Independent Auditor's Report

To the Plan Administrator of the Greenfield Savings Bank 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Greenfield Savings Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 30, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Greenfield Savings Bank 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Greenfield Savings Bank 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Greenfield Savings Bank (the “Bank”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

As of December 31, 2021 plan assets are invested in various mutual funds and common collective trust accounts offered by Voya Financial. As of December 31, 2020, plan assets were invested in various mutual funds and guaranteed interest accounts offered by Massachusetts Mutual Life Insurance Company (“MassMutual”). The Plan changed its trustee from Reliance Trust Company to Voya Institutional Trust Company and its record keeper from MassMutual to Voya Financial, effective December 17, 2021.

Participation

To become eligible for participation, an employee must be at least age 18. There is no minimum service requirement for participation in the Plan. The employee will become a participant in the Plan on the first day of the payroll period coinciding with or next following the date on which an employee meets the eligibility requirements. Upon reaching retirement age, a participant can direct distribution of balances under several options described by the Plan Agreement.

Contributions

Participants may elect to contribute between one and seventy-five percent of their compensation subject to maximum annual limits. Unless an employee opts not to participate, 5% of compensation will be deferred on each employee’s behalf. Participants may change their investment options and/or elective deferrals during the year and these changes will become effective at the beginning of the next payroll period.

The Bank will match a portion of the participant’s contribution (the “employer match”) in an amount equal to 100% of the participant’s elective deferrals up to a maximum of 3% of compensation and 50% of deferrals greater than 3% up to 5% of compensation. Participants must complete one year of service to receive the match.

See independent auditor’s report.

Greenfield Savings Bank 401(k) Plan

Notes to Financial Statements (Continued)

DESCRIPTION OF THE PLAN (continued)

Contributions (concluded)

The Bank may decide each year to make a discretionary employer contribution (the “discretionary contribution”) on behalf of eligible active participants to be allocated to participants. There were no discretionary contributions for the years ended December 31, 2021 and 2020.

An employee, whether or not an active participant may, with permission of the Plan Administrator, contribute to the Plan distributions from other qualified plans or individual retirement accounts if such contributions satisfy the tax law requirements for a qualified rollover. Any rollover contributions are fully vested and nonforfeitable.

Each participant's account is credited with the participant's contributions and Bank's matching contributions, as well as allocations of the Bank's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times 100% vested in their account balance which consists of salary deferral, rollover and employer match contributions. Any discretionary contributions vest in full once a participant completes three years of service. Prior to the completion of three years of service, no amounts vest. There are no contributions subject to vesting and therefore no forfeiture account balances as of December 31, 2021 and 2020.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their discretionary employer contributions.

Notes Receivable from Participants

Loans may be made to participants when directed by the Plan Administrator and upon request by the participant. A participant may only receive a participant loan upon the demonstration of a hardship event or a purchase of a personal residence, as defined in the Plan Agreement. Each loan shall bear interest at the prime rate, as published in the Wall Street Journal on the last day of the previous month prior to the origination of the loan,

See independent auditor's report.

plus one percentage point. Interest and principal are repaid and credited to the Participant's account based on their current investment choices.

The Plan only allows participants two loans at a time. The maximum loan amount is one half of the participant's vested 401(k) account balance, not to exceed \$50,000. The minimum loan amount is \$1,000. Loans are repayable over a period of up to five years, unless such loan is used to acquire a principal residence of the participant in which case the term may be extended to a maximum of 30 years.

Distributions

Retirement, Disability, or Death

Participants who retire, become disabled, or die, will be entitled to 100% of their account balance.

Other Termination of Employment

Upon termination of employment for any reason other than retirement, disability, or death, the participant shall be entitled to receive 100% of their vested account balance.

Withdrawals

Participants may withdraw contributions only after termination of service or, subject to the consent of the Plan Administrator, in the case of financial hardship. Upon termination of employment, retirement or death, the participant's account balance is payable to the participant or their beneficiary. The Plan provides for normal retirement at age 65 and also provides an election for early retirement upon reaching age 59½.

