

	Level 1	Level 2	Level 3	Total
Separate accounts	\$ 1,409,224	\$ -	\$ -	\$ 1,409,224
Mutual Funds	8,700,556	-	-	8,700,556
Guaranteed interest accounts	-	-	16,449	16,449
	<u>\$ 10,109,780</u>	<u>\$ -</u>	<u>\$ 16,449</u>	<u>\$ 10,126,229</u>

The following table provides further detail of the Level 3 fair value measurements:

	2021	2020
Beginning balance	\$ 16,449	\$ 41,392
Total gains (losses) (realized and unrealized)	-	215
Interest income	190	397
Purchases, issuances and settlements, net	<u>(7,310)</u>	<u>(25,555)</u>
Ending balance	<u>\$ 9,329</u>	<u>\$ 16,449</u>

There were no transfers between levels of investments during the years ended December 31, 2021 and 2020.

Note 5 - Cash Receipts and Payments

All contributions received by the Plan have been placed in the investments referred to in Note 4 and 6. In addition, there have been benefit and withdrawal distribution payments of \$ 2,325,744 to Plan participants during the year ended December 31, 2021.

Note 6 - Common Collective Trust

Previously, the Plan entered into a fully benefit-responsive investment contract maintained by Principal Global Investors Trust Company ("Principal"). This is a stable value collective investment trust ("CIT") for which the net asset value ("NAV") is based on the contract value. Investments held by a CIT are required to be reported at fair value, however, contract value is the relevant measurement characteristic for that portion of the net assets of a CIT attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. The value of the Fund may fluctuate so that when redeemed, units may be worth more or less than the original cost.

The NAV is the basis for current transactions and the collective investment trust can be redeemed at NAV as of the measurement date. The effective guaranteed credited interest rate is based on a formula agreed upon with the issuer and there is no stated minimum or maximum interest rate for the investment. Such interest rates are reviewed on a quarterly basis for resetting.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuers' interest hereunder. Such events may include but are not limited to: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

An issuer can terminate an investment contract upon the event of default by the contract holder, Investment Advisor or Trustee if the issuer determines in its reasonable discretion, such event has had, or is likely to have, a material adverse effect on the issuer's interest with respect to the contract. Such events may include but are not limited to: management of the portfolio is not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the Investment Advisor without prior consent of the issuer, the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of Employee Retirement Income Security Act of 1974.

Note 7 - Tax Status

The Plan obtained its latest determination on March 31, 2014, in which the Internal Revenue Service stated that the Plan, a Prototype Non-standardized Profit Sharing Plan, was in compliance with the applicable requirements of the Internal Revenue Code 401(k). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's Custodian/Trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code 401(k).

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent (100%) vested in their accounts.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Parties-in-Interest

Section 3(14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodian/trustee and certain administrative expenses are considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. As noted in Note 3, Plan investments are managed and held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company). In addition, fees paid by the Plan for contract administration amounted to \$ 81,375 for the year ended December 31, 2021.
