INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of the
Sharps Compliance 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Sharps Compliance 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 25, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Sharps Compliance 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following description of the Sharps Compliance 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan generally covering all employees of Sharps Compliance, Inc. (the "Company"). The Plan, effective as of January 1, 1999, was amended and restated effective July 15, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. John Hancock Life Insurance Company (U.S.A.) is the trustee of the Plan ("John Hancock" or "Trustee").

Eligibility and service

The Plan allows participation upon employment to all employees after the one month minimum service requirement is met. There is no minimum age requirement. Employees electing to participate in the Plan upon meeting eligibility requirements will become a participant of the Plan for all contribution types allowed by the Plan on the first day of the following month after meeting eligibility.

Participant and employer contributions

Participants may contribute up to 100% of compensation subject to the Internal Revenue Code ("IRC") maximum annual limitations. After-tax contributions are not allowed by the Plan. Eligible participants may also make catch up contributions upon attaining 50 years of age, as defined by the IRC.

The Plan allows for discretionary employer matching contributions to all eligible participants. For the years ended December 31, 2021 and 2020, the Company elected to match up to 25% of the participant's deferrals up to 6% of the employee's compensation. In addition to any matching contribution, the Company may also make a pre-tax discretionary contribution, such as a profit sharing contribution, that is allocated to eligible participants whether or not the participant makes a contribution. There were no discretionary profit sharing contributions made for the years ended December 31, 2021 and 2020.

Participant accounts

Each participant's account is credited with the participant's contribution, rollover contribution, if any, matching contribution and allocation of Plan earnings and losses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their contributions plus subsequent appreciation or depreciation thereon. Employer matching contributions and any discretionary profit sharing contributions plus appreciation or depreciation thereon will be subject to the following vesting schedule.

Note 1 - Description of the Plan (Continued)

Vesting (continued)

Years of Service	Percent Vested
Less than 1 year	0%
1 year but less than 2 years	33%
2 years but less than 3 years	66%
3 years or more	100%

Investment options

Plan participants can direct the investment of all their contributions and balances into any or all of the investment options available under the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one investment to another or by changing the percentage allocation to various investment options for future contributions.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000 reduced by the participant's highest outstanding note balance during the prior twelve-month period. A participant may have only one note outstanding at any given time. Notes receivable from participants are secured by the participant's account balance, and bear a reasonable rate of interest. All notes require that repayment be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of the note or ten years if the note is for the purchase of a principal residence.

The Company made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Distributions to participants

Participants are eligible for distributions of their vested account balances upon the event of death, disability, hardship, retirement, reaching age 59 1/2, or termination of employment.

Distributions may be made in a lump-sum payment or in substantially equal installments. If the vested balance of the participant's account is less than $1,000, the payment will be made in a single lump-sum. If the vested account balance exceeds $1,000, participants must elect how to receive their distributions. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Note 1 - Description of the Plan (Continued)

Distributions to participants (continued)

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act permitted Plan participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020. Plans were permitted to adopt any CARES Act provisions immediately provided the *Plan Document* is retroactively amended on or before December 31, 2022.

Plan termination

Although it has not expressed any intent to do so, management of the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and the net assets of the Plan are to be distributed to participants in accordance with the Plan document.

Forfeitures

Forfeitures of unvested employer matching contributions will be used to reduce employer matching contributions. Forfeitures of unvested discretionary contributions will be allocated to all participants eligible to share in the allocations of discretionary contributions in the same proportion that each participant's eligible compensation for the Plan year bears to the eligible compensation of all participants for such Plan year. During the years ended December 31, 2021 and 2020, the Plan utilized forfeitures of unvested employer matching contributions totaling $2,995 and $4,106, respectively, to reduce employer matching contributions. At December 31, 2021 and 2020, the Plan had $747 and $9,314 respectively, of forfeitures available for use.