Investment Options

Participants may direct the investment of their deferrals, and any employer matching or discretionary contributions, to any investment funds offered by the Plan. Earnings in these funds and/or market gains or losses are reflected in their changing unit values or returns.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on an accrual basis and are in conformity with accounting principles generally accepted in the United States of America.

See independent auditor's report.

Greenfield Savings Bank 401(k) Plan

SIGNIFICANT ACCOUNTING POLICIES (concluded)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) using information provided by the Plan's Trustee. See Note 4 for discussion of fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Security transactions are recognized on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses. Gains and losses on the sale of investments are calculated using the average cost method.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement. No allowance for credit losses had been recorded as of December 31, 2021 and 2020.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Substantially all administrative costs of the Plan were paid by the Bank for the years ended December 31, 2021 and 2020, except for loan origination and annual loan maintenance fees which are paid by the participants that have participant loans.

Benefit Payments

Benefits are recorded when paid.

See independent auditor's report.

3. INFORMATION CERTIFIED BY TRUSTEES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustees, except for comparing such information certified by the Trustees to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The Plan Administrator has obtained certifications from Reliance Trust Company as of December 31, 2020 and for the year then ended, Great-West Life & Annuity Insurance Company, as power of attorney granted by MassMutual, as of December 31, 2020 and for the period from January 1, 2020 to December 17, 2021, and Voya Institutional Trust Company as of December 31, 2021 and for the period December 17, 2021 to December 31, 2021 that such information is complete and accurate.

Information certified as of and for the years ended December 31, 2021 and 2020 is as follows:

The Voya Institutional Trust Company also certified the information included in the Supplemental Schedule of Assets (Held at End of Year).

4. INVESTMENTS

The following is a summary of the Plan's investments at December 31, 2021 and 2020:

	2021	2020
Mutual funds	\$ 18,550,178	\$ 17,543,898
Common collective trust	3,559,193	-
Guaranteed interest account	-	3,174,543
	<u>\$ 22,109,371</u>	<u>\$ 20,718,441</u>

Fully Benefit-Responsive Investment Contract

As of December 31, 2020, the Plan had entered into a guaranteed interest account with MassMutual. This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed interest account does not permit MassMutual to terminate the agreement prior to the scheduled maturity date.

See independent auditor's report.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

See independent auditor's report

Fair Value Measurements (concluded)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value of units held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported net asset value. Participants transactions (purchases and sales) may occur daily.

Investments measured at net asset value per share (or its equivalent) are not classified in the fair value hierarchy.

The following tables detail the Plan's assets carried at fair value on a recurring basis as of December 31, 2021 and 2020, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine fair value:

<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Total common collective trust funds	\$ 3,559,193	n/a	Daily	up to 30 days

5. TAX STATUS

The Plan has obtained its latest determination letter on May 11, 2009 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan as amended is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor ("DOL"). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and DOL, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

See independent auditor's report.

Greenfield Savings Bank 401(k) Plan

Notes to Financial Statements (Continued)

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2021, certain Plan investments consist of mutual funds and a common collective trust fund managed by Voya Retirement Insurance and Annuity Company ("Voya"). As of December 31, 2020, certain Plan investments consist of pooled separate accounts, mutual funds and investment contracts managed by MassMutual. Voya is the current record keeper and trustee of the Plan and MassMutual is the former record keeper and trustee and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants qualify as party-in-interest transactions as well.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 to Form 5500:

Net assets available for benefits per the financial statements	\$ 22,268,358
Less: Employer contribution receivable	(23,368)
Less: Employee contributions receivable	<u>(51,122)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 22,193,868</u></u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021, to Form 5500:

Net increase per the financial statements	\$ 1,418,902

Independent Auditor's Report

To the Plan Administrator of the Greenfield Savings Bank 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Greenfield Savings Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 30, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Greenfield Savings Bank 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Greenfield Savings Bank 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Greenfield Savings Bank (the “Bank”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

As of December 31, 2021 plan assets are invested in various mutual funds and common collective trust accounts offered by Voya Financial. As of December 31, 2020, plan assets were invested in various mutual funds and guaranteed interest accounts offered by Massachusetts Mutual Life Insurance Company (“MassMutual”). The Plan changed its trustee from Reliance Trust Company to Voya Institutional Trust Company and its record keeper from MassMutual to Voya Financial, effective December 17, 2021.

