Independent Auditor's Report

Plan Administrator
National Wild Turkey Federation's
Master 401(k) Plan
Edgefield, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of National Wild Turkey Federation's Master 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("quantifiable institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution, Reliance Trust Company ("Trustee") as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year at December 31, 2021) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the Trustee of the Plan, and summarized in Note 4. Our audit report, dated July 19, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

National Wild Turkey Federation's Master 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan

The following description of the National Wild Turkey Federation's Master 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement as amended and restated for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all full-time, non-union employees of National Wild Turkey Federation (the "Federation") who have met the defined service and age requirements. For the year ended December 31, 2021 and the three month period ended December 31, 2020, the Plan covered employees who have completed one month of service, as defined by the Plan Agreement, and are age 21 or older. During 2020, the Plan changed its fiscal year-end of September 30, 2020 to a calendar year end, or December 31, 2020, in order to simplify processes for administrative purposes.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration - The Federation is the plan administrator ("Plan Administrator"). During 2021, the Plan switched the Trustee of the Plan from Fidelity Management Trust Company to Mass Mutual, which was purchased by Empower Retirement during 2021. As of December 31, 2021, Empower Retirement serves as the recordkeeper and Reliance Trust serves as Trustee of the Plan, further referred to as the "Trustee".

Contributions - For the year ended December 31, 2021, participants may contribute up to the lesser of (a) 75% of pretax annual compensation, as defined in the Plan Agreement, or (b) \$19,500, in a calendar year. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions up to an annual amount of \$6,500 during any Plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. Employee contributions are recorded in the period during which the Federation makes payroll deductions from the participant's earnings.

Prior to 2021, the Federation would make annual discretionary profit sharing or matching contributions in an amount to be determined at Plan year end by the Board of Directors. During the year ended December 31, 2021, the Plan made discretionary matching employer contributions to the Plan of 100% up to 3% of eligible participant salaries and 50% from 3% to 5% of eligible participant salaries. The Federation elected also to make a 7% profit sharing contribution to the Plan for the year ended December 31, 2021. Only those participants that were employed as of June 30, 2021 were included in the profit sharing contribution and the contribution was calculated based on annual salaries and wages at the time of the contribution.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocation of the Federation's discretionary contributions, as applicable, and Plan earnings and charged with Plan losses and an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

National Wild Turkey Federation's Master 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan (continued)

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Federation's discretionary profit sharing contributions and matching contributions portions of their accounts plus earnings thereon is based on years of service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3 or more	100%

Vested interest in the discretionary profit sharing and matching contributions in a participant's account shall become 100% vested if the participant is still employed with the Federation on their normal retirement date, the date they become disabled, or the date the participant dies.

Due to a merger in a prior year, certain participants have Employer Money Purchase contributions in the Plan. A participant's vested interest in his or her prior Employer Money Purchase contributions is determined by the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 5	0%
5 or more	100%

Notes Receivable From Participants - Participants may borrow from their fund up to a maximum of \$50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum amount, monthly installment payments, or annuity. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. If, upon termination of service or retirement, the participant's total vested account balance does not exceed \$5,000, the participant's account balance will be distributed as a rollover distribution, into an individual retirement plan designated by the Plan Administrator.

Forfeited Accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$99,828 and \$33,717, respectively. These accounts will be used to reduce future Federation contributions to the Plan. During year ended December 31, 2021, employer contributions were not reduced from forfeited nonvested accounts.

National Wild Turkey Federation's Master 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan (continued)

Recently Implemented Audit Standards – In July of 2019, the AICPA Auditing Standards Board (“ASB”) issued Statement on Auditing Standards (“SAS”) No. 136 – *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This new standard will go into effect for the 2021 Plan year audit. The standard aims to provide transparency to readers of ERISA plan financial statements and to clarify the audit procedures required for ERISA Section 103(a)(3)(C) audits, which is the new terminology replacing the ERISA limited scope audits conducted presently. The audit report has been updated to reflect the changes impacted by this standard.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of the financial statements in conformity with GAAP requires Plan Management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Concentrations of Credit Risk – All Plan assets are invested with the Trustee. Such investments are subject to credit and market risk associated with (1) the credit worthiness of the Trustee, (2) the credit worthiness of underlying issuers, and (3) fluctuations in market value inherent with changes in economic conditions.