Note 2 - Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Note 2 - Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value based on quoted market prices as of year-end which represents the net asset value of shares held by the Plan. See Note 4 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Distributions to participants

Distributions are recorded when paid.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in pooled separate accounts and a guaranteed interest account. Financial instruments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain financial instruments, it is at least reasonably possible that changes in value of financial instruments will occur in the near term and that such changes could materially affect the amount reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Note 3 - Information Certified by the Trustee

For Plan years 2021 and 2020, the financial information included in the Plan's financial statements and supplemental schedule, except for excess contributions payable, contributions, distributions to participants, and administrative expenses, has been derived from information certified as complete and accurate by John Hancock.

Note 4 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Pooled separate accounts – these investments are valued at the Net Asset Value ("NAV"), as a practical expedient, of the units held by the Plan which are based on the quoted market prices of the underlying securities of the funds or the underlying real estate estimated using discounted cash flow valuation models that utilize public real estate market data inputs (transaction prices, market rents, vacancy levels, leasing absorption, market cap rates, and discount rates). All investments in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments. The underlying investments of the pooled separate accounts primarily include domestic and international equities, mutual funds, fixed income securities, and mortgage loans backed by associated properties.

Note 4 - Fair Value Measurements (Continued)

- Guaranteed interest accounts – the Plan has entered into a contract with John Hancock for the guaranteed interest accounts held at year-end (collectively, the "Contract"). The Contract is not fully benefit-responsive, and thereby recorded at fair value. Fair value is the amount participants would receive currently if they were to withdraw or transfer funds within the Plan prior to contract maturity or for an event other than death, disability, termination, or retirement. Fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by John Hancock. Payments and transfers from the guaranteed interest accounts will be made in full within seven business days after the requested date of payment. However, John Hancock reserves the right to defer any payment or transfer for up to 270 days. The deferment will be based on unstable or disorderly markets or investment conditions which do not allow for an orderly investment transfer. The deferment may include, but not be limited to, situations where regular banking has been suspended or when an emergency or other circumstances beyond John Hancock's control do not allow for the orderly disposal and liquidation of securities or other assets.

  John Hancock also reserves the right to make the portion of the requested payment or transfer, in excess of the greater of twenty-five percent of the aggregate guaranteed interest accounts under the contract on the date twelve months prior to the determination date, or $25 million in the twelve month period which ends on the date of the requested payment or transfer in substantially equal monthly installments over a period not to exceed 36 months. If the limitation is imposed, John Hancock will make the first installment one month after the date of the request, or on the date specified in the Company's notification. The delay rights do not apply to payments to the beneficiary named by the participant, payments to a participant due to disability or retirement under the Plan. Participants may be subject to a surrender charge or market value adjustment upon early liquidation of their investment in the Contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets measured at fair value are as follows as of December 31, 2021:

	Level 3	Total
Guaranteed interest accounts	$ 2,121	$ 2,121
Total assets in fair value hierarchy	2,121	2,121
Investments measured at net asset value (a)		3,973,524
Investments at fair value	$ 2,121	$ 3,975,645

Note 4 - Fair Value Measurements (Continued)

The Plan's assets measured at fair value are as follows as of December 31, 2020:

	Level 3	Total
Guaranteed interest accounts	$ 94,063	$ 94,063
Total assets in fair value hierarchy	94,063	94,063
Investments measured at net asset value (a)		3,133,014
Investments at fair value	$ 94,063	$ 3,227,077

(a) In accordance with Subtopic 820-10, the pooled separate accounts are measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Guaranteed interest accounts, assessed as Level 3 assets, for the years ended December 31:

	2021	2020
Balance, beginning of year	$ 94,063	$ 96,028
Unrealized losses relating to instruments held at the reporting date	(2,131)	(202)
Forfeitures	-	(629)
Sales	-	(17,463)
Purchases	2,902	16,329
Transfers	(92,713)	-
Balance, end of year	$ 2,121	$ 94,063

Note 5 - Income Tax Status

The volume submitter plan adopted by the employer obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Income Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-In-Interest Transactions

The Plan's investments are in pooled separate and guaranteed interest accounts, which are managed by John Hancock. Transactions with investments managed by John Hancock, as opposed to third party investments, qualify as party-in-interest transactions as defined by ERISA.

Note 7 - Subsequent Events

Management has evaluated subsequent events through August 22, 2022, which was the date that the financial statements were available to be issued, and has determined that there are no subsequent events to be reported.