Participation

To become eligible for participation, an employee must be at least age 18. There is no minimum service requirement for participation in the Plan. The employee will become a participant in the Plan on the first day of the payroll period coinciding with or next following the date on which an employee meets the eligibility requirements. Upon reaching retirement age, a participant can direct distribution of balances under several options described by the Plan Agreement.

Contributions

Participants may elect to contribute between one and seventy-five percent of their compensation subject to maximum annual limits. Unless an employee opts not to participate, 5% of compensation will be deferred on each employee’s behalf. Participants may change their investment options and/or elective deferrals during the year and these changes will become effective at the beginning of the next payroll period.

The Bank will match a portion of the participant’s contribution (the “employer match”) in an amount equal to 100% of the participant’s elective deferrals up to a maximum of 3% of compensation and 50% of deferrals greater than 3% up to 5% of compensation. Participants must complete one year of service to receive the match.

See independent auditor’s report.

Greenfield Savings Bank 401(k) Plan

Notes to Financial Statements (Continued)

DESCRIPTION OF THE PLAN (continued)

Contributions (concluded)

The Bank may decide each year to make a discretionary employer contribution (the “discretionary contribution”) on behalf of eligible active participants to be allocated to participants. There were no discretionary contributions for the years ended December 31, 2021 and 2020.

An employee, whether or not an active participant may, with permission of the Plan Administrator, contribute to the Plan distributions from other qualified plans or individual retirement accounts if such contributions satisfy the tax law requirements for a qualified rollover. Any rollover contributions are fully vested and nonforfeitable.

Each participant's account is credited with the participant's contributions and Bank's matching contributions, as well as allocations of the Bank's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times 100% vested in their account balance which consists of salary deferral, rollover and employer match contributions. Any discretionary contributions vest in full once a participant completes three years of service. Prior to the completion of three years of service, no amounts vest. There are no contributions subject to vesting and therefore no forfeiture account balances as of December 31, 2021 and 2020.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their discretionary employer contributions.

Notes Receivable from Participants

Loans may be made to participants when directed by the Plan Administrator and upon request by the participant. A participant may only receive a participant loan upon the demonstration of a hardship event or a purchase of a personal residence, as defined in the Plan Agreement. Each loan shall bear interest at the prime rate, as published in the Wall Street Journal on the last day of the previous month prior to the origination of the loan,

See independent auditor's report.

plus one percentage point. Interest and principal are repaid and credited to the Participant's account based on their current investment choices.

The Plan only allows participants two loans at a time. The maximum loan amount is one half of the participant's vested 401(k) account balance, not to exceed \$50,000. The minimum loan amount is \$1,000. Loans are repayable over a period of up to five years, unless such loan is used to acquire a principal residence of the participant in which case the term may be extended to a maximum of 30 years.

Distributions

Retirement, Disability, or Death

Participants who retire, become disabled, or die, will be entitled to 100% of their account balance.

Other Termination of Employment

Upon termination of employment for any reason other than retirement, disability, or death, the participant shall be entitled to receive 100% of their vested account balance.

Withdrawals

Participants may withdraw contributions only after termination of service or, subject to the consent of the Plan Administrator, in the case of financial hardship. Upon termination of employment, retirement or death, the participant's account balance is payable to the participant or their beneficiary. The Plan provides for normal retirement at age 65 and also provides an election for early retirement upon reaching age 59½.