Investment Valuation and Income Recognition - Purchases and sales of funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan's investments are stated at fair value, including collective trusts, which hold indirect investments in fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The investments in collective trusts are valued at net asset value ("NAV") per unit, as determined by the trustee. The NAV is used as the practical expedient to estimate the fair value.

National Wild Turkey Federation's Master 401(k) Plan
Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (continued)

Administrative Expenses - Certain administrative expenses of the Plan (primarily audit fees) are paid by the Federation and are excluded from these financial statements. Recordkeeping and other fees are charged to the participants.

Payment of Benefits- Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Note 3. Investments

Fair Value Measurements - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and December 31, 2020, other than the Plan no longer invests in money market funds as of December 31, 2021.

National Wild Turkey Federation's Master 401(k) Plan
Notes to Financial Statements

Note 3. Investments (continued)

Money Market Funds - These investments are included in the mutual funds and are public investment vehicles valued using the NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt and monetary assets. These funds are classified within Level 1 of the valuation hierarchy.

Mutual Funds - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Collective Trusts - Investments in the collective trust fund are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at each valuation date. As there is no readily determinable fair value and the trust is valued at the NAV practical expedient, it is shown outside the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan Management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Information Certified by the Plan's Trustee (unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, to have certain information certified by the Trustee. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information and the supplemental schedule of assets (held at end of year), which was certified by the Trustee as complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Investment information included in the schedule H, line 4i-schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Note 5. Fair Value Measurements

See "Fair Value Measurements" in Note 3 for discussion of the methodologies and assumptions used to determine the fair value of the Plan's investments. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and December 30, 2020:

As of December 31, 2021				
	Level 1	Level 2	Level 3	Total Fair Value
Investments, at fair value				
Mutual funds	\$ 6,301,186	\$ -	\$ -	\$ 6,301,186
Investments measured at net asset value as a practical expedient*				19,297,490
Total Investments				\$ 25,598,676
As of December 30, 2020				
	Level 1	Level 2	Level 3	Total Fair Value
Investments, at fair value				
Money market funds	\$ 1,795,355	\$ -	\$ -	\$ 1,795,355
Mutual funds	\$ 24,172,774	\$ -	\$ -	\$ 24,172,774
Investments measured at net asset value as a practical expedient*				676,227
Total Investments				\$ 26,644,356

* In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes certain information about investments measured at fair value based on NAV per share, which is not readily determinable as of December 31, 2021 and 2020:

December 31, 2021				
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 19,297,490	n/a	Daily	None
December 30, 2020				
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 676,227	n/a	Daily	None

Note 5. Fair Value Measurements (continued)

In addition, the Plan's investment objective for the collective trust is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital.

Note 6. Guaranteed Investment Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed investment account ("GIC") with the Plan's Trustee. The Plan Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Management does not feel there are events probable to occur that would limit the Plan's ability to transact at contract value.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Plan Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The fair value of the GIC at December 31, 2021 and 2020 was \$377,833 and \$0, respectively. The average yield and crediting interest rate was approximately 2.39% at December 31, 2021 and 0% at December 31, 2020. Interest rates are subject to quarterly adjustments. The interest rates are equal to the sum of the interest rate index and the interest rate adjustment as set forth in the contract.

Note 7. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$21,925 for the year ended December 31, 2021.

Note 8. Tax Status

The Plan's previous Trustee received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which stated that the prototype plan document in place satisfied the applicable provisions of the Internal Revenue Codes ("IRC"). The Plan itself has not received a determination letter from the IRS and it has been amended since receiving this determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

National Wild Turkey Federation's Master 401(k) Plan
Notes to Financial Statements

Note 8. Tax Status (continued)

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Federation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts based on participant earnings and distributed in such a manner as defined by the Plan.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investments in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of the financial statements were available to be issued. The pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Note 11. Subsequent Events

The Plan has evaluated subsequent events through August 22, 2022, the date which the financial statements were available to be issued. As of this date, there were no material subsequent events requiring adjustment to or disclosure in the financial statements as of and for the year ended December 31, 2021.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
