INDEPENDENT AUDITOR'S REPORT

September 7, 2022

To the Administrative Committee of
Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section—

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Our audit report, dated October 7, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I

December 31, 2021 and 2020

Note A – Description of Plan

The following description of Wolverine World Wide, Inc. 401(k) Retirement Savings Plan I (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all eligible employees of participating entities within Wolverine World Wide, Inc. (Company), the Plan's sponsor. Employees generally become participants on the first day of the month following completion of 30 days of service (six months of service for union employees). Upon participation in the Plan, employees become eligible to receive annual matching contributions from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make contributions to the Plan through payroll deductions of 1%-100% from each participant's compensation, as defined, subject to statutory limitations. The Plan also allows participants to transfer funds from other qualified plans into the Plan. The Plan requires that certain employees are subject to automatic pay deferrals of 3% unless an affirmative alternate election is made.

The Company may make a discretionary matching contribution based on the participant's contribution. The matching contribution amount for the 2021 and 2020 plan years was 50% of the first 6% of the participant's deferral for participants hired before January 1, 2013. Participants hired after December 31, 2012 received a matching contribution of 100% of the first 3% deferred plus 50% of the next 3% deferred for the years ended December 31, 2021 and 2020.

Plan Operations

The Company has appointed Prudential Bank & Trust, FSB (the Trustee) to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions, and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled and approves all distributions from the Plan to participants. The Plan's fiduciary committee is responsible for oversight, determines the appropriateness of the Plan's investment strategy, and monitors investment performance.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I December 31, 2021 and 2020

Note A – Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, forfeitures, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching contribution accounts is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

A participant shall be credited a year of service for each period in which the participant completes 1,000 hours of service. A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed, or upon attainment of normal retirement age.

The accounts of a participant who was a participant in the Wolverine World Wide, Inc. 401(k) Retirement Savings Plan II (Plan II) on December 31, 2016, and who was actively employed as of that date are fully vested.

Loans to Participants

Under certain conditions, a participant may obtain a loan from the Plan. A participant may borrow a maximum of the lesser of one-half of the vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms will generally not exceed five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I December 31, 2021 and 2020

Note A – Description of Plan (Continued)

Payment of Benefits

Upon termination of employment a participant may elect to receive either a lump sum payment in cash or to have the lump sum payment transferred to an eligible retirement plan. Participants with a vested account balance of less than \$1,000 receive an immediate lump sum distribution if no election is made by the participant. Terminated participants who have an account balance that exceeds \$1,000, but is less than \$5,000, will have their balance automatically rolled over into an individual retirement account designated by the Company if no election is made by the participant. After-tax benefits may be withdrawn at any time.

In-service withdrawals are permitted upon attaining age 59½. A participant may also request a withdrawal upon demonstration by the participant to the plan administrator that the participant is suffering from a financial hardship.

Costs and Expenses

Certain transaction fees and other administrative expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce the annual Company matching contribution or to pay plan expenses. The balance in the forfeiture account at December 31, 2021 and 2020 was \$210,070 and \$236,693, respectively. Forfeitures of \$252,060 and \$203,582, were used to reduce employer matching contributions during the years ended December 31, 2021 and 2020, respectively.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I December 31, 2021 and 2020

Note B – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported in the Plan's financial statements at fair value (except the guaranteed investment contract, which reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document; therefore, an allowance for credit losses is not considered necessary at December 31, 2021 and 2020.

Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 7, 2022, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I December 31, 2021 and 2020

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I December 31, 2021 and 2020

Note C – Fair Value Measurements (Continued)

Mutual funds: Valued based on quoted NAV of the shares held by the Plan on the last business day of the plan year.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total
<u>December 31, 2021</u>				
Mutual funds	\$ 186,501,171	\$ -	\$ -	\$ 186,501,171
<u>December 31, 2020</u>				
Mutual funds	\$ 169,108,720	\$ -	\$ -	\$ 169,108,720

Note D – Investment Contract with Insurance Company

Plan assets include a synthetic guaranteed investment contract issued by Prudential Life Insurance Company. The methodology for calculating the interest rate credit is defined in the terms of the contract. Under the existing contract, the crediting rate is reset on a quarterly basis. The crediting interest rate was 1.33% and 1.48% for years ended December 31, 2021, and December 31, 2020, respectively. The crediting rate shall not be less than 0.00%.

The synthetic guaranteed investment contract is a fully benefit-responsive contract, and therefore contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Prudential Life Insurance Company, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. There are generally no events that could limit the ability of the Plan to transact at contract value. There are also generally no events that allow the issuer to terminate the contract with less than 30 days' notice, or which require the plan sponsor to settle at an amount different than contract value. With consideration to these guidelines, participants may ordinarily direct permitted withdrawal or transfer all or a portion of their investment at contract value within reasonable timeframes.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I
December 31, 2021 and 2020

Note E – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amount reported in the statements of assets available for benefits.

Note F – Information Certified by Certifying Entities

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation or depreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the certifying entities.

Note G – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$621,506 and \$589,613 for the years ended December 31, 2021 and 2020, respectively. Such fees were based on reasonable and customary rates.

Note H – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

WOLVERINE WORLD WIDE, INC. 401(K) RETIREMENT SAVINGS PLAN I

December 31, 2021 and 2020

Note I – Tax Status

The Plan obtained its latest determination letter dated August 2, 2017, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note J – Transfers to and from Related Plans

During the year ended December 31, 2021, \$87,609 was transferred to the Plan from the Wolverine World Wide, Inc. 401(k) Retirement Savings Plan II. During the year ended December 31, 2020, \$11,231 was transferred from the Plan to the Wolverine World Wide, Inc. 401(k) Retirement Savings Plan II.

Note K – CARES Act

In response to the pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted to provide economic relief to business and individuals impacted by the pandemic. Provisions of the CARES Act included increasing the amount that participants may borrow from their account up to the lesser of \$100,000 or 100% of the vested account balance until 180 days after the Act's enactment date, and also allows participants the option to delay loan payments due between March 27, 2020, and December 31, 2020, until January 1, 2021. Of these components available for election, the Plan elected to allow participants the option to delay payments until January 2021.

The CARES Act also allows impacted Plan participants to request and receive up to \$100,000 of their vested account balance prior to December 31, 2020. The benefits paid will be included in the participant's taxable income over three years, unless the participant elects to recognize the income in the year of distribution. These benefit payments will not be subject to the 10% penalty for early withdrawal. Repayment to the Plan is permitted within three years of the distribution.