Investment Options

Participants may direct the investment of their deferrals, and any employer matching or discretionary contributions, to any investment funds offered by the Plan. Earnings in these funds and/or market gains or losses are reflected in their changing unit values or returns.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on an accrual basis and are in conformity with accounting principles generally accepted in the United States of America.

See independent auditor's report.

Greenfield Savings Bank 401(k) Plan

SIGNIFICANT ACCOUNTING POLICIES (concluded)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) using information provided by the Plan's Trustee. See Note 4 for discussion of fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Security transactions are recognized on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses. Gains and losses on the sale of investments are calculated using the average cost method.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement. No allowance for credit losses had been recorded as of December 31, 2021 and 2020.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Substantially all administrative costs of the Plan were paid by the Bank for the years ended December 31, 2021 and 2020, except for loan origination and annual loan maintenance fees which are paid by the participants that have participant loans.

Benefit Payments

Benefits are recorded when paid.

See independent auditor's report.

3. INFORMATION CERTIFIED BY TRUSTEES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustees, except for comparing such information certified by the Trustees to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The Plan Administrator has obtained certifications from Reliance Trust Company as of December 31, 2020 and for the year then ended, Great-West Life & Annuity Insurance Company, as power of attorney granted by MassMutual, as of December 31, 2020 and for the period from January 1, 2020 to December 17, 2021, and Voya Institutional Trust Company as of December 31, 2021 and for the period December 17, 2021 to December 31, 2021 that such information is complete and accurate.

Information certified as of and for the years ended December 31, 2021 and 2020 is as follows:

The Voya Institutional Trust Company also certified the information included in the Supplemental Schedule of Assets (Held at End of Year).

4. INVESTMENTS

The following is a summary of the Plan's investments at December 31, 2021 and 2020:

	2021	2020
Mutual funds	\$ 18,550,178	\$ 17,543,898
Common collective trust	3,559,193	-
Guaranteed interest account	-	3,174,543
	<u>\$ 22,109,371</u>	<u>\$ 20,718,441</u>

Fully Benefit-Responsive Investment Contract

As of December 31, 2020, the Plan had entered into a guaranteed interest account with MassMutual. This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed interest account does not permit MassMutual to terminate the agreement prior to the scheduled maturity date.

See independent auditor's report.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

See independent auditor's report

Fair Value Measurements (concluded)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value of units held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported net asset value. Participants transactions (purchases and sales) may occur daily.

Investments measured at net asset value per share (or its equivalent) are not classified in the fair value hierarchy.

The following tables detail the Plan's assets carried at fair value on a recurring basis as of December 31, 2021 and 2020, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine fair value:

<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Total common collective trust funds	\$ 3,559,193	n/a	Daily	up to 30 days

5. TAX STATUS

The Plan has obtained its latest determination letter on May 11, 2009 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan as amended is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor ("DOL"). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and DOL, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

See independent auditor's report.

Greenfield Savings Bank 401(k) Plan

Notes to Financial Statements (Continued)

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2021, certain Plan investments consist of mutual funds and a common collective trust fund managed by Voya Retirement Insurance and Annuity Company ("Voya"). As of December 31, 2020, certain Plan investments consist of pooled separate accounts, mutual funds and investment contracts managed by MassMutual. Voya is the current record keeper and trustee of the Plan and MassMutual is the former record keeper and trustee and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants qualify as party-in-interest transactions as well.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 to Form 5500:

Net assets available for benefits per the financial statements	\$ 22,268,358
Less: Employer contribution receivable	(23,368)
Less: Employee contributions receivable	<u>(51,122)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 22,193,868</u></u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021, to Form 5500:

Net increase per the financial statements	\$ 1,418,902
Less: Current year employer contribution receivable	(23,368)
Less: Current year employee contributions receivable	<u>(51,122)</u>
Net increase per the Form 5500	<u><u>\$ 1,344,412</u></u>

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 24, 2022, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

See independent auditor's report.
